

COMMERCIAL PAPER MEMORANDUM

**BOARD OF REGENTS OF THE TEXAS A&M UNIVERSITY SYSTEM
REVENUE FINANCING SYSTEM COMMERCIAL PAPER NOTES,
SERIES B**

The Board of Regents of The Texas A&M University System Revenue Financing System Commercial Paper Notes, Series B (the "Notes") are special obligations of the Board of Regents of The Texas A&M University System (the "Board"), payable from and secured by a lien on "Pledged Revenues" (as defined in the Master Resolution described herein) of the Board's Revenue Financing System on a parity with the Board's outstanding "Parity Obligations" (as defined in the Master Resolution). The Notes will be issued in whole or in part as Tax Exempt Commercial Paper Notes, Series B ("Tax Exempt Notes") or Taxable Commercial Paper Notes, Series B ("Taxable Notes"). The Notes are issued pursuant to a Master Resolution, as amended, and an Amended and Restated Second Supplemental Resolution to the Master Resolution (collectively, the "Resolution").

The Notes are exempt from registration under Section 3(a)(2) of the Securities Act of 1933, as amended.

For a discussion of the federal income tax treatment of the Notes, see "TAX MATTERS" herein. Forms of the respective opinions delivered by Winstead PC, as Bond Counsel to the Board in connection with the issuance of Notes, are attached hereto as "APPENDIX C-1 – FORM OF TAX EXEMPT NOTE OPINION" and "APPENDIX C-2 – FORM OF TAXABLE NOTE OPINION."

THE BOARD HAS NO TAXING POWER, AND NEITHER THE FULL FAITH AND CREDIT NOR THE TAXING POWER OF THE STATE OF TEXAS OR ANY AGENCY OR POLITICAL SUBDIVISION THEREOF IS PLEDGED AS SECURITY FOR THE NOTES. THE OWNERS OF THE NOTES SHALL NEVER HAVE THE RIGHT TO DEMAND PAYMENT OF THE NOTES FROM ANY SOURCE OTHER THAN PLEDGED REVENUES. See "THE COMMERCIAL PAPER NOTES" and "LIQUIDITY SUPPORT."

Dated: December 1, 2022

J.P. Morgan

INFORMATION CONCERNING THE OFFER

J.P. Morgan Securities LLC serves as the exclusive dealer for the Board of Regents of the Texas A&M System Revenue Financing System Tax Exempt Commercial Paper Notes, Series B and Revenue Financing System Taxable Commercial Paper Notes, Series B (collectively, the "Notes") offered or to be offered hereby.

No dealer, broker or other person has been authorized to give any information or to make any representation other than as contained in this Commercial Paper Memorandum or the other information incorporated herein by reference, and if given or made, such other information or representation must not be relied upon as having been authorized.

This Commercial Paper Memorandum does not constitute an offer to sell or a solicitation of an offer to buy any securities other than the Notes offered hereby, nor shall there be any offer or solicitation of such offer or sale of the Notes, in any jurisdiction in which it is unlawful for such person to make such offer, solicitation or sale.

This Commercial Paper Memorandum (including the information relating to The Texas A&M University System (the "A&M System") and other information incorporated herein by reference) has been prepared from information furnished by the A&M System and such information is believed to be reliable. No representation is made as to either the accuracy or completeness of the information herein (including the information incorporated herein by reference). Neither the delivery of this Commercial Paper Memorandum nor the sale of any of the Notes implies that the information herein (including the information incorporated herein by reference) is correct as of any time subsequent to the date hereof. The summaries of and references to documents, statutes and agreements in this Commercial Paper Memorandum (including the information incorporated herein by reference) do not purport to be complete, comprehensive or definitive, and are qualified by reference to the complete text of each such document, statute or agreement.

The information concerning the A&M System contained in this Commercial Paper Memorandum does not purport to cover all aspects of the A&M System's operations and financial position. During the period of the offering of the Notes, reference is made to the most recent unaudited Combined Financial Statements of The Texas A&M University System (with the relevant portion of the notes to the Combined Financial Statements) for the Fiscal Year ended August 31, 2022, and the Continuing Disclosure Annual Report for the Fiscal Year ended August 31, 2021, relating to the Board of Regents of the A&M System's bonds issued under the Revenue Financing System. This information is made available to the Municipal Securities Rulemaking Board or may be obtained by contacting the A&M System, Moore/Connally Building, 301 Tarrow, 5th Floor, College Station, Texas 77840-7896. See "INCORPORATION BY REFERENCE" herein.

**COMMERCIAL PAPER MEMORANDUM
DATED: DECEMBER 1, 2022**

**BOARD OF REGENTS OF THE TEXAS A&M UNIVERSITY SYSTEM
REVENUE FINANCING SYSTEM COMMERCIAL PAPER NOTES,
SERIES B**

J.P. Morgan Securities LLC, as Commercial Paper Dealer, is offering for sale, on behalf of the Board (as defined herein), Notes (as defined herein) in the aggregate principal amount not to exceed \$300,000,000 outstanding at any one time. Interest on the Notes is calculated on an actual (365-/366-day) year basis, and the Notes will be sold at par.

The Notes will be issued in whole or in part as Tax Exempt Commercial Paper Notes, Series B ("Tax Exempt Notes") or Taxable Commercial Paper Notes, Series B ("Taxable Notes" and, together with the "Tax Exempt Notes," the "Notes"). See "TAX MATTERS" for a discussion of the federal income tax treatment of the Notes. Forms of the respective opinions delivered by Winstead PC, as Bond Counsel in connection with the issuance of Notes, are attached hereto as "APPENDIX C-1 – FORM OF TAX EXEMPT NOTE OPINION" and "APPENDIX C-2 – FORM OF TAXABLE NOTE OPINION." Copies of such opinions are available upon request from the Commercial Paper Dealer. Capitalized terms used in this Commercial Paper Memorandum and not otherwise defined have the meaning assigned in the Resolution (as defined herein).

The Notes are exempt from registration under Section 3(a)(2) of the Securities Act of 1933, as amended.

THE TEXAS A&M UNIVERSITY SYSTEM

The Texas A&M University System (the "A&M System") is a state-wide university system consisting of eleven State-supported general academic institutions and eight research and service agencies. The general academic institutions are Texas A&M University (including Texas A&M University at Galveston and the Texas A&M University Health Science Center), Prairie View A&M University, Tarleton State University, Texas A&M University – Kingsville, Texas A&M University – Corpus Christi, Texas A&M International University, West Texas A&M University, Texas A&M University – Commerce, Texas A&M University – Texarkana, Texas A&M University – Central Texas, and Texas A&M University – San Antonio. The eight research and service agencies are Texas A&M AgriLife Research (formerly, Texas Agricultural Experiment Station), Texas A&M AgriLife Extension Service (formerly, Texas Cooperative Extension), Texas A&M Forest Service, Texas A&M Veterinary Medical Diagnostic Laboratory, Texas A&M Engineering Experiment Station, Texas A&M Engineering Extension Service, Texas A&M Transportation Institute, and Texas Division of Emergency Management. Texas A&M University's Health Science Center consists of the Baylor College of Dentistry, College of Medicine, Rangel College of Pharmacy, Graduate School of Biomedical Sciences, Institute of Biosciences and Technology, School of Rural Public Health, College of Nursing, Coastal Bend Health Education Center, and South Texas Center. For the 2022 fall semester, the general academic institutions had a total enrollment of approximately 153,231 students, of which approximately 67,165 attended Texas A&M University in College Station. The research and service agencies are engaged in a wide variety of research and public service activities in facilities located throughout the State of Texas (the "State"). The Fiscal Year 2023 budget of the A&M System is approximately \$7.2 billion, and the A&M System benefits from endowments, subject to certain restrictions, with a market value of approximately \$18.2 billion as of October 31, 2022. The A&M System is governed by a nine-member Board of Regents (the "Board") appointed by the Governor and confirmed by the Texas Senate.

Tarleton State University	14,114	13,995	14,022	13,177	13,115
West Texas A&M University	<u>9,250</u>	<u>9,545</u>	<u>10,051</u>	<u>9,970</u>	<u>10,030</u>
	<u>153,231</u>	<u>151,824</u>	<u>152,200</u>	<u>150,645</u>	<u>152,600</u>

- (1) The enrollment data has been certified by the Texas Higher Education Coordinating Board for 2018-2021. The 2022 enrollment data is based on preliminary 20th class day data.
- (2) Includes Texas A&M University School of Law. Excludes Texas A&M University at Galveston and Texas A&M Health Science Center, which are presented separately in this table.
- (3) A branch campus of Texas A&M University.
- (4) Decrease in enrollment due to planned reduction in dual enrollment course offerings and lower international student enrollment primarily at the graduate level.

Investment Considerations

Infectious Disease Outbreak (COVID-19)

The Board has previously issued notices of voluntary disclosure regarding the outbreak of coronavirus disease 2019 (“COVID-19”), which was characterized as a pandemic by the World Health Organization and continues to affect many parts of the world, including the State and the United States (the “Pandemic”). Such notices, together with more recent updates to such disclosures contained in offering documents for the A&M System’s publicly offered securities, are available on the Municipal Securities Rulemaking Board’s (“MSRB”) website, www.emma.msrb.org.

On March 2, 2021, the Governor issued Executive Order GA-34, which, among other things, removed any COVID-19-related operating limits for any business or other establishment and ended the State-wide mask mandate. Executive Order GA-38, issued on July 29, 2021, and Executive Order GA-30, issued on August 25, 2021, further provide governmental entities cannot require mask mandates, vaccine passports, or mandatory vaccinations. On October 11, 2021, the Governor issued Executive Order GA-40, prohibiting any entity from requiring COVID vaccinations. At present, the Governor has effectively re-opened the State and eliminated restrictions implemented in response to the Pandemic.

