

LEGISLATIVE APPROPRIATIONS REQUEST

For Fiscal Years 2010 and 2011

*Submitted to the
Governor's Office of Budget, Planning and Policy
and the Legislative Budget Board*

by

Texas A&M University-Texarkana

October 15, 2008

2nd Submittal

CERTIFICATE

Agency Name Texas A&M University-Texarkana

This is to certify that the information contained in the agency Legislative Appropriations Request filed with the Legislative Budget Board (LBB) and the Governor's Office of Budget, Planning and Policy (GOBPP) is accurate to the best of my knowledge and that the electronic submission to the LBB via the Automated Budget and Evaluation System of Texas (ABEST) and the bound paper copies are identical.

Additionally, should it become likely at any time that unexpended balances will accrue for any account, the LBB and the GOBPP will be notified in writing in accordance with Article IX, Section 7.01 (2008-09 GAA).

ADMINISTRATOR'S STATEMENT
81st Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

DATE: **8/6/2008**
TIME: **9:37:07AM**
PAGE: **1 of 4**

Agency code: **764** Agency name: **Texas A&M University - Texarkana**

The 80th Legislature, Governor, and Lt. Governor provided TRB resources for Texas A&M University-Texarkana to move forward on the master plan development of the new 375 acre main campus, a stepping stone to our downward expansion which was approved by the Legislature in 2005 and is scheduled for implementation in Summer 2010. The University is extremely grateful for the generous allocation provided to construct the second and third buildings on the new Bringle Lake campus, a Multipurpose Library Building and a Central Plant. The library building will encompass an expanded and technically automated library and learning support center, student classrooms and labs, a "one-stop shopping" student services center, faculty and staff offices, and other student engagement and support areas. Construction is scheduled to begin early this fall (2008). Recruitment efforts have already begun for enrollment of freshmen and sophomore students in Summer of 2010, with a goal of at least 300 new students. The downward expansion (addition of a freshman and sophomore class) of A&M-Texarkana is critical to meeting the goals of Closing the Gaps. Northeast Texas is one of the most underserved regions of the state in terms of access to baccalaureate education. The percentage of the population with a bachelor's degree in this region is among the lowest in the state and nearly 65% of our region's college students must leave northeast Texas to complete their bachelor's degree, many of whom do not return to the area to live and work. (Reference: Regional Plan for Higher Education, October 2006, Texas Higher Education Coordinating Board, pp. 13). The continued economic and community development of this region of the state is dependent upon a well educated workforce. The downward expansion of A&M-Texarkana is critical to this end.

The university continues a tradition of responsible management of appropriated operational funds, assuring that expenditures made enhance and expand educational opportunities, support state higher education goals, and provide academic offerings and services for its students. Strong regional community support sustains, reinforces, and supplements the Legislatures' efforts by providing additional private financial resources to achieve long term goals.

The Scholarship Match Rider, established for our university by the 78th Legislature, continues to provide a valuable scholarship match (under the authority of Education Code Section 56.242) to a voluntary student fee of \$2 per semester credit hour. This fee voted in by our university students several years ago, continues to benefit many students annually.

Our existing upper-level university moves closer to the transition to a comprehensive four-year university serving the northeast Texas service region. Historically place-bound students will be afforded a broader choice of major courses of study, expanded student services, and eventually a traditional campus life. Scholarship opportunities will continue to increase and new intern programs will be implemented. A significant change to our service population will occur with the Summer 2010 semester.

The approval to add engineering to the curriculum in Fall 2008, along with our private fund raising for engineering campaign reaching the \$9.2 million mark, will contribute to the strength of the implementation of this new degree, to responding to "Closing the Gaps" and to the expansion of coursework in this region into a more technologically related field. To demonstrate total support for the new engineering program, the Texarkana, Texas Independent School District (TISD) in cooperation with A&M-Texarkana has developed a magnet school, the Martha and Josh Morriss Mathematics and Engineering Elementary School, to provide a student core for engineering. TISD plans are already under way to open a middle and secondary school to provide the "P-16 Bridge" to move the elementary students forward. The P-16 Partnership with A&M-Texarkana has drawn national attention as educators and legislators from across the country continue to visit the model partnership with the Morriss School.

