SECTION 1 INTRODUCTION

1.1 Scope of Proposal Overview

The Texas A&M University System (TAMUS) is looking for a vendor to provide document shredding services as needed by the various Members of the Texas A&M University System (MEMBERS). While the immediate focus of this RFP is for MEMBERS specifically located in Brazos County, Texas, it is the intent of TAMUS to make the services available to all MEMBERS by establishing a Master Agreement with a qualified vendor. It is our preference to establish a single Master Agreement with a preferred vendor, but TAMUS reserves the right to establish more than one, if needed, to provide services to MEMBERS outside of Brazos County.

By submitting responses, each RESPONDENT certifies that it understands this RFP and has full knowledge of the scope, nature, quality, and quantity of the work to be performed, the detailed requirements of the services to be provided, and the conditions under which the services are to be performed. Each RESPONDENT also certifies that it understands that all costs relating to preparing and responding to this RFP will be the sole responsibility of the RESPONDENT.

1.2 The Texas A&M University System

The A&M System is one of the largest systems of higher education in the nation, with a budget of \$4.2 billion. Through a statewide network of 11 universities, seven state agencies, two service units and a comprehensive health science center, the A&M System educates more than 140,000 students and makes more than 22 million additional educational contacts through service and outreach programs each year. Externally funded research expenditures exceed \$932 million and help drive the state's economy. For a full listing of the A&M system members, please visit <http://www.tamus.edu/about/>.

1.3 Priorities/Expectations

RESPONDENTS should note the following priorities/expectations with regard to the possibility of TAMUS establishing a contractual relationship with any RESPONDENT:

- (a) *Ensuring a Quality Level of Service.* This priority encompasses the quality of the level of service that can be provided to all TAMUS customers in a timely, cost effective manner. TAMUS is seeking a RESPONDENT that will ensure the provision of such quality in its delivery of service through proven training techniques and established metrics.
- (b) *Level of Experience and Expertise.* RESPONDENT must demonstrate its capabilities in providing the utmost level of experience and expertise to ensure a successful solution as determined by TAMUS.
- (c) *Delivery Efficiency as it Relates to Total Costs.* RESPONDENT must demonstrate its ability to deliver the required services in a cost-effective and timely manner while not sacrificing the quality required by a Tier I research System.

1.4 Performance Period

Should TAMUS, in its sole discretion, enter into a Master Agreement with the successful RESPONDENT(S) as a result of this RFP, the initial Agreement shall be effective upon execution for a period of two (2) years. The Agreement may be renewed for three (3) additional one-year terms, providing all parties mutually agree on the renewal. Any renewals shall be at the same terms and conditions plus any approved changes to be determined by TAMUS and negotiated in writing with the successful RESPONDENT(S).

Any resulting Master Agreement from this RFP is not a guarantee of services to be requested from a specific MEMBER. The intent is only to make the services available and each MEMBER may choose to offer these services to their respective departments.

SECTION 2 INSTRUCTIONS TO RESPONDENTS

Proposals and any other information submitted by RESPONDENT in response to this RFP shall become the property of TAMUS.

This RFP outlines requirements as specified in the Sections 3 and 4. Submittals are to be in accordance with the outline and specifications contained herein, are to remain in effect a minimum of 120 days from the date of submission, and may be subject to further extensions as negotiated. A statement to this effect should be contained in the RESPONDENT's cover letter.

The RESPONDENT selected shall have an excellent track record for providing the requested services relative to the size and scope of TAMUS and shall agree to provide the services necessary for the successful implementation to TAMUS with a top priority commitment. This RFP contains specific requests for information and requirements. RESPONDENTS are encouraged to examine all sections of this RFP carefully, in that the degree of interrelationship between sections is critical. In responding to this RFP, RESPONDENTS are encouraged to provide any additional information they believe relevant.

Clause headings appearing in this RFP have been inserted for convenience and ready reference. They do not purport to define, limit or extend the scope of intent of the respective clauses. Whenever the terms "must", "shall", "will", "is required", or "are required" are used in the RFP, the subject being referred to is to be a required feature of this RFP and critical to the resulting submittal.

In those cases where mandatory requirements are stated, material failure to meet those requirements could result in disqualification of the RESPONDENT's response. Any deviation or exception from RFP specifications must be clearly identified by the RESPONDENT in its submittal.

Each proposal shall be prepared simply and economically, providing a straightforward and concise description of RESPONDENT's ability to meet the requirements of this RFP. Emphasis shall be on completeness, clarity of content and responsiveness to the offer requirements. Expenses for developing and presenting submittals shall be the entire responsibility of the RESPONDENT and shall not be chargeable to TAMUS. All supporting documentation and manuals submitted with this submittal will become the property of TAMUS unless otherwise requested by the RESPONDENT, in writing, at the time of submission, and agreed to, in writing, by TAMUS.

All technical questions concerning this RFP are to be directed to Jeff Zimmermann, Director, HUB and Procurement Programs, in writing, at jjzimmermann@tamus.edu. RESPONDENT may not contact other individuals at TAMUS to discuss any aspect of this RFP, unless expressly authorized by the Procurement Office to do so. Questions regarding the RFP, including questions for more data or information beyond that included in this RFP and attachment, should be presented in writing. **Deadline for submission of questions is by 2:00 P.M. April 25, 2016.** TAMUS will publish all questions with responses according to the schedule in Section 2.1.

