## CERTIFICATE

**Agency Name** Prairie View A&M University

This is to certify that the information contained in the agency Legislative Appropriations Request filed with the Legislative Budget Board (LBB) and the Governor's Office of Budget, Planning and Policy (GOBPP) is accurate to the best of my knowledge and that the electronic submission to the LBB via the Automated Budget and Evaluation System of Texas (ABEST) and the PDF file submitted via the LBB Document Submission application are identical.

Additionally, should it become likely at any time that unexpended balances will accrue for any account, the LBB and the GOBPP will be notified in writing in accordance with Article IX, Section 7.01 (2014-15 GAA).

**715 Prairie View A&M University**

---

Prairie View A&M University (PVAMU) is a public, co-educational institution of higher education and is a component institution of the Texas A&M University System (TAMUS). PVAMU was authorized as a Land-Grant university by the Morrill Act of 1890 and is the state's second oldest public university. According to the Texas Constitution, PVAMU is designated as a "university of the first class", along with Texas A&M University and the University of Texas. In addition, PVAMU has been designated by the Texas Legislature as a "special purpose" institution charged with the important responsibility of serving a population with diverse ethnic and socioeconomic backgrounds. PVAMU continues to enroll a large number of students who are considered to be economically disadvantaged; over 90% of the 8,500 students receive financial aid exceeding \$285 million in total aid awarded. PVAMU is a major contributor to the vitality of the state and local community, and is one of the largest employers in Waller County, Texas. The direct economic benefit of PVAMU to the Texas economy is estimated at \$268 million per year. Employers of PVAMU alumni include many fortune 500 corporations and governmental entities. The average starting salary of recent PVAMU graduates was \$49,300. Many PVAMU graduates are the first in their family to receive a college degree. According to Payscale.com, PVAMU ranks 4th in Texas for return on investment ranking only behind Rice, UT, and Texas A&M. The PVAMU endowment ranks in the top 10 among Historically Black Colleges and Universities (HBCU) institutions and provides much needed scholarship support for needy and talented students.

Prairie View A&M University is nationally recognized for producing thousands of minority engineers, nurses, educators, architects, business leaders, and other professionals. The 1,500 acre picturesque campus is located 45 miles from Houston, the fourth largest city in the nation. PVAMU is known for its dedication to excellence in teaching, research and service. PVAMU offers a variety of degree offerings including 41 masters and 5 doctoral degrees through eight academic units. Its small class sizes allow PVAMU scholars to receive personal attention, focused faculty interaction and the benefits of the faculty's wealth of knowledge in public and private sectors. Several of its programs have been lauded for their successes by accrediting bodies and academic review boards.

PVAMU offers many unique opportunities for students. One of its prize programs is the Undergraduate Medical Academy. This program has been recognized for its success in preparing and training undergraduate students for top medical schools in Texas and across the U.S. Our honor students participate in study abroad programs and are exposed to area studies, languages, international relations and other relevant subjects. The University's renowned College of Nursing consistently boasts one of the state's highest nurse licensure exam passage rates, and the College of Business holds the gold standard international accreditation from the prestigious Association to Advance Collegiate Schools of Business (AACSB) organization. The School of Architecture is the number one producer of African American architects in the nation. Anchored in a rich tradition in the agricultural and mechanical arts, the Roy G. Perry College of Engineering is nationally recognized as a premier engineering program, and the College of Agriculture & Human Science receives the most federal grant funds appropriated to 1890 Land Grant Universities. The University also houses the only solar observatory in Texas and one of only nine in the U.S. PVAMU maintains the only Crime Prevention Center in Texas, which provides juvenile justice and psychology students with an opportunity to gain hands-on experience in practice and research. PVAMU ranks in the top tier in research expenditures among all Texas A&M University System Schools. We have 11 outstanding research centers in mostly STEM fields engaging in research that advances knowledge and serves society. PVAMU is an active participant in the Chancellor's Research Initiative CRI designed to grow R&D expenditures at PVAMU significantly over the next 5 years.

Excellence goes beyond the classroom. PVAMU proudly participates in 17 NCAA Division 1 sports. This year the Panther women's basketball team captured the 4th consecutive Southwestern Athletic Conference championship. In Fall 2014, we plan to break ground on a new Football Stadium and Fieldhouse. Both students and alumni are excited about the construction of the new stadium and hope to provide the Panther football team with the home field advantages it deserves for many years. The famous Marching Storm band is considered one of the nation's most dynamic and skilled bands, for its electrifying performances. Also, PVAMU has produced more flag rank military black officers than any other university. Those officers include seven Army Generals and three Navy Admirals. Our military friendly campus is proud of the fact that PVAMU was the first HBCU to host the Navy Reserve Officer Training Corps (NROTC) Program in the United States. Known for "producing productive people", Prairie View A&M University has produced some 55,000 exceptional alumni who reside in Texas and around the world.

---

#### Highest Priority Requests from Members of the Texas A&M University System Funding Issues and Needs

Base Funding – PVAMU supports the TAMUS highest priority of additional funding for the formulas. The formula funding ensures that TAMUS institutions which include PVAMU can provide high quality teaching and support services for our growing student populations to prepare them for the workforce. TAMUS Agencies need base funding support much in the same manner as the formulas that provide basic, on-going support for our service needs. We also request support for other base funding streams, including support for research through the Competitive Knowledge Fund, Research Development Fund and continuation of Institutional Enhancement.

Outcomes Based Funding – Prairie View A&M University will continue to seek opportunities for increased efficiencies and better results. The TAMUS Board of Regents is actively exploring ways to incorporate performance and outcomes into our internal processes. As a “Special Purpose Institution”, PVAMU will require sufficient funding to better transition its faculty, staff, students and its total cultural milieu into one sufficiently capable of producing its desired outcomes.

Capital Projects – TAMUS institutions need state support to fund capital projects for critically needed classrooms and labs necessary to educate our growing student enrollments and to conduct research. Our system has resourcefully taken care of many needs by carefully applying every revenue stream available. They have carefully pared down the projects that we are bringing forward for your consideration to include only our most critical needs that we do not have the resources to support.

Higher Education Group Health Insurance – We support the TAMUS request for funding to cover increases in enrollments and in health care costs that are beyond our control. We would also request restoration of some increment of the differential funding level for our employees as compared to the employees in the state employees ERS group insurance plan.

Student Financial Aid – We request increased support for student financial aid because it is vitally important for our students and families. However, since it is a method of paying for tuition and fees and does not increase much needed funding for the universities, we request increases to TEXAS grants and other financial aid programs be made in conjunction with funding the formula costs of educating students. We appreciate the relief provided by the 83rd Legislature for the Hazlewood program; however, this continues to be a growing cost to our institutions.

