ADJOURNMENT ..........................................................................................................................18
A regular meeting of the Board of Regents of The Texas A&M University System was convened by Mr. Don Powell, Chairman of the Board of Regents, at 9:23 a.m., on Thursday, January 27, 2000, in the Board of Regents Meeting Room, Texas A&M University, College Station, Texas. The following members of the Board were present:

Mr. Don Powell, Chairman  
Mr. Frederick D. McClure, Vice Chairman  
Mr. Robert H. Allen  
Ms. Anne Armstrong  
Dr. Dionel E. Avilés  
Mr. Erle Nye  
Mr. Lionel Sosa  
Mr. R.H. Stevens, Jr.  
Dr. Susan Rudd Wynn

At 9:24 a.m., Mr. Powell announced that having convened in open session, the Board would convene in a closed session to consider matters as permitted by the following sections of Chapter 551 of the Texas Government Code: 551.071, for consultation with System attorneys on pending and proposed litigation and matters recognized as attorney/client confidential and privileged; 551.072, for discussion regarding the acquisition, lease, exchange, disposition and value of real estate, including Item 29; 551.073, for discussion of negotiated contracts for prospective gifts or donations; and 551.074, for discussion of matters involving the appointment, employment, evaluation, reassignment, duties, discipline or dismissal or to hear complaints or charges against an officer or employee.

Mr. Powell said in accordance with the law, no final action, decision or vote with regard to any matter considered in the closed meeting would be made or taken.

Mr. Powell reconvened the meeting in open session at 10:41 a.m. He said the Board met in closed session from 9:24 a.m. to 10:40 a.m. Mr. Powell then recessed the meeting. Mr. Powell reconvened the meeting at 11:00 a.m., Room 292 of the Memorial Student Center, Texas A&M University, College Station, Texas.
The invocation was presented by Mr. Kyle Gray, a senior at Texas A&M University, majoring in Management Information Systems.

**CHANCELLOR’S REMARKS**

Mr. Howard D. Graves, Chancellor of The Texas A&M University System (TAMUS), thanked the Board for its attention and leadership. Mr. Graves thanked those in the room for the job they are doing in leading, managing and directing the activities of the System.

Mr. Graves said the officials from the accreditation committee of the Southern Association of Colleges and Schools (SACS) granted full accreditation to the Texas A&M University Health Science Center (TAMUSHSC) on December 7, 1999. Previously the colleges and schools in the Health Science Center were accredited as part of the university or part of the System. This accreditation by SACS will make the HSC directly eligible for numerous types of financial assistance from the federal government.

Mr. Graves said later in the day, the Texas Higher Education Coordinating Board (THECB) was scheduled to vote on the establishment of The Texas A&M University System’s Center in southern San Antonio, on the campus of Palo Alto College, with Texas A&M University-Kingsville (TAMU-K) as the lead institution. This was presented to a committee of the THECB. The committee voted unanimously to support the proposal and present it as a consensus item to the THECB. Mr. Graves said, if approved, on February 15, 2000, TAMUS will make a formal announcement of this project in San Antonio.

**REPORT ON CONFERENCE – “WOMEN-IN-DISCOVERY”**

Mr. Powell asked Mr. Nye to report on this conference. Mr. Nye said he simply wanted the Board and all present to be aware of a development that is going to take place on the TAMU campus in March. “Women-in-Discovery” was designed to feature the importance of women in science and technology and to advance the important contributions they have made. Mr. Nye introduced Ms. Penny Beaumont to give a brief discussion of the conference. Ms. Beaumont said this conference is the “brain child” of Dr. Alan Waltar, Head of the Nuclear Engineering Department at TAMU, who also serves as president of Eagle Alliance, which is a public/private group advocating the positives of nuclear technology. Ms. Beaumont said the goals are to enhance public understanding of the need for science literacy and to demonstrate the positive impact of nuclear technology on our everyday lives. Ms. Beaumont explained that the conference will feature the scientific equipment of Marie Curie. These unique artifacts will be the focal point of the exhibit on campus (coming to the United States for the first time).

**RECESS BOARD MEETING**

Mr. Powell recessed the meeting at 11:14 a.m.

(Secretary’s Note: A meeting of the Committee on Finance was held from 11:15 a.m. to 11:55 a.m. Meetings of the Committee on Buildings and Physical Plant and Committee for Academic and Student Affairs were held from 1:58 p.m. to 3:04 p.m.)