We expect to target the high rate of high school academic success recorded for this region by being able to recruit students at the freshman level to enroll in those areas of state focus including nursing, teacher education, engineering, and science. Having the ability to recruit at the freshman level, rather than at the junior level, will be an extremely important tool to stimulate enrollment growth and to attaining "Closing the Gaps" goals. University enrollment continues to climb at a steady pace from a headcount of 1,549 in the Fall of 2005 to 1,605 in the Fall of 2007.

ADMINISTRATOR'S STATEMENT
81st Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

DATE: **8/6/2008**

PAGE: **2 of 4**

Agency code: **764** Agency name: **Texas A&M University - Texarkana**

The university nursing program has received both state and national accreditation and has recently received a 10 year renewal at the national level. Staff approval is pending with the Coordinating Board and anticipated for their approval to allow masters of nursing degree program offerings in Fall 2008. Private funds have been secured to pay the salary of the new doctoral faculty required.

Special item funding has been vital to university growth. The Academic Program Expansion item has been utilized to expand undergraduate and graduate curriculum in the areas of biology, nursing, instructional technology, bilingual education, adult education, criminal justice, mathematics, and teacher education. A cooperative doctoral program with Texas A&M University-Commerce in educational administration is currently in the final stages.

The Northeast Texas Education Partnership, a special funding item for the past eight biennia, has been instrumental in achieving the Regent's initiative for excellence in education. A collaborative partnership between A&M-Texarkana and the Northeast Texas Community College has expanded to a high quality field-based teacher education program. The Innovation in Teacher Education Award, a regional recognition from the Southeastern Regional Association of Teacher Educators, has been received as well as the Magna Award for Excellence, a national recognition from the National School Boards Association and Marriott-Sodexo.

Lower Division Transition funding has provided for initial needs assessments related to future freshman and sophomore curriculum, administrative and staff training through the national "First Year Experience" program, and the addition of two new support staff positions.

Institutional Enhancement funding has supported the addition of new student scholarships, a master's degree program in Educational Administration, the addition of new faculty and deans, faculty promotions, equity and merit, added technology and library support, master planning, operations support and allocations for special request projects. The funding has continued to be critical to the support and advancement of the existing academic programs of the university.

Two exceptional items are requested by the University for funding by the 81st Legislature. The first priority request is for Lower Division Transition Funding for \$8.3 million for the FY2010-2011 biennium and will be utilized to hire faculty to provide the new course offerings and adequate class sections for lower division transition, to provide support staff to student related areas such as counseling, enrollment and retention, to provide operations support for the overall expansion, to provide some student scholarships, and to provide limited equipment and furnishings required to support the new faculty and staff.

The second priority exceptional item request is TRB Debt Service for a multi-discipline "Classroom/Office Building", a part of phase one of our official campus master plan. A proposed completion date of 2011 would address a growing student population. The admission of freshmen and sophomore students beginning in the summer of 2010 is expected to generate significant enrollment growth.

We are authorized to access criminal history information on employees and potential employees by Texas Government Code, Section 411.135, Texas Education Code, Chapter 51, section 51.215, and Texas Government Code, Chapter 411, Section 094. We conduct such background checks for all security sensitive positions. Currently, all full-time positions (faculty and staff) have been designated as security sensitive. Part time positions such as maintenance and technology are also security sensitive. Other part-time positions' designation is at the discretion of the supervisor and depends on duties, computer access, and office/building access necessary.

We are required to run background checks on current employees. However, according to The Texas A&M University System Regulations, we may run checks on current employees when checks are in the best interest of the Member. Examples of reasons could be to evaluate an employee for promotion, reclassifying a position as security-sensitive, or the occurrence of an incident that creates security concerns regarding an employee.

