

Exceptions to the Licensed Carry of Concealed Handguns at the Texas A&M Engineering Extension Service

In accordance with state law, the licensed carry of concealed handguns will be allowed at the Texas A&M Engineering Extension Service beginning on August 1, 2016. After consulting with students, staff members, and faculty, the following exceptions were proposed that take into account specific safety considerations of the Texas A&M Engineering Extension Service environment. The proposals were reviewed by the Texas A&M System Office of General Counsel, approved by the Chancellor for submission to the Board, and were considered and accepted by the Texas A&M System Board of Regents on April 27, 2016.
