Prairie View A&M University

Academic Programs and Faculty

80.02 Faculty Workload and Reporting Requirements **August 28, 2003**

---

1. Introduction

Faculty workload and class enrollment requirements must be maintained at levels sufficient to contain the normal costs of instruction within the Texas Higher Education Coordinating Board (THECB) formula funding guidelines. While some variability among individual cases will be necessary and unavoidable, the overall result must respond to control. These procedures are established to maintain that control and to monitor its effects. Responsibility for these administrative functions resides in the Office for Academic and Student Affairs.

2. Faculty Workload Requirements

2.1 Full-time faculty members are expected to perform the full range of commonly accepted professional duties related to enhancement of the University's academic programs. Such professional duties include teaching, basic and applied research and other creative and scholarly activities, student advisement and counseling, course and curriculum development, professional development, and service to the University, local community, state and nation.

2.2 Approval for a full-time faculty member to accept outside employment or consulting must be requested by using a *Faculty Consulting and Outside Employment Application and Approval* form.

3. Workload Definitions

3.1 Teaching Load Credits

These are credits assigned for teaching resident-credit courses. Credits are reported for persons physically conducting the course. Credits are calculated by applying the values by type of instruction to the courses taught by the faculty member. A laboratory section taught by a Graduate Assistant - Teaching (GAT) should be assigned to the GAT, even though this individual is supervised by a faculty member.

3.2 Teaching Equivalent Credits

These are credits assigned for academic duties performed outside the classroom that enhance the teaching/learning process and are funded from faculty salaries. These credits may only be assigned to faculty members and GATs engaged in the defined activities.

3.3 Total Teaching Workload Credit

This is the sum of the teaching load credits and the teaching equivalent credits.

4. Minimum Workload Requirement

4.1 The total full-time (100%) workload effort required of all tenured and tenure-tract University faculty members paid from faculty salary funds shall include 12 (15 in some cases) workload credit hours of organized instructional activity or its equivalent in approved teaching load credits. As provided for in TAMUS Policy 12.02, Section 2 faculty who teach more than is required during a semester may receive credit for it by having their regular workload reduced by the amount of workload credits carried as an overload in the prior semester. At Prairie View A&M University this shall apply to regular tenured and tenure track faculty. In exceptional cases, a regular faculty member may be compensated for workload credits exceeding the normal or standard effort. The department head and dean must recommend approval to the Provost and Senior Vice President for Academic and Student Affairs who must approve the compensated overloads after reviewing them with the Senior Vice President for Finance and Administration.

The full-time (100%) workload effort required of non-tenure track, temporary faculty may range from 12-15 credit hours. There will be no overload compensation in the form of reduced loads in future Fall and Spring semesters or additional salary. Non-tenure track faculty teaching clinical or performance-based courses (e.g., music, nursing) will have full-time workloads not to exceed 12 credit hours. For exceptions to the 12-workload hours see: Section XIL. Prairie View A&M University: Faculty Salaries, Benefits, Development and Rewards. B. Faculty Overload Compensation and Future Release Time Guidance. For doctoral program faculty, compliance with the 12-hour minimum faculty workload requirement may be met if 6 SCH direct teaching credits (adjusted to 8 workload credits using the 7.1 table) are combined with 4 teaching equivalent credits. The latter shall include such assignments as active research, student advisement, program coordination, dissertation committee assignments, and course development. Note: For a full-time Graduate Assistant Teaching (GAT) appointment (50% assignment), the minimum workload is 3 teaching credits. Even though the student workload is considered as 50% for 3 teaching credits in student workload hours, it is reported to the Texas Higher Education Coordinating Board as 25% of the 12-hour workload required of faculty. Teaching equivalent credit may be given for teaching-related activities performed by the student for an additional 25%.

4.2 Tenured and tenure-track faculty members bear responsibility for the quality and continuity of the instructional program as well as the full range of duties auxiliary to and supportive of the instructional role. Persons employed in tenure track probationary appointment must observe the full-time faculty workload requirement and teach a minimum of six workload hours of undergraduate or graduate course work in order to earn credit toward tenure.

