Course Announcement – 09/18/2023

Dear A&M System Training Coordinators,

TrainTraq course no. 2111125 : ADA for Supervisors and Faculty has been updated with a new version. Along with an updated look, the course now meets Tier 3 accessibility requirements, which means it has been successfully tested with a screen reader.

This course presents different scenarios meant to challenge supervisors and faculty to think about how to properly respond when an ADA-related issue/potential issue arises. Please reach out to your local ADA contact for any member-specific questions or concerns not covered in this course.

All the best,

Ryan Ho │ Instructional Designer III
