PHARMACY BENEFIT OVERVIEW

Accredo

Personalized patient care for a wide range of complex and chronic conditions.

Specialty
clinicians are
your guide

An easy route for
getting your
medication

Navigate insurance
and financial
assistance

Drug List: Medications Covered by Your Prescription Plan

- Routinely reviewed by an independent panel of physicians and pharmacists to ensure you receive clinically effective care

- Preferred medications, including generics and brand-names

- Talk with your doctor about moving to preferred generics

Generic Prescriptions

FDA-approved generic medications contain the same active ingredient as brand-name counterparts.

9 out of 10 prescriptions filled in the U.S. are for generic medications

Review your medications regularly with a doctor pharmacist and ask, *“Is there a generic for that?”*

Use the Express Scripts® mobile app or visit [express-scripts.com](https://www.express-scripts.com) to find a generic or price a medication

Prior Authorization: Monitors Prescription Medications

- **Makes sure your prescription is suitable for the intended use & covered by your prescription plan**

- **Simply means that more information is needed to see if your plan covers the medication**

- **To get the prior authorization started, please contact your doctor's office**

Step Therapy

Helps reduce costs and ensures that you receive a safe and proven-effective medication

First step medications are typically generic and lower-cost brand-name medications

Second step medications are best suited for the few patients who don't respond to first step medications

Smarter Pharmacy Consumer

Ask your doctor for a generic or a lower-cost equivalent

Use the most cost-effective pharmacy option and don't be fooled by coupons

Take your medications as prescribed and set reminders to help you stay on track

PHARMACY BENEFIT OVERVIEW

Resources for You

- Download the Express Scripts® mobile app for free – go to your mobile device’s app store and search for “Express Scripts.”
- Create your digital profile at [express-scripts.com](https://www.express-scripts.com) or on the Express Scripts® mobile app – which helps you connect to:
 - Your digital prescription ID card
 - Lower-cost medication options
 - Nearby, in-network pharmacies
 - Easy medication refills
 - Home delivery with order tracking

Call the customer service number on your ID card – available 24/7 for general support or to talk to a specially trained pharmacist for complex concerns or health conditions.

Thank You