4.3 Temporary and/or part-time faculty are accountable for high quality performance in a specific and limited instructional assignment and shall be paid for their services as a proportion of the total full-time (12 SCH) workload effort requirement.

5. Responsibility for Monitoring Workload

5.1 The department head is responsible for assigning and monitoring the workload of faculty within his/her department to insure individual compliance with the workload requirement. The department

head will insure that other academic duties are assigned equitably within the department.

5.2 The department head will notify the college dean by memorandum of all faculty members who are not in compliance with the workload requirement. The dean then notifies the Provost and Senior Vice President for Academic and Student Affairs in writing of all faculty members out of compliance and the reason, justification, and steps being taken to bring faculty members into compliance. A copy should be sent to the Office of Institutional Effectiveness and Analysis for reporting purposes. All faculty members out of compliance are reported on the faculty workload at their regular salaries (even if receiving a reduced salary during that time per Coordinating Board reporting regulations).

5.3 The department head must report all faculty workloads to the college dean, who must report these workloads to the Vice President for Academic Affairs.

6. Implementation of Workload

6.1 Undergraduate and Graduate Instruction

6.1.1 For purposes of workload accounting, one semester credit hour is ordinarily the equivalent of one lecture hour per week. In some cases, however, the contact hour equivalent may vary from one to three or more per semester credit hour, depending upon the nature of the required instructional activity.

6.1.2 Additional credit is given to faculty for graduate teaching versus undergraduate teaching based upon the following table:

Faculty	**Teaching Level**	**Teaching Load Credits Per Semester Credit Hour**
Full-time	Undergraduate Graduate	1.0 1.33
Part-time	Undergraduate Graduate	1.0 1.25

6.2 Adjustments to Minimum Teaching Load Requirements

The minimum teaching load requirements prescribed above refer to “normal” classroom teaching as referred to in State and System policy. Adjustments to the minimum teaching load requirements based on the other-than-normal teaching situations are described below.

6.2.1 Variable Teaching Load Credits

Variable teaching load credits are designed to adjust for uniquely prescribed teaching situations requiring greater or lesser intensity of commitments in instructional time and effort than are encountered in “normal” lecture-type classroom instruction. Adjustments are computed by the use of

weighing factors in conjunction with the semester credit hour (SCH) value of the course, the course contact hours, and/or the number of students enrolled in course (ENR) to construct an approved weighting formula.

6.2.2 Minimum Enrollment Standards

The current minimum enrollment standards are:

a. Organized Undergraduate Classes - 15 students
b. Organized Graduate Classes - 10 students

Exceptions to these minimum standards must be recommended by the Provost and Senior Vice President for Academic and Student Affairs and approved by the President.

7. Instructional Types and Weighting Formulas

Instructional types and approved weighting formulas are explained and listed below as they apply to the Minimum Teaching Load Requirement. The term “Course Credit Hours” refers to the semester credit hour value of each course, normally identified by the final digit in the course number.

7.1 Direct Instructional Activities (Appointment Code 01)

The following types of instructional activity are authorized by the University for assignment of state funds for faculty salaries.

Instructional Type	Code	Abbrev.	Teaching Load Credits Formula
Lecture	1	LEC	SCH
Laboratory	2	LAB	Contact Hours X 0.5
Practicum	3	PRA	(ENR X SCH)/12
Large Practicum 13+ Students	3	LPR	SCH
Seminar	4	SEM	SCH
Independent Study	5	IND	(ENR X SCH)/15
Private Lesson	6	PRL	Contact Hours X 0.5