#### Highest Priority Requests from Prairie View A & M University

PVAMU has become an institution that is clearly experiencing major changes and increasing its student academic profile. Undergraduate enrollment has grown 25% since 2002. PVAMU has a wonderful historic past, but its future involves growing its student base to a more diverse group of students. PVAMU will recruit and graduate increasingly larger numbers of Hispanic, Asian, and Anglo students, along with graduating a predominately African American student body.

While new programs and facilities are essential to the future of any university with plans and expectations for growing its enrollment in such an aggressive manner, PVAMU will continue to face several obstacles over the next decade. In the current biennium, the University has decreased the number of administrative positions, and outsourced its physical plant operations and security services, shifting more resources to academic units. In addition, senior administrators continue to teach classes in addition to their regular duties. So many of the University’s students are on financial aid, the University has implemented these operational efficiencies in an effort to keep operating cost as low as possible without having to pass along operating cost increases to students. Starting in the Fall 2014, PVAMU will be offering the Guaranteed Tuition Plan. The program will lock in tuition and mandatory fees from the date of initial enrollment for a period of five (5) years for new undergraduates and transfers, four (4) years for existing undergraduates and four (4) years for all graduate students. It is an effort by PVAMU to keep tuition as low as possible while staying dedicated to excellence in teaching, research and service.

### 715 Prairie View A&M University

---

Agriculture Funding Request \$13.6 Million- As an 1890 land grant institution, PVAMU has brought millions of dollars to the State of Texas through its Cooperative Extension and Agriculture Research programs. For every state dollar invested in these programs, PVAMU brings a matching federal dollar back into the Texas economy. In recent years, the Federal Farm Bill matching requirements have increased to 100% and the annual federal allocation to PVAMU has been increasing with the university receiving the largest federal allocation among 1890 institutions. With the growing match requirements and the reduction in state special items, the university is at a point where PVAMU will no longer be able to meet the matching requirements without an increase in the state allocation. It is estimated that the university needs about \$13.6M to fully meet its state match requirement. Tuition funds cannot be used toward the USDA match so PVAMU may lose federal allocations if additional funding is not provided. The following programs will be implemented to benefit the citizens of Texas with the additional funding: Fighting Childhood Obesity with Functional Foods; Financial Literacy; Reducing Bullying and Violence; Total You Wellness Program; Water Security Research; and Elevating Goat Research in Texas.

Academic Development Initiative (ADI) \$4.7 Million– The State of Texas reaffirmed its commitment to Prairie View A&M University by appropriating additional funds to support the ADI Plan in the last biennium. Since the inception of the Plan in 2000 (formerly called OCR), the University has made impressive improvements and is better positioned academically to recruit, retain, and graduate increasing numbers of talented students in a rigorous educational environment. The University has made several academic enhancements and added new Masters and Doctoral level degree programs. Because of this commitment by the state, the University is attracting a more ethnically diverse student body and making progress on programs to increase the adult learners and online programming. Funding support of ADI improves the University's potential of continued strengthening of the academic indicators of its student body, degree program growth at both the undergraduate and graduate level and continued enrollment growth from diverse populations. Completion of these strategic initiatives are still several biennium out; continuation of this appropriation in the University's base funding is a necessity. These funds will be used to support the following: academic advisement, additional adjunct faculty, proven academic programs such as ACCESS, University College, Undergraduate Medical Academy; proven graduate and research programs; and initiatives to target enrollment growth, retention and graduation. Increasing the college going rates and decreasing the time to completion rates positively contributes to the State's workforce needs and economic growth.

Student Academic Success Center (SASC) \$2.5 Million –Expanding the academic support services of the SASC to establish a centralized academic support unit can support our students at all classification levels and yield higher retention and graduation rates. Services include: Campus-wide academic advisement, Summer Bridge programs, tutorial services, supplemental instruction for the gate keeper courses, monitoring of TSI requirements for timely completion, study center per mentoring, academic recovery program, transfer student support services, early alert system, attendance tracking, and African American and Latino male cohorts intervention. The expectation is that the program will increase the year to year retention at a rate of 2% annually once it is fully implemented.

Foreign Language Initiative for the Global Economy \$600,000 – One result of PVAMU's activities to increase its academic profile was the establishment of an Honors Program with an objective of producing future global leaders. This program seeks to use a four-year interdisciplinary course of study that will train graduates for a host of careers in fields such as business, engineering, medicine, agriculture, economics, higher education, and technical professions so that graduates will be able to operate in the global economies that are expected to produce much of the world's economic growth. Communication is the key to opening the doors for our businesses and government. This new initiative requests start-up funding so that every honor student can learn Chinese, Arabic, or Spanish and take advantage of study-abroad opportunities resulting in a much more culturally aware and proficient employee upon graduation. PVAMU has opened a Confucius Institute on its campus in FY14 with Xi', an International University from China.

America's School of Promise \$6.6 Million – This collaborative project with local school districts will implement the following programs to enhance overall student success and achievement: mentoring program; before and after school programs; an awareness of Health and Nutrition; increase student academic achievement and design community-based service learning projects. In addition, we plan to establish a Dual Credit Program with local high schools. This initiative will afford high achieving, economically disadvantaged high school students an opportunity to earn college credit that counts towards graduation. This helps to recruit more college ready students to PVAMU and other Texas higher education institutions.

### 715 Prairie View A&M University

---

University Capital Needs - PVAMU requests \$35.8 million for its Capital Improvement Plan to meet pressing capital infrastructural needs to meet the changing demands of today's modernized campuses. The proposed project is multi-faceted to include a new Fabrication Center to address life safety issues and workforce needs, campus-wide energy conservation/improvement efforts, Americans with Disabilities (ADA) and Texas Accessibility Standards (TAS) compliance measures, and University master plan initiatives. Institutional matching funds of \$5 million have been identified for the support of this project. Our second highest capital need is the \$20 million Innovation Commercialization Center for Entrepreneurs (ICCE) Facility. ICCE will consist of labs, accelerator & design space, offices & conference rooms. The goal is to increase research production by adding more research & innovation space on campus. The objective is to produce an entrepreneurial landscape to support the Chancellor's Research Initiative. According to Chancellor Sharp, if Texas is to thrive in the global economy, more top-tier universities must be developed to spur economic growth, sustain an educated workforce and support innovative research. The E&G space is primarily for PVAMU faculty, staff & students to spur on commercialization of research developed at PVAMU. The facility will enable PVAMU to become a research maximization institution utilizing entrepreneurship & the commercialization of technology as the key economic drivers. Currently there is a shortage of research space on campus and more faculty and students are engaging in research activities. The University benefits greatly by having access to quality research laboratories that allow meaningful and practical learning opportunities for our students. Currently, we have 11 research institutes and centers on our campus in mostly STEM fields. These types of research programs help to attract top students and make our students more marketable after they graduate.

