College Station, Texas 77840-7896

THE TEXAS A&M UNIVERSITY SYSTEM was officially established in 1948 and has evolved into one of the largest systems of higher education in the nation, with a statewide network of 11 universities, including our flagship, Texas A&M University, and ten regional universities across the state. Additionally, the A&M System provides service and education to the people of Texas and beyond through seven state agencies and a system administration office.

Each of the A&M System members has its own unique mission, history and goals. Together, they provide research, educational programs and community enhancement services that improve the lives of people in Texas and around the world.

A&M System members educate over 152,000 students and make more than 22 million additional educational contacts through service and outreach programs each year.

With more than 26,000 faculty and staff, the A&M System has a physical presence in 250 of the state's 254 counties and a programmatic presence in every county. The A&M System has real property holdings totaling more than 64,000 surface acres and 62,000 mineral acres.

System-wide, externally funded research expenditures exceed \$972 million to help drive the state's economy.

The A&M System, with a total operating budget of \$4.55 billion, is governed by a nine-member Board of Regents. A nonvoting student member was added in 2006. The regents appoint the chancellor, the chief executive officer who oversees the direction and operation of the system. The system's role is governed by the state's education code, Title 3, chiefly Ch. 51, Sec. 51.353 and Ch. 85, Sec. 85.17.

Board of Regents

Charles W. Schwartz was appointed to the Board of Regents by Governor Rick Perry in 2013. He was elected to serve a two-year term as Chairman of the Board on May 8, 2017. Mr. Schwartz served two terms as chair of the Committee on Finance and was a member of the Committee on Buildings and Physical Plant. He also served on the Policy Review Committee and the Committee on Academic and Student Affairs. Mr. Schwartz serves as Vice Chairman of the Board for Lease of University Lands. His term expires February 1, 2019.

Elaine Mendoza was appointed to the Board of Regents by Governor Perry in 2011 and reappointed by Governor Greg Abbott in 2017. She is serving her second term as Vice Chairman of the Board having been reelected on May 8, 2017. Ms. Mendoza is serving a fourth term as Chair of the Committee on Academic and Student Affairs. She is a member of the Committee on Audit and also serves as a liaison to the Texas Higher Education Coordinating Board. Her term expires February 1, 2023.

Phil Adams was first appointed by Governor Rick Perry in 2001, again in 2009 and was reappointed in 2015 by Governor Greg Abbott. Mr. Adams served a two-year term as Vice Chairman of the Board from 2011 to 2013 and served as Chairman of the Board from 2013 to 2015. He serves as a member of the Committee on Buildings and Physical Plant and the Committee on Finance and has served as Chairman of the Committee on Audit, the Committee on Finance and the Committee on Buildings and Physical Plant. His term expires February 1, 2021.

Robert L. Albritton was appointed to the Board of Regents by Governor Greg Abbott in 2015. He currently serves as a member of the Committee on Audit and the Committee on Academic and Student Affairs. Mr. Albritton served on the Committee on Finance and the Committee on Buildings and Physical Plant. He also served as a liaison to the Development Foundations of A&M System Members and the Texas A&M University Corps of Cadets and System Military Training Programs. His term expires February 1, 2021.

Anthony G. Buzbee was appointed to the Board of Regents by Governor Rick Perry in 2013. He serves as a member of the Committee on Audit and the Committee on Buildings and Physical Plant. He has served as Chair of the Committee on Audit, as a member of the Committee on Finance and the Committee on Academic and Student Affairs. He also served as a liaison to The Association of Former Students and the Texas A&M Corps of Cadets and A&M System Military Training Programs. His term expires February 1, 2019.

Morris E. Foster was appointed to the Board of Regents by Governor Rick Perry in 2007, and reappointed in 2013. He served as Chairman of the Board from 2009 to 2011. He currently serves as a member on the Committee on Academic and Student Affairs and the Committee on Finance. He served as a member of the Committee on Buildings and Physical Plant and the Committee on Audit. He served as a liaison to the Development Foundations of A&M System Members. His term expires February 1, 2019.

Tim Leach was appointed as a member of the Board of Regents by Governor Greg Abbott in 2017. He serves as Chair of the Committee on Buildings and Physical Plant and as a member of the Committee on Finance. Mr. Leach is also a liaison to the Development Foundations of A&M System Members, the Panhandle Plains Museum and the Texas A&M University Corps of Cadets and System Military Training Programs. His term expires February 1, 2023.

