

Course Update: Information Security Awareness – 10/30/2024

Dear A&M System Training Coordinators,

I am pleased to inform you the System-required course, Information Security Awareness (no. 3001), has been updated in TrainTraq.

Updates to this version include the addition of a sixth required section on generative AI as well as some minor additions of information on text/SMS and QR code phishing.

The course content updates were provided by Technology Services.

All applicable assignment rules are still in effect and all course reports remain the same. Please let me know if you have any questions regarding the changes made to this course.

Thank you!

Aimee