Group TV Instruction1	1 or 2	TEI	SCH
Thesis (Chair)	8	THE	(ENR X SCH)/6
Doctoral Dissertation (Chair)	9	DIS	(ENR X SCH)/3
Lecture – Laboratory	1 or 2	LCL	Lec Hrs + (Lab Contact Hours X 0.5)
Intensive Practicum (Nursing, Med. Tech.)	3	IPR	SCH X 2.0
Intensive Laboratory (HUPF)	2	ILB	SCH
Group Music Instruction	2	GMU	SCH X 0.5
Overload 51+ Students	-	OVL	SCH X 1.332
Graduate Level Course	-	GRD	SCH X 1.332
Web/Distance/Electronic Classes (except TTVN)	-	DIS	Normally based on course type (lec, etc.) see above weights. If same faculty is teaching the same course as both on campus and off campus as the same section (web, Distance, Electronic), then workload credit is only applied for the on campus portion. If taught as separate sections or as off campus only, then workload credit may be given for each section if justified by Dean and approved by VPAA.

[1]Multiple televised sections of the same course shall earn workload credit only for the originating course section.
[2]Part-time faculty = 1.25. Note: Instructors of organized classes that are team-taught will proportionately share the workload credits allowed for those classes in accordance with their distribution of responsibilities.

7.2 Administrative Assignments (Appointment Code 02)

In accordance with State and System policies and regulations, Teaching Equivalent Credits (TECs) will be granted for the performance of certain specified "academic duties necessary to the conduct of the institution's teaching program," thereby reducing the actual teaching load, but maintaining the minimum teaching load credit requirement.

7.2.1 Upon recommendation by the applicable department head, dean and Provost and Senior Vice President for Academic and Student Affairs, the President may approve the assignment of TECs to faculty paid full-time from State funds for the following activities:

Activity	Abbrev.	Dept. Limits
Department Head	DPHD	Not > 6
Program or Level Coordinator	PGCD	Not > 3
Program or Curriculum Development	CUDV	Not > 3
Department Funded Research Activity	DBAR	Not > 3
Thesis or Dissertation Chair	THEC	Not > 3
Thesis or Dissertation Committee Member	THEC	Not > 1

7.2.2 Program or Curriculum Development TECs

Program or Curriculum Development TECs are for development of new courses, programs, or curricula that will have a long-range benefit for the university. This type of TEC also applies to faculty members who are sent for training to acquire skills that will develop the background to start to develop new courses, programs or curricula. When training requires part of a day and the faculty member has the opportunity to teach classes, this TEC will provide the proper workload adjustment. Program or Curriculum Development TECs may be granted only if a memorandum of agreement between the

faculty member and department head is submitted to the dean by the beginning of the applicable semester. A progress report on the activity must be submitted to the dean at the end of the semester.

8. Reducing Teaching Load Requirements

8.1 The minimum teaching load requirement may be reduced by the purchase of release time with funds from sources other that resident instruction (e.g. research grants and contracts, appropriated funds for general administration and student services, etc.). In all such cases, the proportion of salary paid from other sources will be deducted from the minimum teaching load requirement and acknowledged in the faculty workload reporting process.

8.2 Appointment Codes for Elements of Cost to the State Other Than Faculty Salaries

Code	Activity	Description
11	Academic Support	Academic deans and directors; librarian
12	Research	Organized basic/applied research externally funded by grants, contracts, etc. Note: Department research funded from state sources including OCR funds is reported as part of appointment code *02—teaching related.*
13	Institutional Support	Public Service, Student Services, Institutional Support, Operation & Maintenance of Plant, Auxiliary Enterprise Operations. Includes activities associated with admissions, records, financial aid, student affairs, executive direction and control, business and fiscal management, personnel, administrative computing, campus security, purchasing and intercollegiate athletics.

9. Faculty Workload Compliance Reporting

9.1 The Workload Compliance Report is generated from SIS+. This report includes all persons with faculty rank (teaching or not) and all administrators, staff and GATs teaching courses. It includes, but is not limited to the following information:

1. Faculty Name, Title, and Appointment Identification Code

2. Social Security Number
3. Academic Rank and Tenure Status
4. Percent of Effort Teaching and Other Duties
5. Salary from all Sources (by account number)

CBM Code	**Rank**	**THECB Definition**
1	Professor	Include only tenured and tenure track faculty.
2	Associate Professor	Include only tenured and tenure track faculty.
3	Assistant Professor	Include only tenured and tenure track faculty.
4	Instructor	Include only tenured and tenure track faculty who do not hold the rank of Professor, Associate Professor, and Assistant Professor.
5	Other Faculty	Includes faculty without tenure and not on tenure track including but not limited to adjunct, special, visiting, emeritus, and lecturer.
6	Teaching Assistant	A graduate student who is teaching and/or assists a faculty member in teaching a class or lab. Exclude those serving as graders or who are included in one of the other ranks.

