**12.03.99.01**

**Faculty Workload**

Approved: November 4, 2012

Next Scheduled Review: November, 2014

---

Rule Statement

---

This Rule is established to provide guidelines regarding the workload for faculty. The assignments will be implemented only as institutional resources are available, with teaching loads having the first priority.

---

Reason for Rule

---

This Rule documents the regulations and standards for the interpretation of institutional workload requirements, and for the range of acceptable assignments within its definitions of faculty workload. This Rule is required by System Policy **12.03 Faculty Academic Workload and Reporting Requirements**.

---

Official Rule/ Responsibilities/ Process

---

1. GENERAL

- 1.1. To support the mission of Texas A&M University-San Antonio, members of the faculty perform their classroom duties and carry out a variety of essential functions. As part of their regular faculty responsibilities, faculty members are expected to satisfactorily perform the following functions: academic advising; supervision of undergraduate and graduate students; direction of individual studies, theses, and dissertations; leadership in curriculum development; participation in school and University governance; scholarship; and participation in professional activities, community activities, and special projects of the University.
- 1.2. Acknowledging the diverse responsibilities of its faculty, the University supports an equitable and reasonable workload assignment system. The University follows the guidelines described below and in TAMU-SA Procedure **12.03.99.01.01 Faculty Workload Procedure**, which specifies the amount of workload credit that may be granted for various faculty assignments.
- 1.3. The academic workload standard for full-time faculty members is four 3-semester credit hour undergraduate courses per long semester. Courses are assigned for direct instruction and for a variety of instructionally related administrative, scholarly, and service activities. Any adjustments to this standard must comply with System Policy **12.03 Faculty Academic Workload and Reporting Requirements**.

- 1.4. Due to the differences in scope and responsibility of work assignments of full-time versus part-time faculty members (scholarship and service), part-time faculty members are assigned a 20% teaching load for each 3 semester credit hour course assigned. If they are assigned 6 semester credit hours of course instruction, they will be credited with 40% teaching load, and so on.
- 1.5. Assignments of non-instructional workload credit are made by the school head of each school on the basis of recommendations made by the appropriate department chair in consultation with the departmental faculty. Non-instructional workload assignments greater than two courses require the approval of the Provost and Vice President for Academic Affairs.

## 2. CREDIT-GENERATING DIRECT INSTRUCTION

- 2.1. Direct teaching activities include but are not limited to the following:
  - 2.1.1. Instruction of lecture and seminar courses;
  - 2.1.2. Laboratory and clinical instruction, music ensemble, and studio art;
  - 2.1.3. Supervision of student teachers, and graduate students in graduate programs such as counseling, leadership, and similar tutorial-types of programs;
  - 2.1.4. Private music lessons;
  - 2.1.5. Chairing master's thesis committees;
  - 2.1.6. Chairing doctoral dissertation committees;
  - 2.1.7. Teaching a practicum as a group course; and
  - 2.1.8. Team teaching.

- 2.2. Guidelines for assigning workload credits for these activities are provided in

TAMU-SA Procedure **12.03.99.01.01 *Faculty Workload Procedure***

## 3. ADMINISTRATIVE ASSIGNMENTS

- 3.1. Faculty members may receive academic workload credit for administrative assignments. The amount of workload credit for administrative duties that a faculty member receives is dependent upon the complexity of the department or program, the assigned duties of the position, and the number of faculty members or students supervised. Positions in which a faculty member is given an administrative, supervisory, or coordinative assignment directly related to the instructional programs and purposes of the University include: assistant school head, chairperson of a department or director of a school, coordinator of a disciplinary area, and coordinator or director of a center, a program, or a clinic. For additional information, see TAMU-SA Procedure **12.03.99.01.01 *Faculty Workload Procedure***.

## 4. NON-ADMINISTRATIVE ACADEMIC ASSIGNMENTS

- 4.1. Academic workload credit may also be given for non-administrative academic assignments, including instructionally related activities, scholarship, service, and other academically related assignments. No faculty member may accrue workload credits for "banked" credit in subsequent semesters without prior approval by the Provost.

