RECESS TO EXECUTIVE SESSION

Chairman Thomas announced that the Board would recess to executive session as permitted by Chapter 551, Sections 71, 72, 73, 74 and 76 of the Texas Government Code. He said in accordance with the law, no final action, decision or vote with regard to any matter considered in executive session would be made or taken.

(Note: The Board met in executive session from 9:02 a.m. until 11:12 a.m.)

RECONVENE

At 1:30 p.m., Chairman Thomas reconvened the meeting in open session in the Bethancourt Ballroom of the Memorial Student Center and said that a quorum was present. He announced that the Board met in executive session from 9:00 a.m. to 11:12 a.m. and considered executive session agenda items and conferred with Chancellor John Sharp, several system and university administrators and system attorneys on personnel, real property and legal matters.

INVOCATION

Chairman Thomas called on Mr. Hansen Harris from Austin, Texas, who presented the invocation. He said Mr. Harris graduated Magna Cum Laude in 2016, earning his Bachelor of Business Administration degree in Finance from Texas A&M. Chairman Thomas added that Mr. Harris was currently enrolled in the Masters of Real Estate degree program and was scheduled to graduate in December 2017.

CHAIRMAN'S REMARKS

Chairman Thomas said he wanted to recognize individuals attending their first Board meeting, or attending in a new capacity. He announced that Dr. Kelly Quintanilla, Interim President of Texas A&M University-Corpus Christi, effective January 1, 2017, was guiding the university during this crucial legislative session, and as they began a national search for a permanent president. He said Dr. Carrie Byington, Vice Chancellor of Health Services, Dean of the College of Medicine and Senior Vice President for the Texas A&M Health Science Center, was attending her first Board meeting. Chairman Thomas reported that Dr. Byington came from the University of Utah Health Science Center but her new position was a homecoming for the A&M graduate, class of 1985. He added that Mr. Greg Winfree, Director of Texas A&M Transportation Institute (TTI), came from the U.S. Department of Transportation. He said he was excited to have them join the A&M System and welcomed everyone to the meeting.

CHANCELLOR'S REMARKS

Chancellor Sharp highlighted accomplishments of the A&M System (a copy of which is on file in the Office of the Board of Regents).

TUITION AND FEE BRIEFING FOR INCREASES REQUIRING PUBLIC HEARINGS

Chairman Thomas announced that the Board of Regents was required by the Texas Education Code to hold a public hearing on certain proposed increases in tuition and fees. He said the purpose of this public hearing was to comply with this requirement and to provide an opportunity to receive input from students and the public regarding the proposed undergraduate non-resident tuition increase by Texas A&M to be effective with the fall 2017 semester. He called on Mr. Michael Young, President of Texas A&M, to provide an overview of the proposal.

President Young said Texas A&M had a relatively small number of out-of-state undergraduates and explained that this increase applied only to out-of-state undergraduates for the upcoming fall 2017, and not current students. He said that as they reviewed the cost of education and the amount of state support, it became increasingly clear that as a matter of equity to the taxpayers of Texas, out-of-state students should bear a larger proportion of the actual cost of their education. President Young advised that out-of-state tuition was not supplemented in the same way by the state and since those students had not been in a position to pay taxes in Texas prior to that, the equities suggested that a larger portion of

the tuition should be borne by them. He said the proposal was that the designated tuition be increased by \$200 per semester credit hour, which would keep out-of-state tuition comparable or below their peer institutions. He noted that it would not affect the opportunity for those students to receive waivers of out-of-state tuition; those statutorily designated and those that were a matter of policy at Texas A&M.

Chairman Thomas reported that the Board received one letter of public testimony regarding Item 1.1, which was distributed to each member of the Board. He said the Board had received no requests for public oral testimony. He announced that the Board hearing was closed. Chairman Thomas said the Committee on Finance would consider this proposed increase during its discussion and vote on Item 1.1. He added that the full Board would take action on this item later in the day.

RECESS AND RECONVENE

Chairman Thomas recessed the meeting at 1:45 p.m.

(Note: The Committee on Finance convened at 1:45 p.m. and adjourned at 2:14 p.m. The Committee on Audit convened at 2:14 p.m. and adjourned at 2:20 p.m. The Committee on Buildings and Physical Plant convened at 2:21 p.m. and adjourned at 2:36 p.m.)

Chairman Thomas reconvened the meeting at 2:37 p.m.

She said the committee also had a great discussion on course redesign from Dr. Meigan Aronson, Dean of the College of Science at Texas A&M. Vice Chairman Mendoza added that the discussion was focused on the gateway courses the College of Science did for the entire campus. She said they discussed a little further about the partnership with the College of Engineering. She noted that they looked forward to further briefings on that progress -- critical to student success in the College of Engineering, and others.