6. Tenure

CBM Code	Tenure Code	**THECB** Description
1	T	Tenured at PVAMU.

2	TT	Tenure Track at PVAMU.
0	NTT	Not tenure eligible at PVAMU.
Extended Tenure Codes for Non-tenure eligible faculty (impacts funding)		
3	NTT	Non-tenured, terminal degree in discipline for course being taught: all instructors with a doctoral or other terminal degree in the discipline, including adjunct professors, visiting professors, lecturers, senior lecturers, and clinical professors.
4	NTT	Non-tenured, appropriate professional certification for course being taught: part-time faculty with a doctoral or other terminal degree and combined full-time employment comparable to that of other scholars in the field. This would include individuals who hold research or clinical appointments in other organizations, and faculty who teach for another institution, especially a faculty member who teaches a cooperative or partnership program.
5	NTT	Non-tenured, extensive and recognized accomplishments in field for course being taught: instructors with five or more years of continuous full-time appointments or experience in teaching positions and a master's degree in the field (i.e., career teachers holding positions such as lecturer, senior lecturer or instructional specialist). All others include part-time appointees with or without a doctoral degree but with otherwise demonstrable capability to teach the course for which they are assigned. Examples of this category are artists teaching art, CPA's teaching accounting, lawyers teaching business law, senior public officials teaching public affairs or appropriate government courses, practicing professional engineers teaching certain engineering courses, corporate CEO's teaching certain business courses, or nurses teaching clinical practices,

		and other licensed professionals.

7. Length of Contract - e.g. 9-month, 12-month, single semester.
8. Percent Effort - e.g. full- or part-time; if part-time, indicate percent.
9. Semester Salary - semester salary broken down by source of funding.
10. Source of Funding - account number for each funding source.
11. Appointment Codes - see Section 7.
12. Percent of Time - e.g. 3 hours = 25%, 12 hours = 100%.
13. Teaching load credits - see Section 7.1.
14. Teaching equivalent credits - see Section 7.2.
15. Total teaching credits - total of 13 and 14.
16. Contracted Workload - Identify the contracted workload for each faculty as on record in the budget for the current reporting semester.
17. Compliance - If column 15 is less than column 16, the person is out of compliance.
18. Faculty status - e.g. overload, sick leave, new faculty, retired, or terminated.

9.2 Departments are required to review the data provided in the report and complete the workload calculations. Faculty members whose classroom teaching credit is equal to or greater than the “credit required for compliance” have met the minimum teaching load requirement. Faculty members teaching less than the “credit required for compliance” have not met the minimum teaching load requirement and may be assigned Teaching Equivalent Credits (see Section 7.2 for more information), provided they are performing such activities.

9.3 The completed Workload Compliance Reports must be submitted to the Office of Institutional Effectiveness, Research and Analysis for review and entry of final changes into SIS+.

9.4 The final Workload Compliance Reports are approved by the Provost and Senior Vice President for Academic and Student Affairs, and submitted to the Texas Higher Education Coordinating Board and The Texas A&M University System.

TARLETON STATE UNIVERSITY
Faculty Academic Workload Rules and Regulations

I. General Statement of Faculty Workload Requirement

The minimum faculty teaching workload at Tarleton State University is twelve contact hours per week with the exception of a nine hour load for faculty teaching only graduate courses. Reductions in the teaching workloads are made on a formula basis for faculty holding administrative positions and for other faculty members when on special assignment as approved through administrative channels to the president. Special assignments may include research. Teaching load is derived only from Codes 01 and 02 for The Texas A&M System Report A and the Texas Higher Education Coordinating Board CBM 08 report. Codes 03 and 05 support faculty evaluation as may be required for annual activity, reports, merit, promotion, or other purposes, not Report A or CBM 08.