The Texas A&M System received \$739.8 million in federal support to mitigate the financial impact of the COVID-19 pandemic. Of this amount \$275.6 million was for Student Aid and \$464.2 million was for Institutional support. These funds greatly assisted the A&M System to mitigate the financial impact of COVID-19 and directly support the students to help maintain enrollment levels. The Fiscal Year 2023 budget reflects an expenditure budget of \$7.2 billion and a modest increase of \$84.0 million in budgeted net position.

The A&M System used multi-faceted learning delivery methods for the Spring 2021 semester to ensure the continuation of classes in the event that disruptions related to the Pandemic necessitated a shift to remote learning. In addition, the A&M System universities remained open and provided needed services to students including food, lodging, health care, internet access, and counseling services. Across the A&M System, learning delivery methods and operations returned to pre-COVID procedures and levels effective June 1, 2021 and have been conducted in accordance with

guidance from federal state, and local health authorities since that time. For Fall 2022, all Texas A&M University System members have resumed normal operations and services similar to pre-pandemic operations and all schools are providing in class student engagement with COVID-19 safety protocols in place to maximize student safety and students having normal learning experience opportunities.

Neither the Board nor the A&M System can predict (i) the duration or extent of the Pandemic or any other outbreak or pandemic; (ii) the duration or expansion of travel restrictions and restrictions on assemblies or gatherings; (iii) the full effect the Pandemic or any other outbreak/pandemic-related restrictions or warnings may have on demand for higher education and/or the A&M System's revenues; (iv) whether and to what extent the Pandemic or any other outbreak or pandemic may disrupt the local or global economy, or whether any such disruption may adversely impact the A&M System's operations or revenues; or (v) the extent to which any of the foregoing may have a material adverse effect on the financial condition or operations of the A&M System and its universities.

Overall, the extent of the impact of the Pandemic on the A&M System's operational and financial performance, and on revenues of the A&M System, will depend on future developments, including without limitation the duration and spread of the Pandemic, travel restrictions, limitations on public assemblies and gatherings, and restrictions on the operations and activities of public and private entities nationwide, including the A&M System and its universities. However, the Board and the A&M System currently anticipate that the Pandemic and the related responsive measures will not impair the Board's ability to pay debt service on the Parity Obligations and to comply with the other terms thereof.

Weather and Environmental Related Events

The A&M System and its Participants (as defined in the Master Resolution) are located in a variety of geographic regions throughout the State and, as a result, the A&M System and its Participants may be exposed to differing climatic and environmental events, which may include potentially hazardous, natural disasters or catastrophic events (such as severe winds, heavy rains, flooding and freezing) and expose the A&M System and its Participants to operational disruptions and casualty losses.

In February 2021, the State experienced a severe winter storm causing record breaking cold temperatures resulting in widespread disruptions to the operations of Texas electric and gas utilities. Based on ongoing assessments, the A&M System and its Participants experienced losses currently reported at \$33.1 million with additional damages to be reported. Current expectations are that the total loss may be near \$34.0 million (which is expected to be covered by insurance) as a result of damage caused by the storm. While the A&M System continues to assess the overall impact of the storm, the A&M System does not anticipate a material adverse impact on its operations or financial condition (or on the operations or financial condition of its Participants) as a result of the storm.

Climatic and weather-related events have not materially impacted the A&M System or its Participants thus far; however, the A&M System cannot predict whether similar events will occur in the future and the impact they may have on the A&M System and its Participants.

Cybersecurity

The operations of the A&M System and its Participants are increasingly dependent on information technologies and services, which are exposed to cybersecurity risks and cyber incidents or attacks. The A&M System utilizes the cybersecurity framework prescribed by the Texas Department of Information Resources ("DIR"), which adopts the National Institute of Standards and Technology security and privacy controls for Federal information systems and organizations. This framework is implemented by the A&M System members in a manner that aligns with their business and academic objectives. In implementing these controls, the A&M System provides shared cybersecurity services to all A&M System members, including a centralized security operations center, system-wide negotiated contracts for cybersecurity products and services, tools and venues to facilitate cyber information sharing among industry and government organizations, cyber incident response services, and consulting services delivered by cybersecurity professionals. To ensure compliance with the DIR-prescribed framework and A&M System policies and regulations, A&M System members undergo internal audits every five years, which include assessing the implementation of security and privacy controls. While the A&M System implements the above-described controls, the A&M System cannot guarantee that it will be able to successfully defend against cybersecurity attacks or predict the impact of any such attacks on the A&M System's operations or financial condition.

THE COMMERCIAL PAPER NOTES

On November 19, 1990, the Board adopted the Master Resolution establishing The Texas A&M University System Revenue Financing System (the "Revenue Financing System"), and the Board amended such resolution on September 17, 1993, and July 25, 1997 (as amended, the "Master Resolution"). The Board adopted the Master Resolution for the purpose of assembling the A&M System's revenue-supported debt capacity into a single financing program in order to provide a cost-effective debt program to Participants and to maximize the financing options available to the Board. The Master Resolution provides for the establishment of the Revenue Financing System and permits the Board to make additions to or deletions from the membership of the Revenue Financing System subject to the satisfaction of certain conditions specified therein. All of the institutions and agencies currently constituting members of the A&M System have been included as Participants of the Revenue Financing System. The Amended and Restated Second Supplemental Resolution adopted by the Board on March 27, 2008 (the "Second Supplement" and together with the Master Resolution, the "Resolution") approves and authorizes the issuance of Parity Obligations, as defined in the Master Resolution, in an aggregate principal amount outstanding at any one time of \$300 million. The Notes are authorized to be issued in denominations of any multiple of \$1,000, with a minimum denomination of \$100,000, to mature and become due and payable on such dates as shall be determined at the time of sale; provided, however, that no Notes shall (i) mature after the Maximum Maturity Date of December 1, 2030 or (ii) have a term in excess of 270 calendar days.

The Notes may be issued as "Tax Exempt Notes" or "Taxable Notes" as described herein. The interest on Tax Exempt Notes is intended to be excludable from the gross income of the holders thereof for purposes of federal income taxation, assuming continuing compliance by the Board with certain tax related covenants under the Resolution and the applicable provisions of the Internal Revenue Code of 1986 as amended (the "Code"). (see "TAX MATTERS").

The Board is required to designate, at the time of or prior to issuance, whether Notes are intended to be issued as Tax Exempt Notes or Taxable Notes.

The Notes are special obligations of the Board payable from and secured solely by the Pledged Revenues, as defined in the Resolution. Pledged Revenues generally include, subject to the provisions of the Prior Encumbered Obligations (as defined below), the Revenue Funds, including all of the funds and balances now or hereafter lawfully available to the Board and derived from or attributable to any Participant of the Revenue Financing System that are lawfully available to the Board for payments on Parity Obligations; provided, however, that the following shall be excluded from Pledged Revenues unless and to the extent set forth in a Supplement to the Master Resolution: (a) the interest of the A&M System in the Available University Fund under Article 7, Section 18 of the Constitution of the State of Texas, including the income therefrom and any balances relating thereto; (b) amounts received on behalf of any Participant under Article 7, Section 17 of the Constitution of the State of Texas, including the income therefrom and any balances relating thereto; and (c) except to the extent so specifically appropriated, general revenue funds appropriated to the Board by the Legislature of the State of Texas.

The Board has calculated the Pledged Revenues (including unrestricted net assets of approximately \$1.4 billion) for Fiscal Year 2022 to be approximately \$4.3 billion.

"Prior Encumbered Obligations" means the bonds, notes, and other obligations of an institution or agency outstanding on the date it becomes a Participant of the Revenue Financing System and that are secured by a lien on and pledge of the Prior Encumbered General Fee, the Prior Encumbered Revenues, the Prior Encumbered Tuition Fee, or the Prior Encumbered General Tuition charged and collected at such institution or agency, and all existing obligations of the Board secured by a lien on a portion of the Pledged Revenues that is superior to the lien established by the Master Resolution on behalf of Parity Obligations. Presently there are no Prior Encumbered Obligations outstanding.

The Board has covenanted in the Master Resolution that in each Fiscal Year it will use its reasonable efforts to collect revenues sufficient to meet all financial obligations of the Board relating to the Revenue Financing System, including all deposits or payments due on or with respect to outstanding Parity Obligations for such Fiscal Year. The Board has also covenanted in the Master Resolution that it will not incur any debt secured by Pledged Revenues unless such debt constitutes a Parity Obligation or is junior and subordinate to the Parity Obligations. The Board intends to issue most of its revenue-supported debt obligations, which benefit members of the A&M System, as Parity Obligations under the Master Resolution.

In the Second Supplement, the Board has agreed to pay the principal of, and interest on, the Notes as the same become due and payable. If there are not anticipated to be Pledged Revenues or other lawfully available funds in an amount sufficient and in ample time to pay the principal of and interest on the Notes as such come due, the Second Supplement requires the A&M System to implement the procedures necessary to access the Board's liquidity support (see "LIQUIDITY SUPPORT").

The Resolution provides that any owner of the Notes may, in the event of default in connection with any covenant contained in the Resolution, or default in the payment of the Notes, or of any interest due thereon, or other costs and expenses related thereto, require the Board, its officials and employees, and any appropriate official of the State, to carry out, respect, or enforce the covenants and obligations of the Resolution, by all legal and equitable means, including specifically, but without limitation, the use and filing of mandamus proceedings in any court of competent jurisdiction against the Board, its officials and employees or any appropriate official of the State. The Resolution does not establish other remedies or specifically enumerate events of default with respect to the Notes. The Resolution does not provide for a trustee to enforce the covenants and obligations of the Board. In no event will owners of the Notes have the right to have the maturity of the Notes accelerated as a remedy. The enforcement of the remedy of mandamus may be difficult and time consuming. No assurance can be given that a mandamus or other legal action to enforce a default under the Resolution would be successful.