ADMINISTRATOR'S STATEMENT
81st Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

DATE: **8/6/2008**
TIME: **9:37:07AM**
PAGE: **3 of 4**

Agency code: **764**

Agency name: **Texas A&M University - Texarkana**

We collect a Criminal Background Authorization Form from all applicants who interview for a position (faculty and staff), and conduct a background check on the person(s) being considered for employment. Human Resources collects the forms and forwards them to the Chief of Police to conduct the background check. He then reports the result to HR. This has been our practice during FY07, FY008, and no changes are expected for FY09 or future years.

The ten per cent reductions, totaling \$804,080, will create a negative impact on several areas that currently strengthen our academic offerings. They are described as follows:

- The total elimination of Excellence Funding for the biennium eliminates \$191,284 that is directed to faculty development across the academic disciplines.
- Reduction to the Northeast Texas Education Partnership special item for \$17,800 will possibly limit the number of upper level course offerings that can be delivered on the Northeast Texas Community College campus and also result in an enrollment reduction for A&M-Texarkana.
- A reduction of \$592,584 from Institutional Enhancement will result in the elimination of faculty and staff positions and possibly some student scholarships. It will also prohibit the university from awarding any salary increases during the FY2010/FY2011 biennium.
- The loss of \$2,412 in lease of facilities dollars will have no impact because the university has just opened a new Science and Technology Building with biology and science labs. Historically this funding was used to rent specialized classroom space by the semester from Texarkana College for biology and art labs.

We request funding for the following priority needs for all of higher education:

- **Base Funding:** Fund growth in all higher education formulas and using the Higher Education or another recognized cost index fund the increased cost of doing business for our basic, on-going educational, general and student support operations. This includes providing increased base funding for our Texas A&M System Agencies' core operations.
- **Teaching Excellence:** Using student evaluations, recognize and reward outstanding faculty through the Chancellor's Teaching Excellence Awards initiative.
- **Facilities Renewal:** Existing E&G and campus infrastructure have reached the point where the need to invest funds to renew these facilities is critical. This includes such projects as deferred maintenance, modernizing HVAC, plumbing, electrical and other systems, meeting current building, life safety, and energy codes, and others.
- **Student Financial Aid:** Provide increased funds for student financial aid to help make higher education more affordable for more Texas families, however, not at the expense of funding to the universities.
- **Incentive Funding:** We support accountability and performance through incentive funding so long as our base funding needs are covered first.
- **Research:** Increase research funding available to institutions by doubling the funds allocated through the Competitive Knowledge Fund and Research Development Fund.
- **Higher Education Group Health Insurance:** Fund the increases in health care costs and enrollment (employee/retiree) growth.

STRATEGY DESCRIPTION AND JUSTIFICATION:

The formula item, Operations Support, provides funding for the academic colleges, for instructional support such as the library, technology, and student support services, for faculty research enhancement, and for related administration. These resources directly affect delivery of curriculum to the students and student success in the classroom. The university's goal to provide an affordable, accessible and quality education to our students is driven by the level at which the formula is funded.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

Escalating costs for competitive faculty salaries, supplies and materials, employee travel, and other operational costs continue to decrease the value of the dollars. Student enrollment must increase to produce new dollars from tuition and fee revenues.

Providing adequate numbers of course offerings taught by highly qualified faculty is the most critical internal factor. Staff resources necessary to support academics and to meet state and federal reporting and operations compliance is also essential to the university's success.

FULL TIME EQUIVALENT POSITIONS:

STRATEGY DESCRIPTION AND JUSTIFICATION:

The Staff Group Insurance appropriation provides legislatively authorized staff benefits for A&M-Texarkana employees as provided in Article 3.50-3 of the Texas Insurance Code. The funding will provide employees with Basic Health Coverage as mandated by the State College and University Employee's Uniform Insurance Benefits. SGIP provides a part of the proportional funding of the university's share of employee insurance costs. The balance of proportional funding must be paid from other local university funds.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

The Texas A&M University System is self insured. The annual negotiation with insurance vendors is a difficult process when trying to hold rates to a minimum while also providing adequate coverage for employees.

The number of employees and retirees eligible continues to grow. Benefits packages have also become an important factor in the ability to recruit and hire new faculty and staff.

