**MINUTES OF THE
MEETING OF THE BOARD OF REGENTS
July 21-22, 2011**

CONVENE – THURSDAY, JULY 21, 2011

Chairman Richard A. Box convened a regular meeting of the Board of Regents of The Texas A&M University System at 10:10 a.m., Thursday, July 21, 2011, in the Board Meeting Room on the campus of Texas A&M University, College Station, Texas. The following members of the Board were present:

Dr. Richard A. Box, Chairman
Mr. Phil Adams, Vice Chairman
Ms. Elaine Mendoza
Ms. Judy Morgan
Mr. Jim Schwertner
Mr. Cliff Thomas
Mr. John D. White
Mr. Jim Wilson
Mr. Fernando Treviño, Student Regent

The following member of the Board was not present:

Mr. Morris Foster

Chairman Box announced that a quorum of the Board was present.

RECESS TO EXECUTIVE SESSION

Chairman Box announced that the Board would recess to executive session as permitted by Chapter 551, Sections 71, 72 and 74 of the Texas Government Code. He said in accordance with the law, no final action, decision, or vote with regard to any matter considered in the executive session would be made or taken.

(Secretary's Note: The Board met in executive session from 10:41 a.m. until 2:13 p.m.)

RECONVENE IN OPEN SESSION AND RECESS

Chairman Box reconvened the meeting in open session at 2:13 p.m. in the Board Meeting Room. He announced that the Board had met in executive session on July 21, 2011, from 10:41 a.m. to 2:13 p.m. and considered executive session agenda items and conferred with the Chancellor, several system and university administrators and system attorneys on personnel, real property and legal matters. Chairman Box announced that the Board would recess and reconvene at 2:30 p.m., at the Bernard C. Richardson Zone (The Zone).

RECONVENE BOARD MEETING

At 2:35 p.m., Chairman Box reconvened the Board meeting and announced that a quorum was present. He said the Board had met in executive session earlier the same day, July 21, 2011, from 10:41 a.m. to 2:13 p.m.

INVOCATION

Chairman Box called on Mr. Ryan Tannehill, quarterback for the Texas Aggie football team from Big Spring, Texas, majoring in Biology, who presented the invocation.

CHAIRMAN'S REMARKS

Chairman Box extended a formal welcome to Mr. Fernando Treviño, the new student regent. He said he looked forward to having Mr. Treviño share the students' perspective as part of their work on behalf of the A&M System. Chairman Box also officially welcomed Mr. Jay Kimbrough as Interim Chancellor. He said Mr. Kimbrough was a distinguished public servant for our country and the great state of Texas.

Chairman Box announced that the next day the Board would receive a briefing from Mr. Fred Heldenfels, Chairman of the Texas Higher Education Coordinating Board (THECB) and Dr. Raymund Paredes, Commissioner of Higher Education. Dr. Box said these were important times for higher education--not only in Texas, but also across the country. He said the issues of affordability, accountability and transparency continued to be at the forefront of all higher education and the Board looked forward to hearing from Mr. Heldenfels and Dr. Paredes.

Chairman Box said during the last Board meeting, they outlined the selection process to identify the next chancellor of the A&M System and asked Regent White for an update on the chancellor selection process.

Regent White said the chancellor search began in June, with the deadline for accepting applications or recommendations at the beginning of July. Regent White said their goal was to move with all appropriate speed. He reported that because of the quality of the candidates, they believed they could move through interviews and initial determinations before the end of summer. He noted that they would continue to move as quickly as possible and hopefully they should have results long before the November Board meeting relative to interviews and would come back to the Board with the advisory group's recommendations. He noted that they were pleased with the quality of applicants and recommendations.

Chairman Box said as was customary at each meeting, the Board liked to spotlight best practices and efficiencies from across the A&M System. He said that today they wanted to call attention to the state governmental relations team, led by Dr. Stanton Calvert, Vice Chancellor for Governmental Relations, who would present a briefing on the recent legislative session. He said the System's state governmental affairs team had been working in a shared services environment for many years, long before the formation of the shared services initiative and added that while the state governmental

team was extremely efficient, working on behalf of all A&M System members, it was also very effective. Chairman Box said this past legislative session was difficult for the entire state, and although member institutions endured significant budget reductions, higher education overall fared better than in some other areas of state government. He added that this was due to the work of Dr. Calvert and his team. He said they had received reports of positive interactions and direct, positive feedback from many elected officials and thanked Dr. Calvert for a job well done.