Under current State law, the Board is prohibited from waiving sovereign immunity from suit or liability with respect to the Notes, and the holders thereof are prevented by operation of the Board's sovereign immunity from bringing a suit against the Board in a court of law to adjudicate a claim to enforce the Notes or for damages for breach of the Notes. However, State courts have held that mandamus proceedings against a governmental unit, such as the Board, as discussed in the preceding paragraph, are not prohibited by sovereign immunity.

Chapter 1208, as amended, Texas Government Code, applies to the issuance of the Notes and the pledge of the Pledged Revenues, and such pledge is therefore, valid, effective and perfected. Should State law be amended while the Notes are outstanding and unpaid, the result of such amendment being that the pledge of the Pledged Revenues is to be subject to the filing requirements of Chapter 9, Texas Business and Commerce Code, in order to preserve to the owners of the Notes a security interest in such pledge, the Board agrees to take such measures as it determines are reasonable and necessary to enable a filing of a security interest in said pledge to occur.

The Resolution provides that the Notes shall be treated as Defeased Debt when, among other things, there shall have been irrevocably deposited with an eligible bank or trust company noncallable Government Obligations which mature as to principal and interest in such amounts and at such times as will insure the availability, without reinvestment, of sufficient money to provide for the payment of all principal and interest with respect to such Notes to the due date or dates thereof. The Second Supplement also provides that, with respect to a defeasance of Notes, the term "Government Obligations" shall mean (i) direct, noncallable obligations of the United States of America, including obligations that are unconditionally guaranteed by the United States of America, (ii) noncallable obligations of an agency or instrumentality of the United States of America, including obligations that are unconditionally guaranteed or insured by the agency or instrumentality and that, on the date of the purchase thereof are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent, and (iii) noncallable obligations of a state or an agency or a county, municipality, or other political subdivision of a state that have been refunded and that, on the date the governing body of the issuer adopts or approves the proceedings authorizing the financial arrangements are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent.

In the Second Supplement, the Board also authorized a book-entry system for registration of the Notes with The Depository Trust Company, New York, New York ("DTC"). Ownership of beneficial interests in the Notes shall be shown by book entry on the system maintained and operated by DTC (see "APPENDIX A – BOOK-ENTRY-ONLY SYSTEM").

THE NOTES ARE NOT GENERAL OBLIGATIONS OF THE BOARD, THE A&M SYSTEM OR ANY PART THEREOF, THE STATE, OR ANY POLITICAL SUBDIVISION OF THE STATE. THE BOARD HAS NO TAXING POWER, AND NEITHER THE FULL FAITH AND CREDIT NOR THE TAXING POWER OF THE STATE OR ANY AGENCY OR POLITICAL SUBDIVISION THEREOF IS PLEDGED AS SECURITY FOR THE NOTES. THE BREACH OF ANY COVENANT, AGREEMENT, OR OBLIGATION CONTAINED IN THE MASTER

RESOLUTION OR THE SECOND SUPPLEMENT WILL NOT IMPOSE OR RESULT IN GENERAL LIABILITY ON OR A CHARGE AGAINST THE GENERAL CREDIT OF THE BOARD OR THE A&M SYSTEM.

The Notes will be payable at the offices of the Issuing and Paying Agent, U. S. Bank Trust, N. A., New York, New York (the "Agent").

FINANCIAL MANAGEMENT

The A&M System's Chief Investment Officer and Treasurer is responsible for the operational activities of debt, cash and investment management of the A&M System's operating and endowment funds, and the Executive Director of Budgets and Accounting is responsible for budgets, accounting, and financial statements.

State CAFR

The State issues an audited Comprehensive Annual Financial Report ("CAFR"), prepared in accordance with generally accepted accounting principles, for the State as a whole. The CAFR is normally available in April of each year. The CAFR is prepared by the State Comptroller of Public Accounts (the "Comptroller") and is audited by the State Auditor's Office. The State Auditor expresses an opinion on the CAFR but does not express an opinion on the financial reports of individual member units, including those of the A&M System.

The Fiscal Year of the State and the A&M System begins on September 1 of each year. Annually, not later than November 20, an unaudited financial report dated as of August 31, prepared from the books of the A&M System, must be delivered to the Governor and the Comptroller. In certifying the financial reports included in the CAFR, the State Auditor examines the financial records of each of the A&M System's member institutions. *No independent audit in support of this detailed review is required or obtained by the A&M System.*

A&M System Financial Reports

The A&M System is an agency of the State and its financial records reflect compliance with applicable State statutes and regulations. The significant accounting policies followed by the A&M System in maintaining accounts and in the preparation of the combined primary financial statements are materially in accordance with "Texas Comptroller of Public Accounts' Annual Financial Reporting Requirements." The requirements are also in substantial conformity with the *Financial Accounting and Reporting Manual for Higher Education* as revised by GASB No. 34 and No. 35, published by the National Association of College and University Business Officers (NACUBO).

The A&M System's combined primary financial reports cover all financial operations of the central administration office of the A&M System (the "A&M System Administration") and all member institutions of the A&M System. Amounts due between member institutions, amounts held for member institutions by the A&M System Administration and other duplications in reporting are eliminated in combining the individual financial reports.

Attached to this Commercial Paper Memorandum as "APPENDIX B – UNAUDITED FINANCIAL REPORTS OF THE TEXAS A&M UNIVERSITY SYSTEM" are the most recent primary statements of the unaudited combined annual financial reports of the A&M System (with the relevant portion of the notes to the unaudited combined annual financial reports), for the A&M System's Fiscal Year ended August 31, 2022, excerpted from the 2022 Combined Annual Financial Report of the A&M System. The A&M System's unaudited combined annual financial statements consist of the Combined Statement of Net Position for the Year Ended August 31, 2022, the Combined Statement of Revenues, Expenses and Changes in Net Position for the Year Ended August 31, 2022 and the Combined Statement of Cash Flows for the Year Ended August 31, 2022. See "APPENDIX B – UNAUDITED FINANCIAL REPORTS OF THE TEXAS A&M UNIVERSITY SYSTEM."

[The remainder of this page is intentionally left blank.]

The following table reflects the unaudited condensed statement of net position of the A&M System as of August 31, 2022, 2021, 2020, 2019 and 2018.

(1) For more detailed information, see “APPENDIX B – UNAUDITED FINANCIAL REPORTS OF THE TEXAS A&M UNIVERSITY SYSTEM – Combined Statement of Revenues, Expenses and Changes in Net Position for the Year Ended August 31, 2022.” The Fiscal Year 2020 and 2021 results reflect the operational and financial impact of the Pandemic and measures implemented in response thereto. See “THE TEXAS A&M UNIVERSITY SYSTEM – Investment Considerations – Infectious Disease Outbreak (COVID-19)” herein.

Funding for the A&M System

Funding for the A&M System is derived from operating and non-operating revenues. For a discussion of the funding sources for the Fiscal Year ended August 31, 2022, see “APPENDIX B – UNAUDITED FINANCIAL REPORTS OF THE TEXAS A&M UNIVERSITY SYSTEM—Management’s Discussion and Analysis—Statement of Revenues, Expenses and Changes in Net Position.” The amounts and the sources of such funding vary from year to year and there is no guarantee that the source or amounts of such funding will remain the same in future years. Following are brief discussions of certain funding sources.

Tuition and Fees

Each member institution granting degrees charges tuition and fees as authorized by the State Legislature and the Board pursuant to Chapters 54 and 55 of the Education Code. Tuition charges are composed of “State Mandated Tuition” and “Board Designated Tuition” as further described below. Unless otherwise stated, all references to statutes shall be to the Texas Education Code.

State Mandated Tuition. Section 54.051 of the Texas Education Code requires (i) undergraduate tuition applicable to State residents to be charged at \$50 per semester credit hour and (ii) tuition of a nonresident student at a general academic teaching institution or medical and dental unit to be an amount per semester credit hour equal to the average of the nonresident undergraduate tuition charged to a resident of the State at a public state university in each of the five most populous states other than the State (the amount of which would be computed by the Texas Higher Education Coordinating Board (the “Coordinating Board”) for each academic year). For the 2022-23 academic year, the Coordinating Board has computed \$458 per semester credit hour for nonresident undergraduate tuition. The tuition rates described above are referred to in this Commercial Paper Memorandum as “State Mandated Tuition.”

Board Designated Tuition. In 2003, the Texas Legislature approved and the Governor signed into law House Bill 3015, which provided for the deregulation of a portion of tuition that a governing board of an institution of higher education, such as the Board, has the authority to charge under Section 54.0513 of the Texas Education Code. Prior to the amendment to Section 54.0513, Texas Education Code, the amount of tuition that a board of regents could independently charge students was capped at the level described above with respect to State Mandated Tuition. Effective for tuition charged for the Fall 2003 semester, a governing board could charge any student an amount (referred to in this Commercial Paper Memorandum as “Board Designated Tuition”) that it considered necessary for the effective operation of the institution. The legislation also granted authority to the governing board to set a different tuition rate for each program and course level offered by the institution. This additional authority offers more opportunity for the Board to develop a tuition schedule that assists in meeting the strategic objectives of each Participant in terms of access, affordability, effective use of campus resources, and improvement of graduation rates. The Board must authorize any changes in Board Designated Tuition only after they have been thoroughly evaluated by the Chancellor of the A&M System and the administration of each Participant. No less than 15% of the Board Designated Tuition charged in excess of \$46 per semester credit hour shall be set aside to provide financial assistance to resident undergraduate students, consistent with the provisions of Subchapter B, Chapter 56, Texas Education Code, which were contained in House Bill 3015. In connection with the authorization of Board Designated Tuition, building use fees, which were historically included in Pledged General Fees (and as defined in) under the Master Resolution, were rededicated as Board Designated Tuition. This rededication does not impact the pledge of Revenue Funds for the payment and security of Parity Obligations. Both the State Mandated Tuition and the Board Designated Tuition are included in Revenue Funds and are pledged for the benefit of Parity Obligations.

