SECTION 1 GENERAL

1.1 Scope

The Texas A&M University System (A&M System) is soliciting statements of qualifications (“Qualifications”) from firms who have demonstrated knowledge and experience in working with Owner representatives, A/E design teams and contractors to assist in designing an audio visual (AV) system and then procure and install the AV system.

The A&M System is dedicated to the ongoing program to improve and expand all physical facilities in support of the teaching, research and service missions of each university and agency of The Texas A&M University System.

These expertise and qualifications shall be administered in accordance with the terms, conditions, and requirements set forth in this Request for Qualifications (RFQ) for all A&M System office managed construction projects. This shall also apply to work or projects done by other A&M System universities and agencies (Members) that choose to utilize a firm as a result of this RFQ.

By submitting a response, each Respondent certifies that it understands this RFQ and has full knowledge of the scope, nature, quality, and the amount of the work to be performed, the detailed requirements of the services to be provided, and the conditions under which the services are to be performed.

1.2 About the A&M System

The Texas A&M University System is one of the largest systems of higher education in the nation, with a budget of \$4.7 billion. Through a statewide network of 11 universities and seven state agencies, the Texas A&M System educates more than 153,000 students and makes more than 22 million additional educational contacts through service and outreach programs each year. System-wide, research and development expenditures exceeded \$996 million in FY 2017 and helped drive the state’s economy. More information about the Texas A&M University System and all of its members can be found at <http://www.tamus.edu/about/>.

1.3 Purpose

The purpose of this RFQ is to solicit qualifications from Respondents who can provide AV integrator services to include but not limited to consulting, design, procurement, and installation. Refer to Section 3 for the full Statement of Work and requirements.

The intent of this RFQ is to allow all interested / prospective firms to provide a sufficient amount of data that will enable the A&M System to assess the qualifications of the Respondent. To this end, each Respondent shall furnish, as a part of the qualifications, a complete general description of experience in their respective fields.

By submitting qualifications, each Respondent certifies that it understands this RFQ and has full knowledge of the scope and nature of the opportunity described herein. Each Respondent also certifies that it understands that all costs relating to preparing and responding to this RFQ will be the sole responsibility of the Respondent.

1.4 Priorities/Expectations

- (a) *Ensuring a Quality Level of Service.* This priority encompasses the quality of the level of service that can be provided to all A&M System members in a timely, cost effective manner. A&M System is seeking a Respondent(s) that will ensure the provision of such quality in its delivery

of service through proven techniques and established practices.

- (b) *Level of Experience and Expertise.* Respondent must demonstrate its capabilities in providing the utmost level of experience and expertise to ensure a successful project as determined by A&M System.
- (c) *Delivery Efficiency.* Respondent must demonstrate its ability to deliver the required services in a timely manner while not sacrificing the quality required by a Tier I research System.

1.5 Performance Period

The intention of this RFQ is to qualify firms to be included in a pool for the services defined in this RFQ. Should A&M System, in its sole discretion, enter into an agreement with the successful Respondent(s) as a result of this RFQ, the agreement shall be effective as of the date that is agreed upon by A&M System and successful Respondent(s). A&M System anticipates that the initial term of such Agreement will extend for three (3) years, with the option to renew for up to an additional two (2) year term, providing all parties mutually agree on the extension. Any extensions shall be at the same terms and conditions plus any approved changes to be determined by A&M System and negotiated in writing with the successful Respondent(s).

SECTION 2 INSTRUCTION FOR RESPONDENTS

2.1 General Information

A&M System is soliciting submittals from qualified firms, hereafter referred to as Respondent(s), who have significant experience in providing audio visual integrator services, preferably with higher education university systems. These basic services are outlined in the Scope of Work (Section 3).

These services will typically be provided under the general supervision of the A&M System Office of Facilities Planning and Construction (FP&C). However, the individual System Members also have authority to utilize the master agreement for these services.

This RFQ outlines requirements as specified in the Section 3. Submittals are to be in accordance with the outline and specifications contained herein, are to remain in effect a minimum of 120 days from the date of submission, and may be subject to further extensions as negotiated. A statement to this effect should be contained in the Respondent's cover letter.

The Respondent(s) selected shall have an excellent track record for providing these services relative to the size and scope of A&M System projects and shall agree to provide these services to A&M System with a top priority commitment. A&M System may select as many Respondents as needed to ensure coverage throughout the State of Texas at the various System members' locations.

This RFQ contains specific requests for information. Respondents are encouraged to examine all sections of this RFQ carefully, in that the degree of interrelationship between sections is critical. In responding to this RFQ, Respondents are encouraged to provide any additional information they believe relevant.

Clause headings appearing in this RFQ have been inserted for convenience and ready reference. They do not purport to define, limit or extend the scope or intent of the respective clauses. Whenever the terms "must", "shall", "will", "is required", or "are required" are used in the RFQ, the subject being referred to is to be a required feature of this RFQ and critical to the resulting submittal.