4.2. During the academic year, a faculty member, with the approval of the department chair and school head, may request possible academic workload credits for non-administrative reasons including:

- 4.2.1. Instructionally related activities,
- 4.2.2. Scholarship,
- 4.2.3. Service, and
- 4.2.4. Special circumstances. Below is an explanation of the types of activities included in each of these categories. Specific guidelines on the amount of workload credit allowed for the various activities are provided in TAMU-SA Procedure **12.03.99.01.01 Faculty Workload Procedure**

4.3. Instructionally Related Activities:

Adjustments to workload credits may be allowed for various instructionally related assignments, including teaching assignments that include additional responsibilities. This category includes but is not restricted to:

- 4.3.1. Teaching large classes, especially those with writing assignments, essay tests, or similar complex tasks or that involve supervision and coordination of teaching assistants, graders, or of multiple laboratory or discussion sections;
- 4.3.2. Developing new degree programs, conducting major curriculum revisions, or developing new courses;
- 4.3.3. Developing distance learning courses, as discussed in TAMU-SA Procedure **12.03.99.01.01 Faculty Workload Procedure**;
- 4.3.4. Teaching field-based courses in Education;
- 4.3.5. Coordinating student advising; and
- 4.3.6. Coordinating student internships, practicum, and field work placements.

4.4. Scholarship

- 4.4.1. Academic workload credit may be assigned for research/intellectual contributions/creative activity. Faculty granted academic workload credit for these activities must demonstrate progress in their efforts at the end of each semester of the workload credit. Peer review is necessary for any work to be deemed as scholarship for purposes of academic workload credit.
- 4.4.2. Academic workload credit may be provided for certain activities related to scholarship, such as preparation of a major research grant or contract proposal. Also, a faculty member may receive academic workload credits when external grants fund his or her salary. Finally, a new faculty member may receive academic workload credit to establish a research agenda and develop courses.

4.5. Service

- 4.5.1. A faculty member may receive academic workload credit for extraordinary service at the University, in the academic discipline, and/or to the public. (See Section 4.3 of TAMU-SA Procedure **12.03.99.01.01 Faculty Workload Procedure** for examples.)

4.6. Special Circumstances

- 4.6.1. The President may grant academic workload credit for special presidential assignments.
- 4.6.2. With the consent of the Provost and Vice President for Academic Affairs, a school head may grant academic workload credit for reasons not described in this rule.

## 5. MONITORING WORKLOAD

### 5.1. School Responsibilities and Procedures

5.1.1. Within the framework of University workload rules, each school, with formal advice from and by majority vote of the faculty, will develop procedures for assigning academic workload credit.

5.2. The ultimate responsibility for ensuring compliance with workload rules and equity across the school lies with the school head.

### 5.3. University Responsibilities

5.3.1. The Provost and Vice President for Academic Affairs has final responsibility for the approval of academic workloads in conformity with University rules and procedures and system policies. As the designated officer of the university, the Provost has ultimate responsibility for ensuring workload equity. Each semester, the Provost is responsible for submitting required reports to the system and the Texas Higher Education Coordinating Board regarding workload compliance.

## 6. REQUESTS FOR REVIEW OF ACADEMIC WORKLOAD ASSIGNMENTS

6.1. Texas A&M University-San Antonio recognizes the right of faculty members to request a review of workload assignments before a panel of peers. For details about the review process, see TAMU-SA Procedure **12.03.99.O1.01 Faculty Workload Procedure**.

# UR 12.03.99.H1 Faculty Academic Workload and Reporting Requirements

Approved: March 2001  
Revised: January 2009  
Revised: December 2010 Revised:  
August 2013  
Revised: June 2016  
Reviewed: March 25, 2019  
Next Scheduled Review: March 2024

---

## Rule Statement

---

This rule establishes the faculty workload standards and procedures as well as the conditions under which the workload of faculty may be adjusted.

---

## Reason for Rule

---

The purpose of this rule is to provide details, including operational and reporting responsibilities, regarding the faculty workload expectations at Texas A&M University-Texarkana. This rule is developed in compliance with [System Policy 12.03, Faculty Academic Workload and Reporting Requirements](#).

---

## Procedures and Responsibilities

---

### 1. MINIMUM TEACHING LOAD

- 1.1 A minimum teaching load for undergraduate courses shall be nine semester credit hours of normal classroom teaching; a minimum teaching load for graduate courses shall be six semester credit hours of normal classroom teaching as provided in [System Policy 12.03, Faculty Academic Workload and Reporting Requirements](#).