Research Development Fund: Prairie View A&M University is an eligible institution, under the terms of H.B. 870. Therefore it is requested that additional funding be appropriated to the Research Development Fund for Prairie View A&M University.

#### Other Pertinent Information

Juvenile Crime Prevention Center – Prairie View A&M University requests the continuation of the “estimated” appropriations in PVAMU's Fund 5029 in order to allow the University to continue to access the balance in Fund 5029 in support of the Juvenile Crime Prevention Center.

In arriving at the target budget reduction figures, PVAMU conducted a department-by-department review of its FY13 expenditures and FY14 budget to endeavor to minimize any impact on student educational quality of services. At 90% of the FY14 budget level, there is no way to avoid a reduction in some critical services that impact our students' education. We will have some reduction in force, larger classes in some areas, and less campus maintenance performed. Since over 90% of PVAMU students are on financial aid, we have worked hard to retain our current scholarship levels. However, if the special items for Nursing and Honors are reduced, we will face a corresponding scholarship reduction in those areas.

PVAMU has taken steps to improve its employee workforce by hiring the best qualified people. Such improvement starts with the hiring process. PVAMU conducts criminal background checks on all employees-faculty, staff, and student workers. After hiring, professional development plans are a part of each non-student employee's annual review process. On the staff side, numerous employees have attained professional certification status which is leading to an increase in the quality of our work force.

A fully transformed Prairie View A&M University will be a positive and powerful force for the State of Texas. Funding of the initiatives contained within this document will equate to a stronger and more positive university, greater access for students with economically disadvantaged backgrounds, and improvement in the quality of life for our students, their families, and their communities. Prairie View has, and will continue to, raise the standard of living for the State of Texas and the nation.

Your consideration of these issues is greatly appreciated.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The Instruction and Operations Formula provides funding for faculty salaries, departmental operating expense, instructional administration, research enhancement, student services and institutional support. The funds are distributed on a weighted semester credit hour basis. The rate per weighted semester credit hour is established by the Legislature each biennium.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

(1) - Formula funded strategies are not requested in 2016-17 because amounts are not determined by institutions.

**715 Prairie View A&M University**

GOAL:	1	Provide Instructional and Operations Support	Statewide Goal/Benchmark:	2	0
OBJECTIVE:	1	Provide Instructional and Operations Support	Service Categories:		
STRATEGY:	1	Operations Support	Service:	19	Income: A.2
					Age: B.3

CODE	DESCRIPTION	Exp 2013	Est 2014	Bud 2015	BL 2016	BL 2017
------	-------------	----------	----------	----------	---------	---------

The average unit load of students is subject to change, based on such variables as amount of hours students work, and the number of course offered. Also, external factors created by an uncertain economy could cause enrollments to fluctuate, as could increasing cost of education.

(1) - Formula funded strategies are not requested in 2016-17 because amounts are not determined by institutions.

CODE	DESCRIPTION	Exp 2013	Est 2014	Bud 2015	BL 2016	BL 2017
------	-------------	----------	----------	----------	---------	---------

To obtain funding for the Agriculture Match Strategy such that PVAMU is able to meet the federally – required USDA 100% match.

The Ag Research Cntr & Extension & Public Service special item funding is used to match USDA grants. The grant matching requirement has risen from 20% to 100%.

- PVAMU has, through its existing special item funding, been able to obtain a waiver in the past few years even though it has not met the 100% match requirement.
- To ensure the University’s continuing ability to bring a dollar to Texas for each dollar of appropriation, the special item needs to be funded at a level sufficient to support the match requirements. For the Ag Research Center (C.2.1 Strategy) federal funding in FY14= \$5,116,915, est. escalation of 3% to FY15= 5,270,422, for total est. biennium federal funding of \$10,387,337 . For Extension and Public Service (C.3.1 Strategy) federal funding in FY14= \$4,399,907 est. escalation of 3% to FY15= 4,531,904, for total est. biennium federal funding of \$9,931,811. Total est. federal grants in FY14 and FY15= \$20,319,148 less est. special item funding at a constant level of \$6,414,102. Projected match shortfall= \$13,905,046.

Ag Match will be spent in strategies 03-02-01 Cooperative Ag Research Center and 03-03-01 Extension & Public Service

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

Federal support may be reduced unless dollar matching by the State of Texas is provided. The federal guidelines request that the State of Texas match one dollar for one dollar in that set federal funding is not assured without a 100% match. Therefore, our ability will be negatively compromised for hands-on intimate approach when delivering no cost consultation to targeted communities focusing on minorities, those populations living in poverty, and underserved communities. Furthermore, with the growing population of Texas we will not be in a position to hire additional staff to address diabetes and chronic diseases within targeted populations, programs for limited-resource farmers and ranchers would reduce their chances for grants, loans and other assets to maintain their farm and ranch operations. Also if funding is not secured, the 4-H youth development program would minimize youths’ opportunities to participate in community garden, science and leadership projects.

------	-------------	----------	----------	----------	---------	---------

Required matching has risen to a 100% level to obtain federal Farm Bill grant funds. The matching requirement is not set by the State but must be met to obtain federal funds. The current level of funding is insufficient to meet the match requirements. Without matching funds, the State of Texas will lose millions of dollars in economic impact and programs will be cut.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

This Initiative has provided general revenue funds since 2002 and has enabled PVAMU to (1) achieve specialized accreditation in approximately 85% of its programs that are eligible for such accreditation and (2) to establish graduate programs in Nursing, Juvenile Justice and Psychology, Architecture, Engineering, Education, and Business. Such graduate programming opportunities were denied to the campus in the past. All programs have been started and are in the process of maturing. After the initial funding was established, the Undergraduate Medical Academy (UMA) was required to be funded from this source. The UMA is providing quality matriculates in the medical programs as mandated. PVAMU has also been asked to place additional emphasis on retention of undergraduate students. Accordingly, the funding source has been further reallocated to cover those increased expectations. Even though these additional initiatives are in their infancy, progress is being made.

**DESCRIPTION / JUSTIFICATION:**

To obtain funding for the Agriculture Match Strategy such that PVAMU is able to meet the federally – required USDA 100% match.

The Ag Research Cntr & Extension & Public Service special item funding is used to match USDA grants. The grant matching requirement has risen from 20% to 100%.

