THE TEXAS A&M UNIVERSITY SYSTEM

December 1, 2015

The Honorable Greg Abbott
Office of the Governor
1100 San Jacinto
State Insurance Building
Austin, Texas 78701-1935

The Honorable Dan Patrick
Office of the Lieutenant Governor
1200 Congress Avenue, Suite E2.13
Austin, Texas 78701-1950

The Honorable Joe Straus
Speaker of the Texas House
Texas House of Representatives
1100 N. Congress Ave, Suite 2W.13
State Capitol
Austin, Texas 78701-1949

Gentlemen:

Senate Bill 1, 83rd Legislative Session, includes a rider to the Available University Fund (AUF) appropriation which requires a special report on expenditures of the AUF. Submitted herewith for your review and information is The Texas A&M University System Available University Fund Report for fiscal year 2015.

If you have questions on any of the information submitted in this report, please feel free to contact this office.

Sincerely,

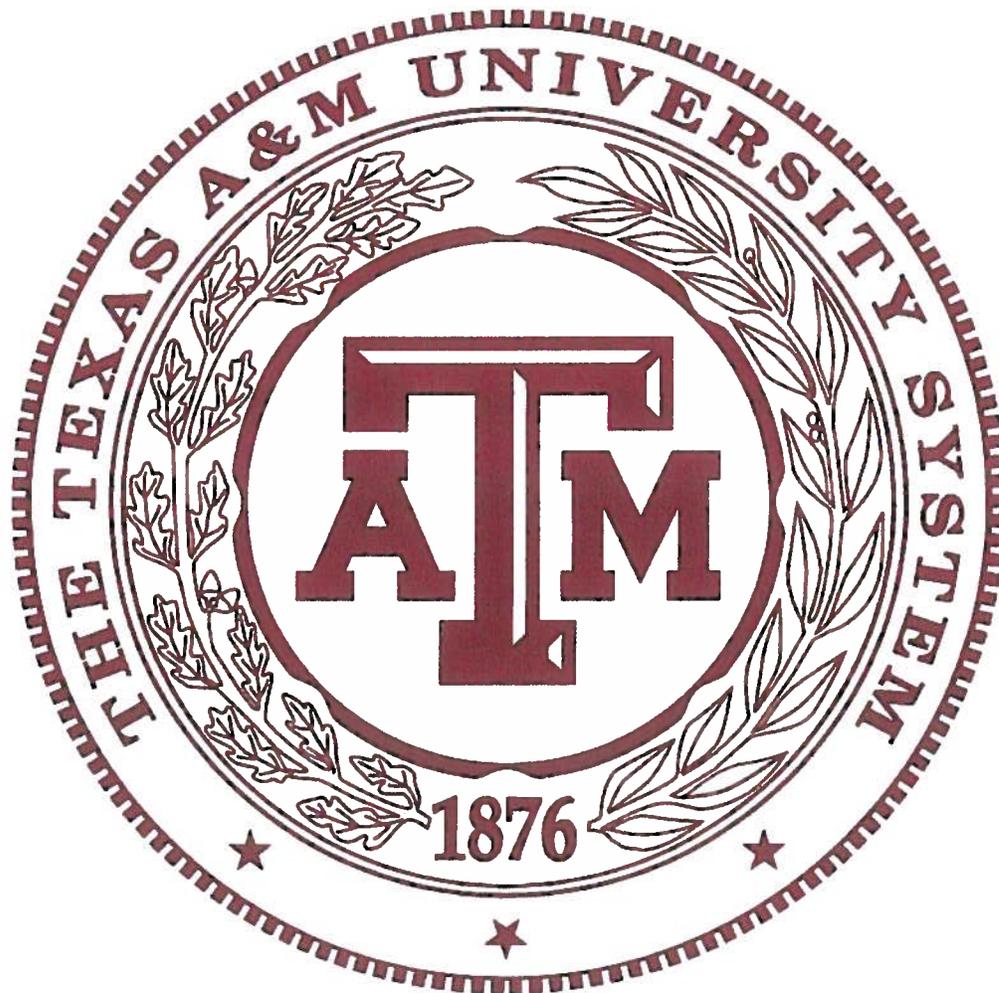

Joseph Duron

Executive Director, Budgets & Accounting

Uses of Available University Fund (AUF)

The AUF is used for two primary purposes: 1) to pay interest and principal due on Permanent University Fund (PUF) debt, and 2) to provide operating and excellence funds for Texas A&M University, Texas A&M Health Science Center, Prairie View A&M University and The Texas A&M University System Offices.