### 2. EVALUATION OF TEACHING LOAD

- 2.1 The College Dean shall monitor and evaluate the workload of individual faculty members in his or her college to ensure compliance with this rule and approve and submit any teaching course load reduction requests to the Provost and Vice President for Academic Affairs (Provost/VPAA), designated by the President to authorize final approval. The President, Provost/VPAA, and College Dean shall ensure that academic and related duties are assigned equitably within the college.

- 2.2 The Department Chair shall monitor the workloads of faculty within his or her department or program to ensure compliance with the University's workload requirement and provides notice to the respective College Dean of all faculty members not in compliance with the University's workload requirement.

### 3. MAXIMUM TEACHING LOAD

- 3.1 The maximum full-time fall and spring semester teaching load for all university tenured or tenure track faculty teaching any combination of undergraduate and graduate courses is 12 semester credit hours (12 SCH) of organized classes for each semester. The exception to this maximum is the inclusion of no more than two 4 SCH mathematics course(s) in a faculty's semester load that would result in a 13 or 14 SCH load. The maximum full-time fall and spring semester teaching load for all university tenured or tenure track faculty teaching only doctoral courses is 9 SCH for each semester. Faculty teaching in a doctoral program may not elect to teach an overload during any semester with the exception of research supervision (dissertation committee work). The maximum full-time fall and spring semester teaching load for all full-time non-tenure-track faculty is 15 SCH of classroom teaching per semester. The load for combined summer terms for all full-time faculty is no more than 6 SCH. Section 5 of this rule describes the only exception to these maximum teaching loads.

### 4. TEACHING LOAD REDUCTIONS

- 4.1 The respective College Dean, with approval from the Provost/VPAA, may reduce a faculty member's teaching load by replacing one or more course assignments with any of the following:
- 4.1.1 *Newly Employed Tenure Track Faculty* - The College Dean may approve a course load reduction for a tenure track faculty member (with little or no prior full-time teaching experience) for up to two long semesters after employment.
- 4.1.1.1 A teaching course load reduction for newly employed tenure track faculty may be used to fall below the maximum teaching loads as described in this rule, but not below the minimum teaching load as described in System Policy 12.03, *Faculty Academic Workload and Reporting Requirements*.
- 4.1.2 *Administrative Assignments* - Administrative assignments that directly supplement the teaching function such as, but not limited to, heads of teaching departments and coordinators or directors of academic programs may be considered for course load reduction(s) or another type of compensation.
- 4.1.2.1 A teaching course load reduction for administrative assignments may be used to fall below the maximum teaching loads as described in this rule, but not below the minimum teaching load as described in System Policy 12.03, *Faculty Academic Workload and Reporting Requirements*, with the exception of a faculty member serving as departmental chair.
- 4.1.2.2 Faculty teaching load may be reduced below the minimum teaching load for a faculty member serving as departmental chair as outlined in

System Policy 12.03, Faculty Academic Workload and Reporting Requirements.

- 4.1.3 *Direct Instructional Activities* - Activities which include interaction with students related to instruction, preparation for such instruction or evaluation of student performance may count for part of a regular teaching load. These may include, but are not limited to, supervision or coordination of laboratories or lectures utilizing teaching assistants, practica, internships, clinical assignments, or alternative learning activities.
- 4.1.3.1 Faculty teaching load may be reduced below the minimum teaching load for a faculty member providing direct instructional activities as outlined in System Policy 12.03, Faculty Academic Workload and Reporting Requirements.
- 4.1.4 *Independent Study Courses* - Upon prior approval by the College Dean, independent study courses (identified as 489 and 589) may be translated into equivalent course semester credit hours (for the purpose of measuring teaching loads). The College Dean shall collect and maintain all data necessary to document such credit.
- 4.1.4.1 For 30 SCH of graduate credit accumulated by a faculty member in independent study courses, a credit of 3 SCH of course load reduction may be awarded.
- 4.1.4.2 For 45 SCH of undergraduate credit accumulated by a faculty member in independent study courses, a credit of 3 SCH of course load reduction may be awarded.
- 4.1.4.3 When combining undergraduate and graduate courses to equal a course reduction, graduate SCH may be converted to undergraduate SCH by using a multiplier of 1.5.
- 4.1.4.4 All contact hour equivalent credit accrued via independent study courses may be applied during the semester in which the total credit for independent study reaches the minimum amounts indicated in 4.1.4.1 and 4.1.4.2 above, or within the next two academic years.
- 4.1.4.5 With approval from the College Dean, a faculty member may choose to convert accrued independent study SCH into financial compensation at the rate of \$500 per graduate independent study course and \$333 per undergraduate independent study course.
- 4.1.4.6 Faculty teaching load may be reduced below the minimum teaching load for independent study courses as outlined in System Policy 12.03, Faculty Academic Workload and Reporting Requirements.
- 4.1.5 *Research and Creative Activities* - Faculty teaching and load credit may be granted for major scholarship activities, including conducting research that leads to publication and the development of creative works.