- PVAMU has, through its existing special item funding, been able to obtain a waiver in the past few years even though it has not met the 100% match requirement.
- To ensure the University’s continuing ability to bring a dollar to Texas for each dollar of appropriation, the special item needs to be funded at a level sufficient to support the match requirements. For the Ag Research Center (C.2.1 Strategy) federal funding in FY14= \$5,116,915, est. escalation of 3% to FY15= 5,270,422, for total est. biennium federal funding of \$10,387,337. For Extension and Public Service (C.3.1 Strategy) federal funding in FY14= \$4,399,907 est. escalation of 3% to FY15= 4,531,904, for total est. biennium federal funding of \$9,931,811. Total est. federal grants in FY14 and FY15= \$20,319,148 less est. special item funding at a constant level of \$6,414,102.

Projected match shortfall= \$13,905,046.

Ag Match will be spent in strategies 03-02-01 Cooperative Ag Research Center and 03-03-01 Extension & Public Service

------	-------------	-----------	-----------

Major accomplishments to date and expected over the next two years:

This funding request will enhance our ability to serve more Texans who are targeted clientele. Funds will enable the following:

Agricultural Cooperative Research Center to provide specific solutions in the areas of i) integrated caprine animal production systems (meat & dairy goats), ii) caprine value-added healthy products (ice cream, sausages, yogurts), iii) production & industrial processing scales of medicinal plants & plant based natural sweetener products, iv) conduct genomics & tissue culture transformation to increase plant sweetener accumulation; vi) develop management strategies for Texans on land & water management practices, minimize risks from & adopt to extreme events (drought, flood, fire), & v) assess market opportunities for alternative crop & livestock enterprises; vii) determine economic feasibilities for alternative crops & livestock enterprises & assess market channels & supply chain; & viii) assess the socioeconomic factors affecting limited resource producers & ranchers.

Cooperative Ext. Program to continue its major programs such as training in Sustainable Livestock Production, Sustainable Crop Production & Financial & Risk Management; training small business owners to use the Business in Development (BID) certification program & become HUB certified with the State of Texas; assist over 200 community organizations to mobilize community garden projects & conduct training in leadership development, job skill assessments, robotics, citizenship, healthy living & science, adult & childhood obesity awareness, health & wellness, parenting & family financial management.

Year established and funding source prior to receiving special item funding:

Formula funding: None

Non-general revenue sources of funding:

Consequences of not funding:

Ability to accomplish the proposed task will greatly be diminished &, consequently, federal appropriation funds will be reduced.

**DESCRIPTION / JUSTIFICATION:**

This item is to ensure that Academic Development Initiative funds are retained in PVAMU's funding allocation. This item was accounted for in the 2014 – 2015 appropriations and because of budget cuts in the amount of \$7,187,500 will cost the state this amount to restore the funds at the \$25m level. Funds appropriated in the amount of \$12.5M per year are to be used for the following:

- Proven academic success programs such as ACCESS, the University College, and the Undergraduate Medical Academy.
- Proven graduate programs
- Undergraduate education
- Initiatives to target enrollment growth

**EXTERNAL/INTERNAL FACTORS:**

Major accomplishments to date and expected over the next two years:

The State of Texas reaffirmed its commitment to Prairie View A&M University by appropriating funds to a plan entitled "The OCR (Office of Civil Rights) Plan." That plan has proven to be very successful and enabled the institution to implement new degree programs at the Masters & Doctoral level to include state of the art facilities in which to provide instruction. Primarily because of this commitment by the state, which is now entitled ADI, the University has been made very attractive to a diverse student populations and is on an upward spiral. The student enrollment numbers that will enable the University to be self sustaining, especially with these new programs and facilities, is still several bienniums out, therefore necessitating the continuation of this appropriation in the University's base funding.

**DESCRIPTION / JUSTIFICATION:**

To expand the academic support services into a centralized academic support unit that will provide pertinent retention initiatives and services for all students enrolled at Prairie View A&M University in efforts to promote persistence and increase the 4(10%),5(32%),and 6(34%)year graduation rates. Pertinent retention initiatives and services will include a centralized academic advisement unit, second-year student success program, traditional and non-tutorial services, supplemental instruction for gatekeeper courses, peer mentoring program, and expanded summer bridge/pre-college programs.

**EXTERNAL/INTERNAL FACTORS:**

Agency code: 715

Agency name:

**Prairie View A&M University**

CODE	DESCRIPTION	Excp 2016	Excp 2017
------	-------------	-----------	-----------

Major accomplishments to date and expected over the next two years:

SASC is designed to help Prairie View A&M Students in their second year and beyond navigate towards graduation by providing academic advisement and academic counseling, readmission assistance for “stop-out” students, campus-wide referrals, tutorial services, and academic life enhancing workshops.

Panther Pride is a highly structured five (5) week summer program designed for incoming Prairie View first-year students. Program participants will have the opportunity to complete six (6) semester credit hours of college level coursework, experience residence life by staying on campus, take part in academic and social enhancement workshops, and network with faculty, staff, and administrators.

Success in student retention and academics during the first-year experience has logically led to the recognition of the critical need to expand the first-year success model to sophomore and junior years. The following are essential outcomes:

- An increase in student retention rates from the first-year to junior years
- A reduction in the number of students dropping out of college strapped with debt
- An increase in the University-wide graduation rates
- An increase in the number of graduates passing professional licensure exams

Benefit to the State/Results:

- The State of Texas will benefit from an increase in the number of college graduates who are society and workforce ready.
- PVAMU graduates have a strong sense of mission that builds more enlightened, entrepreneurial, competitive and innovative alumni.

**DESCRIPTION / JUSTIFICATION:**

This initiative is a part of the Honors Program at PVAMU which is designed to produce future global leaders. The academic program concentrates on the development of intellectual curiosity and offers a comprehensive honors curriculum to cultivate critical thinking, active learning and stellar leadership skills. In addition, the expanded Chinese program would align with the approved Confucius Institute at PVAMU

**EXTERNAL/INTERNAL FACTORS:**

<b>CODE</b>	<b>DESCRIPTION</b>	<b>Excp 2016</b>	<b>Excp 2017</b>
-------------	--------------------	------------------	------------------

Major accomplishments expected over the next 2 years:

The primary objective of this program is to provide a variety of scholarly activities and advanced courses for outstanding undergraduate students who value and seek rigorous academic challenges. To achieve this goal, Honors courses are designed to stimulate intellectual exchanges in seminar classes, where students learn how to refine a range of academic skills and talents. Additional objectives include the following:

- The development of a philosophical habit of mind, academic training, historical consciousness and an aggressive pursuit of knowledge in all disciplines.

Every Honors student is encouraged to learn one or more of the foreign languages offered in the program: Chinese, Arabic, French or Spanish.