FULL TIME EQUIVALENT POSITIONS:

STRATEGY DESCRIPTION AND JUSTIFICATION:

TPEG is a mandatory, statutory set-aside from gross state tuition calculated at 15% of resident tuition and 3% of non-resident tuition. The funds provide student grants and loans for need-based students.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

The number of students who will enroll in any given semester who are eligible for need-based funds is the key external factor.

The availability of dollars hinges on gross tuition collections each semester. Increased enrollment will provide new grant dollars for eligible students.

STRATEGY DESCRIPTION AND JUSTIFICATION:

Infrastructure support is provided for E&G space including physical plant operations, building maintenance, custodial operations, campus security and utility services. University facilities must have the necessary maintenance at all times to provide well functioning teaching classrooms, labs, library space, and student support services in order to retain students and assure safety.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

External factors include uncontrollable rising utility costs and weather conditions. Fuel costs to operate university vehicles also continue to escalate. Student enrollment must continue to increase in order to increase formula funding to pay for costs.

Buildings are open fifteen (15) hours or more a day requiring the need for response time for maintenance emergencies and security.

FULL TIME EQUIVALENT POSITIONS:

STRATEGY DESCRIPTION AND JUSTIFICATION:

TRB retirement continues on an academic building completed in 1999. Master planning for a new campus and construction authorization for a new science and technology building was approved by the 77th Legislature. A&M-Texarkana has a 20,085 square foot space deficit and is moving toward downward expansion. The master plan has been completed and the science and technology building construction has begun.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

Over 375 acres of land was gifted to the university to provide a place for campus development because the university was landlocked.

Internal factors include limited academic classroom and office space to support a growing student population and course and program inventory.

CODE	DESCRIPTION	Exp 2007	Est 2008	Bud 2009	BL 2010	BL 2011
------	-------------	----------	----------	----------	---------	---------

Funding of this item has allowed the University to add new and strengthen existing degree programs in instructional technology, nursing (including a Master of Science in Nursing [MSN] degree), teacher education (including a new teaching certificate in bilingual education), biology, political science, mass communication, and education administration (including submission of a preliminary authority request for a cooperative doctoral program with Texas A&M University-Commerce), several of which are critical needs areas identified by the Texas Higher Education Coordinating Board. All of these programs are critical to the Closing the Gaps by 2015 initiative by broadening the education opportunities available in the Northeast Texas region and increasing the access of minority and first-generation college students who live in this area.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

Because the University does not receive formula funding for programs until the biennium following their implementation, the institution makes a substantial commitment of funds to support the necessary needs assessment and program implementation. These are key to increasing student participation, the number of degrees and certificates earned, and responding to the needs of a region that currently has a higher education participation rate that is more than 33 percent lower than the statewide participation rate. Decisions regarding new programs to be added are made from a demonstrated-need and priority perspective, with close monitoring of the implementation and evaluation of outcomes for all new and expanded programs.

STRATEGY DESCRIPTION AND JUSTIFICATION:

The purpose of this funding is to facilitate A&M-Texarkana's partnership efforts with area public schools, local community colleges (e.g., Texarkana College and Northeast Texas Community College), and other education entities to create a college ready student population that can transition into higher education and contribute to the Coordinating Board's Closing the Gaps by 2015 initiative. A major focus since the initiative's inception is to provide quality teachers and administrators to meet the ever-increasing demands in area public schools.

-------------	--------------------	-----------------	-----------------	-----------------	----------------	----------------

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

Continued cooperation, open communication, and good-will between the University and local public schools and community colleges are critical to the continued success of this initiative. As a result of increased competition from on-line degree and certification programs, University personnel must continue to refine programs to meet the demands of potential students without sacrificing quality.

STRATEGY DESCRIPTION AND JUSTIFICATION:

The purpose of the lower division transition special item funding is to facilitate the University meeting the Closing the Gaps initiatives of participation and success as we prepare for and implement downward expansion of the University. In fall 2010, the University will move much of the faculty and staff to a new campus and begin offering lower division coursework to freshmen and sophomore students.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

Successful completion of the multi-purpose building at the new campus site in summer 2010 and productive student and faculty recruiting efforts, as well as those related to marketing the new comprehensive university within the state of Texas and in the adjoining states, are critical factors.

