Q & A

What does it cost?

Affordable healthcare is our goal.

Your university has been working over the past year to bring you cost-effective coverage options to keep you healthy while at school. You have a choice of plans. All are designed to keep your out-of-pocket expenses as low as possible while still providing a full range of benefits. Your student health insurance premiums are grouped with your tuition, so your student loans may assist with the cost.

How does it compare to the marketplace?

Compare the facts.

	Student Health Insurance Plans	Marketplace Health Insurance Plans
No annual limits or maximums	YES	YES