CHANCELLOR'S REMARKS

Interim Chancellor Kimbrough said the charge that the Regents had given him was to ensure the ongoing and continued operations of the System during the chancellor's selection process. He said he committed to do his best to keep things running smoothly while they selected the next leader for the A&M System. With respect to the Teaching Excellence Awards, he reported that 307 faculty members across the System received teaching excellence awards for the spring semester, for a total awarded of \$767,500. He noted that the System office made the decision to discontinue the program at the conclusion of FY 2012. He added that the main reason for this decision related to funding. Mr. Kimbrough said as all member institutions, the System offices had made tough budget decisions over the last several months and simply did not have the long-term sustainable funding to continue the awards moving forward. He added that they had listened to feedback from presidents, administrators and faculty and had left the decision to participate in the final year of the program with each of the university presidents. He said the decision to discontinue the Teaching Excellence Award program in no way diminished the A&M System's commitment to teaching excellence. He added that they were still dedicated to producing and recognizing outstanding educators.

Interim Chancellor Kimbrough said the Texas A&M University-San Antonio campus would open its first multi-purpose building this fall. He said this was a proud moment for Dr. Maria Hernandez Ferrier, President of A&M-San Antonio, and all who worked so hard to make this campus on the south side of San Antonio a very special reality.

Interim Chancellor Kimbrough said CNNMoney.com recently ranked Texas A&M International University (TAMIU) one of the 10 most affordable colleges across the country. He added that the Colonias Program through Texas A&M's Center for Housing and Urban Development (CHUD) was recently highlighted by the *Texas Tribune* and CNN. He said through the program, Texas A&M was working to enhance the quality of life in impoverished communities -- many of which lacked necessities, such as potable water, electricity and sewer systems -- through community building, relief and education projects. He said this program spoke directly to Texas A&M's core values of service, as well as to the A&M System's service mission for Texas. He added that this was also a great example of how professors and students jointly used their time and expertise to help those in need.

LEGISLATIVE UPDATE

Dr. Calvert said that on behalf of the governmental relations team, chief financial officers (CFOs), chief executive officers (CEOs) and provosts who helped throughout the session, they accepted the Board's commendations. He said it was their honor to serve the A&M System and no one in the legislative arena had more worthwhile and highly regarded institutions. Dr. Calvert presented the Legislative Update (a copy of which is on file in the Office of the Board of Regents).

Chairman Box asked if there was an indication about the outcomes-based funding as to where the Legislature might go in the future. Dr. Calvert replied in the affirmative and said the most important point was that around 10% of base funding that was otherwise in the base formula (70% of the university's funding came through formula) would likely be allocated beginning next session, based upon outcomes. He said he and former Chancellor Mike McKinney testified in favor of outcomes-based funding for allocation of part of the based funding of System institutions, with some qualifiers. Dr. Calvert said one of the main qualifiers was that it worked to reward institutions that were the highest producers.

Chairman Box asked if he meant a certain graduation rate in four or six years. Dr. Calvert replied in the affirmative and said that ideally it was four years. He said data currently produced dealt with either five or six years, because many students did not finish in four years. He said they were not yet to the point of determining satisfactory performance against a four-year standard -- more likely against a five or six-year standard. Dr. Calvert said secondly, a key element was to take a reading on each institution's performance at a point -- owing to each institution's individuality, location, and socio-economic makeup of students and age of students and measure that institution against itself for progress as well as absolute productivity of degrees. He noted that institutions much preferred a measurement against a current performing baseline so that as they improved, they received credit. He said because they were so different in their makeup, capabilities and the input they received in terms of student preparation, a generic standard was less favored. Dr. Calvert said they would have something along those lines next time and hoped to work on that with the THECB and the Oversight of Higher Education Governance, Excellence & Transparency committee.

TEXAS TRANSPORTATION INSTITUTE UPDATE

Dr. Dennis Christiansen, Director of Texas Transportation Institute (TTI), presented this update (copy of which is on file in the Office of the Board of Regents).

Chairman Box said the Board appreciated the work that Dr. Christiansen and TTI did for Texas.

RECESS

Chairman Box recessed the meeting at 3:25 p.m.

(Secretary's Note: The Committee on Finance convened at 3:25 p.m. and adjourned at 3:45 p.m. The Committee on Academic and Student Affairs convened at 3:45 p.m. and adjourned at 4:00 p.m.)

