UNIVERSITY RULE

12.03.99.M1 Faculty Teaching Workload Reporting

Approved July 31, 2006
Supplements System Policy 12.03

1. GENERAL

Faculty workload reporting is required for any individual assigned to teach a course for resident credit, or any individual whose salary is paid in full or part from Faculty Salaries.

2. DEFINITION OF TERMS

2.1 FACULTY SALARIES

Faculty Salaries are defined as salaries or wages of those engaged in the teaching function. Those paid from faculty salaries include heads of teaching departments and faculty.

2.2 WORKLOAD DEFINITION

Individuals paid from faculty salaries receive faculty workload credit from two areas: Classroom Teaching Credit and Equivalent Teaching Credits.

2.2.1 Classroom Teaching Credit: Classroom Teaching Credits are generally assigned to resident-credit courses. To ensure accuracy in workload reporting, each course should be assigned to the person primarily responsible for course instruction. For team taught courses, the teaching credit may be proportioned to the faculty members teaching the course.

2.2.2 Equivalent Teaching Credits: Certain non-classroom academic duties performed by faculty that enhance the teaching/learning process may be funded from Faculty Salaries. Equivalent teaching credits may be assigned for these duties. Once the faculty member is in compliance, no further assignment or equivalent credits is required. The listing of allowable equivalent teaching credits for direct instructional or administrative activities is included in the "Faculty Workload Policy Statement – Texas A&M University" which is available at:
http://www.tamu.edu/opir/workload_policy.pdf.

3. MINIMUM WORKLOAD REQUIREMENT

3.1 The minimum workload requirement for faculty members paid 100% from Faculty Salaries is nine (9) teaching credits, counting classroom and equivalent teaching credits.

3.2 For Graduate Assistant appointments that are reported in the faculty workload report the minimum workload standard is set by the academic unit reporting the workload.

3.3 For faculty members with less than full-time appointments, the minimum workload standard is proportionately less.

4. REPORTING

Every semester each academic department must prepare a Faculty Workload Compliance Report. The report must include each individual who:

4.1 is primarily responsible for course instruction for resident credit; or

4.2 is paid any part of his or her salary from FACULTY SALARIES (see definition above).

5. SPECIAL CONDITIONS REGARDING COMPLIANCE

5.1 **Payment of FACULTY SALARIES to exhaust accumulated leave time:** Faculty members fall into this category if they terminate employment, become ill, or die during any part of the year and the payment of salary to exhaust accumulated leave carries them into a fall or spring semester. These faculty members cannot be assigned teaching responsibilities and therefore cannot be in compliance with the minimum workload requirement. The department head must provide a written explanation to the dean of the college for each faculty member not in compliance.

5.2 **Faculty who are unable to complete teaching assignment during a long semester:** Faculty members fall into this category if they terminate employment, become ill, or die during a long semester and their courses are reassigned to other faculty members in the department. The compliance status of the faculty member will be the same as their compliance status before the disabling condition or termination took place.

5.3 **Other reason for non-compliance:** Occasionally faculty members may be non-compliant for reasons not covered in 5.1 or 5.2 above. For example, a faculty member may have been placed on administrative leave

or there may have been another circumstance that prevents a faculty member from teaching courses in a given semester.

5.4 **Faculty members not in compliance:** The reason for any faculty member not being in compliance with the minimum teaching requirement must be explained. For regular faculty (those not covered by 5.1 or 5.2 above) who are not in compliance, the department head must initiate an appropriate Employee Payroll Action Form to adjust the individual's teaching salary percentage.

6. RESPONSIBILITY FOR MONITORING WORKLOAD

6.1 Department Head

6.1.1 Assigns and monitors the workloads of individuals within his or her department to ensure compliance with the workload requirement

6.1.2 Approves equivalent teaching credits based on direct instruction or administrative activities as listed in the "Faculty Workload Policy Statement – Texas A&M University" (http://www.tamu.edu/opir/workload_policy.pdf.)