For the 2014-15 academic year, the Board adopted guaranteed tuition and fee rates at its academic institutions allowing students to pay the same tuition and fee rate for up to four years (twelve consecutive semesters) with certain variances for fees approved at individual campuses and tuition requirements for certain programs. After the expiration of four years, students will pay the current year’s rates each term until completion. Beginning in the 2016-17 academic year, students have the choice between a variable one-year optional rate and a four-year guaranteed rate.

In November 2021, the Board made the decision not to increase tuition and fee rates for students entering in the 2022-23 academic year. The tuition and fee rates for the 2022-23 academic year will be the same as the rates charged for the 2021-22 academic year.

The A&M System has no assurance that the State Legislature will not place future limits on the Board’s ability to charge Board Designated Tuition in an amount that it considers necessary for the effective operation of its institutions.

Currently, however, Section 55.16 of the Texas Education Code specifically allows the Board to levy and collect any necessary fees, tuition, rentals, rates, or other charges necessary to provide funds sufficient for the payment of outstanding Parity Obligations.

The A&M System has no assurance that the State Legislature will not place future limits on the Board’s ability to charge Board Designated Tuition in an amount that it considers necessary for the effective operation of its institutions. However, Section 55.16 of the Texas Education Code specifically allows the Board to levy and collect any necessary fees, tuition, rentals, rates or other charges necessary to provide funds sufficient for the payment of outstanding Parity Obligations.

Set forth below is a table showing the State Mandated Tuition, Board Designated Tuition and mandatory fees, and total tuition and fees for each of the general academic institutions of the A&M System (including the branch campus in Galveston and excluding the Texas A&M Health Science Center) for a full-time resident student for the Fall 2022 semester based on 15 semester credit hours.

Fall 2022 Tuition Rates

	State Mandated Tuition	*Board Designated Tuition and Mandatory Fees	Total Tuition and Fees
Prairie View A&M University	\$ 750	\$ 4,900	\$ 5,650
Tarleton State University	750	4,252 - 5,240	5,002 - 5,990
Texas A&M International University	750	4,211	4,961
Texas A&M University	750	5,231 - 6,455	5,981 - 7,205
Texas A&M University at Galveston	750	5,937	6,687
Texas A&M University - Central Texas	750	2,931 - 3,387	3,681 - 4,137
Texas A&M University – Commerce	750	4,514	5,264
Texas A&M University - Corpus Christi	750	4,516 - 4,838	5,266 - 5,588
Texas A&M University – Kingsville	750	4,196	4,946
Texas A&M University - San Antonio	750	4,024	4,774
Texas A&M University – Texarkana	750	3,594 - 3,884	4,344 - 4,634
West Texas A&M University	750	4,082 - 4,780	4,832 - 5,530

*Tuition is based on guaranteed rates and varies by program of study. This table has been updated to reflect tuition ranges resulting from differential tuition rates based on college or program.

The Board may set rates for graduate tuition at different levels for different institutions. State Mandated Tuition for a resident student enrolled in a program leading to an M.D. or D.O. degree is \$6,550 per academic year. State Mandated Tuition for a nonresident student enrolled in a program leading to an M.D. or D.O. degree is an amount per year equal to three times the rate that a resident student enrolled in a program leading to an M.D. or D.O. degree would pay during the corresponding academic year. In addition, various other programs, including programs leading to a D.V.M. degree, have specific annual rates for resident students and maximum rates that may be charged to nonresident students.

The Board is authorized by Chapter 55 of the Texas Education Code to set the Pledged General Tuition (as defined in the Master Resolution) and any other necessary fees, rentals, rates, or other revenue funds of the Board at the level necessary, without limit, to enable the Board to meet its obligations with respect to the payment of debt service on the Parity Obligations.

[The remainder of this page is intentionally left blank.]

State Government Appropriations

General Revenue Appropriations. The A&M System receives support annually from the State through general revenue fund appropriations made by the State Legislature. Levels of continued State support to the A&M System are dependent on results of biennial legislative sessions. Following the onset of the Pandemic, State agencies and institutions of higher education were asked to submit plans identifying savings to reduce general revenue related appropriations by 5% for the 2020-21 biennium, which equated to approximately \$87.1 million for the A&M System as a whole. The 87th State Legislature adopted a budget for the State for the 2022-23 biennium beginning September 1, 2021, which included formula and special item funding, including partial restoration of the 5% reduction for some of our service and research agencies. Overall, the State Legislature appropriated approximately \$1.38 billion for the A&M System from the general revenue fund for Fiscal Year 2022 and approximately \$1.42 billion for Fiscal Year 2023. Based on the original operating budget for the A&M System for the Fiscal Year ending August 31, 2023, State appropriations comprise approximately 19% of A&M System revenues for Fiscal Year 2023. These amounts include legislative revenues and net transfers from other State agencies. The 87th State Legislature also authorized special general revenue appropriations in the amount of \$60 million and \$300 million to TDEM for the purchase of warehouses and the construction of a new state operations center in Austin, Texas, respectively, and \$45 million to Texas A&M University at Galveston for infrastructure related to their new training vessel.

The A&M System has no assurance that the State Legislature will continue to appropriate to it the general revenue funds of the State at the same levels as in previous years. Future levels of State support are dependent upon the ability and willingness of the State Legislature to make appropriations to the A&M System taking into consideration the availability of financial resources and other potential uses of such resources. For financial information concerning the State, reference is made to the bond disclosure appendix (referred to as Appendix A) prepared by the Comptroller and published quarterly, which may be obtained (i) from the MSRB's internet website, www.emma.msrb.org, by using the quick search function and entering the term "State of Texas Comptroller" and (ii) from the Comptroller's website at: <http://www.comptroller.texas.gov/treasops/bondapp.html>.

Tuition Revenue Bonds. Pursuant to Chapter 55, Texas Education Code ("Chapter 55"), revenue bonds issued by a university system, such as the A&M System, may be equally secured by and payable from a pledge of all or a portion of certain revenue funds of the university system. All of the Parity Obligations of the A&M System, including the Notes, are secured solely by and payable solely from a pledge of and lien on the Pledged Revenues.

Historically, the State Legislature has appropriated general revenue funds in the State's budget each biennium to reimburse institutions of higher education for an amount equal to all or a portion of the debt service on certain revenue bonds ("Tuition Revenue Bonds") issued pursuant to specific statutory authorizations for individual institutions and projects identified in Chapter 55.

The reimbursement of the payment of debt service on such Tuition Revenue Bonds does not constitute a debt of the State, and the State is not obligated to continue making any such appropriations in the future. Furthermore, the State Legislature is prohibited by the State Constitution from making any appropriations for a term longer than two years. Accordingly, the State Legislature's appropriations for the reimbursement of debt service on Tuition Revenue Bonds may be reduced or discontinued at any time after the current biennium, and the State Legislature is under no legal obligation to continue such appropriations in any future biennium.

Certain of the Parity Obligations of the A&M System constitute Tuition Revenue Bonds. See footnotes 1 and 2 under "Outstanding Indebtedness" below for a description of which Parity Obligations of the A&M System constitute Tuition Revenue Bonds. Tuition Revenue Bonds issued by the A&M System carry no additional pledge or security and constitute Parity Obligations of the A&M System, which are equally and ratably secured by and payable from a pledge of and lien on Pledged Revenues on parity with all other Parity Obligations of the A&M System.

The State Legislature appropriated funds to reimburse the A&M System in prior years and in the budget for the 2022-23 biennium in amounts equal to all of the debt service on the A&M System's Tuition Revenue Bonds, including \$105,273,929 for Fiscal Year 2022 and \$95,738,818 for Fiscal Year 2023.

In addition, the State Legislature appropriated general revenue funds totaling \$11,343,270 in Fiscal Year 2022 and \$11,360,363 in Fiscal Year 2023 to provide special debt service funding by reimbursing the payment of debt service on certain A&M System projects, including special debt service funding for the Texas A&M Health Science Center's purchase of land and a building in Round Rock, Texas, the Texas A&M Veterinary Medical Diagnostic Laboratory's

(“TVMDL”) new laboratories in College Station, Texas and Canyon, Texas, and the Texas A&M Engineering Experiment Station’s (“TEES”) Center for Infrastructure Renewal.

Senate Bill 52 (“SB 52”), enacted during the third special session of the 87th State Legislature, amended Chapter 55 to authorize the issuance of additional Tuition Revenue Bonds to finance projects designated by SB 52 as “Capital Construction Assistance Projects”. Among other changes to Chapter 55, SB 52 added Section 55.1791, which authorizes the Board to issue approximately \$727.4 million of additional Parity Obligations to finance Capital Construction Assistance Projects. The Board anticipates that it may issue short-term and long-term Parity Obligations for these projects in the next two years. The State Legislature appropriated \$70,674,158 to the A&M System for debt service on the A&M System’s Capital Construction Assistance Projects for Fiscal Year 2023.