William "Bill" Mahomes was appointed to the Board of Regents by Governor Greg Abbott in 2015. He currently serves as the Chair of the Committee on Finance and as a member of the Committee on Academic and Student Affairs. He also serves as a liaison to the Development Foundations of A&M System Members, the Texas A&M University Corps of Cadets and System Military Training Programs and the Texas Higher Education Coordinating Board. He has served as a member of the Committee on Audit. His term will expire February 1, 2021.

Cliff Thomas was appointed to the Board of Regents by Governor Rick Perry in 2011 and reappointed by Governor Greg Abbott in 2017. He served a two-year term as Vice Chairman of the Board from 2013-2015 and a two-year term as Chairman of the Board from 2015-2017. Mr. Thomas serves as liaison to the 12th Man Foundation. He is the Chair of the Committee on Audit and a member of the Committee on Buildings and Physical Plant. He has served as Chair of the Policy Review Committee and as a member of the Committee on Finance. His term expires February 1, 2023.

Stephen F. Shuchart of Houston, Texas, is currently a senior at Texas A&M University pursuing a Bachelor of Arts in Strategic Communication. Upon completion of his undergraduate studies, he plans to attend law school and receive a Juris Doctor. His long term goal is to serve his country as a member of the Judge Advocate General's Corps. He is serving a one-year term expiring on May 31, 2018.

Chancellor

John Sharp was appointed Chancellor of The Texas A&M University System by the Board of Regents on September 6, 2011. As Chancellor of the A&M System, he leads one of the nation's largest university systems, including 11 universities and seven state agencies, which has an annual budget of \$4.55 billion. Enrollment at the A&M System's 11 universities has grown to more than 152,000 and externally funded research expenditures are in excess of \$972 million. Chancellor Sharp brings with him more than three decades of public service and a passion to make the A&M System the best system of higher education in the country.

chancellor.tamus.edu

Frequently Asked Questions

What is The Texas A&M University System?

The A&M System is one of the largest systems of higher education in the nation, with a statewide network of 11 universities and seven state agencies. A&M System members educate more than 152,000 students and reach another 22 million people through service each year. With more than 26,000 faculty and staff, the A&M System has a physical presence in 250 of the state's 254 counties and a programmatic presence in every one. System-wide, externally funded research expenditures exceed \$972 million to help drive the state's economy.

When was the A&M System established?

The A&M System was officially established in 1948. The original members were Texas A&M University, Prairie View A&M University, Tarleton State University, Texas A&M Forest Service, Texas A&M Engineering Experiment Station, Texas A&M Engineering Extension Service, Texas A&M AgriLife Extension Service (formerly Texas Cooperative Extension) and Texas A&M AgriLife Research (formerly Texas Agricultural Experiment Station).

Today, the A&M System provides oversight and leadership for 11 universities and seven state agencies. Its role is governed by the state's education code (Title 3, chiefly Ch. 51, Sec. 51.353 and Ch. 85, Sec. 85.17). Responsibilities include system-wide planning, coordination and execution of the policies of The Texas A&M University System Board of Regents.

What does “A” and “M” stand for?

Texas A&M University, the state's first public institution of higher education, was opened on Oct. 4, 1876 as the Agricultural and Mechanical College of Texas. Both Texas A&M and Prairie View A&M owe their origin to the Morrill Acts of 1862 and 1890, which established the nation's land-grant college system. When Texas A&M gained university status in 1963, the “A&M” was incorporated into the official name in deference to the institution's history and traditions, but the individual letters no longer explicitly stand for anything.

The A&M System is the state's land-grant system. What does that mean?

A land-grant college or university is an institution that has been designated by its state legislature or Congress to receive the benefits of the Morrill Acts of 1862 and 1890. The original mission of these institutions, as set forth in the first Morrill Act, was to teach agriculture, military tactics and the mechanical arts, as well as classical studies so that members of the working classes could obtain a practical education.

The A&M System's agencies, which conduct research and bring practical applications of research findings to the people of Texas, also came out of the land-grant system. There is now at least one land-grant institution in every state and territory of the United States, as well as in the District of Columbia.

How is the A&M System governed?

The A&M System is governed by a nine-member Board of Regents, appointed by the governor and confirmed by the Texas Senate for six-year terms. A nonvoting student member was added in 2006. The A&M System chancellor oversees the day-to-day administration and each of the A&M System's members has a president, CEO or director.