Year established and funding source prior to receiving special item funding: New Exceptional Item

Formula funding: None

Non-general revenue sources of funding: None

Consequences of not funding:

Funding at reduced levels would provide less funding for hiring to provide the desired level of personnel and opportunities for honor students; however, funding at reduced levels would allow an expansion of the foreign language program for honor students.

**DESCRIPTION / JUSTIFICATION:**

America's School of Promise Program includes several initiatives designed to address the academic and personal needs of students P-12. The program includes the following: (1) dual credit program, (2) before and after school academic programs, (3) health and nutrition awareness campaign, and (4) service learning projects. The primary objective of this program is multi-faceted in that it aims to provide high school students with the opportunity to earn college credit that can be applied toward a degree program offered at PVAMU while also building the academic skills of students matriculating in the targeted districts.

**DESCRIPTION / JUSTIFICATION:**

Requesting Debt Service for a new Fabrication Design Center to be constructed within close proximity to the Nathelyne Archie-Kennedy Building (\$15.0M); existing infrastructure restoration and preparation for expansion to include campus-wide energy conservation/improvement efforts and construct roadways and parking lots to improve traffic flow around the main campus and relieve congestion and improve the safety of pedestrian traffic within the campus core (\$13.4M); ensure accessibility requirements are in place in all of our facilities(\$4.4M); to construct an emergency response coordination center with installation and maintenance of a dedicated unified control system for lock down measures in the event of an active shooter or other similar critical situation (\$3.0M).

The proposed project directly supports the Statewide Strategic Plan Higher Education priority goal as it improves/enhances facilities which form the environment in which the University prepares individuals for a changing economy and workforce by providing affordable, accessible, and quality education to those that desire it. Additionally, the proposed project supports the Statewide Strategic Plan Regulatory priority goal. The project will support the University's efforts towards access by maintaining/providing first class modern facilities in support of an environment which is conducive to learning.

**DESCRIPTION / JUSTIFICATION:**

Requesting Debt Service for the Innovation Commercialization Center for Entrepreneurs (ICCE). ICCE will consist of labs, accelerator & design space, offices & conference rooms. The goal & objective is to increase research production by increasing research/innovation space & produce an entrepreneurial landscape to support the Chancellor's Research Initiative. Per Chancellor Sharp, if Texas is to thrive in the global economy, more top-tier universities must be developed to spur economic growth, sustain an educated workforce & support innovative research. The E&G space is primarily for PVAMU faculty, staff & students to spur commercialization of research developed at PVAMU. ICCE will enable PVAMU to become a research maximization institution utilizing entrepreneurship & technology commercialization as the key economic drivers. Currently there is a shortage of research space on campus & more faculty & students are engaging in research activities. PVAMU benefits greatly by having access to quality research labs that allow meaningful & practical learning opportunities for students.

**B. Assessment of Fiscal Year 2012 - 2013 Efforts to Meet HUB Procurement Goals**

**Attainment:**

Prairie View A&M University attained or exceeded five of six, or 80%, of the applicable Statewide HUB procurement goals in FY 2012.

Prairie View A&M University attained or exceeded four of six, or 60%, of the applicable Statewide HUB procurement goals in FY 2013.

**Applicability:**

Prairie View A&M University

**Factors Affecting Attainment:**

In fiscal year 2012 and 2013, Prairie View A&M University continued to improve their HUB Participation with an emphasis on ethnic diversity. Several outsourced Services such as Food Services (Sodexo), Wastewater Management (Seven Trent), Facilities Management Southeast Service Corporation (SSC) and Information Technology (Ellucian) presented some challenges in HUB goal Attainment. Yet, through dedicated and aggressive efforts, PVAMU was successful in exceeding both State and University goals in a majority of all the categories.

**"Good-Faith" Efforts:**

Prairie View A&M University made the following good faith efforts for compliance:

1. Encouraged HUB participation in all bids and contracts
2. Held Annual HUB Vendor fairs on campus to bring end users and certified HUB vendors together.
3. Provided reasonable requirements on all contracts to HUB vendors.
4. Maintained HUB brochure(s) and webpage.

	2016	2017	Biennial Total	2016	2017	Biennial Total	
<p><b>Item Comment:</b> The cut in faculty lines to a total of two MS faculty will essentially compromise our efforts towards credentialing standards, attracting quality students and graduating these students in a timely fashion. The amount of assistantship awards will be reduced; this will avoid a reduction in the faculty line; however, we may not be able to attract quality students to the graduate program. This will also impact the goal of obtaining ACJS certification of the Juvenile Justice Doctoral and Master's Programs. The elimination of the Grant Coordinator position will decrease the Crime Prevention Center's ability to attract grants for applied and basic research.</p> <p>Authorization for this funding is provided in the Local Government Code, Section 133.102.</p> <p>Strategy: 3-3-2 Juvenile Crime Prevention Center</p>

**8. Summary of Requests for Capital Project Financing**

Agency Code: 715		Agency: Prairie View A&M University		Prepared by: Dianne Evans								
Date: August 4, 2014		Project Category							Amount Requested			
Project ID #	Capital Expenditure Category	Project Description	New Construction	Health & Safety	Deferred Maintenance	Maintenance	2016-17 Total Amount Requested	MOF Code #	MOF Requested	2016-17 Estimated Debt Service (If Applicable)	Debt Service MOF Code #	Debt Service MOF Requested
1	Construction and Buildings	Fabrication Center and Capital Improvements - A new fabrication design center to be constructed (\$15.0M); existing infrastructure restoration and preparation for expansion to include campus-wide energy conservation/improvement efforts and construct roadways (\$13.4M); ensure accessibility requirements are in place in all of our facilities(\$4.4M); construct an emergency response coordination center (\$3.0M).	\$ 18,000,000	\$ 12,790,000			\$ 30,790,000		Tuition Revenue Bond	\$ 5,368,826	0001	General Revenue
2	Construction and Buildings	Innovation Commercialization Center for Entrepreneurs (ICCE) - will consist of labs, accelerator & design space, offices & conference rooms. The goal & objective is to increase research production by increasing research/innovation space & produce an entrepreneurial landscape to support the Chancellor's Research Initiative. Per Chancellor Sharp, if Texas is to thrive in the global economy, more top-tier universities must be developed to spur economic growth, sustain an educated workforce & support innovative research. The E&G space is primarily for PVAMU faculty, staff & students to spur commercialization of research developed at PVAMU. ICCE will enable PVAMU to become a research maximization institution utilizing entrepreneurship & technology commercialization as the key economic drivers. Currently there is a shortage of research space on campus & more faculty & students are engaging in research activities. PVAMU benefits greatly by having access to quality research labs that allow meaningful & practical learning opportunities for students.	\$ 20,000,000				\$ 10,000,000		Tuition Revenue Bond	\$ 1,743,692	0001	General Revenue

**Project Description**

The proposed project is multi-faceted to include:

A new Fabrication Design Center to be constructed within close proximity to the Nathelyne Archie-Kennedy Building (\$15.0M); existing infrastructure restoration and preparation for expansion to include campus-wide energy conservation/improvement efforts and construct roadways and parking lots to improve traffic flow around the main campus and relieve congestion and improve the safety of pedestrian traffic within the campus core (\$13.4M); ensure accessibility requirements are in place in all of our facilities(\$4.4M); to construct an emergency response coordination center with installation and maintenance of a dedicated unified control system for lock down measures in the event of an active shooter or other similar critical situation (\$3.0M).