FULL TIME EQUIVALENT POSITIONS:		0.3	0.4	0.0	0.0	0.0

STRATEGY DESCRIPTION AND JUSTIFICATION:

This funding supported student scholarships and enhanced instructional support. It contributed resources for faculty salaries, technology, and library needs.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

Faculty shortages in specific academic disciplines, insufficient private scholarship funding, and limited technology and library resources adversely impact student access and participation in quality baccalaureate degree programs.

FULL-TIME EQUIVALENT POSITIONS (FTE):

64.00	71.00
-------	-------

DESCRIPTION / JUSTIFICATION:

Funding would be utilized to hire faculty to provide the programs and adequate class sections for lower division offerings as A&M-Texarkana accepts freshmen and sophomores for the Summer 2010 term. The target for new enrollees is 300 students. Funding will also provide support staff to student-related areas, scholarships, and some operations and equipment. The 78th Legislature passed House Bill 1566 allowing for downward expansion at a different location with permanent buildings. The first building, the Science and Technology Building, was completed and opened in June 2008. The second and third buildings, the Multipurpose Library and the Central Plant, will open in late summer of 2010. Significant enrollment growth should follow, helping meet the "Closing the Gaps" goals and progressing toward becoming a comprehensive regional university.

EXTERNAL/INTERNAL FACTORS:

Funding must be available to provide faculty and support operations to expand our curriculum to include freshman and sophomore level courses. Successful recruiting must be achieved and services directed to this new student service core must be strong and comprehensive. Student success will be our major focus.

4.A. EXCEPTIONAL ITEM REQUEST SCHEDULE
 81st Regular Session, Agency Submission, Version 1
 Automated Budget and Evaluation System of Texas (ABEST)

	TOTAL, OBJECT OF EXPENSE	\$4,010,490	\$4,010,490
METHOD OF FINANCING:			
1	General Revenue Fund	4,010,490	4,010,490
	TOTAL, METHOD OF FINANCING	\$4,010,490	\$4,010,490

DESCRIPTION / JUSTIFICATION:

The TRB Debt Service would provide for construction of a multi-discipline “Classroom/Office Building, Phase 1” of the official campus master plan on file for the new Texas A&M University-Texarkana campus.

The facility will house classrooms, faculty offices, support staff offices, study areas, and storage for continued campus expansion related to downward expansion.

The university owns adequate property to accommodate the addition of the new facility.

EXTERNAL/INTERNAL FACTORS:

A&M-Texarkana is working hard to increase enrollment and to meet “Closing the Gap” goals. The proposed building would target completion no later than 2011 and would address a growing student population.

The university is accelerating its recruitment of new students. Successful recruitment and retention must be achieved and maintained. University facilities are critical to such efforts.

COMPARISON TO STATEWIDE HUB PROCUREMENT GOALS

A. Fiscal Year 2006 - 2007 HUB Expenditure Information

Statewide HUB Goals	Procurement Category	HUB Expenditures FY 2006			Total Expenditures FY 2006	HUB Expenditures FY 2007			Total Expenditures FY 2007
		% Goal	% Actual	Actual \$		% Goal	% Actual	Actual \$	
11.9%	Heavy Construction	0.0 %	0.0%	\$0	\$0	0.0 %	0.0%	\$0	\$0
26.1%	Building Construction	0.0 %	0.0%	\$0	\$58,920	0.0 %	0.0%	\$0	\$1,005,465
57.2%	Special Trade Construction	0.3 %	0.3%	\$636	\$212,262	0.0 %	0.0%	\$0	\$13,833
20.0%	Professional Services	0.0 %	0.0%	\$0	\$492,703	0.0 %	0.0%	\$0	\$0
33.0%	Other Services	1.6 %	1.6%	\$13,978	\$894,652	0.5 %	0.5%	\$4,830	\$979,295
12.6%	Commodities	62.8 %	62.8%	\$591,673	\$941,458	61.0 %	61.0%	\$469,261	\$768,727
	Total Expenditures		23.3%	\$606,287	\$2,599,995		17.1%	\$474,091	\$2,767,320