What is the mission of the A&M System?

The mission of the A&M System is to provide education, conduct research, commercialize technology, offer training and deliver services for the people of Texas and beyond through its universities and state agencies.

Does the A&M System have a central admissions office?

No. Students must contact directly the preferred A&M System institution's admission office. Information about these institutions can be found on the system's website, www.tamus.edu.

The flagship university of The Texas A&M University System, **TEXAS A&M UNIVERSITY** is known around the world as a tier one research institution and is a member of the Association of American Universities.

Committed to the values of its land-grant heritage, Texas A&M ensures accessible education for the people of Texas through effective resource management, maintaining low costs for high-value curricular and co-curricular excellence and graduating students with less debt. World-class faculty members engage our teaching and research, which inform innovation for society's challenges, yielding over \$892 million in annual expenditures. Knowledge extends to communities beyond the classroom by engaged scholarship, outreach and partnership with state agencies for extension. These efforts have also earned Texas A&M designations as a sea-grant and space-grant institution.

Texas' first public institution of higher learning has strategically grown into one of the nation's most comprehensive universities, offering 430 bachelor's, master's, doctoral and professional degree programs through 16 colleges and schools, including the School of Law in Fort Worth, and the health-related programs of the Health Science Center. Together with two special-purpose branch campuses in Galveston and Doha, Qatar – as well as a recently announced higher education center in McAllen – today's Texas A&M is developing educated leaders of character who are committed to learning for a lifetime and dedicated to serving the greater good.

TEXAS A&M UNIVERSITY AT GALVESTON is the ocean campus of Texas A&M University at College Station. The students come from throughout the world, with many different backgrounds, cultures and interests, but they all share the same dream: to work, study, learn, research and serve in a marine environment. The institution serves as a leader for ocean and coastal studies research offering ocean-oriented undergraduate, master's and doctoral degrees covering the disciplines of science, engineering, business, transportation and general studies. The university is home to the Texas A&M Maritime Academy, one of only six maritime academies in the nation. Academy graduates receive their Third Mate license as a ship's officer while earning a bachelor's degree. The academy also commissions students to serve as officers in the U.S. Merchant Marine, Navy and Coast Guard.

PRAIRIE VIEW A&M UNIVERSITY is the second oldest public institution of higher education in the state of Texas. It is a historically black college/university (HBCU) that, since its inception in 1876, has opened its doors to any and every person – inside and outside of Texas – seeking a first-class, four-year university experience.

The university is situated in a rural part of Texas on one of the most beautiful campuses in the country. Mentioned in the Texas State Constitution as an “institution of the first class,” PVAMU began as an industrial school for African Americans but has evolved to meet changing societal demands. Through its seven colleges and the school of Architecture, PVAMU boasts more than 50-degree programs, including

engineering, natural sciences, business, nursing and criminal and juvenile justice.

PVAMU prepares students not only to lead in their communities but also to succeed in a global marketplace. The expansion of foreign language offerings, such as Arabic and Mandarin Chinese, support the university's goal of building the next generation of global leaders through classroom instruction, study abroad opportunities, cultural training, exposure to the arts and service-learning projects.

PRAIRIE VIEW A&M UNIVERSITY

FM 1098 Road and University Drive, Prairie View, Texas 77446 | 936-261-3311

TARLETON STATE UNIVERSITY offers nearly 100 undergraduate and graduate degree programs. Students can choose to study in one of six colleges – agricultural and environmental sciences, business administration, education, health sciences and human services, liberal and fine arts, and science and technology. Located in Stephenville, just southwest of Fort Worth, Tarleton also operates academic centers in Fort Worth, Waco, Midlothian and an online Global Campus.

A new 98,000-square-foot engineering building is scheduled to open in January 2019. The \$54 million addition puts Tarleton's engineering, engineering technology and computer science programs at the forefront of educational delivery for these disciplines.

Memorial Stadium is getting a \$27 million facelift and expansion to enhance football fans' game-day experience. Additionally, construction for the first building at Tarleton's new 80-acre location along the Chisholm Trail Parkway in Fort Worth is set to begin in early 2018.

Tarleton's research centers include the renowned Texas Institute for Applied Environmental Research, the Center for Agribusiness Excellence and the Southwest Regional Dairy Center.