**Project Description**

ICCE will consist of labs, accelerator & design space, offices & conference rooms. The goal & objective is to increase research production by increasing research/innovation space & produce an entrepreneurial landscape to support the Chancellor's Research Initiative. Per Chancellor Sharp, if Texas is to thrive in the global economy, more top-tier universities must be developed to spur economic growth, sustain an educated workforce & support innovative research. The E&G space is primarily for PVAMU faculty, staff & students to spur commercialization of research developed at PVAMU. ICCE will enable PVAMU to become a research maximization institution utilizing entrepreneurship & technology commercialization as the key economic drivers. Currently there is a shortage of research space on campus & more faculty & students are engaging in research activities. PVAMU benefits greatly by having access to quality research labs that allow meaningful & practical learning opportunities for students.

**Special Item:**     1       **STUDENT NURSE STIPENDS**

**(1) Year Special Item:**           1954  
Original Appropriations:     \$0

**(2) Mission of Special Item:**

To provide scholarships to low-income students to help meet the healthcare needs and double the registered nurse workforce in Texas from 2013-2020.

**(3) (a) Major Accomplishments to Date:**

Fiscal Year 2014: A) Doctor of Nursing Practice Degree Program (DNP) initiated; 9 students enrolled. B) Six Hundred Forty-Eight (648) nursing majors enrolled, spring 2014, representing the highest enrollment per semester (BSN; MSN; Doctoral students). C) Two Hundred Ten (210) nursing graduates and 35 projected for summer, 2014. D) BSN graduates, 92.94% achieving RN licensure in less than one year of graduation between October 1, 2012-September 30, 2013. E) 100% certification and credentialing of Family Nurse Practitioner graduates. 6) College of Nursing received 8 years of continuing accreditation by the Accrediting Commission for Nursing Education, spring 2014.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

The anticipated major accomplishments of the College of Nursing in the next several years are: (1) Continue growth and excellence in offering the Doctor of Nursing Practice Degree for the continuing education of Family Nurse Practitioners.

(2) Increasing the graduation rate to 70% for BSN graduates by end of 2014. The graduation rate was 66% in 2013.

(3) Completing the establishment of the College of Nursing Research Center on Simulation Technology Pedagogy and Health Disparities

**(4) Funding Source Prior to Receiving Special Item Funding:**

None

**(5) Formula Funding:**

N

**(6) Non-general Revenue Sources of Funding:**

None

**(7) Consequences of Not Funding:**

Decrease in enrollment approximately 30% of students per semester. Increased attrition rate of nursing students, especially those from lower income households.

---

---

**715 Prairie View A&M University**

---

**Special Item:**     2       **HONORS PROGRAMS**

**(1) Year Special Item:**             2000  
Original Appropriations:   \$100,000

**(2) Mission of Special Item:**

To provide funding for scholarships for honors students to help attract top students to the University.

**(3) (a) Major Accomplishments to Date:**

We have increased the number of high potential meritorious students.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

Will increase the number of honors students attending the University.  
Continue to fill pipeline of students seeking doctorates.  
Provide role models of excellence for incoming students.

**(4) Funding Source Prior to Receiving Special Item Funding:**

None

**(5) Formula Funding:**

N

**(6) Non-general Revenue Sources of Funding:**

None

**(7) Consequences of Not Funding:**

Loss of funding to provide these honors scholarships in the University's attempt to attract meritorious students.

---

---

**715 Prairie View A&M University**

---

**Special Item:**     3           **COOPERATIVE AGRICULTURAL RESEARCH CENTER**

**(1) Year Special Item:**           2002  
Original Appropriations:   \$997,519

**(2) Mission of Special Item:**

To provide relevant high quality applied research in the food, agricultural, natural resources, and the human sciences in response to needs of Texans in general with special focus on the needs of underserved Texans. Research activities focus on developing and demonstrating site specific solutions in the areas of i) integrated caprine animal production systems (meat and dairy goats), ii) caprine high value added healthy products (ice cream, sausages and yogurts), iii) production and industrial processing scales of medicinal plants and plant based natural sweetener products, iv) conduct genomics and tissue culture transformation to increase plant sweetener accumulation; vi) develop management strategies for Texans on land and water management practices and how to minimize risks from, coop with, and adopt to extreme events (drought, flood and fire), and v) assess market opportunities for alternative crop and livestock enterprises; vii) determine economic feasibilities for alternative crops and livestock enterprises and assess market channels and supply chain; and viii) Assessing the socioeconomic factors affecting limited resource producers and ranchers.

**(3) (a) Major Accomplishments to Date:**

Major and Minor accomplishments of CARC's team are presented based on its five research areas: Animal Systems, Plant Systems, Food Systems, Natural Resources and Environmental Systems, and Social Systems and Allied Research System. Provided research results to fulfill clientele and stakeholder (small farmers and landowners in rural, suburban and urban communities) needs related: i) sustainable forage based caprine (dairy and meat goat) production and management systems, ii) made limited resource farmers and ranchers aware of the financial benefits of proper breeding and reproductive management, iii) provided students experiential learning experiences in the animal sciences and biotechnology; iv) provided internships and assistantships for undergraduates and graduate students; v) workshops in proper reproductive management techniques and herd health have been presented at three locations in Texas; AgriLife Weslaco Station (south Texas), DeSoto high school (north Texas) and to the East Texas Goat Raisers Association.

