# ENTIRE CONNECTION

---

**\*\*\*\* FOR ALL FAMIS ENTIRE CONNECTION USERS \*\*\*\***

People who use **Entire Connection** to download and print within FAMIS are required to re-license and install the newest version of Entire Connection. This is necessary because of the security encryption (SSL) requirement.

## Purchasing Entire Connection

(Note: This software is not required, but **MUST** be updated if you use it to access FAMIS for downloading, printing, or viewing purposes.)

Entire Connection is available through the **TAMU CIS Software Evaluation and Loan Library (SELL) Office** at \$50/copy. It is available for Windows only. The following link describes the cost and support:

[http://sell.tamu.edu/Departments/Departmental\\_Software\\_List\\_A-G/Entire\\_Connection\\_Software\\_License.php](http://sell.tamu.edu/Departments/Departmental_Software_List_A-G/Entire_Connection_Software_License.php)

To order the software, click on the appropriate order form link available on the SELL web site:

<http://sell.tamu.edu/Forms.php>

**(Departmental Order Form for departments not based in College Station)**

**(Departmental Order Form for College Station departments)**

- Fill out the web form with the required information
- Print the form and mail it with blank CD(s) to:

Texas A&M University  
Software Evaluation and Licensing Library, Room 1105  
Mail Stop 3363  
College Station, TX 77843-3363

**-- OR --**

You may do one of the following:

- Deliver the form to Room 1105 of the Computing Services Center
  - Send the form to Mail Stop 3363
  - FAX the form to (979) 845-2074
- The price of the software is \$50 for each copy/user, but you only need to send the number of CDs that are needed to perform the installation. The same CD can be used for multiple installations.

Questions concerning the licensing of Entire Connection should be directed to the **CIS SELL office at (979) 862-4104**.

# ENCRYPTION INSTRUCTIONS FOR ENTIRE CONNECTION

## Configuring Entire Connection Software

**NOTE:** If you have already installed and configured the newest version of Entire Connection, you will also need to perform the following additional instructions to **activate the encryption**.

1. Open Entire Connection, click on **Utilities**, then select **Configuration Manager** from the drop down list.

2. Under **Terminal Objects**, click on **Host Sessions**, right click on **FAMIS** (or your session name) and select **Modify**.

3. When the Session Properties appear, on the **General** tab select the **Communication** button opposite **Session Type: TN3270E**

## ENCRYPTION INSTRUCTIONS FOR ENTIRE CONNECTION (CONT'D)

- Under the **General tab** of the Communication settings, select **Custom TCP port** and type **992** in the box available

- Under the **Security tab** of the Communications settings, select **SSL/TLS handshake connection** and click on the **OK** button

**Questions concerning the licensing of Entire Connection can be directed to:  
TAMU CIS SELL Office  
(979) 862-4104**

# ENTIRE CONNECTION INSTALLATION NOTES

---