- 4.1.5.1 Faculty teaching in a doctoral program are expected to develop and maintain a rigorous research agenda approved by the College Dean.
- 4.1.5.2 A teaching course load reduction for research and creative activities may be used to fall below the maximum teaching loads as described in this rule, but not below the minimum teaching load as described in [System Policy 12.03, Faculty Academic Workload and Reporting Requirements](#).
- 4.1.6 *Graduate Research Supervision* - The following table shall be used to assign teaching load credit to tenured/tenure track faculty providing graduate research supervision:

**Semester Credit Hour Equivalency for Graduate Research Supervision**

Assignment	Number of Students Supervised					
	1	2	3	4	5	6
Member, Master's Thesis Committee	.25	.5	.75	1	1	1
Chair, Master's Thesis Committee	.75	1.5	2.25	3	3.75	4.5
Member, Doctoral Dissertation Committee	.75	1.5	2.25	3	3.75	4.5
Chair, Doctoral Dissertation Committee	1.5	3	4.5	6	7.5	9

Teaching credit accrued via this process may be applied during the semester in which sufficient credit is earned to substitute for one or more courses or in the immediate next long (spring or fall) semester, as approved by the College Dean.

- 4.1.6.1 Faculty teaching load may be reduced below the minimum teaching load for graduate research supervision as outlined in [System Policy 12.03, Faculty Academic Workload and Reporting Requirements](#).
- 4.1.7 *Other Projects* - Other projects that occur during an academic year may be considered as part of the faculty workload as requested by the College Dean and approved by the Provost/VPAA. These include, but are not limited to, major academic advisory activities, preparation of major documents (e.g., program and/or research grant proposals) in the fulfillment of programmatic needs or accreditation requirements, and for performance of duties in the best interest of the institution's instructional program.
- 4.1.7.1 A teaching course load reduction for other projects may be used to fall below the maximum teaching loads as described in this rule, but not fall below the minimum teaching load as described in [System Policy 12.03, Faculty Academic Workload and Reporting Requirements](#).
- 4.1.8 All requests for teaching workload reductions shall be initiated by the faculty on form "Faculty Teaching Workload Reassigned Time Request Form" and submitted to the respective College Dean on a timeline that allows the completed request (with College Dean approval) to be submitted to the Provost/VPAA for

final approval no later than the published deadline for each semester. All requests, including those related to the cancellation of classes during the spring or fall terms, submitted after these deadlines will be considered on an individual basis via discussion between the College Dean and Provost/VPAA. Teaching course load reductions related to the cancellation of summer classes will not be considered.

## **5. TEACHING ASSIGNMENT OVERLOADS**

- 5.1 Teaching overloads are discouraged and should be approved only in emergency situations and with written approval by the Provost. Tenure-track faculty who are assigned by the College Dean to teach more than the maximum load during any semester may do so as an overload and will be provided additional compensation in the amount of \$1,666 for each SCH or \$5,000 for a 3 SCH course. Non-tenure track faculty shall be paid the amount for which they are paid for a summer course, as noted in their annual reappointment letter. With approval of the College Dean, overloads taught during a mini-term (May or January) may be "banked" and credited toward a faculty's teaching assignment during the immediate next long (spring or fall) semester.
- 5.2 Faculty members receiving a course load reduction for any reason (e.g., administrative duties, research) will not be considered for overload assignments.