In plant systems: Optimal growth conditions and harvesting time for *Lippia dulcis* sweetener, under East-Texas conditions, were determined. Finding of this study prompted a following up study investigating the relationship between leaves colors and camphor concentration.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

Major accomplishments projected for FY 2014-2015 include: Continuing research will be focused in the animal systems, food and nutrition systems, and plant and environmental systems areas that are connected to social and family systems. Students will benefit from scientific knowledge gained from the laboratory, field, and experiential learning environments fostered by our research scientists, faculty and staff. Research focused on evaluating the impact of natural antioxidants on oxidative stability in marine oils (algae and fish oils) and implementing them into commercial applications for food products such as peanut butter and orange juice. Intakes of marine oils exceeding levels consumed by the general U.S. population may significantly reduce the risk of chronic diseases, i.e., type 2 diabetes and cardiovascular disease. The most logical delivery form of marine oils would be food fortification because marine oils are readily oxidized to produce rancidity or off-flavors when exposed to air, light, high temperatures and/or transition metals.

**(4) Funding Source Prior to Receiving Special Item Funding:**

None

---

**715 Prairie View A&M University**

---

**(5) Formula Funding:**

N

**(6) Non-general Revenue Sources of Funding:**

Federal Funding in the amount of:

Federal FY 2017 \$5,116,915

Federal FY 2016 \$5,116,915

Federal FY 2015 \$5,116,915

Federal FY 2014 \$5,116,915

**(7) Consequences of Not Funding:**

Federal support will be eliminated unless dollar matching by the State of Texas is provided. The federal guidelines request that the State of Texas match one dollar for one dollar in that set federal funding is not assured without a 100% match.

---

---

**715 Prairie View A&M University**

---

**Special Item:**     4       **COOPERATIVE AGRICULTURAL EXTENSION PROGRAM**

**(1) Year Special Item:**           1990  
Original Appropriations:     \$0

**(2) Mission of Special Item:**

The mission of the Cooperative Extension Program is to respond to the needs of underserved Texans through life changing opportunities that empower families, promote agriculture, strengthen communities and foster leadership development in youth. Educational programs are developed and conducted by Extension educators to allow the citizens of Texas to make sound decisions that will improve the overall quality of life. Research scientist and Extension specialists disseminate relevant high quality information to county agents through subject matter training and development of educational materials. The state match is essential in order to continue youth development opportunities in science and leadership, engage families in a series of health and nutrition workshops, increase small business development, and provide technical information for farmers and ranchers to maintain and sustain their operations.

**(3) (a) Major Accomplishments to Date:**

Three flagship programs in Sustainable Livestock Production, Sustainable Crop Production and Financial & Risk Management involved 2,033 participants. Agents and specialists enrolled 78 farmers and producers in loan application workshops totaling \$5,207,600.00. To date 75% of these loans have been approved. The Community and Economic Development staff reached 7,199 individuals and 91 new small businesses were started. The home ownership programs assisted 169 families in applying to USDA for home ownership or rehabilitation funding; 28 homes were refinanced avoiding foreclosure and reduced monthly mortgage; 17 homes were upgraded with an estimated savings of \$340,000 to the participating homeowners. The Business in Development (BID) certification program trained 50 small business owners and 25 became certified with 16 of those becoming HUB certified with the State of Texas. Approximately \$22.1 million in Bids were submitted for funding. New youth development initiatives reached 75,000 youth and adult volunteers in 20 Texas counties. Over 200 community organizations were mobilized to address community gardening, leadership, job skills, robotics, citizenship, and science. The "Dinner Tonight" cooking school and Back to Basics involved 3,743 volunteers in engaging children in meal preparation and family time has aided in 37,774 youth and adults adopted healthy lifestyle changes.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

Major accomplishments projected for FY 2015-2017 include: Expand healthy living initiatives for limited-resource youth and their families to increase nutrition knowledge and physical activity. Anticipated adoptive behaviors for this initiative are; drink more water, consume more fruits and vegetables, plan and eat family meals together. Continue projects focusing on beekeeping, seasonal high tunnels, specialty crops (Asian Melons, Strawberry), water conservation and management, establishing coops and farmers markets. The success of the Teaching Agriculture Sustainability Through Economics (T.A.S.T.E.) project has been funded for another year and will train youth in entrepreneurship through agriculture production. Data will be collected and generated upon completion to explore the growth potential of field strawberries throughout the southeast parts of Texas. Continue expansion of bullying prevention programs for limited-resource youth and their families to increase positive conflict resolution skills.

**(4) Funding Source Prior to Receiving Special Item Funding:**

None

---

**715 Prairie View A&M University**

---

**(5) Formula Funding:**

N

**(6) Non-general Revenue Sources of Funding:**

Federal FY 2017 \$4,399,907

Federal FY 2016 \$4,399,907

Federal FY 2015 \$4,399,907

Federal FY 2014 \$4,399,907

**(7) Consequences of Not Funding:**

Federal support will be eliminated unless dollar matching by the State of Texas is provided. The federal guidelines request that the State of Texas match one dollar for one dollar in that set federal funding is not assured without a 100% match. Therefore, our ability will be negatively compromised for hands-on intimate approach when delivering no cost consultation to targeted communities focusing on minorities, those populations living in poverty, and underserved communities. Furthermore, with the growing population of Texas we will not be in apposition to hire additional staff to address diabetes and chronic diseases within targeted populations, programs for limited-resource farmers and ranchers would reduce their changes for grants, loans and other assets to maintain their farm and ranch operations. Also if funding is not secured, the 4-H youth development program would minimize youths' opportunities to participate in community garden, science and leadership projects.

---

---

**715 Prairie View A&M University**

---

**Special Item:**     5       **TEXAS JUVENILE CRIME PREVENTION CENTER**

**(1) Year Special Item:**             1998  
Original Appropriations:   \$589,286

**(2) Mission of Special Item:**

To provide funding for the maintenance and operation of the Texas Juvenile Crime Prevention Center.

**(3) (a) Major Accomplishments to Date:**

Graduated 49 PhD, 163 Masters, & 1658 undergraduate students; In-service training for 4,414 professionals in 65 counties; trained 425 Travis & Waller County families in preventing dropout; training grants totaling \$85,000.00 for Parent/Child Engagement training. Quarterly free legal education to residents of Waller & contiguous counties; Annual Drug Awareness Symposium co-sponsored by the Center, U.S. Dept of Justice/DEA & PVAMU Health Services to 450 students; Grant/Contract funded research from Department of Homeland Security (\$200,000.00), Texas Dept of Family & Protective Services (\$230,000.00), Governor's Office (\$68,391.00), and SAMHSA (\$900,000.00); published 250+ peer-reviewed articles; focus groups with Waller County Community Planning Committee; published "Research Briefs" summarizing empirical research for practitioners; provided technical assistance to community youth organizations; served on state/county boards; hosted 2,000+ people for 9 annual Royce West Lecture Series; sponsored 9 annual research symposia with 1,800+ students; hosted 6 annual Crime Prevention Conferences; published and distributed a peer-reviewed journal since 2007; established a PVAMU Psychology Training Clinic; Established a Psychology Research Lab; Established a student Resource Lab; Developed a Student Ambassadors leadership program; used onsite Courtroom as a fully functioning municipal court; in 2012, received THECB authorization to admit Psychology PhD students.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