TEXAS A&M INTERNATIONAL UNIVERSITY is a vibrant, international university located at a dynamic multicultural and multilingual crossroads in Laredo. It's home to over 7,600 students who "Go Beyond" at "The International U." The international learning environment is anchored by the highest quality programs delivered by a gifted, global faculty. A solid academic foundation in the arts and science, business, education and nursing provides a keen focus on research opportunities. The 300-acre campus welcomes a diverse student body with 122 student clubs and organizations fueling a vibrant campus life. Service-learning drives community involvement and study abroad opportunities reach more than 50 countries.

TAMIU is completing construction on its largest classroom addition, the new Hall of Discovery and Innovation, home to the university's growing engineering and science programs. The university has launched a successful Signature Course program and is integrating a strong undergraduate research agenda.

Since 1947, **TEXAS A&M UNIVERSITY-CORPUS CHRISTI** has produced more than 50,000 alumni, thousands of dedicated researchers, nurses, educators, artists, scientists and innovators, all of whom have made an impact in their communities.

As a proud Hispanic Serving Institution, more than 47 percent of the 12,236 students enrolled are Hispanic. With an unparalleled commitment to every student's success, the university offers more than 80 of the most popular degree programs in the state, earning its spot as one of the premier doctoral-granting institutions in South Texas. The Island University supports more than 40 research centers and labs, including the Lone Star Center of Excellence and Innovation which is one of seven unmanned aircraft system test sites in the country, and the Conrad Blucher Institute for Surveying and Science which maintains a national reputation for developing innovative geospatial science research. The world-renowned Harte Research Institute for Gulf of Mexico Studies leads international research efforts to support and advance the long-term sustainable use and conservation of the Gulf of Mexico. Faculty at the Island University are committed to providing learning and research opportunities that develop students' talents by expanding their critical thinking and innovation as well as fostering leadership and service to the community.

A true college experience. A vibrant and growing campus that meets the living and learning needs of its students. A wide variety of undergraduate and graduate programs. A comprehensive athletics program. A sense of community that extends beyond the campus grounds. This is **TEXAS A&M UNIVERSITY-KINGSVILLE**, the center of Javelina Nation.

The university offers an all-inclusive environment with a variety of living options and food and recreational activities within walking distance of the classroom. The expanding campus features a dining hall, student recreation center and suite-style residence halls, all recently created, with more housing and dining options on the way.

The university has superior faculty and courses to give students an education that will help them get where they want to go. Degrees include well-known programs in environmental engineering, animal and wildlife sciences, music and natural gas engineering, along with new or growing programs in veterinary technology, kinesiology and social work.

For more than 100 years, **WEST TEXAS A&M UNIVERSITY** has attracted bright minds from near and far with superior academics, renowned faculty and affordable tuition. WTAMU is a four-year public university that serves a diverse student population of more than 10,000 students, offering 59 undergraduate programs, 38 graduate programs and one doctoral degree program. Course offerings include those in fields such as business, education, nursing and agriculture – as well as in some fields you might not expect, like music business and communication disorders. More than 20 degrees can be obtained totally online.

Students learn from top faculty in smart classrooms at both our Canyon campus and the WTAMU Amarillo Center. University initiatives facilitate research opportunities, internships, leadership development programs and network-building interactions between students and professionals in their fields of study.

With its award-winning academic programs, conference and national championships and state-of-the-art facilities, WTAMU is a growing, vibrant university that is well prepared to meet the educational needs of a growing student population for years to come.

Since 1889, TEXAS A&M UNIVERSITY-COMMERCE has delivered on the promise our founder, Professor William Leonidas Mayo, made more than a century ago that “no industrious, ambitious youth shall be denied an education if I can prevent it.” Since the university’s humble beginnings, the mission has remained the same: to provide a personal, accessible and affordable educational experience for a diverse community of learners.

We offer traditional instruction at the Commerce campus and locations in Corsicana, Dallas, McKinney, Frisco, Mesquite, Midlothian and online. Choose from more than 140 degree programs at the bachelor, master and doctoral levels. A vibrant student life experience includes 14 NCAA

Division II athletic teams, a thriving Greek system and more than 120 student organizations.

We are champions of the determined and a beacon for those who seek a more fulfilling life. Here, grit is turned into greatness, determination into deeds – for ourselves, for each other, for our communities and for the world. We are Commerce. We are Lions.

