SECTION 1 - INTRODUCTION

1.1 Scope

The Texas A&M University System (TAMUS) Office of Information Technology (IT) has a need for professional services to augment existing software development teams with the development, maintenance, and support of software applications used by TAMUS. This includes development of web applications, web services, business components and processes, database designs, procedures, and processes, business reports, and data import/export processes. It is the intent of TAMUS to establish an agreement with one or more qualified vendors meeting the requirements listed.

By submitting responses, each RESPONDENT (also referred to herein as “Vendor”) certifies that it understands this RFP and has full knowledge of the scope, nature, quality, and quantity of the work to be performed, the detailed requirements of the services to be provided, and the conditions under which the services are to be performed. Each RESPONDENT also certifies that it understands that all costs relating to preparing and responding to this RFP will be the sole responsibility of the RESPONDENT.

1.2 Background

The A&M System is one of the most influential systems of higher education in the nation, with a budget of \$4.2 billion. Through a statewide network of 11 universities, seven state agencies, two service units and a comprehensive health science center, the A&M System educates nearly 140,000 students and makes more than 22 million additional educational contacts through service and outreach programs each year. Externally funded research expenditures exceed \$932 million and help drive the state’s economy. Its flagship campus, Texas A&M University, is ranked among the top 20 research universities in the nation by the National Science Foundation.

Additional information about the history of The Texas A&M University System can be found at the following site; <http://www.tamus.edu/about/history/>.

1.3 Priorities/Expectations

RESPONDENTS should note the following priorities/expectations with regard to the possibility of TAMUS establishing a contractual relationship with any RESPONDENT:

- (a) *Ensuring a Quality Level of Service.* This priority encompasses the quality of the level of service that can be provided to all TAMUS customers in a timely, cost effective manner. TAMUS is seeking a RESPONDENT that will ensure the provision of such quality in its delivery of service through proven training techniques and established metrics.
- (b) *Level of Experience and Expertise.* RESPONDENT must demonstrate its capabilities in providing the utmost level of experience and expertise to ensure a successful solution as determined by TAMUS. RESPONDENT shall provide information describing the RESPONDENT’S managed services and project execution experience, including the experience of the resources, account managers, and other key personnel on similar engagements, including past experience within The Texas A&M University System.
- (c) *Delivery Efficiency as it Relates to Total Costs.* RESPONDENT must demonstrate its ability to deliver the required solution in a cost-effective and timely manner while not sacrificing the quality required by a Tier I research System.
- (d) *Financial Stability.* RESPONDENT must demonstrate its financial stability and capabilities in providing the required solution.

1.4 Performance Period

Should TAMUS, in its sole discretion, enter into a Master Agreement with one or more RESPONDENT(S) as a result of this RFP, the initial Agreement shall be effective upon execution for a period of two (2) years. The

Agreement may be renewed for one (1) additional two-year term, providing all parties mutually agree on the renewal. Any renewals shall be at the same terms and conditions plus any approved changes to be determined by TAMUS and negotiated in writing with the successful RESPONDENT(S).

SECTION 2 – INSTRUCTIONS FOR RESPONDENTS

Proposals and any other information submitted by RESPONDENT in response to this Request for Proposal shall become the property of TAMUS.

This RFP outlines requirements as specified in Section 3. Submittals are to be in accordance with the outline and specifications contained herein, are to remain in effect a minimum of 120 days from the date of submission, and may be subject to further extensions as negotiated. A statement to this effect should be contained in the RESPONDENT's cover letter.

This RFP contains specific requests for information. RESPONDENTS are encouraged to examine all sections of this RFP carefully, in that the degree of interrelationship between sections is critical. In responding to this RFP, RESPONDENTS are encouraged to provide any additional information they believe relevant.

Clause headings appearing in this RFP have been inserted for convenience and ready reference. They do not purport to define, limit or extend the scope of intent of the respective clauses. Whenever the terms "must", "shall", "will", "is required", or "are required" are used in the RFP, the subject being referred to is to be a required feature of this RFP and critical to the resulting submittal.