The A&M System can provide no assurances with respect to any future appropriations by the State Legislature. Future levels of State appropriations are dependent upon the ability and willingness of the State Legislature to make appropriations to the A&M System taking into consideration the availability of financial resources and other potential uses of such resources.

Available University Fund Income Appropriations. The Available University Fund is defined by Article VII, Section 18 of the State Constitution (the “PUF Constitutional Provision”) to consist of distributions from the “total return” on all investment assets of the Permanent University Fund (“PUF”), including the net income attributable to the surface of PUF land, in the amounts determined by the Board of Regents (the “UT Board”) of The University of Texas System (the “UT System”). See “Investment Policy and Procedure and Endowments—Endowments—Permanent University Fund” below. One-third of the total amounts comprising the Available University Fund are constitutionally appropriated to the A&M System first, for the payment of annual debt service on PUF bonds and notes issued by the Board, and second, for the support and maintenance of the A&M System Administration, Texas A&M University, and Prairie View A&M University.

Private Financial Support

In Fiscal Year 2022, the A&M System received contributions (gifts, grants and contracts) exceeding \$533.4 million from the private sector, and during the five complete Fiscal Years preceding 2022, the A&M System received contributions averaging in excess of \$493.0 million annually from the private sector, making it one of the leading public educational systems in the nation receiving charitable contributions.

Financing Programs

The Board, pursuant to constitutional and statutory provisions, is authorized to issue debt in a number of distinct forms with which to finance capital improvements. The A&M System has two financing programs in addition to the Revenue Financing System.

Permanent University Fund Bonds

The PUF Constitutional Provision authorizes the Board to issue bonds and notes, payable from all or part of its interest in the Available University Fund in an aggregate amount not exceeding, at the time of issuance, 10% of the cost value of PUF assets, excluding real estate. Proceeds may be used for the purpose of (i) acquiring land with or without permanent improvements; (ii) constructing and equipping buildings or other permanent improvements; (iii) making major repairs and rehabilitation and other permanent improvements; (iv) acquiring capital equipment, library books, and library materials; and (v) refunding bonds or notes issued under said section or prior law, at or for the A&M System Administration and the member institutions of the A&M System (except Texas A&M University – Commerce (“A&M – Commerce”), Texas A&M University – Corpus Christi (“A&M – Corpus Christi”), Texas A&M International University (“TAMIU”), Texas A&M University – Kingsville (“A&M – Kingsville”), Texas A&M University – Texarkana (“A&M – Texarkana”), West Texas A&M University (“WTAMU”), TVMDL and Texas Division of Emergency Management (“TDEM”). Proceeds may not be used to finance permanent improvements of auxiliary enterprises or athletic facilities.

As of October 31, 2022, the Board’s constitutionally authorized PUF bond capacity was approximately \$2,775,829,556, and as of October 31, 2022, the aggregate amount of the Board’s PUF bonds and notes issued and outstanding under this limit was \$1,462,180,000.

Higher Education Fund Bonds

The following member institutions are not eligible to receive proceeds from PUF bonds and notes under the PUF Constitutional Provision: A&M – Commerce; A&M - Corpus Christi; TAMIU; A&M – Kingsville; A&M – Texarkana; WTAMU; TVMDL; and TDEM. Pursuant to the Higher Education Fund (“HEF”) program established by Article VII, Section 17 of the State Constitution (the “HEF Constitutional Provision”), such institutions, except TVMDL and TDEM, are qualified to receive an annual allocation from amounts constitutionally appropriated to fund permanent improvements (except those for athletic facilities or auxiliary enterprises). Under the HEF Constitutional Provision, the Board is authorized to issue bonds and notes to finance permanent improvements at such institutions and to pledge up to 50% of its allocation to secure the payment of principal and interest on the bonds and notes. The A&M System has no bonds or notes issued or outstanding under this program. In addition, the A&M System has the ability to use funds received pursuant to the HEF program to pay debt service on outstanding Parity Obligations. The 87th State Legislature appropriated HEF program funds for A&M System institutions in the amounts of \$48,419,905 for Fiscal Year 2022 and \$48,419,905 for Fiscal Year 2023. For more detailed information, see “APPENDIX B – UNAUDITED FINANCIAL REPORTS OF THE TEXAS A&M UNIVERSITY SYSTEM – Combined Statement of Revenues, Expenses and Changes in Net Position for the Year Ended August 31, 2022 – Capital Appropriations (Higher Education Fund).”

Debt Management

Debt management for the A&M System is the responsibility of the Chief Investment Officer and Treasurer. Debt is issued pursuant to A&M System debt capacity calculations and annual funding requirements in accordance with the cash flow analyses. Issuance of debt requires approval of the Board and (except for PUF bonds and notes) approval by the Texas Bond Review Board or an exemption from such approval requirement pursuant to general law or in accordance with the rules of the Texas Bond Review Board. As a general rule, the A&M System issues debt in large increments to finance system-wide capital improvement cash flow requirements in the aggregate as opposed to financing on a project-by-project basis. To minimize debt service costs during construction periods, the A&M System intends to initially finance capital improvements and required equipment with short-term debt. Such short-term debt is refinanced with long-term fixed rate debt when short-term facilities are fully utilized, during periods of low interest rates, or to match projected revenues.

Current Board Policy on Issuance of Debt

Under current policy, the Board must approve the issuance of debt for a Participant in order to ensure that each Participant is self-sufficient and the operation of each Participant is efficient. Prior to the issuance of debt, a Participant must furnish the Board, for its review and approval, information describing the proposed project including a complete description of the new facilities, and the need therefor, estimated costs of construction, financial analysis and feasibility, if expected to generate sources of revenues for operation and maintenance, and status of student-approved fee increases if required to pay debt service or operation and maintenance expenses.

Participants are required to make reports to the Chancellor during each Fiscal Year regarding revenue receipts, expenditures, status of construction projects, compliance with Board policies related to issuance of debt, and compliance with bond covenants and requirements.

Such policies are subject to change by the Board without notice. The application of such policies may be waived at the discretion of the Board.

[The remainder of this page is intentionally left blank.]

Outstanding Indebtedness

As of December 1, 2022, the A&M System had the following described indebtedness:

Revenue Financing System

Revenue Financing System Bonds, Series 2013B	36,740,000
Revenue Financing System Bonds, Series 2013D	8,010,000

TOTAL

- ⁽¹⁾ Constitute bonds that qualify for reimbursement from State appropriations for debt service payments on the Board's outstanding Tuition Revenue Bonds. See "FINANCIAL MANAGEMENT – Funding for the A&M System – State Government Appropriations – Tuition Revenue Bonds". Future reimbursement by the State for debt service payments is entirely subject to future appropriations by the State Legislature in each subsequent State biennium.
- ⁽²⁾ A portion of these bonds constitute Tuition Revenue Bonds. See footnote (1).
- ⁽³⁾ Under current Board authorization, Revenue Financing System Commercial Paper Notes may be issued up to a total of \$300 million.
- ⁽⁴⁾ Under current Board authorization, Permanent University Fund Commercial Paper Notes may be issued up to a total of \$125 million.

[The remainder of this page is intentionally left blank.]

Anticipated Issuance of Debt

Responsibility for the management of the A&M System's obligations is centralized in the Office of Treasury Services. The A&M System maintains a \$300 million Revenue Financing System commercial paper program to facilitate interim financing of capital improvement projects. The liquidity support for the full authorization of \$300 million of such program is provided by the available assets of the Revenue Financing System. The Revenue Financing System commercial paper program will continue to be used to provide interim financing of the capital improvement needs of the A&M System.

The Board anticipates issuing an additional approximately \$300 million Revenue Financing System commercial paper notes or bonds (excluding refunding bonds) secured by Pledged Revenues during Fiscal Year 2023 to meet the capital improvement needs of the A&M System, including the \$60 million Tax Exempt Commercial Paper Notes and the \$30 million Taxable Commercial Paper Notes expected to be issued on December 6, 2022. The Board also anticipates that it may issue short-term and long-term Parity Obligations for Capital Construction Assistance Projects in the next two years. See "FINANCIAL MANAGEMENT – Funding for the A&M System – Tuition Revenue Bonds" herein.

Other Financings

Public/Private Partnerships

The A&M System has entered into public/private partnerships that allow private partners to acquire, construct, improve or maintain facilities used to support the A&M System's core mission. Housing projects have previously been financed through public/private partnerships at Texas A&M University in College Station ("Texas A&M"), A&M - Commerce, A&M - Corpus Christi, Texas A&M University - San Antonio, and Tarleton State University. Each of these projects, other than the Texas A&M project, have been purchased by the A&M System and are no longer financed under public/private partnership arrangements. Non-student housing facilities being financed through public/private partnerships include a parking facility, a laboratory, and a hotel and conference center at Texas A&M, as well as a student recreation center at A&M - Texarkana. The A&M System may enter into additional public/private partnerships in the future.

Under such arrangements, the A&M System generally enters into a ground lease with the private partner, and may enter into various service agreements as well, but the responsibility to acquire, construct, operate and maintain the facilities remains with the private partner. The private partners in these transactions may issue or incur debt to finance the acquisition, construction, maintenance or improvement of such facilities. The New Hope Cultural Education Facilities Finance Corporation, acting as a conduit issuer for various private partners in these transactions, has approximately \$265.2 million of outstanding debt issued related to public/private partnerships involving the A&M System. Any debt issued by or on behalf of private partners does not constitute an obligation of the Board, the A&M System or any of its components; however, in connection with approximately \$171.0 million of such outstanding debt issued by or on behalf of private partners, the A&M System may be required to provide amounts sufficient to cover debt service (to the extent appropriated by the Board) if revenues of a financed facility are insufficient to pay debt service when due.