TEXAS A&M UNIVERSITY-TEXARKANA is uniquely positioned to serve a four-state area, contributing to the region’s dynamic and diverse culture and resources. Set in the beautiful forest and lake-filled corner of northeast Texas, A&M-Texarkana is a university where you can get a first-rate education in a nurturing, student-oriented environment. The university offers a wide array of degree programs, small classes and an outstanding faculty and staff who take great pride in the university’s close-knit academic community and seeing students succeed.

With a breathtaking 375-acre campus, state-of-the-art facilities at Bringle Lake Village, the university’s on-campus residence hall, a new soccer field, and – coming soon – a new student recreation center and a new building for academic and student services, students at TAMUT have all they need to live, learn and experience college life. Through more than 40 recognized student groups, including Greek life and extracurricular learning, intramural and social activities, students can explore A&M-Texarkana outside the classroom and make connections that last a lifetime.

TEXAS A&M UNIVERSITY-CENTRAL TEXAS is an "upper-level" university and among the most recently initiated into The Texas A&M University System. With 25 undergraduate degrees and 19 graduate degrees, A&M-Central Texas is uniquely focused on degree completion for the adult learner, offering high quality degree programs in a variety of formats: in person, online and hybrid.

Simultaneously steeped in the traditions of The Texas A&M University System while patiently carving out its new identity, A&M-Central Texas delivers on the promise of higher education at a price students can afford. In 2017, The Austin American-Statesman compared resident tuition and fees among all of the public universities in Texas and found

A&M-Central Texas to be "the bargain of the bunch."

A&M-Central Texas has three colleges focusing on Arts and Sciences, Business Administration and Education. It offers vibrant student life programs, a growing base of alumni nearing more than 5,000 students, a commitment to community service, economic development, research and opportunities to work hand-in-hand with a focused, dedicated and experienced faculty committed to advancing their students' academic goals.

TEXAS A&M UNIVERSITY-SAN ANTONIO is one of the fastest growing universities in both The Texas A&M University System and the state. The university, which had operated as an upper-division institution since 2009, today offers a comprehensive four-year education. A&M-San Antonio welcomed its second class of first-year students in fall 2017. More than 6,300 students are currently enrolled in undergraduate or graduate programs.

To keep pace with rapid growth of student enrollment (more than 180 percent since 2009), A&M-San Antonio is expanding facilities on its 700-acre campus in South San Antonio. In 2017, the university celebrated opening its inaugural residence hall, Esperanza Hall, along with a

Kinesiology Academic Pavilion. A&M-San Antonio also broke ground on a Science and Technology Building, opening in fall 2018.

A&M-San Antonio proudly offers 26 undergraduate degrees and 13 graduate programs with the lowest undergraduate tuition of any four-year university in San Antonio. The university's core values provide a foundation for its world-class faculty to inspire graduates to be lifelong learners and responsible global citizens.

TEXAS A&M AGRILIFE RESEARCH is the state's leading public agency for research and development in agriculture, natural resources and the life sciences. With a statewide presence – from its headquarters in College Station, to other Texas A&M University System campuses and at 13 regional Research and Extension Centers – the agency provides innovative solutions to 21st-century challenges. Its goals are to enhance competition and prosperity in agriculture, sustain healthy ecosystems and conserve natural resources, improve public health and well-being, manage negative effects of global climate change and optimize plant and animal production and human health.

AgriLife Research conducts research in the Colleges of Agriculture and Life Sciences and Veterinary Medicine and Biomedical Sciences and collaborates with nine A&M System centers and institutes, as well as with state and federal agencies, private-sector corporations and international scientists.

Economic gains from investments in Texas' public agricultural research have reached more than \$3.6 billion over the past three decades.

communities and businesses throughout the state.

THE TEXAS A&M AGRILIFE EXTENSION SERVICE is a unique education agency that provides programs, tools and resources on a local and statewide level that teach people how to improve agriculture and food production, advance health practices, protect the environment, strengthen the economy and enrich youth.

Through a statewide network of professional educators, trained volunteers and county offices, AgriLife Extension addresses the diverse range of contemporary and emerging issues that affect local communities. With 250 county offices serving Texans in all 254 counties, County Extension Agents serve families, youth,

Fulfilling the service component of a land-grant university system, **TEXAS A&M FOREST SERVICE** is a proud member of The Texas A&M University System. Created in 1915 by the 34th Texas Legislature, Texas A&M Forest Service conserves forests and natural resources and protects lives and property.

