Catherine , just one more step.

Now that you have verified your membership, create your account by filling out the form below. You will use the username and password entered the next time you return.

Username

We recommend using your email address as your username so it's easy to remember later.

Password

Strength: Weak

Minimum of at least 6 characters

Confirm Password

Password Hint

If you cannot remember your password later, we'll allow you this after you authenticate to help you remember.

Security Question

If later you need to recover your account, you will be asked this.

Your Answer

EXPRESS SCRIPTS

Welcome, Chris

Prescriptions Benefits Account Help Accessible View English Log Out

- Patients who use Accredo receive better patient care and have healthier outcomes
- Proactive patient monitoring through regular assessments and touch points
- Exclusive mobile and online support tools for patients in specific therapy classes
- Care coordination with your entire healthcare team
- Patient assistance programs available

Common definitions and helpful information

DRUG LIST

MEDICATIONS ON YOUR DRUG LIST ARE COVERED BY YOUR PRESCRIPTION PLAN

Routinely reviewed by an independent panel of physicians and pharmacists to ensure you get clinically effective care

Preferred medications, including generics and brand-name

Talk with your doctor about moving to preferred generics

GENERIC PRESCRIPTIONS

FDA-APPROVED GENERIC MEDICATIONS CONTAIN THE SAME ACTIVE INGREDIENT AS BRAND NAME COUNTERPARTS

9 out of 10 prescriptions filled in the U.S. are for generic medications

Review your medications regularly with a doctor or pharmacist and ask, “Is there a generic for that?”

Use the Express Scripts® mobile app or visit [express-scripts.com](https://www.express-scripts.com) to find a generic or price a medication

PRIOR AUTHORIZATION

MONITORS PRESCRIPTION MEDICATIONS

Makes sure your prescription is suitable for the intended use & covered by your prescription plan

Simply means that more information is needed to see if your plan covers the medication

To get your prior authorization started, contact your doctor's office

STEP THERAPY

HELPS REDUCE COSTS

Safe and proven-effective medication

First step medications are typically generic and lower-cost brand-name medications

Second step medications are best suited for the few patients who don't respond to first step medications

SMARTER PHARMACY CONSUMER

Ask your doctor for a generic or a lower cost equivalent

Use the most cost-effective pharmacy option

Take your medicines as prescribed

Don't be fooled by drug coupons

Set reminders to help you stay on track

WE'RE HERE TO HELP - *Available 24/7*