6.1.3 Ensures that other academic duties are assigned equitably within the department.

6.1.4 Provides notice to the college dean of all faculty members not in compliance.

6.2 College Dean

The college dean is responsible for monitoring the workload of individual faculty in his or her college as reported by the department head.

6.3 University Administration

The Office of Institutional Studies and Planning (OISP) will consolidate the reports from the colleges to generate the final Faculty Workload Compliance Report and shall prepare a list of faculty not in compliance with the minimum workload requirement. This report shall be sent to the Executive Vice President and Provost for review and approval prior to submission to the President.

The President is responsible for verifying institutional compliance with the minimum workload requirement and for reporting this information through the Chancellor, to the Board of Regents.

7. INSTRUCTIONS FOR COMPLETING FACULTY WORKLOAD COMPLIANCE REPORT

Each department head and dean will be notified by the OISP when the Faculty Workload Report has been placed on the web for updating and correcting.

OFFICE OF RESPONSIBILITY: Dean of Faculties

TEXAS A&M
UNIVERSITY at GALVESTON

Board Approved

UNIVERSITY RULE

12.03.99.M1 Faculty Teaching Workload Reporting

Approved July 31, 2006
Supplements System Policy 12.03

1. GENERAL

Faculty workload reporting is required for any individual assigned to teach a course for resident credit, or any individual whose salary is paid in full or part from Faculty Salaries.

2. DEFINITION OF TERMS

2.1 FACULTY SALARIES

Faculty Salaries are defined as salaries or wages of those engaged in the teaching function. Those paid from faculty salaries include heads of teaching departments and faculty.

2.2 WORKLOAD DEFINITION

Individuals paid from faculty salaries receive faculty workload credit from two areas: Classroom Teaching Credit and Equivalent Teaching Credits.

2.2.1 Classroom Teaching Credit: Classroom Teaching Credits are generally assigned to resident-credit courses. To ensure accuracy in workload reporting, each course should be assigned to the person primarily responsible for course instruction. For team taught courses, the teaching credit may be proportioned to the faculty members teaching the course.

2.2.2 Equivalent Teaching Credits: Certain non-classroom academic duties performed by faculty that enhance the teaching/learning process may be funded from Faculty Salaries. Equivalent teaching credits may be assigned for these duties. Once the faculty member is in compliance, no further assignment or equivalent credits is required. The listing of allowable equivalent teaching credits for direct instructional or administrative activities is included in the "Faculty Workload Policy Statement – Texas A&M University" which is available at:
http://www.tamu.edu/opir/workload_policy.pdf.

3. MINIMUM WORKLOAD REQUIREMENT

3.1 The minimum workload requirement for faculty members paid 100% from Faculty Salaries is nine (9) teaching credits, counting classroom and equivalent teaching credits.

3.2 For Graduate Assistant appointments that are reported in the faculty workload report the minimum workload standard is set by the academic unit reporting the workload.

3.3 For faculty members with less than full-time appointments, the minimum workload standard is proportionately less.

4. REPORTING

Every semester each academic department must prepare a Faculty Workload Compliance Report. The report must include each individual who:

4.1 is primarily responsible for course instruction for resident credit; or

4.2 is paid any part of his or her salary from FACULTY SALARIES (see definition above).

5. SPECIAL CONDITIONS REGARDING COMPLIANCE

5.1 **Payment of FACULTY SALARIES to exhaust accumulated leave time:** Faculty members fall into this category if they terminate employment, become ill, or die during any part of the year and the payment of salary to exhaust accumulated leave carries them into a fall or spring semester. These faculty members cannot be assigned teaching responsibilities and therefore cannot be in compliance with the minimum workload requirement. The department head must provide a written explanation to the dean of the college for each faculty member not in compliance.

5.2 **Faculty who are unable to complete teaching assignment during a long semester:** Faculty members fall into this category if they terminate employment, become ill, or die during a long semester and their courses are reassigned to other faculty members in the department. The compliance status of the faculty member will be the same as their compliance status before the disabling condition or termination took place.

5.3 **Other reason for non-compliance:** Occasionally faculty members may be non-compliant for reasons not covered in 5.1 or 5.2 above. For example, a faculty member may have been placed on administrative leave

or there may have been another circumstance that prevents a faculty member from teaching courses in a given semester.