In those cases where mandatory requirements are stated, material failure to meet those requirements could result in disqualification of the Respondent's response. Any deviation or exception from RFQ specifications must be clearly identified by the Respondent in its submittal.

All technical and scope of work questions concerning this RFQ are to be directed to Jeff Zimmermann, Director of Procurement & Business Services, in writing, at soprocurement@tamus.edu. Respondent may not contact other individuals at A&M System to discuss any aspect of this RFQ, unless expressly authorized by the A&M System Procurement Office to do so. 2.6 Inquiries and Interpretations

Responses to inquiries which directly effect an interpretation or change to this RFQ will be issued in writing by addendum/amendment and and posted to the Electronic State Business Daily (ESBD) at the following site; <http://www.txsmartbuy.com/sp> (Input Agency Number "710" and select "Posted" for the Status)

It is the responsibility of all REpondENTS to check the ESBD for any and all addenda issued for this RFQ. Only those A&M System replied to inquiries which are made by formal written addenda/amendments shall be binding. Oral and other interpretations or clarification will be without legal effect.

2.7 Selection Process

A&M System will base its choice on demonstrated competence, knowledge, and qualifications of the Respondent.

The RESPONDENT(S) selected will be the one who's experience and qualifications, as presented in response to this RFQ, establish them, in the opinion of A&M System, as well qualified and offering the greatest benefits, experience and value to A&M System. A&M System may cancel this RFQ or reject Qualifications at any time prior to an award, and is not required to furnish a statement of the reasons why a particular qualification was not deemed to be the most advantageous.

A&M System, at its sole discretion, may select as many firms as deemed to be in A&M System's best interest to meet the needs throughout The Texas A&M University System. All Respondents selected will be required to sign a master agreement. The master agreement does not guarantee that a project(s) assignment will be made. Should A&M System determine in its sole discretion that only one Respondent is fully qualified, or that one Respondent is clearly more highly qualified than the others under consideration, an agreement may be negotiated and awarded to that Respondent. The award document will be an agreement incorporating by reference all the requirements, terms and conditions of the RFQ and the Respondent's qualification as negotiated.

Submission of qualifications indicates Respondent's acceptance of the evaluation techniques and the recognition that subjective judgments must be made by A&M System during the evaluation process.

It is the intent of A&M System to qualify multiple submissions. The selection of the successful submission(s) may be made by A&M System on the basis of the submissions initially submitted, without discussion, clarification, or modification. In the alternative, selection of the successful submission(s) may be made by A&M System on the basis of negotiation with any of the Respondents. A&M System shall not disclose any information derived from the submissions provided by competing Respondents in conducting such discussions.

All submissions must be complete and convey all of the information requested to be considered responsive. If a submission fails to conform to the essential requirements of the RFQ, A&M System alone will determine whether the variance is significant enough to consider the submission susceptible to being made acceptable, and therefore a candidate for further consideration, or not susceptible and therefore not considered for award.

The A&M System may perform reference checks and seek further information, as needed from all Respondents whose submission the A&M System, at its discretion, considers viable, based on the initial evaluation and ranking. The Respondent's response to this requirement officially authorizes the A&M System to contact these organizations to discuss the services and other considerations which the Respondent has provided to such organizations and authorizes the organizations to provide such information to the A&M System and Respondent shall and hereby does release and hold harmless the A&M System, the state of Texas, and the organization of any and all liability whatsoever, in connection with providing and receiving all such information. Any negative responses received from reference checks may be grounds for disqualification of the submission.

A&M System reserves the right to accept or reject any or all offers, to waive informalities and technicalities, to accept qualifications considered most advantageous, and/or to make the award to the most responsive Respondent(s).

2.8 Public Information Act

(a) Respondent acknowledges that A&M System is obligated to strictly comply with the Public Information Act, Chapter 552, *Texas Government Code*, in responding to any request for public information pertaining to this RFQ, as well as any other disclosure of information required by applicable Texas law.

(b) Upon an A&M System written request, Respondent will provide specified public information exchanged or created under any resultant agreement that is not otherwise excepted from disclosure under chapter 552, *Texas Government Code*, to the A&M System in a non-proprietary format acceptable to A&M System. As used in this provision, "public information" has the meaning assigned Section 552.002, *Texas Government Code*, but only includes information to which the A&M System has a right of access.

(c) Respondent acknowledges that the A&M System may be required to post a copy of the fully executed Agreement on its Internet website in compliance with Section 2261.253(a)(1), *Texas Government Code*.

It is the policy of the A&M System to involve qualified HUBs to the greatest extent allowed by law in the A&M System's construction contracting, professional services, and purchase, lease, or rental of all supplies, materials, services and equipment. All A&M System members are responsible for making a good faith effort of ensuring that HUBs are afforded an equitable opportunity to compete for all procurement and contracting activities of the System.

Subcontracting opportunities are possible for the scope of this RFQ and therefore submission of a **HUB Subcontracting Plan (HSP) is required**. Failure to submit an HSP will constitute an irregular response, which will be rejected. The instructions for completing the HSP are provided below. The HSP submitted with this RFQ shall become part of any master agreement resulting from this RFQ.

