* If you obtain a brand-name drug when a generic equivalent is available, you are responsible for the brand copayment plus the cost difference between the brand-name drug and the generic drug. Chart illustrates benefits when network pharmacies are used. Non-network benefits are also available; see Enrollment Guide for more information.
Five ways to be a smarter pharmacy consumer

1. Ask your doctor for a generic or a lower-cost equivalent
2. Don’t be fooled by drug coupons
3. Use the most cost-effective pharmacy option
4. Take your medicines as prescribed
5. Set reminders to help you stay on track

Have a Question About a Medication?
Ask a pharmacist

You can contact one of our pharmacists for general counseling—or a Specialist Pharmacist for complex concerns.

Each Specialist Pharmacist has had specialized training in the medications used to treat a specific condition, such as:

- High cholesterol
- High blood pressure
- Depression
- Diabetes
- Asthma
- Osteoporosis
- Cancer

You can contact a Specialist Pharmacist 24/7 to ask questions about:

- Drug interactions
- Side effects
- Risks and benefits of your medication
- The challenges of taking your medication as prescribed—one of the best ways to help maintain or improve your health

To reach a pharmacist, call the Express Scripts Member Services number on your ID card.
