WELCOME to Open Enrollment FY2024
What’s New for 2023-24

WebMD ONE

On September 1, 2023, the A&M System will unveil a new personalized wellness experience along with valuable tools and resources to guide you on your well-being journey. With the Two-Step Wellness Program, now powered by WebMD ONE, you can earn the lowest premium for the plan year beginning September 1, 2023 – just complete your Annual Wellness Exam and a second wellness activity of your choice by August 31, 2024.

Look for an invitation coming soon!

WINFertility

Adding Fertility Benefit through WINFertility, effective September 1, 2023. Employees and covered dependents are eligible for this benefit after 12-months of consecutive enrollment in the A&M Care Plan immediately prior to accessing this benefit.

New ER Copay

Beginning September 1, 2023, there will be a $200 copayment required for all emergency room visits. The copayment will be waived if the member is admitted to the hospital.

WebMD is an independent company that contracts directly with The Texas A&M University System to provide health care communications and a digital member platform for The Texas A&M University System. WebMD does not offer Blue Products or Services.

WINFertility is an independent company that contracts directly with The Texas A&M University System to provide fertility and family planning benefits for The Texas A&M University System. WINFertility does not offer Blue Products or Services.

1. The relative costs described here are for network providers. Out-of-network benefits are also available. Your costs for out-of-network providers may be significantly higher. When using out-of-network providers, you pay 50% after the out-of-network deductible.
2. For the 65 Plus Plan, there is no family deductible or out-of-pocket maximum because each Medicare member has individual coverage and cost-sharing limits.
3. Retirees enrolled in the A&M Care 65 Plus plan and Medicare retirees enrolled in the A&M Care Plan are not eligible for copays except for emergency room visits.
4. Deductible, copay and coinsurance apply for emergency room visits.

This document provides an overview of the benefits provided. Refer to the Summaries of Benefits for more information. Benefits for the above plans are paid at a percentage of the allowable amount as determined by Blue Cross and Blue Shield of Texas. A&M Care is administered by Blue Cross and Blue Shield of Texas, a Division of Health Care Service Corporation, a Mutual Legal Reserve Company, an Independent Licensee of the Blue Cross and Blue Shield Association.
Preauthorization

Understand your health plan before you get care to help avoid higher costs.

Preauthorization (also known as prior authorization) is a process used to determine whether a medical service meets the requirements for health plan coverage.

You need to have preauthorization for some types of medical care like:
- Hospital stays
- High-cost specialty drugs
- Some services you get outside of a hospital

Your network provider will usually take care of preauthorization. To be sure, call the Customer Service number on the back of your Blue Cross and Blue Shield of Texas (BCBSTX) member ID card before your service.

Check your benefits booklet to learn more. You can find it on Blue Access for Members℠ (BAM℠) under Coverage.
Blue Distinction® Specialty Care Program

Hospitals may all look the same, but there are often differences in the quality of care you receive depending on the facility you choose.

The choices you make matter when it comes to your health care.

Hospitals and medical facilities that have been rated as “superior expertise” indicate the delivery of higher-quality health care in at least one of the following specialties:

- Bariatric Surgery
- Cardiac Care
- Knee and Hip Replacement
- Maternity Care
- Spine Surgery
- Transplants

Call a Benefits Value Advisor (BVA) at 866-295-1212 for participating facilities.
Preventive Care

What’s covered?

- **Recommended routine gender and age-specific preventive care and screenings**, including yearly general wellness exams, recommended vaccines and screenings for things like diabetes, cancer and depression – both facility and professional services. **These may count as one of your two steps for the Two-Step Wellness Program credit.**
- **Coverage provided in network at 100% with no copay or deductible.** Out-of-network benefits may vary.

**IMPORTANT:**

Lab tests related to a condition such as diabetes or asthma **are not** considered preventive and are covered under applicable deductible and coinsurance levels.

Stay healthy by getting regular check ups.
Health and Wellness
Two-Step Wellness Program, Now Powered by WebMD ONE

Receive the lowest rate on your health insurance premium

Completing two items from your personalized checklist* will ensure that you have the lowest rate for your health insurance premiums.

Highlights of the Wellness Program:

• The Two-Step Wellness Program helps members engage in health-promoting activities based on unique risks and identified benefit interests.

• The annual wellness exam is required as one of your Two-Step activities for the new plan year. You choose the second item from your personalized checklist.

• Applies to employees AND covered spouses enrolled in the A&M Care Plan.

• A premium differential of $30 per month will be applied for each individual (you and your spouse) who completes two activities.

• All retirees and graduate student employees enrolled in the Grad plan will automatically receive the lower premium.

* If you would like to take the Health Assessment provided by Blue Cross and Blue Shield of Texas in Well onTarget®, it can apply as an alternate method to receive the premium differential. You will still need to get an annual wellness exam.
Six Resources to Help You Fit Better Health Into Your Schedule

**Well onTarget® Member Wellness Portal***
Jumpstart your journey toward overall wellbeing with personalized action plans, wellness and lifestyle self-management programs, and fitness and nutrition device integration. Convenient online programs address a variety of topics.

Benefits Value Advisors offer cost estimates for various providers, facilities and procedures. Lower pricing and cost savings are dependent on the provider or facility of your choosing. Member communications and information from Benefits Value Advisors are not meant to replace the advice of health care professionals. Members are encouraged to seek the advice of their doctors to discuss their health care needs. Decisions regarding course and place of treatment remain with the member and his or her health care providers. Cost estimates are just an estimate. In addition to your usual deductibles, copayments and/or coinsurance, the actual cost of the services may vary based on a number of factors including the date of service, the actual procedure performed and what services were billed by the provider and your particular benefit plan. Coverage is subject to the limitations, exclusions and terms of your plan.