## **6. FACULTY OFFICE HOURS**

- 6.1 Faculty members shall maintain a minimum of four hours of office time per week to confer with and counsel students. Office hours shall be chosen for convenience of students and must be posted. Faculty are expected to be available for student conferences at other times by appointment.

## **7. INSTITUTIONAL WORKLOAD RULE DEVELOPMENT AND REVISION**

- 7.1 The President delegates the responsibility of recommending revisions to this rule to the Provost/VPAA who may assign to or seek the assistance of additional personnel (including faculty) and advisory bodies, as well as advice from legal counsel, as needed. Any revisions of [University Rule 12.03.99.H1, Faculty Academic Workload and Reporting Requirements](#) shall be approved by the President prior to submission to the System office for final approval by the Chancellor and Board of Regents.

## **8. REPORTS REQUIRED**

- 8.1 The Registrar shall collect, analyze, compile, and consolidate data necessary to generate the Faculty Report (CBM-008) required by the Texas Higher Education Coordinating Board (THECB) and the Faculty Workload Report as referenced in System Policy 12.03, *Faculty Academic Workload and Reporting Requirements*. The Registrar shall submit all related reports to the Provost/VPAA for review prior to submission to the President for approval and then to the Chancellor and THECB. The standard reporting format and deadlines as provided by the THECB will be followed.
- 8.2 (See [System Policy 12.03, Faculty Academic Workload and Reporting Requirements](#)).

## **B. Teaching**

### **1. Teaching Assignments**

#### **a. Small Classes**

The Texas Higher Education Coordinating Board defines small classes as organized undergraduate classes having fewer than 10 regularly enrolled students and organized graduate classes having fewer than 5 regularly enrolled students. Small classes are subject to cancellation, which may necessitate a reassignment for faculty members involved.

### **2. Teaching Loads**

Faculty members are assigned teaching loads by their respective direct supervisors. A full-time teaching load is 9, 12, or 15 hours depending on the faculty assignment, college, and department. In addition to teaching, scholarly activity/creative work, and professional service (where appropriate), other duties considered as faculty assignments include, but are not limited to, student advisement and various committee assignments. The purpose of this section is to provide guidelines for the assignment of workload for full-time non-tenure track, tenure-track, and tenured faculty.

- I. The faculty and administration of West Texas A&M University adhere to the following guidelines to ensure the delivery of the highest quality instructional program possible to students and to promote scholarship and professional service.
- II. The deans of the colleges/schools, in collaboration with departmental direct supervisors, are responsible for implementing procedures to ensure adherence to the University workload policy for faculty members. The deans are responsible to the provost, who has overall responsibility for WTAMU's workload policy including academic assignments. Within their areas of responsibility, the deans certify that faculty have been assigned professional duties appropriate to the individual faculty member and which ensure effective management of the academic component.

#### **III. Faculty Teaching Load**

All departments should plan to offer classes as large as is suitable for the content area and mode of instruction. Direct supervisors have the responsibility to section courses-including online courses-to ensure manageable class size and to maintain quality instruction.

##### **A. Tenured and Tenure-Track Faculty**

The normal teaching load for a full-time tenure-track faculty member is nine (9) or twelve (12) semester credit hours per long semester depending on the department and college. In addition to the normal teaching load, faculty members are responsible for student advising and mentoring; department, college/school, and university curriculum development; and maintaining active involvement in research, scholarly, or creative activity. Faculty members are also responsible for service activities, such as academic program reviews; accreditation studies; shared governance; and faculty service to their profession and to the local community.

##### **B. Non-Tenure Track Faculty**

The normal teaching load for a full-time, non-tenure track faculty member (fixed term or temporary full time) is fifteen (15) semester credit hours per long semester, but direct supervisors and deans may make exceptions for good and sufficient reasons. Visiting faculty members should have the same classroom teaching load as tenured and tenure track faculty. Other responsibilities for non-tenure track faculty will be assigned by the dean and direct supervisor as appropriate.