In addition to public/private partnerships that support the A&M System's core mission, the A&M System has entered into ground leases and related agreements in connection with the development of facilities constructed, maintained and operated by private parties on underutilized property owned by the A&M System. Any debt issued by or on behalf of private partners in connection with such facilities does not constitute an obligation of the Board, the A&M System or any of its components. Notices of voluntary disclosures posted by the A&M System, which describe recent developments concerning such public/private partnerships, are available on the MSRB's internet website, www.emma.msrb.org and can be located by searching the base 6-digit CUSIP number for the bonds.

Other Obligations

The TMC³ Development Corporation, a Texas nonprofit corporation, wholly controlled by Texas Medical Center, issued its \$35,640,000 Taxable Lease Revenue Bonds (TAMUS), Series 2020 (the "A&M System TMC³ Bonds") secured by lease payments from the A&M System to fund the A&M System's share of certain collaborative facilities and related infrastructure located in the biomedical research hub (known as "TMC³"). For fiscal years 2023 through 2027, the A&M System's average annual lease payments are approximately \$1.7 million. The A&M System's lease payments in respect of the A&M System TMC³ Bonds are subject to annual appropriation and subordinate to the Parity Obligations.

Investment Policy and Procedures and Endowments

Endowments

General. Although not pledged to the payment of debt obligations, the A&M System controls or is benefited by endowments with a market value at October 31, 2022, of approximately \$18.2 billion (including the A&M System's foundations and one-third of the PUF). As of October 31, 2022, endowment funds under the direct control of the A&M System had a value of approximately \$1.4 billion and consisted of marketable securities and investments. Of this amount, approximately \$30.4 million was attributable to funds held for investment for Stephen F. Austin State University and Texas Woman's University System. Midwestern State University is no longer investing in the System Endowment Fund. Distributions are calculated at 5% of the 20-quarter rolling average market value of the endowment. Since distributions are based on 20 quarters, market fluctuations are smoothed and distributions are expected to remain fairly consistent from year to year.

The A&M System is also a beneficiary of the PUF. As of October 31, 2022, the market value of the PUF was approximately \$30.6 billion (excluding land), one-third of which is designated for the A&M System. The audited annual financial statements for the PUF for Fiscal Years ended August 31, 2022 and 2021 have been filed by the A&M System with the MSRB and are incorporated by reference into this Commercial Paper Memorandum. Copies of such documents are available from the A&M System's Office of Treasury Services.

Each endowment is subject to various restrictions as to application and use.

Permanent University Fund. The PUF is a State endowment contributing to the support of eligible institutions of the A&M System and the UT System. The State Constitution of 1876 established the PUF through the appropriation of land grants previously given to The University of Texas plus one million acres. Additional land grants to the PUF were completed in 1883 with the contribution of another one million acres. Today, the PUF contains 2.1 million acres located in 24 counties primarily in West Texas.

The PUF Constitutional Provision provides for distributions to the Available University Fund from the "total return" on all investment assets of the PUF, including the net income attributable to the surface of PUF land, in the amounts determined by the UT Board. Distributions to the Available University Fund are then allocated one-third to the A&M System and two-thirds to the UT System. The PUF Constitutional Provision requires an appropriation from the first money distributed to each system of an annual sum sufficient to pay debt service due on bonds and notes issued by each board and payable from each system's interest in the Available University Fund. The remainder of each system's annual distributions is to be appropriated to each board for prescribed university purposes.

Management of Investments

The Board is responsible for investment of A&M System funds held outside the State Treasury. As provided in the Texas Education Code, each member of the Board has the legal responsibilities of a fiduciary in the management of funds under the control of the A&M System. The Board has provided for centralized investment management within Treasury Services under the direction of the Chief Investment Officer and Treasurer. Investments are managed externally, by unaffiliated investment managers. The Board receives quarterly reports regarding asset allocation, investment returns and market indices.

Authorized Investments

All available funds held by the A&M System and its Participants are authorized to be invested in accordance with State law and with the written investment policy of the Board. Investments are to be made with the judgment and care, under the circumstances then prevailing, that persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation, but in regard to permanent disposition of their funds, considering the probable income therefrom as well as the probable increase in value and the safety of their capital. In the management of A&M System investments, consideration is given to the requirements of liquidity, diversification, safety of principal, yield, maturity, quality, and capability of investment management, with primary emphasis on safety of principal.

Investment Programs

The A&M System operates two investment funds, the System Endowment Fund (the “Endowment Fund”) and the Cash Concentration Pool (the “Pool”). The purpose of the Endowment Fund is to provide for the collective investment of all endowment and trust funds held by the A&M System. The purpose of the Pool is to provide for the collective investment of all operating funds. In the management of A&M System investments, consideration is given to the requirements for liquidity, diversification, safety of principal, yield, maturity, quality and capability of investment management, with primary emphasis on safety of principal. All securities, which use long-term credit ratings, must be rated the equivalent of “B” or better. The fixed income portfolio must have an overall credit rating of “A” or better, and securities using short-term credit ratings must be rated at least “A-2,” “P-2,” “F-2” or the equivalent.

The Board's investment policy provides for a target asset allocation for the Endowment Fund of approximately 30% of the total fund's market value in equities, approximately 15% of the total fund's market value in fixed income securities and approximately 55% of the total fund's market value in alternative assets.

The market value of the Pool as of October 31, 2022 was approximately \$4.9 billion, which does not include the proceeds of any Revenue Financing System or PUF debt. Of this amount, approximately \$235.6 million was attributable to investments held for Stephen F. Austin State University and Texas Woman's University System. The Pool is invested with 42.3% in fixed income securities, 37.0% in equities and 20.7% in alternative assets. The Revenue Financing System debt proceeds are invested solely in the short-term portfolio.

The Board's current target allocations for the Pool are as follows:

Short-Term Portfolio	8%
Fixed Income	32%
Domestic Equity	20%
International Equity	20%
Absolute Return	20%

The A&M System is reporting returns of -15.2% and -18.2% for the twelve months ended October 31, 2022 for the Endowment Fund and the Pool, respectively. The Board cannot make any representation as to the future performance of the A&M System's endowment or other invested funds.

Set forth below is the market value for the Pool, the Endowment Fund, and the A&M System's one-third interest in the PUF as of the end of the most recent five Fiscal Years.

	Market Value of Investment Funds (In Thousands)*			
<u>August 31</u>	<u>Pool**</u>	<u>Endowment Fund***</u>	<u>A&M System's Interest in PUF</u>	
2022	\$5,092,424	\$1,393,867	\$14,000,868	
2021	5,619,439	1,621,524	13,588,095	
2020	4,720,192	1,270,330	10,422,109	
2019	4,198,336	1,220,940	10,051,065	
2018	3,939,662	1,197,657	10,287,673	

*The Fiscal Year 2020 and 2021 results reflect the operational and financial impact of the Pandemic and measures implemented in response thereto. See “GENERAL DESCRIPTION – Investment Considerations – Infectious Disease Outbreak (COVID-19)” herein.

**Includes funds held for investment on behalf of Stephen F. Austin State University and Texas Women's University System, which totaled \$243.9 million as of August 31, 2022. Includes funds held for investment on behalf of Stephen F. Austin State University, Midwestern State University and Texas Woman's University System, which totaled \$328.7 million, \$282.9 million, \$253.3 million, and \$244.9 million as of August 31, 2021, 2020, 2019 and 2018, respectively.

***Includes funds held for investment on behalf of Stephen F. Austin State University and Texas Woman's University System, which totaled \$31.6 million as of August 31, 2022. Includes funds held for investment on behalf of Stephen F. Austin State University, Midwestern State University and Texas Woman's University System, which totaled \$57.1 million, \$47.8 million, \$47.0 million, and \$43.7 million as of August 31, 2021, 2020, 2019 and 2018, respectively.

For a discussion of investment results for Fiscal Year 2022, see “APPENDIX B – UNAUDITED FINANCIAL REPORTS OF THE TEXAS A&M UNIVERSITY SYSTEM—Note 3: Deposits, Investments and Repurchase Agreements.”

In addition to the Endowment Fund and the PUF, the A&M System is benefited by the Permanent Health Fund and the endowments of nine separate foundations. The Permanent Health Fund is managed by the UT Board acting through The University of Texas/Texas A&M Investment Management Company (“UTIMCO”) and the foundations are governed by boards separate from the Board. Investment decisions and asset allocations are managed by UTIMCO and the respective foundation boards. Asset allocations are revised from time to time and are not necessarily the same as those used by the A&M System. The market value of these endowments is reported annually to the A&M System as of June 30th with the most recent market value as of June 30, 2022 at \$2.9 billion, 85% of which benefits Texas A&M University in College Station.

Management of Funds Held in the State Treasury

The Texas Education Code requires that the A&M System deposit into the State Treasury all funds except those derived from auxiliary enterprises and non-instructional services, agency, designated, restricted funds, endowment and other gift funds, student loan funds and funds for the payment of overhead expenses of conducting research. All such funds held in the State Treasury, including the Available University Fund, the Higher Education Funds and certain cash balances of the PUF, are administered by the Comptroller. The Comptroller invests money in the State Treasury in authorized investments consistent with applicable law. The Comptroller pools funds within the State Treasury for investment purposes and allocates investment earnings on pooled funds proportionately among the various State agencies whose funds are so pooled. The Board utilizes the State Treasury primarily as a depository and anticipates that all funds deposited in the State Treasury will be available upon request and will earn interest equal to an allocated share of investment earnings on pooled funds in the State Treasury. As of October 31, 2022, the amount of A&M System funds held by the State Treasury was \$1.01 billion.