5.4 **Faculty members not in compliance:** The reason for any faculty member not being in compliance with the minimum teaching requirement must be explained. For regular faculty (those not covered by 5.1 or 5.2 above) who are not in compliance, the department head must initiate an appropriate Employee Payroll Action Form to adjust the individual's teaching salary percentage.

6. RESPONSIBILITY FOR MONITORING WORKLOAD

6.1 Department Head

6.1.1 Assigns and monitors the workloads of individuals within his or her department to ensure compliance with the workload requirement

6.1.2 Approves equivalent teaching credits based on direct instruction or administrative activities as listed in the "Faculty Workload Policy Statement – Texas A&M University" (http://www.tamu.edu/opir/workload_policy.pdf.)

6.1.3 Ensures that other academic duties are assigned equitably within the department.

6.1.4 Provides notice to the college dean of all faculty members not in compliance.

6.2 College Dean

The college dean is responsible for monitoring the workload of individual faculty in his or her college as reported by the department head.

6.3 University Administration

The Office of Institutional Studies and Planning (OISP) will consolidate the reports from the colleges to generate the final Faculty Workload Compliance Report and shall prepare a list of faculty not in compliance with the minimum workload requirement. This report shall be sent to the Executive Vice President and Provost for review and approval prior to submission to the President.

The President is responsible for verifying institutional compliance with the minimum workload requirement and for reporting this information through the Chancellor, to the Board of Regents.

7. INSTRUCTIONS FOR COMPLETING FACULTY WORKLOAD COMPLIANCE REPORT

Each department head and dean will be notified by the OISP when the Faculty Workload Report has been placed on the web for updating and correcting.

OFFICE OF RESPONSIBILITY: Dean of Faculties

Board Approved Operating Budgets

Fiscal Year Ending August 31, 2013

Revised 11/12/04

TARLETON STATE UNIVERSITY
Faculty Academic Workload Rules and Regulations

I. General Statement of Faculty Workload Requirement

The minimum faculty teaching workload at Tarleton State University is twelve contact hours per week with the exception of a nine hour load for faculty teaching only graduate courses. Reductions in the teaching workloads are made on a formula basis for faculty holding administrative positions and for other faculty members when on special assignment as approved through administrative channels to the president. Special assignments may include research. Teaching load is derived only from Codes 01 and 02 for The Texas A&M System Report A and the Texas Higher Education Coordinating Board CBM 08 report. Codes 03 and 05 support faculty evaluation as may be required for annual activity, reports, merit, promotion, or other purposes, not Report A or CBM 08.

Additional credit is assigned for situations such as teaching large classes, teaching graduate classes, advising students, committee work, professional development, etc. The credit is assigned according to formulas (See Section IV.C.).

II. Faculty Appointment Codes

A. Appointments funded from the faculty salaries element of cost

Code	Appointments
01	Direct instructional activities which include interaction with students related to instruction, preparation for such instruction, and evaluation of student performance. The various types of instruction include: lecture, laboratory, practicum, seminar, independent study, private lessons, alternative learning activities, thesis, and dissertation.
02	Administrative assignments which directly supplement the teaching function, such as heads of teaching departments, coordinator of special programs, or multi-section courses, etc.
03	Any other professional assignments which an institution considers to be directly related to the teaching function.
05	Overload (in excess of 100% employment)

B. Appointments funded from elements of cost other than faculty salaries

Code	Appointments
10	Extension and Public Service
11	Instructional Administration
12	Organized Research
13	General Administration and Student Services
14	General Institutional Expense
15	Library
16	Special Items
17	Any element of cost not listed above

C. Appointments funded from all other sources

Code	Appointments
20	Intercollegiate Athletics
21	Other Auxiliary Enterprises
22	Sponsored Projects
23	Any source not listed above

III. Minimum Academic Workload Requirements for Part-Time and Full-Time Faculty and Faculty with Administrative Assignments

	Teaching Credits 01	02
Department heads and academic deans To be assigned according to formula adopted 9-1-84 (See Section V.)		
Full-time faculty	12	
Part-time faculty	Prorated based on employment percentage	

These minimum loads are not construed to be maximums. In many cases budgetary and other considerations will dictate that they be higher. A system for defining, measuring, and evaluating duties above the minimum as a basis for equalizing loads and justifying salary recommendations and requests for faculty is found in Section IV.C.