#### **IV. Special Circumstances**

- A. To facilitate unique instructional experiences that utilize multiple faculty members, departments may, while avoiding additional expense to the University, approve team teaching or shared instruction assignments. For team teaching, full load credit may be given to each of the instructors in those cases where all instructors are present during all class periods/online modules and are actively participating in instruction. In those cases where responsibility for instruction is divided among a number of faculty

## Faculty Responsibilities

members (shared instruction), each instructor shall receive credit for that portion of the load for which the faculty member is responsible.

- B. Special requests beyond those outlined may be recommended by the appropriate dean and must be approved by the provost/vice president for academic affairs before being granted (e.g., serving as direct supervisor, coordination of programs, etc.).
- C. Faculty members may be credited only for laboratory, practice, or studio sections they personally teach.
- D. A faculty member may teach only one specially scheduled course at one time during a semester or term. (Specially scheduled classes are organized classes that have a specific schedule different in at least one respect from regularly scheduled classes.) During any semester or term a faculty member may teach up to an effective teaching load of 24 ACH for as long as three weeks, so long as during the rest of the semester or term the faculty member does not teach an overload. Exceptions must be administratively approved.
- E. To facilitate unique instructional experiences that utilize multiple faculty members, departments may, while avoiding additional expense to the University, approve team teaching or shared instruction assignments. For team teaching, full-load credit may be given each of the instructors in those cases where all instructors are present during all class periods and are actively participating in instruction. In those cases where responsibility for instruction is divided among a number of faculty members (shared instruction), each instructor shall receive credit for that portion of the load for which the faculty member is responsible.
- F. Opportunities for summer teaching may exist at the discretion of the direct supervisor.
- G. Special requests beyond those outlined may be recommended by the appropriate dean and must be approved by the provost/vice president for academic affairs before being granted (e.g., serving as direct supervisor, coordinating multi-section lecture courses, coordination of programs, supervision and training of teaching assistants, etc.).

## 3. Classroom Conduct

### Admission to Class

Students may attend only the classes and sections for which they are enrolled. Prior to the beginning of classes, class rosters for each course are uploaded to WTCClass. Each faculty member has the responsibility to examine each set of class rolls carefully and immediately report any errors to the registrar. Failure to do so may result in a student not receiving credit for a particular course. All changes in student schedules must be made through the Office of the Registrar.

At the close of the registration period, the roster in WTCClass will indicate the final enrollment in the course. Only students listed on these rolls are officially members of the class. Students not listed on these rolls or not officially auditing the class are not permitted to remain in the class. A student who drops a class or withdraws from school before the twelfth class day of a long semester or the fourth class day of a summer term is removed from final class rolls. When the registration period is over, no student can be added to any class. After the twelfth class day, a student may drop a class or withdraw from school but will remain on the class roll.

### Course Syllabi

State law requires that all faculty must post online a syllabus for each of their courses. At WTAMU, the syllabus is posted in WTCClass.

Faculty members are responsible for explaining clearly the requirements, regulations and goals of their courses to each class, including discussion of the course syllabus. A course syllabus that clearly specifies the goals and requirements of each course, student learning objectives, the nature of the course content and the methods of evaluation to be employed must be posted to WTCClass regardless of delivery mode and be made available to students. The template for WTCClass includes scholastic dishonesty statement, evacuation statement, and chemical and equipment safety statement. The syllabus for general education (core curriculum) courses must clearly identify the exemplary educational objectives for the component area. A course syllabus may include a course description, goals, texts and reading list,

## UNIVERSITY RULE

### 12.03.99.M1 Faculty Teaching Workload Reporting

*Approved October, 2015*

*Revised June 9, 2016*

*Next scheduled review: June 9, 2021*

---

#### Reason for the Rule

---

Faculty workload reporting is required for any individual assigned to teach a course for resident credit, or any individual whose salary is paid in full or part from Faculty Salaries.

---

#### Definitions

---

Faculty Salaries - are defined as salaries or wages of those engaged in the teaching function. Those paid from faculty salaries include heads of teaching departments and faculty.

Workload Definition - individuals paid from faculty salaries receive faculty workload credit from two areas: Classroom Teaching Credit and Equivalent Teaching Credits.

Classroom Teaching Credit: Classroom Teaching Credits are generally assigned to resident-credit courses. To ensure accuracy in workload reporting, each course should be assigned to the person primarily responsible for course instruction. For team taught courses, the teaching credit may be proportioned to the faculty members teaching the course.