B. Assessment of Fiscal Year 2006 - 2007 Efforts to Meet HUB Procurement Goals

Attainment:

The agency attained or exceeded one of the six goals, or 62.8% of the applicable statewide HUB procurement goals in FY2006. The agency attained or exceeded one of the six goals or 61% of the applicable statewide HUB procurement goals in FY2007. In FY2006, the agency spent \$606,287 or 23.3% of total expenditures with HUBs. In FY2007, the agency spent \$474,091 or 17.1 % of total expenditures with HUBs.

Applicability:

The Facilities, Planning & Construction (FP & C) department of The Texas A&M University System manage all large construction projects. In FY2006 & FY2007, the "Heavy Construction" category was not applicable to agency operations. In FY2006 & FY2007, large expenditures made in "Special Trade Construction", Professional Services and other services were due to the purchase, installation and training costs associated with the student information system.

Factors Affecting Attainment:

In FY2006, a Texas A&M University master order was used for the expenditure of \$58,920 to upgrade controls in building expansion. In FY2007, expenditures of \$1,005,465 were A&M – Texarkana’s portion of contracts issued and managed by the Texas A&M University System (FP & C). Agency’s continued use of system contracts, cooperative purchasing contracts and TPASS contracts affect attainments in certain categories. Agency’s geographical area and small dollar bid amounts are problematic in obtaining competition in "Special Trade Construction".

"Good-Faith" Efforts:

- Continued promotion of HUB on all dollar amounts regardless of source of funds.
- Co-sponsored Texas Universities HUB Coordinators vendor fair, 11/06.
- Active and continued participation in economic opportunity forums, system and statewide HUB meetings, and the North/Northeast Texas Chapter of Texas Universities HUB Coordinators Alliance.
- Promoting continued HUB awareness training for University staff.
- Provided administration with monthly updates of each supervisor’s departmental HUB percentages.

USE OF HOMELAND SECURITY FUNDS

Other Homeland Security expenditures were outside the GAA. Texas A&M University-Texarkana purchased the e2Campus emergency Alert System to be able to immediately notify students, staff and faculty in the event of any emergency situation that may occur on campus. The alert system sends text/voice messages to all participants. A&M Texarkana also purchased a police vehicle, two pistols, two shotguns that will enable us to respond to emergency situations. We also are in the process of purchasing two police radios that will allow us to have contact with other local emergency responders.

Rank / Name

Explanation of Impact to Programs and Revenue Collections

1 Excellence Funding

The total elimination of Excellence Funding for the biennium eliminates \$191,284 that is directed to faculty development across the academic disciplines. No other source of funding is available unless the university increases designated fee rates for students.

2 Lease of Facilities

With the completion of a new building and the onset of construction for a second new building, the university will not be leasing speciality classroom space on any regular basis from Texarkana College. Off site space will still be required occasionally for course delivery in Mt. Pleasant or Hallsville. No significant impact will occur from this decrease.

3 Special Item: Institutional Enhancement

Institutional Enhancement funds a significant share of faculty and academic support salaries as well as operational funds that enhance academics offerings such as library materials and technology support needed to remain competitive for student enrollments.

4 Special Item: Northeast Texas Education Partnership

Support for course offerings by A&M-Texarkana on the campus of Northeast Texas Community College in Mt. Pleasant, Texas is partially funded by this item. The reduction could result in less upper level course offerings on the community college campus and a reduction in enrollment.

Gross Square Feet:	Net Assignable Square Feet in Project			
80,000	52,000			

Project Description

The multi-discipline classroom/office building is a critical part of the developing campus. The structure will house classrooms, faculty offices, support staff offices and storage. Failure to construct the building would not be in keeping with the essence of HB1566 which requires permanent buildings at the new campus to accommodate downward expansion.