The state agency is driven by a call to serve, a duty to protect, the commitment to support and the power of partnership. Accordingly, the Texas A&M Forest Service provides technical assistance, program delivery and readily available, easily accessible, science-based information; provides protection against wildland fires and other all-

hazard emergencies; promotes statewide forestry-based economic development; builds the capacity of local responders and engages in cooperative working relationships.

Service knows no bounds as the agency continues more than 100 years of conserving, protecting and leading the state in the interest of the state's forests, trees and related natural resources for the benefit of all.

By testing hundreds of specimens from around the world every business day, the **TEXAS A&M VETERINARY MEDICAL DIAGNOSTIC LABORATORY** contributes significantly to protecting the health of livestock, poultry, companion animals, exotic animals, racing animals and wildlife. TVMDL offers more than 700 state-of-the-art diagnostic tests that deliver accurate results promptly and affordably. With four labs located in the state's leading livestock and poultry regions, TVMDL is uniquely situated to serve animal agriculture. As a Level I Laboratory in the National Animal Health Laboratory Network, TVMDL is among a group of state and regional labs designed

to provide a nationwide surge testing, response and recovery capacity. TVMDL also acts as the backbone for a disease surveillance system that protects animal and public health and the agriculture economy.

Animal owners, the agriculture industry and government agencies depend on TVMDL's globally recognized expertise to help preserve animal and public health. The agency has earned accreditation from the American Association of Veterinary Laboratory Diagnosticians, Racing Medication & Testing Consortium and holds ISO17025 Accreditation for Competition Animal Drug Testing.

TEXAS A&M ENGINEERING EXPERIMENT STATION has been performing quality engineering research and developing technology to address state and national problems for 100 years. TEES partners with industries, communities, government agencies, community colleges and universities – in and out of the Texas A&M System – to find solutions to improve quality of life, foster economic development and enhance education. The agency serves as a catalyst for collaborations that position Texas to be especially competitive for federal dollars and plays a major role in strengthening research leadership across the state. TEES also helps improve the state's workforce by engaging over 1,500 undergraduate and graduate students in research each year. Research activities focus on

relevant needs in areas including energy systems and services, safety and security, healthcare, materials and manufacturing, information systems and sensors, industry outreach and education and training. The agency serves Texas with headquarters in College Station and specialized research centers and partner institution offices throughout the state.

helps communities and public and private entities worldwide by providing training and services needed to prepare for, respond to and recover from natural and man-made disasters. Programs include emergency services, infrastructure, safety, law enforcement, cybersecurity, economic development and workforce development, taught by instructors with real-world experience.

TEEX is a founding member of the National Domestic Preparedness Consortium and the National Cybersecurity Preparedness Consortium and offers training and services through its OSHA Training Institute Education Center and Texas Manufacturing Assistance Center, which serves the Gulf Coast. Through its National Emergency Response and Rescue Training Center, the agency has been a leader in homeland security training since 1998. TEEX also sponsors the state's elite urban search and rescue teams, Texas Task Force 1 and Texas Task Force 2.

TEEX operates comprehensive training facilities for emergency preparedness and response, including Brayton Fire Training Field and Disaster City® in College Station. Facilities for public utilities, law enforcement and unexploded ordinance training are located at the RELLIS Campus in Bryan.

TEXAS A&M TRANSPORTATION INSTITUTE develops solutions to the problems and challenges facing all modes of transportation. The Institute conducts over 700 research projects annually with more than 200 sponsors at all levels of government and the private sector. In the laboratory and the classroom, TTI researchers help prepare students for transportation careers.

Recognized as one of the premier higher education-affiliated transportation research agencies in the world, TTI's research and development program has made significant breakthroughs across all facets of the transportation system. TTI research is widely known as an excellent value with a proven impact of saving lives, time and resources.

TTI's headquarters is located on the campus of Texas A&M University in College Station. The Institute maintains a full-service safety proving grounds facility; environmental and emissions facility; and sediment and erosion control laboratory in Bryan, Texas, as well as other facilities and laboratories on the Texas A&M campus. TTI has eight urban offices in Texas – Arlington, Austin, Dallas, El Paso, Galveston, Houston, San Antonio and Waco – and offices in Washington, D.C., and Mexico City; and Doha, Qatar, at Texas A&M University at Qatar.