Vice Chairman Mendoza announced that the committee received a presentation on Student Learning Outcomes and the results of the communications and critical thinking areas from Dr. James Hallmark, Vice Chancellor for Academic Affairs. She advised that related to critical thinking, they had a ways to go and Dr. Hallmark talked about what campuses were doing to intervene and ensure that they upped their game for students in critical thinking. Vice Chairman Mendoza said they also had a briefing and discussion on faculty salaries systemwide by Dr. Hallmark, ensuring that they were attempting to be as competitive as they could to recruit and retain the best faculty possible. BOARD OF REGENTS, THE TEXAS A&M UNIVERSITY SYSTEM**

The Board of Regents of The Texas A&M University System adopted the resolution set forth in the attached exhibit.

~~~~~

Regent Morgan thanked them for the honor and privilege of serving on the Board of Regents. She said the System's growth and accomplishments during her six-year term were amazing. She added that when she came on the Board, the A&M System was a great regional system and now it was on the national and world stage due to the leadership of the Regents and Chancellor Sharp. Regent Morgan pointed out that it was also because of the leadership of the state agencies, and Mr. Russ Wallace, Executive Director, Facilities and Construction, and Mr. Phillip Ray, Vice Chancellor, Business Affairs, with the building programs. She mentioned Mr. Tom Boggus, Director of the Texas A&M Forest Service (TFS) and his wonderful work, and TTI bringing the freight shuttle commercialization. She said Mr. Gary Sera, Director, Texas A&M Engineering Extension Service (TEEX), and his

work with first responders was making the world safer, and Dr. Katherine Banks, Vice Chancellor and Dean for Engineering, and all of her work, including the RELLIS Campus -- a game changer, and the new Engineering complex which would be state-of-the-art. Regent Morgan emphasized that within the past six years the A&M System had added a new law school and was building a new dental school. She said they had experienced a trifecta of sports; moving into the Southeastern Conference, having a Heisman trophy winner and the renovation of Kyle Field. She said that President Young had brought prestige to Texas A&M, and all the regional universities had experienced growth. Regent Morgan said Dr. Ray Keck, President of Texas A&M University-Commerce, opened a campus in Frisco, Texas, and Dr. Dominic Dottavio, President of Tarleton State University, had moved into the Fort Worth area. She reiterated that all the A&M System campuses were growing and everyone was better off than they were six years ago. She said she was proud to have been part of this journey. Regent Morgan said she had built a relationship with everyone and was proud to call them her friends.

Chancellor Sharp said that Regent Morgan had been the best chair of the Committee on Audit. He added that people in Texarkana owed her a huge debt of gratitude because she had built lots of support for Texas A&M University-Texarkana (TAMUT). He said no other university had the community support that TAMUT did, and it was due to what Regent Morgan had done and the people she had pulled together for that community. Chancellor Sharp pointed out that some tough decisions were made on the Board during this past six years, and they appreciated all that she had done. He said they were very fortunate to have Regent Morgan in the A&M System for six years.

CONSENT AGENDA ITEMS

Regent Mahomes said that Item 6.14 requested Board approval to name a building at A&M-Commerce for Dr. David A. Talbot. He said years ago he had the opportunity to serve on the Board of Regents of East Texas State University (now A&M-Commerce), and had the honor of meeting the late Dr. Talbot. Regent Mahomes explained that Dr. Talbot was the first African-American professor at East Texas State. He said he was a beloved mentor of hundreds of students, faculty and staff, and was known for his untiring efforts to bring about justice and fairness for everyone. He emphasized that Dr. Talbot did more to bring about cultural understanding than any single individual in the history of the university. Regent Mahomes said the naming of the Hall of Languages Building for Dr. Talbot came at an appropriate time, as the university was about to hire the director of the newly instituted African-American Studies program, which continued and completed the work of Dr. Talbot. He added that A&M-Commerce had a strong enrollment of African-American students, about 22% of the undergraduates, thus the naming resonates with the entire student body. He thanked Chancellor Sharp for his leadership in this effort, Dr. Keck, and many others who helped, for taking this historic action. Regent Mahomes said if approved, there would be a naming ceremony on Tuesday, April 18, including a dedication address by Mr. Andrew Young, former U.S. Ambassador to the United Nations.

Chairman Thomas presented Items 6.1 through 6.22.

On motion of Regent Adams, seconded by Regent Morgan, and by a unanimous vote, the following minute orders were approved (012 through 033):