In those cases where mandatory requirements are stated, material failure to meet those requirements could result in disqualification of the RESPONDENT's response. Any deviation or exception from RFP specifications must be clearly identified by the RESPONDENT in its submittal.

Each proposal shall be prepared simply and economically, providing a straightforward and concise description of RESPONDENT's ability to meet the requirements of this RFP. Emphasis shall be on completeness, clarity of content and responsiveness to the offer requirements. Expenses for developing and presenting submittals shall be the entire responsibility of the RESPONDENT and shall not be chargeable to TAMUS. All supporting documentation and manuals submitted with this submittal will become the property of TAMUS unless otherwise requested by the RESPONDENT, in writing, at the time of submission, and agreed to, in writing, by TAMUS.

All technical questions concerning this RFP are to be directed to Jeff Zimmermann, Director, Procurement and Business Services, in writing, at jzimmermann@tamus.edu. RESPONDENT may not contact other individuals at TAMUS to discuss any aspect of this RFP, unless expressly authorized by the Procurement Office to do so. Questions regarding the RFP, including questions for more data or information beyond that included in this RFP and attachment, should be presented in writing. **Deadline for submission of questions is by 5:00 P.M. June 17, 2016.** TAMUS will publish all questions with responses according to the schedule in Section 2.1.

- ✓ Section 4, Company Response

RESPONDENT shall provide one (1) original copy, three (3) additional hard copies, and two (2) electronic copies of the complete RFP response as specified above. Note: The electronic copy shall be combined in a single file.

All electronic copies must either be in Microsoft Office software or Adobe Portable Document Format (PDF). All image files must be in one of the following formats: .jpg, .gif, .bmp, or .tif and submitted on a CDROM or thumb drive. We prefer image files to already be inserted as part of a document such as a PDF. Individual image files on the electronic media must be clearly named and referenced in your proposal response.

NOTE: The original signature on the ONE (1) original copy will serve as the official signature of record for all electronic copies. The proposal must be manually signed by a person with authority to bind the firm under a contract.

Submittal response package (envelope/box/carton) must indicate on the lower left-hand corner the RESPONDENT's company name and address, and the RFP number and opening date.

Submittals are to be submitted as a booklet or in notebook form with appropriate indices. Each submittal should be prepared simply and economically, providing a straightforward and concise description of the RESPONDENT's service, approach and ability to meet TAMUS' needs as stated in this RFP. Schedules and Exhibits must be clearly identify and defined.

2.5 Inquiries and Interpretations

Responses to inquiries which directly affect an interpretation or change to this RFP will be issued in writing by addendum (amendment) and posted to the Electronic State Business Daily (ESBD). It is the responsibility of the RESPONDENT to check the ESBD for any and all addenda issued for this RFP. All such addenda issued by TAMUS prior to the time that proposals are received shall be considered part of the RFP, and the RESPONDENT shall consider and acknowledge receipt of such in their proposal.

Only those TAMUS replied to inquiries which are addressed by a formal written addenda shall be binding. Oral and other interpretations or clarification will be without legal effect.

2.6 Selection Process

TAMUS will base its choice on demonstrated competence, knowledge, and qualifications and on the reasonableness of the proposed fee for the solution and related services; and if other considerations are equal, give preference to a RESPONDENT whose principal place of business is in the state or who will manage the contract wholly from an office in the state.

The RESPONDENT selected will be the one who's experience and qualifications, as presented in response to this RFP, establish them, in the opinion of TAMUS, as well qualified and offering the greatest benefits, experience and value to TAMUS. TAMUS may cancel this RFP or reject proposals at any time prior to an award, and is not required to furnish a statement of the reasons why a particular proposal was not deemed to be the most advantageous. Should TAMUS determine in its sole discretion that only one RESPONDENT is fully qualified, or that one RESPONDENT is clearly more highly qualified than the others under consideration, a contract may be negotiated and executed with that RESPONDENT. The contract will be an agreement incorporating by reference all the requirements, terms and conditions of the solicitation and the RESPONDENT's proposal as negotiated.

Submission of proposals indicates RESPONDENT's acceptance of the evaluation techniques and the recognition that subjective judgments must be made by TAMUS during the evaluation process.