- ✓ Signed Execution of Offer (Exhibit A)
- ✓ Non-Collusion Affidavit (Exhibit B)
- ✓ Section 3, all requested information must be provided and all requirements must be met

- All electronic copies must either be in Microsoft Office software or Adobe Portable Document Format (PDF). All image files must be in one of the following formats: .jpg, .gif, .bmp, or .tif and submitted on a CDROM or USB thumb drive. We prefer image files to already be inserted as part of a document such as a PDF. Individual image files on the electronic media must be clearly named and referenced in your proposal response. The RESPONDENT'S name and "RFP01 SOBA-16-015 Shredding Services" should be noted on each electronic copy.
- **NOTE:** The original signature on the ONE (1) hard copy will serve as the official signature of record for all electronic copies. The proposal must be manually signed by a person with authority to bind the firm under a contract.
- Submittal response package (envelope/box/carton) must indicate on the lower left-hand corner the respondent's company name, address and the RFP number "RFP01 SOBA-16-015 Shredding Services" and opening date.
- Submittals are to be submitted as a booklet or in notebook form with appropriate indices correlating with the sections of this RFP. Each submittal should be prepared simply and economically, providing a straightforward concise description of the RESPONDENT's service, approach and ability to meet TAMUS' needs as stated in this RFP. Schedules and Exhibits must be clearly identified and defined. **Proposers are instructed to respond using the same Section numbers and titles as closely as possible in order to expedite analysis and comparison of proposals received.**

2.5 Inquiries and Interpretations

Responses to inquiries which directly affect an interpretation or change to this RFP will be issued in writing by addendum (amendment) and posted to the Electronic State Business Daily (ESBD). It is the responsibility of the RESPONDENT to check the ESBD for any and all addenda issued for this RFP. All such addenda issued by TAMUS prior to the time that proposals are received shall be considered part of the RFP, and the RESPONDENT shall consider and acknowledge receipt of such in their proposal.

Only those TAMUS replied to inquiries which are made by formal written addenda shall be binding. Oral and other interpretations or clarification will be without legal effect.

2.6 Selection Process

TAMUS will base its choice on demonstrated competence, knowledge, and qualifications and on the reasonableness of the proposed fee for the related services; and if other considerations are equal, give preference to a RESPONDENT whose principal place of business is in the state or who will manage the contract wholly from an office in the state.

The RESPONDENT selected will be the one who's experience and qualifications, as presented in response to this RFP, establish them, in the opinion of TAMUS, as well qualified and offering the greatest benefits, experience and value to TAMUS. TAMUS may cancel this RFP or reject proposals at any time prior to an award, and is not required to furnish a statement of the reasons why a particular proposal was not deemed to be the most advantageous. Should TAMUS determine in its sole discretion that only one RESPONDENT is fully qualified, or that one RESPONDENT is clearly more highly qualified than the others under consideration, a contract may be negotiated and executed with that RESPONDENT. The contract will be an agreement incorporating by reference all the requirements, terms and conditions of the solicitation and the RESPONDENT's proposal as negotiated.

Submission of proposals indicates RESPONDENT's acceptance of the evaluation techniques and the recognition that subjective judgments must be made by TAMUS during the evaluation process.

The selection of the successful proposal may be made by TAMUS on the basis of the proposals initially submitted, without discussion, clarification, or modification. In the alternative, selection of the successful proposal may be made by TAMUS on the basis of negotiation with any of the RESPONDENTS. TAMUS shall

not disclose any information derived from the proposals submitted by competing RESPONDENTS in conducting such discussions.

All proposals must be complete and convey all of the information requested to be considered responsive. If a proposal fails to conform to the essential requirements of the RFP, TAMUS alone will determine whether the variance is significant enough to consider the proposal susceptible to being made acceptable, and therefore a candidate for further consideration, or not susceptible and therefore not considered for award.

TAMUS reserves the right to check references prior to award. Any negative responses received may be grounds for disqualification of the proposal.

TAMUS reserves the right to accept or reject any or all offers, to waive informalities and technicalities, to accept the offer considered most advantageous, and/or to make the award to the most responsive RESPONDENT.

2.7 Public Information Act

- (a) RESPONDENT acknowledges that TAMUS is obligated to strictly comply with the Public Information Act, Chapter 552, *Texas Government Code*, in responding to any request for public information pertaining to any resultant agreement, as well as any other disclosure of information required by applicable Texas law.
- (b) Upon a TAMUS written request, RESPONDENT will provide specified public information exchanged or created under any resultant agreement that is not otherwise excepted from disclosure under chapter 552, *Texas Government Code*, to TAMUS in a non-proprietary format acceptable to TAMUS. As used in this provision, “public information” has the meaning assigned Section 552.002, *Texas Government Code*, but only includes information to which TAMUS has a right of access.
- (c) RESPONDENT acknowledges that TAMUS may be required to post a copy of the any resultant fully executed Agreement on its Internet website in compliance with Section 2261.253(a)(1), *Texas Government Code*.

2.8 The Texas A&M University System HUB Policy

It is the policy of TAMUS to encourage the use of Historically Underutilized Businesses (HUBs) in our prime contracts, subcontractors, and purchasing transactions. The goal of the HUB program is to promote equal access and equal opportunity in TAMUS contracting and purchasing.

HUB Subcontracting Plan (Required if Subcontractors will be used during Services):

Subcontracting opportunities are NOT anticipated for this RFP and therefore a HUB Subcontracting Plan (HSP) is NOT required.

However, if a subcontractor will be used to provide any commodity or service as part of this scope, the Respondent WILL BE required to make a good faith effort and complete the State of Texas HUB Subcontracting Plan found at the following site: <http://www.tamus.edu/business/facilities-planning-construction/forms-guidelines-wage-rates/>.

In the event that you determine you will be using a subcontractor, please contact Mr. Jeff Zimmermann from TAMUS’s HUB Program at (979) 458-6410 or zimmermann@tamus.edu for assistance in determining available HUB subcontractors and proper completion of the HSP. Respondents have the opportunity to submit a draft of the HSP prior to submittal of their response to the RFP for review by Mr. Zimmermann.