Additional credit is assigned for situations such as teaching large classes, teaching graduate classes, advising students, committee work, professional development, etc. The credit is assigned according to formulas (See Section IV.C.).

II. Faculty Appointment Codes

A. Appointments funded from the faculty salaries element of cost

Code	Appointments
01	Direct instructional activities which include interaction with students related to instruction, preparation for such instruction, and evaluation of student performance. The various types of instruction include: lecture, laboratory, practicum, seminar, independent study, private lessons, alternative learning activities, thesis, and dissertation.
02	Administrative assignments which directly supplement the teaching function, such as heads of teaching departments, coordinator of special programs, or multi-section courses, etc.
03	Any other professional assignments which an institution considers to be directly related to the teaching function.
05	Overload (in excess of 100% employment)

B. Appointments funded from elements of cost other than faculty salaries

Code	Appointments
10	Extension and Public Service
11	Instructional Administration
12	Organized Research
13	General Administration and Student Services
14	General Institutional Expense
15	Library
16	Special Items
17	Any element of cost not listed above

C. Appointments funded from all other sources

Code	Appointments
20	Intercollegiate Athletics
21	Other Auxiliary Enterprises
22	Sponsored Projects
23	Any source not listed above

III. Minimum Academic Workload Requirements for Part-Time and Full-Time Faculty and Faculty with Administrative Assignments

	Teaching Credits 01	02
Department heads and academic deans To be assigned according to formula adopted 9-1-84 (See Section V.)		
Full-time faculty	12	
Part-time faculty	Prorated based on employment percentage	

These minimum loads are not construed to be maximums. In many cases budgetary and other considerations will dictate that they be higher. A system for defining, measuring, and evaluating duties above the minimum as a basis for equalizing loads and justifying salary recommendations and requests for faculty is found in Section IV.C.

Exceptions to the minimums may be granted by the appropriate Academic Dean, with approval of the Vice President, under the following circumstances:

(1) For one semester only, when a section is closed because of insufficient enrollment or other cogent reason.

(2) When the special nature of the course or courses brings limitations by accrediting agencies.

(3) When a special assignments to a faculty member of at least a semester's duration impose responsibility and/or time requirement equivalent to those of a Department Head.

IV. Instructions for completion of workload report

A. All loads calculated are to be exclusive of assignments to graduate assistants or undergraduate student assistants.

B. Teaching credits are to be calculated as follows: (Code 1):

1. Lecture hours--allow actual clock hour credit (hours theory abbreviated HR.TH. on faculty load)

2. Laboratory hours--allow credit for 75% of clock hours (hours practice abbreviated HR.PR. on faculty load.

3. Problems, practicums, and variable credit seminars handled like problems--allow credit as follows:

Teaching credit = Total student credit hours/3 (TOTAL CR.HR.)
A maximum of 3 teaching credits can be earned by this method (per course).

4. Seminars handled on a regular classroom basis-allow actual clock hour credit as in (1).

5. Supervision of practice teachers and students in professional practice courses (includes some field placement)--allow credit on the basis of one hour for every two students supervised:

   Teaching credit = No. of student in course/2

6. Research credit as assigned

C. Symbols and weight for work load elements other than current classroom teaching

(These weights are to be used only for defining work loads above the minimum and are not part of the minimum teaching credit.)

Class-Related Student Contact - Code 03

Function	Symbol	Number of Students	Teaching Credit
Department graduate student advisor	S_1	10 - 20	1
		21 - 40	2
		over 40	3

Special Teaching Situation - Code 03

Situation	Symbol	Teaching Credit
Two or more large lecture classes (100 students or more)	T_2	Not over 3
Graduate Courses on Campus	T_3*	add 1/4 for each credit hour taught
Undergraduate Courses Off-Campus	T_4	add 1/4 for each credit hour taught
Graduate Courses Off-Campus	T_5*	add 1/4 for each credit hour taught
Graduate Courses Taught by Faculty teaching only Graduate Courses	T_6*	add 1/3 for each credit hour taught

*If T_6 is used, neither T_3 nor T_5 is used.