The selection of the successful proposal may be made by TAMUS on the basis of the proposals initially submitted, without discussion, clarification, or modification. In the alternative, selection of the successful proposal may be made by TAMUS on the basis of negotiation with any of the RESPONDENTS. TAMUS shall not disclose any information derived from the proposals submitted by competing RESPONDENTS in conducting such discussions.

All proposals must be complete and convey all of the information requested to be considered responsive. If a proposal fails to conform to the essential requirements of the RFP, TAMUS alone will determine whether the variance is significant enough to consider the proposal susceptible to being made acceptable, and therefore a candidate for further consideration, or not susceptible and therefore not considered for award.

TAMUS reserves the right to check references prior to award. Any negative responses received may be grounds for disqualification of the proposal.

TAMUS reserves the right to accept or reject any or all offers, to waive informalities and technicalities, to accept the offer considered most advantageous, and/or to make the award to the most responsive RESPONDENT.

The most qualified RESPONDENTS MAY BE REQUIRED to provide presentations to or conduct interviews with the evaluation committee before the final selection. Presentations/interviews may be presented on-site at TAMUS or as a Webinar. TAMUS will not provide compensation to RESPONDENTS for any expenses incurred by the RESPONDENT(S) for proposal preparation, evaluations or demonstrations that may be made.

2.7 Public Information Act

- (a) RESPONDENT acknowledges that TAMUS is obligated to strictly comply with the Public Information Act, Chapter 552, *Texas Government Code*, in responding to any request for public information pertaining to this Agreement, as well as any other disclosure of information required by applicable Texas law.
- (b) Upon a TAMUS written request, RESPONDENT will provide specified public information exchanged or created under this Agreement that is not otherwise excepted from disclosure under chapter 552, Texas Government Code, to TAMUS in a non-proprietary format acceptable to TAMUS. As used in this provision, "public information" has the meaning assigned Section 552.002, *Texas Government Code*, but only includes information to which TAMUS has a right of access.
- (c) RESPONDENT acknowledges that TAMUS may be required to post a copy of the fully executed Agreement on its Internet website in compliance with Section 2261.253(a)(1), *Texas Government Code*.

2.8 HUB Policy

It is the policy of the State of Texas and The Texas A&M University System (TAMUS) to encourage the use of Historically Underutilized Businesses (HUBs) both directly and indirectly in our prime contracts. The goal of the HUB Program is to promote equal access and equal opportunity in TAMUS contracting and purchasing.

Based on the scope of this Request for Proposal, RESPONDENTS must determine if they can perform the entire scope with their own resources or if it will be necessary to subcontract any portion of the scope. Subcontracting opportunities are defined as those opportunities contracted with a vendor to provide services, supply commodities, or contribute toward completing work for a governmental entity.

Subcontracting opportunities are NOT anticipated for this Request for Proposal and therefore a HUB Subcontracting Plan (HSP) is NOT required. A statement of Self-Performing shall be included in your response if your company will not be Subcontracting and will therefore be Self-Performing.

However, if a subcontractor will be used to provide any commodity or service as part of this scope, the BIDDER WILL BE required to make a good faith effort and complete the state of Texas HSP. Complete the HSP as found at <http://www.tamus.edu/business/hub-procurement/hub-programs-3/system-offices-hub-program/> (also attached) and submit it with your proposal. If there are pre-existing agreements in place with companies who will be hired as subcontractors, the RESPONDENT will show those vendors as subcontractors on the HSP and provide an explanation as to why solicitations were not done, e.g. contractual requirements. If no pre-existing agreements with companies who will be hired as subcontractors exist, then the RESPONDENT will be expected to make a good faith effort according to the HSP instructions. Don't forget to include any backup documentation and sign the HSP form.

In the event that you determine you will be using a subcontractor, please contact Mr. Jeff Zimmermann from TAMUS' HUB Program at (979) 458-6410 or jzimmermann@tamus.edu for assistance in determining available HUB subcontractors and proper completion of the HSP. RESPONDENTS have the opportunity to submit a draft of the HSP prior to submittal of their response to the Request for Proposal for review by Mr. Zimmermann.