SCHEDULE 10B: TUITION REVENUE BOND ISSUANCE HISTORY

SCHEDULE 11: SPECIAL ITEM INFORMATION
81ST REGULAR SESSION
Automated Budget and Evaluation System of Texas (ABEST)

Date: 8/1/2008
Time: 11:54:20AM
Page: 1 of 4

Agency Code: 764 Agency: Texas A&M University - Texarkana

Special Item: 1 Academic Programs - Academic programs and program development

(1) Year Special Item: 2000

(2) Mission of Special Item:

The Academic Program Expansion appropriation provides funding needed to support new baccalaureate and graduate degree programs to expand curriculum to become a comprehensive regional university.

(3) (a) Major Accomplishments to Date:

Proposals were developed and submitted in 2000 and 2001 and approved by The Texas A&M University System Board of Regents and the Texas Higher Education Coordinating Board for a biology program and a nursing program. Equipment was purchased and instructional labs were established for both programs. The biology program opened in fall 2000, and the nursing program began accepting students in spring 2002. The new nursing program received state accreditation in the fall of 2001 and national accreditation in 2003. In the following biennium, baccalaureate degree programs were added in mass communications and criminal justice, and graduate degrees in English and adult education. In subsequent years, the University has received approval to offer baccalaureate degrees in computer information sciences and electrical engineering and master's degrees in history and instructional technology, as well as several new teacher certification programs, including bilingual education. The biology degree with the associated teacher education program was expanded to the Northeast Texas Community College campus. Proposals to offer a master's degree in nursing (MSN) and a Step 2 cooperative doctoral program in education leadership have received internal approval and are pending external approval at this time.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

Progress will be made in the Closing the Gaps by 2015 goals of participation, success, and research as enrollment and graduate rates increase. Major contributions to success in these three areas is the downward expansion of the University anticipated in summer 2010, addition of the new Master's of Science in Nursing degree, and the implementation of a cooperative doctoral program in education leadership with A&M-Commerce. The MSN includes administrator and educator tracks, with the latter expected to have a major impact on reducing the local supply and demand gap in nursing instructors for BSN and AA nursing programs.

(4) Funding Source Prior to Receiving Special Item Funding:

None. New Programs.

(5) Non-general Revenue Sources of Funding:

Non-general revenue sources of partial budget funding include Higher Education Funds and university unallocated balances. Private funding of over \$9 million will be available for electrical engineering and information technology.

(6) Consequences of Not Funding:

If funding is not received, the University will be unable to continue supporting the most recent program additions and expansions or to implement the new graduate degrees in nursing and education administration.

SCHEDULE 11: SPECIAL ITEM INFORMATION
81ST REGULAR SESSION
Automated Budget and Evaluation System of Texas (ABEST)

Date: 8/1/2008
Time: 11:54:25AM
Page: 2 of 4

Agency Code: 764 Agency: Texas A&M University - Texarkana

Special Item: 2 Northeast Texas Education Partnership

(1) Year Special Item: 1994

(2) Mission of Special Item:

The mission of the Northeast Texas Education Partnership is to support the University's center at Northeast Texas Community College and to establish and strengthen PK-16 partnerships between the University and local area public schools to promote quality pre-service and in-service training for teachers and administrators.

(3) (a) Major Accomplishments to Date:

The Center for Professional Development and Technology (CPDT) was fully implemented as a field-based teacher education program during the mid-90's with a two-prong goal of improving overall teacher education and inculcating technology into the knowledge and skill-set of teachers. This initiative evolved into a comprehensive field-based teacher education program that produces high quality teachers who score among the highest in the state on teacher certification examinations. This funding has allowed the University to expand teacher education programs at Northeast Texas Community College to include biology and bilingual education, as well as paying related rental and distance education fees for all programs. In fall 2007, the master of education in education administration and the associated principal certification program was offered on campuses in the Hughes Springs ISD and Hallsville ISD. The Young Writer's Summer Institute, a no-cost program for elementary students from surrounding school districts has also been expanded since its inception. Further, the University has worked collaboratively with the Texarkana Independent School District to develop and implement a regional and national award-winning professional development school for indepth field-based training for future teachers.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

Emphasis will be placed on the expansion of programs and subsequent increase in student enrollment at NTCC during the next biennia, with funding provided for student scholarships, faculty travel to the NTCC campus, distance education, general operations cost, and pursuit of a professional development school in the Mt. Pleasant area.