Equivalent Teaching Credits: Certain non-classroom academic duties performed by faculty that enhance the teaching/learning process may be funded from Faculty Salaries. Equivalent teaching credits may be assigned for these duties. Once the faculty member is in compliance, no further assignment or equivalent credits is required. The listing of allowable equivalent teaching credits for direct instructional or administrative activities is included in the "Faculty Workload Policy Statement – Texas A&M University" which is available at: <http://dars.tamu.edu/dars/files/4f/4ff73c0b-45b7-4b7f-9e1a-235fbb5c4be1.pdf>.

1. MINIMUM WORKLOAD REQUIREMENT

- 1.1 The minimum workload requirement for faculty members paid 100% from Faculty Salaries is nine (9) teaching credits, counting classroom and equivalent teaching credits.
- 1.2 For Graduate Assistant appointments that are reported in the faculty workload report the minimum workload standard is set by the academic unit reporting the workload.
- 1.3 For faculty members with less than full-time appointments, the minimum workload standard is proportionately less.

2. REPORTING

Every semester each academic department must prepare a Faculty Workload Compliance Report. The report must include each individual who:

- 2.1 is primarily responsible for course instruction for resident credit; or
- 2.2 is paid any part of his or her salary from FACULTY SALARIES (see definition above).

3. SPECIAL CONDITIONS REGARDING COMPLIANCE

- 3.1 **Payment of FACULTY SALARIES to exhaust accumulated leave time:** Faculty members fall into this category if they terminate employment, become ill, or die during any part of the year and the payment of salary to exhaust accumulated leave carries them into a fall or spring semester. These faculty members cannot be assigned teaching responsibilities and therefore cannot be in compliance with the minimum workload requirement. The department head must provide a written explanation to the dean of the college for each faculty member not in compliance.
- 3.2 **Faculty who are unable to complete teaching assignment during a long semester:** Faculty members fall into this category if they terminate employment, become ill, or die during a long semester and their courses are reassigned to other faculty members in the department. The compliance status of the faculty member will be the same as their compliance status before the disabling condition or termination took place.

- 3.3 **Other reason for non-compliance:** Occasionally faculty members may be non-compliant for reasons not covered in 3.1 or 3.2 above. For example, a faculty member may have been placed on administrative leave or there may have been another circumstance that prevents a faculty member from teaching courses in a given semester.
- 3.4 **Faculty members not in compliance:** The reason for any faculty member not being in compliance with the minimum teaching requirement must be explained. For regular faculty (those not covered by 3.1 or 3.2 above) who are not in compliance, the department head must initiate an appropriate Employee Payroll Action Form to adjust the individual's teaching salary percentage.

#### 4. RESPONSIBILITY FOR MONITORING WORKLOAD

##### 4.1 Department Head

- 4.1.1 Assigns and monitors the workloads of individuals within his or her department to ensure compliance with the workload requirement.
- 4.1.2 Approves equivalent teaching credits based on direct instruction or administrative activities as listed in the “Faculty Workload Policy Statement – Texas A&M University” (<http://dars.tamu.edu/dars/files/4f/4ff73c0b-45b7-4b7f-9e1a-235fbb5c4be1.pdf>).
- 4.1.3 Ensures that other academic duties are assigned equitably within the department.
- 4.1.4 Provides notice to the college dean of all faculty members not in compliance.

##### 4.2 College Dean

The college dean is responsible for monitoring the workload of individual faculty in his or her college as reported by the department head.

##### 4.3 University Administration

Data and Research Services (DARS) will consolidate the reports from the colleges to generate the final Faculty Workload Compliance Report and shall prepare a list of faculty not in compliance with the minimum workload requirement. This report shall be sent to the Provost and Executive Vice President for review and approval prior to submission to the President.

The President is responsible for verifying institutional compliance with the minimum workload requirement and for reporting this information through the Chancellor, to the Board of Regents.

5. INSTRUCTIONS FOR COMPLETING FACULTY WORKLOAD COMPLIANCE REPORT

Each department head and dean will be notified by the DARS when the Faculty Workload Report has been placed on the web for updating and correcting.