Specific Teaching Program Development Assignments - Code 03
(approved by Dean)

Situation	Symbol	Teaching Credit
New course preparation	P_1	
Curriculum revision or development	P_2	
Development of teaching methods & classroom or laboratory material	P_3	not over 3 for any item & not over 3 as the sum of all items in this category
Teaching-related research assigned by the Dept. Head or Dean	P_4	

Basic and Applied Research - Code 03

Function	Symbol	Teaching Credit
Time spent on basic or applied research	R_1	not over 6, must be approved by Dept. Head, Dean, and VPAA

Professional Development - Code 03

Function	Symbol	Teaching Credit
Time spent on Professional Development	D_1	not over 3, must be approved by Dept. Head, Dean, and VPAA

Other Explanation - Code 03

Situation	Symbol	Teaching Credit
Other Explanation (to be accompanied by memo to the appropriate Dean)	O_1	(as approved by Dept. Head, Dean, and VPAA)

On the list of credits given for 02 and 03 items, give specific items for which credit is being given, along with the symbol, etc.

Example:

Dr. Smart	03	T_5	Graduate off-campus courses Waco, 1.5 hrs.
	03	E_1	Major advisor, Silver Keys, 1 hr.
	03	S_2	Undergraduate Advisor, 30 students, 1 hr.

V. Formula for Release Time for Department Heads

A. General statement

The assignment of release time to a given department head is based on the accumulation of points. The points are based on six categories: Majors, SCH, Programs, FTFE, Staff and Department Operating Budget. For each category the data is obtained from appropriate sources and points assigned. The categories of Majors, SCH and FTFE are weighted double and a total obtained for each department head. The release time is based on the resultant total number of points.

B. Data description

1. Majors: The number of majors is for the fall semester and is recorded separately as undergraduate and graduate.

2. SCH: The number of semester credit hours is for the fall semester and is recorded separately as undergraduate and graduate.

3. Program: This is the "official" number of programs as listed in the current TSU Bulletin. It includes all disciplines within each degree, including the BAAS degree. Graduate and undergraduate programs are recorded separately.

4. FTFE: Full Time Faculty Equivalents is for the fall semester and is not separated into undergraduate and graduate faculty.

5. Staff: This is a count of the number of non-faculty support staff reporting directly to the respective department head. It does not include staff who report to a director, etc., who, in turn, reports to a department head.

6. Department Operating Budget: This is the sum of the categories of Wages, Capital Outlay and Other Expenses that are directly managed by the department head. It does not include budgets of directors, etc., who report to the department head.

C. Point Ranges

Point ranges are derived by listing departmental totals for each category in a vertical relative column, and selecting "natural breaks" that suggest reasonable divisions of administrative load into four ranges. The four ranges are then assigned points of 0, 1, 2, or 3. The current point ranges are as follows:

Point Range for Four Point Scale (5/23/84)

Category	0 pt	1 pt	2pts	3 pts
UGD MAJ	0-9[1]	10-150	151-400	401-1000
GD MAJ	0-4[2]	5-40	41-100	101-250
UGD SCH	0-149	150-3000	3001-6000	6001-10000
GD SCH	0-14	15-200	201-800	801-1500
UGD PGM	1	2-4	5-8	9-12
GD PGM	0	1	2-3	4-6
FTFE	0-0.49	0.50-8.0	8.1-16.0	16.1-24.0
STAFF	-3	0-2.0	2.1-4.0	4.1-8.0
DEPT OP	0-4999	5000-15000	15001-30000	30001-45000

[1]A minimum of 10 students is required for an undergraduate class.

[2]A minimum of 5 students is required for a graduate class

[3]There is no "0 points" category for staff, since having no support staff would result in additional work for the department head.