(4) Funding Source Prior to Receiving Special Item Funding:

None

(5) Non-general Revenue Sources of Funding:

NTCC shares costs with A&M-Texarkana.

(6) Consequences of Not Funding:

If funding is not received, the University will be unable to support these important community outreach initiatives. The ability to prepare teachers through the traditional and PDS programs at both the Texarkana and NTCC campuses would be diminished.

SCHEDULE 11: SPECIAL ITEM INFORMATION
81ST REGULAR SESSION
Automated Budget and Evaluation System of Texas (ABEST)

Date: 8/1/2008
Time: 11:54:25AM
Page: 3 of 4

Agency Code: 764 Agency: Texas A&M University - Texarkana

Special Item: 3 Lower-Division Transition Funding

(1) Year Special Item: 1996

(2) Mission of Special Item:

Through a "Budget Structure Change" approved by the Legislative Budget Board in FY2006-07, the focus of the transition special item funding was redirected to provide financial assistance for activities directly related to the downward expansion of the University and move to the new campus site.

(3) (a) Major Accomplishments to Date:

During the FY06-FY08 biennium, funding has been used to refine the lower division core curriculum (for freshmen and sophomores), provide technical training in the implementation of a new electronic student and financial data management system, provide training to key administrative and support staff in "The First Year Experience," and to purchase a library online data base that will be critical in the downward expansion as we transition away from a shared library with Texarkana College.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

Examples of activities to be funded include finalizing the core curriculum, implementing the new electronic platform to collect and manage student and financial data, developing the concept and related procedures for an Honors College, developing and implementing marketing efforts, and conducting a needs assessment to identify and prioritize new academic programs that will be needed as the University completes downward expansion to become a comprehensive university.

(4) Funding Source Prior to Receiving Special Item Funding:

None

(5) Non-general Revenue Sources of Funding:

None

(6) Consequences of Not Funding:

If funding is not received, the University will have difficulty being successful in the critical planning, preparation, and implementation of the summer 2010 downward expansion from an academic as well as a logistical perspective. Therefore, the University will be vulnerable to not meeting its Closing the Gaps goals.

SCHEDULE 11: SPECIAL ITEM INFORMATION
81ST REGULAR SESSION
Automated Budget and Evaluation System of Texas (ABEST)

Date: 8/1/2008
Time: 11:54:25AM
Page: 4 of 4

Agency Code: 764 Agency: Texas A&M University - Texarkana

Special Item: 4 Institutional Enhancement

(1) Year Special Item: 2000

(2) Mission of Special Item:

Institutional Enhancement funding was appropriated as an initiative by the 76th, 77th, 78th, 79th, and 80th Legislatures to continue to enhance university academic programs and services and to provide tuition scholarships for students.

(3) (a) Major Accomplishments to Date:

A&M-Texarkana has utilized the appropriation to award tuition scholarships to students, to add new faculty and dean positions, to provide faculty salary promotions and equity adjustments, to expand adjunct faculty pools and academic college support, to enhance technology, instruction and library support, to provide special student scholarships, and to provide for specific enhancement project requests. During the current funding cycle, the appropriation of these special funds has supported student scholarships, academic salaries, program enhancement, and increased technology and library support.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

New appropriations will be directed to new student scholarship funding enhancements and to academic program enrichment.

(4) Funding Source Prior to Receiving Special Item Funding:

Prior to FY2000, approximately \$9,400 per year was provided by the legislature as a line item appropriation for Tuition Scholarships.

(5) Non-general Revenue Sources of Funding:

None

(6) Consequences of Not Funding:

Failure to fund Institutional Enhancement will result in a significant reduction in student scholarships, reductions for academic program faculty salaries and support staff positions and for operations support. Also, no funding would be available to respond to proposals for academic program enhancements and mentoring/tutoring labs.