1) **RFQ Submission Requirements**

The following items **must be submitted** with your RFQ response in order to meet the HUB Subcontracting Plan requirements.

- a. Letter of transmittal attesting that the respondent has read and understands the Policy on Historically Underutilized Businesses (see Exhibit C)
- b. State of Texas Historically Underutilized Business Subcontracting Plan (HSP): Complete the HSP form by submitting Sections 1, Section 2-a. & b. and Section 4 ONLY. The opportunities listed in Section 2b shall be those that you anticipate on a typical project of the A&M System. **It is not necessary to include percentages within section 2b at this time.**

The State of Texas HUB Subcontracting Plan form for the A&M System shall be accessed at the following site;

<http://www.tamus.edu/business/hub-procurement/hub-programs-3/system-offices-hub-program/>

- c. Additional Information explaining how the Respondent intends to make a good faith effort for each subcontracting opportunity identified in Section 2b of the State of Texas HSP Form. This plan shall include the following:
- Given the opportunities identified in Section 2b, provide an estimated percent for HUB participation with the understanding that the A&M System goal for **other services** is **11%**. This estimated percent is not a commitment to obtain that percent, but a commitment to make the full good faith effort with that as the goal.
 - Provide a sample solicitation notice letter that will be sent to HUB vendors and minority and women business trade organizations/development centers for the subcontracting opportunities. The notice shall, in all instances, include at least the scope of work, response due date, information about bonding and insurance requirements, and identify a contact person.
 - Provide a list of the trade organizations or development centers that you intend to work with in your outreach efforts.
 - Provide documentation that describes how you intend to locate the HUB vendors for solicitation. Will you use the CMBL listings? Will you advertise in trade organization newsletters or newspapers? Etc.
 - Self-Performing: If the Respondent is completing as self-performing, a statement shall be provided which attests that the entire scope of work shall be performed with its own employees and resources. The sections in the HSP form to be completed are Section 1, 2a (check "No"), 3 (with your statement included in the open text field), and 4. Note that if you complete as self-performing you are stating that you do not anticipate subcontracting out any of the work including materials/equipment on any AV integration project with the A&M System.

Please contact Mr. Keith Williams from the A&M System's HUB Program at (979) 458-3265 or soprocurement@tamus.edu for assistance in proper completion of the HSP. Respondents have the opportunity and are highly encouraged to submit a draft of the HSP, prior to submittal of their response to the RFQ, for review by Mr. Williams.

2) Awarded Respondents

The following shall be required of each Respondent issued a Master Agreement as a result of this RFQ;

If awarded a project as a result of a Master Agreement, the Respondent must complete an HSP in full per the instructions below upon submittal of the proposal for that specific project.

- a. Complete Section 1
- b. Complete Section 2a through d.
- c. Complete Section 4
- d. Complete Method A or B as applicable depending on your response to questions in Section 2c-d. Below are the instructions for each Method;

Method B: Provide Method B (Attachment B) for each opportunity identified in Section 2b. Reminder that all supporting documentation listed in Section B-3 shall be provided as part of this attachment. The following are additional items of note as part of the good faith effort required:

- The respondent shall provide potential HUB subcontractors reasonable time to respond to the respondent's notice. - The respondent shall use the State of Texas Centralized Master Bidders List (CMBL), HUB Directory, internet resources, and/or other directories as identified by the State of Texas or the A&M System HUB Program Office when searching for HUB subcontractors. **A complete list of all State of Texas certified HUBs may be electronically accessed at;** <https://mycpa.cpa.state.tx.us/tpasscmbsearch/index.jsp>
- The respondent shall provide the notice described in this section to **three (3) or more** HUBs for **each** subcontracting opportunity as stated in Section B3a. The A&M System encourages respondents to seek and find a "Diverse Group" of Historically Underutilized Businesses in each category in which a subcontract of services is solicited.
- The respondent shall provide notice to minority and women business trade organizations or development centers that assist in identifying HUBs by disseminating opportunities to their membership/participants. A list of possible organizations/centers can be found at the following site; <https://comptroller.texas.gov/purchasing/vendor/hub/resources.php>
- The respondent shall negotiate in good faith with qualified HUBs, not rejecting qualified HUBs who were also the best value responsive bidder.
- Provide written justification of the selection process if a non-HUB subcontractor is selected in Section B-4c.

**SECTION 4

The dispute resolution process provided in Chapter 2260, Texas Government Code, and the related rules adopted by the Texas Attorney General pursuant to Chapter 2260, shall be used by A&M System and Respondent to attempt to resolve any claim for breach of contract made by Respondent that cannot be resolved in the ordinary course of business. Respondent shall submit written notice of a claim of breach of contract under this Chapter to the Executive Vice Chancellor and Chief Financial Officer for A&M S System, who shall examine Respondent's claim and any counterclaim and negotiate with Respondent in an effort to resolve the claim.