Insurance

The A&M System is exposed to various risks of loss related to property – fire, windstorm, or other loss of capital assets; general and employer liability – resulting from alleged wrongdoings by employees and others; net income – due to fraud, theft, administrative errors or omissions, and business interruptions; and personnel – unexpected expense associated with employee health, termination, or death. As an agency of the State, the A&M System and its employees are covered by various immunities and defenses, which limit some of these risks of loss. Remaining exposures are managed by self-insurance arrangements, contractual risk transfers, the purchase of commercial insurance, or a combination of these risk financing techniques. For details, see “APPENDIX B – UNAUDITED FINANCIAL REPORTS OF THE TEXAS A&M UNIVERSITY SYSTEM—Note 17: Risk Management.”

Retirement Plans

A&M System employees participate in various retirement plans and programs, which are summarized below. Such summary is qualified in its entirety by the complete description of such plans and programs within Notes 9-11 included in “APPENDIX B – UNAUDITED FINANCIAL REPORTS OF THE TEXAS A&M UNIVERSITY SYSTEM.”

The State has joint contributory retirement plans for substantially all of its employees, including employees of the A&M System. The primary plan that the A&M System participates in is administered by the Teacher Retirement System of Texas (“TRS”) and is a cost-sharing, multiple-employer defined benefit pension plan with a special funding situation (the “TRS Plan”). All employees of the A&M System who are employed for one-half or more of the standard work load and are not exempted from membership by State law (including, particularly, Section 822.002, Texas Government Code) are covered by the TRS Plan. The TRS Plan provides retirement, disability annuities and death and survivor benefits. The benefit and contribution provisions of the TRS Plan are authorized by State law and may be amended by the State Legislature at any time. No assurances can be made by the A&M System as to whether any such amendments will occur or, if such amendments do occur, whether such amendments would materially affect the A&M System’s liability under the TRS Plan.

During the 2021 measurement period for Fiscal Year 2022 reporting, the amount of the A&M System contributions recognized by the TRS Plan totaled \$62,135,589. At August 31, 2022, the A&M System reported a liability of \$345,380,129 for its proportionate share of the collective net pension liability under the TRS Plan, which was equal to 1.3562156390% of the collective net pension liability under the TRS Plan. Pension values are provided by the Texas Comptroller's Office and define the A&M System's proportional share of the collective net pension liability under the TRS Plan.

The State has also established an Optional Retirement Program ("ORP") for institutions of higher education. Participation in the ORP is in lieu of participation in the TRS Plan. For the plan year ended August 31, 2022, the A&M System contributed \$45,939,949.03 to the ORP. See "APPENDIX B – UNAUDITED FINANCIAL REPORTS OF THE TEXAS A&M UNIVERSITY SYSTEM – Note 9: Pension Plans and Optional Retirement Program – Optional Retirement Program (ORP)" for more information.

State employees, including A&M System employees, may elect to defer a portion of their earnings for income tax and investment purposes pursuant to State law. All payroll deductions relative to deferred compensation were invested in approved plans during the Fiscal Year ended August 31, 2022. See "APPENDIX B – UNAUDITED FINANCIAL REPORTS OF THE TEXAS A&M UNIVERSITY SYSTEM – Note 10: Deferred Compensation" for more information.

The A&M System also provides certain other postemployment benefits ("OPEBs"), which are benefits provided to the A&M System's current and inactive employees (or their beneficiaries) receiving benefits (collectively, the "OPEB Participants") under the A&M System group healthcare and life insurance programs. The authority under which the obligations of the plan members and the A&M System are established is Chapter 1601, Texas Insurance Code. Chapter 1601, Texas Insurance Code may be amended by the State Legislature at any time, and no assurances can be made by the A&M System as to whether any such amendments will occur or, if such amendments do occur, whether such amendments would materially affect the A&M System's OPEB liability.

The A&M System faces the challenge of funding a portion of the healthcare and life insurance benefits costs for OPEB Participants. As of August 31, 2022, the A&M System is responsible for 55.83% of the OPEB liability related to the OPEB Participants, and the State is responsible for the remaining 44.17% of the OPEB liability related to the OPEB Participants. As of September 1, 2021¹, there were approximately 35,185 OPEB Participants and 3,389 additional inactive employees entitled to participate but not yet receiving benefits. The A&M System's costs of providing OPEBs, particularly healthcare benefits, to the OPEB Participants continue to escalate. The A&M System cannot predict whether, or at what rate, healthcare benefit costs will escalate in future years.

In June 2015, GASB issued Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions ("GASB 75"). GASB 75 replaces prior requirements contained in GASB Statement Nos. 45, 57, and 74 (collectively, the "Prior GASB Statements"). The A&M System was required to implement GASB 75 beginning in the Fiscal Year ended August 31, 2018. Among other things, GASB 75 provides new requirements for calculating an entity's total OPEB liability (formerly "actuarial accrued liability" under the Prior GASB Statements) and requires entities to include the total OPEB liability in the Statement of Net Position. In accordance with the Prior GASB Statements, only a portion of the A&M System's total OPEB liability (the "Net OPEB Obligation" under the Prior GASB Statements) was reported within its Statement of Net Position and the total OPEB liability was reported only within the Notes to the A&M System's financial statements.

GASB 75 requires that the A&M System perform an actuarial valuation of its OPEB liability no less frequently than biennially. For the Fiscal Year ending August 31, 2022, the A&M System reported, measured as of September 1, 2021 and determined by an actuarial valuation as of September 1, 2021, that its proportional share of the total OPEB liability was \$2,700,223,937 (with a current portion of \$53,889,498 and a long-term portion of \$2,646,334,439). The information summarized herein was determined as part of an actuarial valuation process using actuarial methods and assumptions, as described in the notes to the A&M System's financial statements. See "APPENDIX B – UNAUDITED FINANCIAL REPORTS OF THE TEXAS A&M UNIVERSITY SYSTEM – Note 11: Postemployment Health Care and Life Insurance Benefits."

¹ As permitted by Paragraph No. 146 and 147 of GASB 75, in the Unaudited Financial Reports of the A&M System for Fiscal Year ending August 31, 2022, the A&M System elected to use a measurement date for its OPEB liability that is twelve months in advance of such Fiscal Year end or September 1, 2021 based on an actuarial valuation as of September 1, 2021 roll forward twelve months.

Actuarial valuations necessarily involve estimates and assumptions, including those regarding the cost of health care, discount rate, salary increases, inflation, and mortality. See “APPENDIX B – UNAUDITED FINANCIAL REPORTS OF THE TEXAS A&M UNIVERSITY SYSTEM – Note 11: Postemployment Health Care and Life Insurance Benefits – Actuarial Assumptions and Other Inputs” for additional discussion on the estimates and assumptions used in calculating the A&M System’s proportional share of the total OPEB liability. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates and assumptions are made about the future.

LIQUIDITY SUPPORT

Self-Liquidity

The Board has agreed to provide sufficient liquidity in the Revenue Financing System to support notes outstanding in an aggregate principal amount of up to \$300 million at any one time. The liquidity support is provided via the Pool, which is outlined in "FINANCIAL MANAGEMENT – Investment Policy and Procedures and Endowments – Investment Programs.” In the Second Supplement, the Board has reserved the right to enter into a liquidity agreement to provide liquidity for a part or all of the Notes. No assurances can be given that the Board will be able to enter into a liquidity agreement. The availability for borrowings under a liquidity agreement may be subject to reasonable conditions precedent, including but not limited to bankruptcy of the Board.

Notification of Holders

The Board will notify the Issuing and Paying Agent and the holders of outstanding Notes prior to entering into a liquidity agreement with regard to its obligations under the Notes. In addition, no such liquidity facility will be entered into with respect to or in support of the outstanding Notes. In the event a liquidity agreement is entered into with respect to the Notes, the Board will notify the Issuing and Paying Agent and the holders of outstanding Notes prior to substituting a new liquidity agreement or terminating the then existing liquidity agreement.

ABSENCE OF LITIGATION

Neither the Board nor the A&M System is a party to any litigation, investigation, inquiry or proceeding (whether or not purportedly on behalf of the Board) pending or threatened, in any court, governmental agency, public board or body or before any arbitrator or before any governmental body which, if decided adversely to such parties, would have a material adverse effect on the Pledged Revenues or on the business, properties or assets or the condition, financial or otherwise, of the A&M System, and no litigation of any nature has been filed or threatened that seeks to restrain or enjoin the establishment of the Revenue Financing System, the issuance or delivery of the Notes or the collection or application of Pledged Revenues to pay the principal of and interest on the Notes, or in any manner questioning the validity of the Notes.

RATINGS

The debt of the Board payable from the Revenue Financing System is presently rated as set forth below:

	<u>Notes</u>	<u>Bonds</u>
Moody's Investors Service	P-1	Aaa
Standard & Poor's Rating Group	A-1+	AAA
Fitch Ratings	F1+	AAA

An explanation of the significance of such ratings may be obtained from the company furnishing the rating. The ratings reflect only the respective views of such organizations, and the Board makes no representation as to the appropriateness of the ratings. There is no assurance that such ratings will continue for any given period of time or that they will not be revised downward or withdrawn entirely by any of such rating companies, if in the judgment of any or all of the companies, circumstances so warrant. Any downward revision or withdrawal of any or all of the ratings may have an adverse effect on the market price of the Notes.