RECONVENE BOARD MEETING – FRIDAY, JULY 22

Chairman Box reconvened the meeting at 9:00 a.m., on Friday, July 22, 2011, at The Zone, College Station, Texas. The following members of the Board were present:

Dr. Richard A. Box, Chairman
Mr. Phil Adams, Vice Chairman
Ms. Elaine Mendoza
Ms. Judy Morgan
Mr. Jim Schwertner
Mr. Cliff Thomas
Mr. John D. White
Mr. Fernando Treviño, Student Regent

The following members of the Board were not present:

Mr. Morris Foster
Mr. Jim Wilson

TEXAS HIGHER EDUCATION COORDINATING BOARD UPDATE

Mr. Fred Heldenfels, Chair of the THECB, and Dr. Raymund Paredes, Commissioner of Higher Education, gave this presentation (copies of which are on file in the Office of the Board of Regents).

Regent Jim Schwertner said they all agreed that there were limited resources, and they should find a way to utilize all the capital expenditures and the buildings being built were expensive. He asked if the THECB had addressed the future of distance education. Dr. Paredes said they were certainly taking a close look at it. He said there was a growing body of evidence at the national level that suggested that they did not know how to do online education as well as they should. He said it was improving and there were pockets of institutions or individual faculty that did it extremely well. He said there was also a growing body of evidence that suggested the best approach was a blended one; that there were advantages of having face-to-face contact. He reported that some institutions had great success; for example, in a three-hour course meeting with faculty once or twice a week, and on the other two occasions meeting in large learning communities or study groups with graduate students monitoring and helping the students do the work. He said there was some evidence from a series of programs implemented that they improved learning outcomes dramatically and reduced costs between 15% and 30%. He said that kind of result was the “holy grail” of higher education -- where you received better learning outcomes while reducing costs.

Vice Chairman Phil Adams said he believed he spoke for the Board when he said they had high regard for Dr. Paredes' enthusiasm for the measures to improve efficiency

and effectiveness. Regarding the outcomes-based funding, he said he was sure there were great opportunities to increase productivity; they were all about increasing productivity while keeping the high quality. Dr. Paredes said he looked forward to working with the Board.

Chairman Box thanked Mr. Heldenfels and Dr. Paredes for their reports and said the A&M System would assist the THECB in its efforts for higher education in Texas to achieve the goals in “Closing the Gaps.”

REPORT ON THE TEXAS ARMED SERVICES SCHOLARSHIP PROGRAM

Chairman Box introduced Mr. Neal Adams who presented an update on the Texas Armed Services Scholarship Program (a copy of which is on file in the Office of the Board of Regents).

Chairman Box thanked Mr. Adams for a job well done and said he had opened the door of opportunity to the future for many youngsters from Texas and they appreciated that.

RECESS

Chairman Box recessed the meeting at 10:02 a.m.

(Secretary's Note: The Committee on Buildings and Physical Plant convened at 10:02 a.m. and adjourned at 10:24 a.m. The Policy Review Committee convened at 10:24 a.m. and adjourned at 10:27 a.m.)

RECONVENE

Chairman Box reconvened the meeting at 10:27 a.m., and proceeded with the public testimony portion of the Board meeting.

Chairman Box called on Dr. George Cunningham, Professor in the Department of Health & Kinesiology, who asked to make a statement on the Chairman's remarks on best practices and efficiencies and Interim Chancellor Kimbrough's remarks related to the Teaching Excellence Awards. Dr. Cunningham presented public testimony (a copy of which is on file in the Office of the Board of Regents).

Chairman Box introduced Dr. Lisako McKyer, an Assistant Professor jointly in the Health and Kinesiology Department at Texas A&M and the Social and Behavioral Health Department at Texas A&M Health Science Center's School of Rural Public Health. He said she had asked to make a statement on the chancellor's search, a subject in the Chairman's remarks. Dr. McKyer presented public testimony (a copy of the written statement of the substance of the oral testimony is on file in the Office of the Board of Regents).

Chairman Box introduced Dr. Kathryn Bell McKenzie, Associate Professor in the Educational Administration and Human Resource Development Department, who asked to

make a statement on the review of best practices and efficiencies, which was a subject in the Chairman's remarks. Dr. McKenzie presented public testimony (a copy of the written statement of the substance of the oral testimony is on file in the Office of the Board of Regents).

REPORT FROM THE COMMITTEE ON AUDIT

Vice Chairman Adams said the Committee on Audit met Thursday, July 21, 2011, and discussed the 3rd Quarter Audit Report, Audit Tracking Report, and received an update on the EthicsPoint Hotline. He said the committee also approved Item 1, the A&M System's Internal Audit Plan for FY 2012.