Exceptions to the minimums may be granted by the appropriate Academic Dean, with approval of the Vice President, under the following circumstances:

(1) For one semester only, when a section is closed because of insufficient enrollment or other cogent reason.

(2) When the special nature of the course or courses brings limitations by accrediting agencies.

(3) When a special assignments to a faculty member of at least a semester's duration impose responsibility and/or time requirement equivalent to those of a Department Head.

IV. Instructions for completion of workload report

A. All loads calculated are to be exclusive of assignments to graduate assistants or undergraduate student assistants.

B. Teaching credits are to be calculated as follows: (Code 1):

1. Lecture hours--allow actual clock hour credit (hours theory abbreviated HR.TH. on faculty load)

2. Laboratory hours--allow credit for 75% of clock hours (hours practice abbreviated HR.PR. on faculty load.

3. Problems, practicums, and variable credit seminars handled like problems--allow credit as follows:

Teaching credit = Total student credit hours/3 (TOTAL CR.HR.)
A maximum of 3 teaching credits can be earned by this method (per course).

4. Seminars handled on a regular classroom basis-allow actual clock hour credit as in (1).

5. Supervision of practice teachers and students in professional practice courses (includes some field placement)--allow credit on the basis of one hour for every two students supervised:

   Teaching credit = No. of student in course/2

6. Research credit as assigned

C. Symbols and weight for work load elements other than current classroom teaching

(These weights are to be used only for defining work loads above the minimum and are not part of the minimum teaching credit.)

Class-Related Student Contact - Code 03

Function	Symbol	Number of Students	Teaching Credit
Department graduate student advisor	S_1	10 - 20	1
		21 - 40	2
		over 40	3
Department undergraduate student advisor	S_2	20 - 40	1
		41 - 60	2
		over 60	3

Graduate Supervision - Code 03

Function	Symbol	Number of Students	Teaching Credit
Chairman of Master's Committee	G_1	5 - 10	1
		11 - 20	2
		over 20	3

Administration - Code 02

Function	Symbol		Teaching Credit
Department Head	A_2		To be assigned by Dean with approval of Vice President Academic Affairs
		Number of Sections	
Multi-section course coordinator	A_3	6 - 12	1*
		13 - 14	2*
		over 24	3*
		Number of Committees	
Chairman, major college committee	A_5	1	1*
		2	2*
		over 2	3*

Extra-Curricular Student Contact - Code 03

Function	Symbol	Teaching Credit
Major advisor, student club, fraternity, etc.	E_1	1*

*On recommendation of Dean of School and approval of Vice President for Academic Affairs

Special Teaching Situation - Code 03

Situation	Symbol	Teaching Credit
Two or more large lecture classes (100 students or more)	T_2	Not over 3
Graduate Courses on Campus	T_3*	add 1/4 for each credit hour taught
Undergraduate Courses Off-Campus	T_4	add 1/4 for each credit hour taught
Graduate Courses Off-Campus	T_5*	add 1/4 for each credit hour taught
Graduate Courses Taught by Faculty teaching only Graduate Courses	T_6*	add 1/3 for each credit hour taught

*If T_6 is used, neither T_3 nor T_5 is used.