---

**715 Prairie View A&M University**

---

1. Increase journal visibility by having it published/distributed by a nationally recognized publishing company
2. Start a new, national, peer-reviewed, multidisciplinary journal to publish the research of undergraduate HBCU students
3. Open a Student Success Center to foster student retention and development
4. Increase number of scholarships
5. Increase faculty research productivity and extramural funding
6. Name and dedicate the Courtroom
7. Provide more technical assistance and program evaluation to community agencies
8. Publish 40 peer review articles on areas relating to juvenile justice and psychology
9. Conduct two program evaluations on the effectiveness of community based programs
10. Conduct the annual Research Symposium.
11. Conduct the annual Crime Prevention Conference
12. Offer continuing education and in-service training to 800 juvenile justice and social services professionals and consumers
13. Provide parent engagement training in three counties
14. Continue free community-based legal education program for the five contiguous counties
15. Provide collaboration to four community-based programs
16. Co-sponsor behavioral health conference
17. Co-sponsor annual Drug Symposium with U.S. Justice Department Drug Enforcement Agency and Prairie View Health Services
18. Graduate 11 doctoral students
19. Graduate 18 masters students
20. Secure additional grants and contracts

**(4) Funding Source Prior to Receiving Special Item Funding:**

None

The non-general revenue statement from last time, which references the crime bill, remains the same.

**(5) Formula Funding:**

N

**(6) Non-general Revenue Sources of Funding:**

None

**(7) Consequences of Not Funding:**

The center would be closed.

---

---

**715 Prairie View A&M University**

---

**Special Item:**     6       **COMMUNITY DEVELOPMENT**

**(1) Year Special Item:**             2002  
Original Appropriations:   \$150,000

**(2) Mission of Special Item:**

The Community Development funds support the Greater North Houston Youth Alliance which sponsors youth programs and activities designed to address juvenile crime, drug abuse, and the high rate of school dropouts.

**(3) (a) Major Accomplishments to Date:**

\$124,466 in grants to 69 youth programs and activities serving approximately 2,700 disadvantaged youth throughout Houston. Successfully formed collaborative partnerships with ten (10) area schools and fifty-nine (59) community based youth organizations through programs providing prevention and intervention activities for at-risk youth.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

Continue to serve high risk youth in Northwest Houston area by expanding partnerships with area schools and youth organizations. Provide after-school and summer enrichment programs aimed at promoting academic excellence and offering structured, supervised recreational and cultural activities that strengthen the body and mind.

**(4) Funding Source Prior to Receiving Special Item Funding:**

None

**(5) Formula Funding:**

N

**(6) Non-general Revenue Sources of Funding:**

None

**(7) Consequences of Not Funding:**

Loss of funding to support activities provided by Greater North Houston Youth Alliance and its network of over 60 youth organizations. Increased problems among Houston youth including poor grades and test scores, school dropouts, and increased incidences of juvenile delinquency, including gang involvement, drug use and crime.

**Special Item:**     7     **INSTITUTIONAL ENHANCEMENT**

**(1) Year Special Item:**             2000  
Original Appropriations:   \$2,757,506

**(2) Mission of Special Item:**

To supplement an institution's base funding for core academic operations.

**(3) (a) Major Accomplishments to Date:**

Institutional Enhancement has provided support for core functions of the University: Student Affairs, Undergrad admissions, Precollege enrichment, Developmental/Remedial Education, Graduate School, Academic Advisory, Student Life, Counseling Services, and Scholarships.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

Increased graduation rate. Increased persistence rate. Increased applications, and ratio of enrolled students to applications.

**(4) Funding Source Prior to Receiving Special Item Funding:**

None

**(5) Formula Funding:**

N

**(6) Non-general Revenue Sources of Funding:**

None

**(7) Consequences of Not Funding:**

Loss of funding would severely impact our institution's ability to fund the core academic costs of the University. A reduction to these funds would overall negatively impact access, success and retention of students.

**Special Item:**     8     **UNIVERSITY REALIGNMENT**

**(1) Year Special Item:**             2012  
Original Appropriations:     \$50,000

**(2) Mission of Special Item:**

The University Realignment is used to fund costs associated with Prairie View A&M University's Academy for Collegiate Excellence and Student Success program, Research Apprentice Program, and Undergraduate Medical Academy, including participant related expenses and employee travel expenses.

**(3) (a) Major Accomplishments to Date:**

Overall graduation rate for UMA students at Prairie View A&M University is 94.7 percent. Graduation among UMA students averages 4 years. The UMA's graduation rate is greater than the University's six- year graduation, the TAMU (College Station) and U.T Austin six-year graduation rate of 82 percent and the average six-year graduation rate for the State of Texas at 49 percent (2011). Among UMA students applying to medical school, the average acceptance rate is greater than 64 percent. The acceptance rate for UMA students who apply to Graduate School and Podiatry School and Pharmacy is 100%.

The thirteen-day REAP program included a field trip experience and numerous opportunities to engage and interact with the research and extension staff to expose them to the work routines as well as outcomes of the research and community outreach programs conducted by agriculture professionals. There are forty-four REAP participants in the 2014 summer program. The majority of the participants expressed returning to PVAMU as an enrolled student in the College of Agriculture and Human Sciences.

Between 2006 and 2011 75.9% of the ACCESS students were retained to the second year. During this period 69.6% of freshmen entered PVAMU, 69.6% were retained to the second year. The ACCESS class of 2006 had a 6 year graduation rate of 47.83%; the University's overall graduation rate for the class of 2006 was 36.62%. The ACCESS class of 2007 had a 6 year graduation rate of 52.9%.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

Continue to develop enriched undergraduate courses designed to strengthen academic preparation, provide preparation for the Medical College Admission Test for medical school applicants; Enhance academic and career counseling for each medical academy student; and Introduce new courses and degree to enhance the exposure and knowledge base of Primary Care for Undergraduate Medical Academy Students.

Major accomplishments projected for FY2015-2017 include: Expansion of the REAP program to 100 participants and recruiting approximately 50% of participants to enroll in the College of Agriculture and Human Sciences at Prairie View A&M University.

Continue to increase the percentage of ACCESS students: who matriculate at PV, are retained to their sophomore year and graduate from the University; improve the modular TSIA teaching strategies to insure increasing numbers of TSIA complete ACCESS students. Switch out the CURR 1011 for CURR 1013 (Effective Learning) switch will allow the students to receive 3 credits, plus the benefits of this class.