D. Department head load including release time

Total points are calculated for each department head using the formula:

[(MAJORS+SCH+FTFE)*2]÷[(PROGRAMS÷STAFF÷DEPT OP)*1]=TOTAL POINTS

Release time is then determined as appropriate to place approximately one-third of the department heads into each of the categories below:

Department Head Load Including Release Time (5/23/84)

Category	Total Points	Dept. Head Load
Top	25-up	12 Equiv. Contact Hrs./9 Mo.
Middle	19-24	15 Equiv. Contact Hrs./9 Mo.
Bottom	0-18	18 Equiv. Contact Hrs./9 Mo.

TEXAS A&M INTERNATIONAL UNIVERSITY

FACULTY WORKLOAD POLICY

MINIMUM WORKLOAD REQUIREMENT-

Normally, a faculty member is expected to carry a teaching load of 12 hours per week or its equivalent. Faculty members must be available on campus or other designated places of assignment for an additional twenty-five hours per week for conferences with students, preparation of assignments, grading papers, engaging in research activities, and performance of other duties. In addition, faculty members are expected to assist with programs and activities that serve the best interests of students and the University.

WHO MUST BE REPORTED-

An entry must be made on the Faculty Workload Compliance Report for each person who (1) is assigned responsibility for teaching a course for resident credit (excludes extension, continuing education, and professional development courses); or (2) is paid any part of his/her salary from FACULTY SALARIES (see definition below).

Faculty Salaries- Salaries or wages of those engaged in the teaching function, including heads of teaching departments.

WORKLOAD DEFINITION-

Faculty members receive workload credit from two areas. Classroom Teaching Credit (assigned resident-credit course): to ensure report accuracy, each course should be assigned to the person physically conducting the course. Table 1 reflects the classroom credit by course type of instruction. Equivalent Teaching Credits: are academic duties performed outside the classroom that enhance the teaching/learning process and are funded from **FACULTY SALARIES.** These credits may only be assigned to faculty members engaged in the defined activities and who do not meet the minimum workload requirement. Once the minimum workload requirement has been met, no further assignment of equivalent credits is required, and departmental credit (B1 or B2 symbols) should be assigned to all departmental faculty engaged in this activity. The equivalent teaching credits are identified in Table 2.

TEXAS A&M INTERNATIONAL UNIVERSITY

SPECIAL CONDITIONS REGARDING COMPLIANCE

A. Payment of FACULTY SALARIES to exhaust accumulated leave time: Faculty members fall into this category if they terminate employment, become ill or die during any part of the year and the payment of salary to exhaust accumulated leave carries them into a fall or spring semester. These faculty members cannot be assigned teaching responsibilities and are not in compliance with the minimum workload requirement. The Division Chair must provide a written explanation of each faculty member not in compliance to the appropriate Dean.

B. Faculty who are unable to complete teaching assignment during a long semester: Faculty members fall into this category if they terminate employment, become ill or die during a long semester and their courses are reassigned to other faculty members in the school. The compliance status of the faculty member will be the same as their compliance status before the disabling condition or termination took place.

C. Faculty members not in compliance: The reason for any faculty member not being in compliance with the minimum teaching requirement must be explained. For regular faculty (those not covered by A or B above) who are not in compliance, the division head must initiate an appropriate form 500 to adjust the individual's teaching salary percentage.

RESPONSIBILITY FOR MONITORING WORKLOAD

The Dean is responsible for assigning and monitoring the workloads of faculty within his or her college to insure individual compliance with the workload requirement. He or she will also insure that other academic duties are assigned equitably within the college. The Dean will notify the Provost by memo of all faculty not in compliance. The Provost is responsible for verifying that faculty due is compliance with the guidelines.

The Associate Vice President and Academic Affairs will consolidate the reports from the various schools to generate the final Faculty Workload compliance Report and a list of faculty not in compliance with the minimum workload requirement. This report is provided to the President. The President is responsible for verifying institutional compliance with the minimum workload requirement and for reporting this information to the Board of Regents.

Board Approved Operating Budgets

Fiscal Year Ending August 31, 2013