Specific Teaching Program Development Assignments - Code 03
(approved by Dean)

Situation	Symbol	Teaching Credit
New course preparation	P_1	
Curriculum revision or development	P_2	
Development of teaching methods & classroom or laboratory material	P_3	not over 3 for any item & not over 3 as the sum of all items in this category
Teaching-related research assigned by the Dept. Head or Dean	P_4	

Basic and Applied Research - Code 03

Function	Symbol	Teaching Credit
Time spent on basis or applied research	R_1	not over 6, must be approved by Dept. Head, Dean, and VPAA

Professional Development - Code 03

Function	Symbol	Teaching Credit
Time spent on Professional Development	D_1	not over 3, must be approved by Dept. Head, Dean, and VPAA

Other Explanation - Code 03

Situation	Symbol	Teaching Credit
Other Explanation (to be accompanied by memo to the appropriate Dean)	O_1	(as approved by Dept. Head, Dean, and VPAA)

On the list of credits given for 02 and 03 items, give specific items for which credit is being given, along with the symbol, etc.

Example:

Dr. Smart	03	T_5	Graduate off-campus courses Waco, 1.5 hrs.
	03	E_1	Major advisor, Silver Keys, 1 hr.
	03	S_2	Undergraduate Advisor, 30 students, 1 hr.

V. Formula for Release Time for Department Heads

A. General statement

The assignment of release time to a given department head is based on the accumulation of points. The points are based on six categories: Majors, SCH, Programs, FTFE, Staff and Department Operating Budget. For each category the data is obtained from appropriate sources and points assigned. The categories of Majors, SCH and FTFE are weighted double and a total obtained for each department head. The release time is based on the resultant total number of points.

B. Data description

1. Majors: The number of majors is for the fall semester and is recorded separately as undergraduate and graduate.

2. SCH: The number of semester credit hours is for the fall semester and is recorded separately as undergraduate and graduate.

3. Program: This is the "official" number of programs as listed in the current TSU Bulletin. It includes all disciplines within each degree, including the BAAS degree. Graduate and undergraduate programs are recorded separately.

4. FTFE: Full Time Faculty Equivalents is for the fall semester and is not separated into undergraduate and graduate faculty.

5. Staff: This is a count of the number of non-faculty support staff reporting directly to the respective department head. It does not include staff who report to a director, etc., who, in turn, reports to a department head.

6. Department Operating Budget: This is the sum of the categories of Wages, Capital Outlay and Other Expenses that are directly managed by the department head. It does not include budgets of directors, etc., who report to the department head.

C. Point Ranges

Point ranges are derived by listing departmental totals for each category in a vertical relative column, and selecting "natural breaks" that suggest reasonable divisions of administrative load into four ranges. The four ranges are then assigned points of 0, 1, 2, or 3. The current point ranges are as follows:

Point Range for Four Point Scale (5/23/84)

Category	0 pt	1 pt	2pts	3 pts
UGD MAJ	0-9[1]	10-150	151-400	401-1000
GD MAJ	0-4[2]	5-40	41-100	101-250
UGD SCH	0-149	150-3000	3001-6000	6001-10000
GD SCH	0-14	15-200	201-800	801-1500
UGD PGM	1	2-4	5-8	9-12
GD PGM	0	1	2-3	4-6
FTFE	0-0.49	0.50-8.0	8.1-16.0	16.1-24.0
STAFF	-3	0-2.0	2.1-4.0	4.1-8.0
DEPT OP	0-4999	5000-15000	15001-30000	30001-45000

[1]A minimum of 10 students is required for an undergraduate class.

[2]A minimum of 5 students is required for a graduate class

[3]There is no "0 points" category for staff, since having no support staff would result in additional work for the department head.

D. Department head load including release time

Total points are calculated for each department head using the formula:

[(MAJORS+SCH+FTFE)*2]÷[(PROGRAMS÷STAFF÷DEPT OP)*1]=TOTAL POINTS

Release time is then determined as appropriate to place approximately one-third of the department heads into each of the categories below:

Department Head Load Including Release Time (5/23/84)

Category	Total Points	Dept. Head Load
Top	25-up	12 Equiv. Contact Hrs./9 Mo.
Middle	19-24	15 Equiv. Contact Hrs./9 Mo.
Bottom	0-18	18 Equiv. Contact Hrs./9 Mo.

12.03.99.R0.01 Faculty Workload

Effective September 1, 1996
Revised August 16, 2010

Procedure Statement

This procedure is established to provide specific guidelines regarding the workload for faculty. The assignments will be implemented only as institutional resources are available, with teaching loads having the first priority.