Permanent University Fund (PUF) Debt Service

Income generated from the PUF is used to pay debt service on bonds and variable rate notes issued for capital needs, which are reviewed each year and detailed in a five-year Capital Plan document. These needs include new construction, repairs and renovations, equipment purchases, land acquisitions with or without permanent improvements, and library books and materials. The Texas A&M University System members benefiting from bonds and notes include the following:

- Prairie View A&M University
- Tarleton State University
- Texas A&M University
- Texas A&M University at Galveston
- Texas A&M Health Science Center
- Texas A&M University-Central Texas
- Texas A&M University-San Antonio
- Texas A&M AgriLife Research
- Texas A&M AgriLife Extension Service
- Texas A&M Engineering Experiment Station
- Texas A&M Engineering Extension Service
- Texas A&M Forest Service
- Texas A&M Transportation Institute
- Texas A&M University System Offices

The methodology applied to the allocation of the debt service for the benefit of eligible A&M System members is based on appropriations of debt proceeds. Debt service for bond issues that include equipment are split so that equipment is paid off in five years or less, while new construction and renovation projects are financed for the full term of the bonds. Debt service is tracked by A&M System member and bond issue, and further divided into equipment and other categories (including repairs, renovations, and new construction).

The first call on the use of the AUF is to service PUF-backed debt. Appendix C summarizes the allocation of A&M System PUF Bond Proceeds to each member.

Operating and Excellence Allocations

Pursuant to the terms of the constitution, Texas A&M University, Texas A&M Health Science Center, Prairie View A&M University, and The Texas A&M University System Offices are the only A&M System members eligible to receive appropriations from the remaining AUF. These appropriations are made in support of each member's operating and excellence budgets. As approved, the distribution of AUF income to Texas A&M University and Prairie View A&M University is based on each member's respective formula funded semester credit hours.

The objective of the Chancellor's Research Initiative is to provide one-time funds from AUF distributions and PUF debt proceeds to Texas A&M University, Texas A&M Health Science Center and Prairie View A&M University for the recruitment and hiring of faculty members who will have a transformative impact upon the academic and research missions of the University.

Ending Net Position

As of August 31, 2015, the AUF Reserve balance was \$114,666,325. In addition to these reserve amounts, a \$2,770,573 Due from other agencies and a \$1,012,423,633 Interfund Receivable from the University of Texas are being reported that represent the funding commitment from the Permanent University Fund for bond and note payables outstanding at year end, which are payable in varying increments through fiscal year 2045.

In addition to the reserve balance, \$44,380,673 is set aside for operational and excellence needs by A&M System Offices. Texas A&M University, Texas A&M Health Science Center and Prairie View A&M University had operating and excellence set-asides of \$89,893,126, \$8,002,700 and \$19,244,560 respectively.

Summaries of fiscal year 2013 through fiscal year 2015 actual activity, as well as fiscal year 2016 and 2017 budgets, can be found in Appendices F – K.

Appendix A – Capital Improvement Plan – General Policies

Capital needs are determined as part of an on-going capital planning process that clearly identifies the available resources of the A&M System members. These needs are tracked for five fiscal years and are compiled into the official Capital Plan (Plan) of the A&M System. Management of available capital resources is a joint effort between the member institutions, agencies, health science center and the A&M System Offices. The Plan is updated and is formally reviewed and approved by the Board once each year.

The Plan includes capital equipment; land purchases with or without permanent improvements; projects for the construction of new buildings, facilities or other permanent improvements; and projects for the repair, renovation or rehabilitation of existing buildings, facilities or other permanent improvements, which are financed or exceed thresholds set by the Texas Higher Education Coordinating Board. Details submitted include scope, justification, and funding sources by type of funds, i.e., Permanent University Funds (PUF), Higher Education Funds (HEF), Revenue Financing System Funds (RFS) and/or member institutional funds.

A cash flow analysis is prepared for the five years covered by the Plan. The analysis reflects those projects and equipment purchases that will expend funds during the five-year period, and the expected balances of debt proceeds remaining and planned debt issuances during each of the five fiscal years. Actual cash balances and remaining project expenses are incorporated into the analysis periodically. Revisions to the cash flow analysis are included in the updated Plan each fiscal year.

Appendix B – PUF Bond Ratings

Pursuant to constitutional provisions, the A&M System may sell bonds or notes equal to ten percent (10%) of the cost value of the PUF. The indebtedness is secured by AUF income and is rated on the stability of the PUF, the quality of its investment management, other commitments against the AUF, and various other factors. The overall credit rating of PUF bonds is AAA. The variable rate note programs have been rated with the highest commercial paper credit ratings by nationally recognized rating agencies.