Reason for Procedure

This procedure documents the regulations and standards for the interpretation of full- and part-time institutional workload requirements, and for the range of acceptable assignments within its definitions of faculty workload.

Procedures and Responsibilities

1. GENERAL

   The workload assignment must be primarily the responsibility of an academic unit and its department or college head. These administrators must be held accountable for individual compliance with institutional procedures, and for distributing the duties in their academic unit so that each faculty member contributes maximally to the department program according to his or her capabilities and experience. (Texas Higher Education Coordinating Board Faculty Workload Policy Guidelines, Fall 1992)

2. TEACHING LOAD

   2.1 Fall and spring semesters: the normal long term teaching assignment for a faculty member is:

      2.1.1 Twelve (12) semester credit hours for a faculty member teaching any combination of master's/undergraduate courses.

      2.1.2 Nine (9) semester credit hours for a faculty member teaching only graduate courses.

2.2 Summer term: the normal summer teaching assignment for a faculty member employed full time in the summer is at least twelve (12) semester credit hours or the equivalent.

No faculty member who is paid entirely out of "faculty salaries" will teach--other than through equivalents--less than:

2.2.1 two organized courses totaling at least six (6) semester credit hours per week in a long term, or

2.2.2 one organized course totaling at least three (3) semester credit hours per summer term without the specific authority from the provost and vice president for academic affairs with approval of the president.

3. WORKLOAD ASSIGNMENTS

The primary duty of faculty members is to teach. Research and/or developmental activities are expected and indispensable parts of the regular workload of all permanent faculty members.

3.1 Direct instructional activities (Code 01) include interaction with students related to instruction, preparation for such instruction, and evaluation of student performance. The various types of instruction include, but are not limited to, lecture, laboratory, practicum, seminar, independent study, private lessons, self-paced instruction, televised instruction, supervision of thesis, and dissertation. (THECB Faculty Workload Policy Guidelines, Fall 1992)

3.2 The operational complexity of an institution that is a multi-purpose university engaged in graduate education entails the performance of many essential activities by faculty members including:

3.2.1 studying, investigating, discovering, and creating;

3.2.2 performing curricular tasks auxiliary to teaching and research; and

3.2.3 beneficially influencing students and citizens in various extracurricular ways. These activities must be accounted for in computing a valid workload profile. In this procedure, these functions and situations are categorized in terms of semester hour equivalents under three principal headings: administrative assignments (Code 02), any other professional assignments directly related to the teaching function (Code 03), and overload credit (Code 05).

4. WORKLOAD EQUIVALENCIES

It is the responsibility of the faculty member or department head, as appropriate, to initiate a request for a workload equivalency using the Workload Equivalent Proposal (Reassigned Time Request) form. The request will be approved or disapproved by the department head

and dean. If approved, it will be forwarded to the provost and vice president for academic affairs for review and approval prior to the semester for which it is requested.

4.1 Administrative assignments (Code 02) include those which directly supplement the teaching function such as, but not limited to, heads of teaching departments, coordinators or directors of special academic programs, or multi-section courses including supervision or coordination of laboratories or lectures utilizing teaching/graduate assistants. (THECB Faculty Workload Policy Guidelines, 2-6 semester credit hours)

4.2 Any other professional assignments (Code 03), including research and creative activities, which directly relate to the teaching function. It is the responsibility of the faculty member to submit a proposal for a research or a creative project to the department head by the eighth week of the semester preceding the anticipated equivalency. (2-6 semester credit hours)

4.2.2 The president may approve a reduced teaching load if classes do not materialize because of insufficient numbers of students and when additional classes cannot be assigned to the faculty member. This exception may be granted for two consecutive long term semesters for any particular faculty member. After this time, the situation will be evaluated by the Chief Academic Officer.

4.2.3 In addition, the provost and vice president for academic affairs may grant limited faculty teaching load credit for major academic advisory responsibilities, for preparing major documents in the fulfillment of programmatic needs or accreditation requirements, and for duties performed in the best interest of the institution's instructional programs. (2-6 semester credit hours)

4.2.3 Dissertation advisers may be granted the equivalent of one 3-hour course for every three students registered in their 718 sections, once the students have completed their proposal defenses. For faculty with fewer than three students actively working on dissertations, a one course of reassigned time for every three doctoral graduates may be granted. In either case above, the course equivalency must be utilized within one academic year of completion of the last dissertation. A student may be counted only once towards a course equivalency. Five completed master's and/or honors theses will be equivalent to three (or four) semester credit hours workload equivalency.

4.3 Overload credit (Code 05) for any given semester may earn the faculty member workload equivalency during a subsequent semester. Overload credit may not be cumulative for more than eight (8) semester credit hours and may not exceed four (4) semester credit hours in any semester.

5. SPLIT APPOINTMENTS

When a faculty member is partially paid for "other tasks" from a source of funds other than the "faculty salaries" line item, the faculty member must be compensated at a rate

proportional to the percentage of the time and effort spent carrying out such tasks. An example would be duties paid for from a research grant or contract.

6. TEACHING ASSISTANTS

   The work load for a full-time assistant in the fall or spring semester is teaching six (6) semester credit hours. The summer teaching load shall be three (3) semester credit hours per term. A lesser assignment is possible with a reduced stipend.

7. REPORTING

   The department head working with appropriate academic dean is responsible for assigning and monitoring workload of faculty within the department. The Graduate School will work in collaboration with the academic deans to monitor the faculty dissertation and thesis workload. All faculty workload reports are to be submitted to the provost and vice president for academic affairs who submits the reports through administrative channels for approval and comment as appropriate prior to submitting the reports to the Chancellor and the Texas Higher Education Coordinating Board. The standard reporting format and deadlines as provided by the THECB in accordance with Section 51.402 (c) and Section 51.403 (b), (c) and (d) of the Texas Education Bill will be followed.

WORKLOAD EQUIVALENCY PROPOSAL
(REASSIGNED TIME REQUEST)

Please refer to Procedure *12.03.99.R0.01 Faculty Workload* for criteria relating to these reassignments, equivalencies and credits.

College of _____ Semester/Year_____

Faculty Name _____

FTE Reassigned Time Requested

Type of Equivalency _____

(Please complete the following as applicable; additional pages may be attached, if more space is needed.)

1. PURPOSE OF EQUIVALENCY OR EXPLANATION OF REQUEST:

2. METHOD:

3. EXPECTED OUTCOME:

4. METHOD OF EVALUATION:

Approved by:

Department Head: _____ Date: _____

Graduate Dean (for theses/dissertations only): _____Date _____

Dean: _____ Date _____

Provost & VPAA Office _____ Date _____

Workload Equivalency/Reassigned Time/Credit Codes:
02 = Administrative Assignments
03 = Any Other Professional Assignment (research, creative activity, major academic advisory responsibilities, accreditation responsibilities or reassigned time for past overload credit---see Procedure *12.03.99.R0.01* for full explanation)

FACULTY APPOINTMENT CODES

A. Appointments funded from the Faculty Salaries element of cost:

CODE

01 Direct instructional activities which include interaction with students related to instruction, preparation for such instruction, and evaluation of student performance. The various types of instruction include: lecture, laboratory, practicum, seminar, independent study, private lessons, alternative learning activities, thesis, and dissertation.

02 Administrative assignments which directly supplement the teaching function, such as heads of teaching departments, coordinator of special programs or multi-section courses, etc.

03 Any other professional assignments which an institution considers to be directly related to the teaching function.

05 Overload -- to be used only for those teaching assignments which are in addition to a 100% teaching (codes 1, 2, & 3) load.

B. Appointments funded from elements of cost other than Faculty Salaries:

CODE

10 Extension and Public Service
11 Instructional Administration
12 Organized Research
13 General Administration and Student Services
14 General Institutional Expense
15 Library
16 Special Items
17 Any element of cost not listed above

C. Appointments funded from all other sources:

CODE

20 Intercollegiate Athletics
21 Other Auxiliary Enterprises
22 Sponsored Projects
23 Any source not listed above