TAX MATTERS

Federal Income Tax Treatment for the Tax Exempt Notes

Winstead PC, Austin, Texas, Bond Counsel to the Board (“Bond Counsel”), has delivered its opinion (the “Tax Exempt Note Opinion”) that (1) based upon an analysis of existing laws, regulations, rulings and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Tax Exempt Notes is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 (the “Code”) and (2) interest on the Tax Exempt Notes is not a specific preference item for purposes of the federal alternative minimum tax. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the Tax Exempt Notes. The form of Tax Exempt Note Opinion of Bond Counsel is contained in Appendix C-1 hereto.

The following discussion summarizes certain United States federal income tax considerations generally applicable to U.S. Holders (as defined in the Taxable Notes discussion, below) of the Tax Exempt Notes that acquire their Tax Exempt Notes in the initial offering, and does not address tax considerations applicable to any investors in the Tax Exempt Notes other than investors that are U.S. Holders.

The Code imposes various restrictions, conditions and requirements relating to the exclusion from gross income for federal income tax purposes of interest on obligations such as the Tax Exempt Notes. The Board has made certain representations and covenanted to comply with certain restrictions, conditions and requirements designed to ensure that interest on the Tax Exempt Notes will not be included in federal gross income. Inaccuracy of these representations or failure to comply with these covenants may result in interest on the Tax Exempt Notes being included in gross income for federal income tax purposes, possibly from the date of original issuance of the Tax Exempt Notes. The opinion of Bond Counsel assumes the accuracy of these representations and compliance with these covenants. Bond Counsel has not undertaken to determine (or to inform any person) whether any actions taken (or not taken), or events occurring (or not occurring), or any other matters coming to Bond Counsel’s attention after the date of issuance of the Tax Exempt Notes may adversely affect the value of, or the tax status of interest on, the Tax Exempt Notes. Accordingly, the opinion of Bond Counsel is not intended to, and may not, be relied upon in connection with any such actions, events or matters.

Although Bond Counsel is of the opinion that interest on the Tax Exempt Notes is excluded from gross income for federal income tax purposes, the ownership or disposition of, or the accrual or receipt of amounts treated as interest on, the Tax Exempt Notes may otherwise affect a Beneficial Owner’s federal, state or local tax liability. The nature and extent of these other tax consequences depends upon the particular tax status of the Beneficial Owner or the Beneficial Owner’s other items of income or deduction. Bond Counsel expresses no opinion regarding any such other tax consequences.

Current and future legislative proposals, if enacted into law, clarification of the Code or court decisions may cause interest on the Tax Exempt Notes to be subject, directly or indirectly, in whole or in part, to federal income taxation or otherwise prevent Beneficial Owners from realizing the full current benefit of the tax status of such interest. The introduction or enactment of any such legislature proposals or clarification of the Code or court decisions may also affect, perhaps significantly, the market price for, or marketability of, the Tax Exempt Notes. Prospective purchasers of the Tax Exempt Notes should consult their own tax advisors regarding the potential impact of any pending or proposed federal or state tax legislation, regulations or litigation, as to which Bond Counsel expresses no opinion.

The Tax Exempt Note Opinion is based on the law and legal authority existing on December 1, 2022, the date of the opinion, which is subject to change, covers certain matters not directly addressed by such authorities, and represents Bond Counsel’s judgment as to the proper treatment of the Tax Exempt Notes for federal income tax purposes. It is not binding on the Internal Revenue Service (“IRS”) or the courts. Furthermore, Bond Counsel cannot give and has not given any opinion or assurance about the future activities of the Board or about the effect of future changes in the Code, the applicable regulations, the interpretation thereof or the enforcement thereof by the IRS. The Board has covenanted, however, to comply with the requirements of the Code.

Bond Counsel’s engagement with respect to the Tax Exempt Notes ends with the issuance of the Tax Exempt Notes, and, unless separately engaged, Bond Counsel is not obligated to defend the Board or the Beneficial Owners regarding the tax-exempt status of the Tax Exempt Notes in the event of an audit examination by the IRS. Under current procedures, Beneficial Owners would have little, if any, right to participate in the audit examination process. Moreover,

because achieving judicial review in connection with an audit examination of tax-exempt bonds is difficult, obtaining an independent review of IRS positions with which the Board legitimately disagrees, may not be practicable. Any action of the IRS, including but not limited to selection of the Tax Exempt Notes for audit, or the course or result of such audit, or an audit of bonds presenting similar tax issues may affect the market price for, or the marketability of, the Tax Exempt Notes, and may cause the Board or the Beneficial Owners to incur significant expense.

Payments on the Tax Exempt Notes generally will be subject to U.S. information reporting and possibly to “backup withholding.” Under Section 3406 of the Code and applicable U.S. Treasury Regulations issued thereunder, a non-corporate Beneficial Owner of Tax Exempt Notes may be subject to backup withholding with respect to “reportable payments,” which include interest paid on the Tax Exempt Notes and the gross proceeds of a sale, exchange, redemption, retirement or other disposition of the Tax Exempt Notes. The payor will be required to deduct and withhold the prescribed amounts if (i) the payee fails to furnish a U.S. taxpayer identification number (“TIN”) to the payor in the manner required, (ii) the IRS notifies the payor that the TIN furnished by the payee is incorrect, (iii) there has been a “notified payee underreporting” described in Section 3406(c) of the Code or (iv) the payee fails to certify under penalty of perjury that the payee is not subject to withholding under Section 3406(a)(1)(C) of the Code. Amounts withheld under the backup withholding rules may be refunded or credited against a Beneficial Owner’s federal income tax liability, if any, provided that the required information is timely furnished to the IRS. Certain Beneficial Owners (including among others, corporations and certain tax-exempt organizations) are not subject to backup withholding. The failure to comply with the backup withholding rules may result in the imposition of penalties by the IRS.

Certain Federal Income Tax Considerations with Respect to the Taxable Notes

Bond Counsel has delivered its opinion (the “Taxable Note Opinion”) but expresses no opinion therein in regard to the status of the exclusion of interest on the Taxable Notes or any other tax consequences relating to the ownership or disposition of, or the amount, accrual, or receipt of interest on, the Taxable Notes. The form of Taxable Note Opinion of Bond Counsel is contained in Appendix C-2 hereto.

The following discussion summarizes certain U.S. federal income tax considerations generally applicable to holders of the Taxable Notes that acquire their Taxable Notes in the initial offering, and is provided as a matter of disclosure in the event that interest thereon would be taxable. The discussion below is based upon laws, regulations, rulings, and decisions in effect and available on the date hereof, all of which are subject to change, possibly with retroactive effect. Prospective investors should note that no rulings have been or are expected to be sought from the IRS with respect to any of the U.S. federal tax consequences discussed below, and no assurance can be given that the IRS will not take contrary positions. Further, the following discussion does not deal with U.S. tax consequences applicable to any given investor, nor does it address the U.S. tax considerations applicable to all categories of investors, some of which may be subject to special taxing rules (regardless of whether or not such investors constitute U.S. Holders), such as certain U.S. expatriates, banks, REITs, RICs, insurance companies, tax-exempt organizations, dealers or traders in securities or currencies, partnerships, S corporations, estates and trusts, investors that hold their Taxable Notes as part of a hedge, straddle or an integrated or conversion transaction, investors whose “functional currency” is not the U.S. dollar, or certain taxpayers that are required to prepare certified financial statements or file financial statements with certain regulatory or governmental agencies. Furthermore, it does not address (i) alternative minimum tax consequences, (ii) the net investment income tax imposed under Section 1411 of the Code, or (iii) the indirect effects on persons who hold equity interests in a holder. This summary also does not consider the taxation of the Taxable Notes under state, local or non-U.S. tax laws. In addition, this summary generally is limited to U.S. tax considerations applicable to investors that acquire their Taxable Notes pursuant to this offering for the issue price that is applicable to such Taxable Notes (i.e., the price at which a substantial amount of the Taxable Notes are sold to the public) and who will hold their Taxable Notes as “capital assets” within the meaning of Section 1221 of the Code.

As used herein, “U.S. Holder” means a beneficial owner of a Taxable Note that for U.S. federal income tax purposes is an individual citizen or resident of the United States, a corporation or other entity taxable as a corporation created or organized in or under the laws of the United States or any state thereof (including the District of Columbia), an estate the income of which is subject to U.S. federal income taxation regardless of its source or a trust where a court within the United States is able to exercise primary supervision over the administration of the trust and one or more United States persons (as defined in the Code) have the authority to control all substantial decisions of the trust (or a trust that has made a valid election under U.S. Treasury Regulations to be treated as a domestic trust). As used herein, “Non-U.S. Holder” generally means a beneficial owner of a Taxable Note (other than a partnership) that is not a U.S. Holder. If a partnership holds Taxable Notes, the tax treatment of such partnership or a partner in such partnership generally will depend upon the status of the partner and upon the activities of the partnership. Partnerships holding Taxable Notes, and

partners in such partnerships, should consult their own tax advisors regarding the tax consequences of an investment in the Taxable Notes (including their status as U.S. Holders or Non-U.S. Holders).

Notwithstanding the rules described below, it should be noted that certain taxpayers that are required to prepare certified financial statements or file financial statements with certain regulatory or governmental agencies may be required to recognize income, gain and loss with respect to the Taxable Notes at the time that such income, gain or loss is recognized on such financial statements instead of under the rules described below (in the case of original issue discount, such requirements are only effective for tax years beginning after December 31, 2018).

Prospective investors should consult their own tax advisors in determining the U.S. federal, state, local or non-U.S. tax consequences to them from the purchase, ownership and disposition of the Taxable Notes in light of their particular circumstances.

U.S. Holders

Interest. Interest on the Taxable Notes generally will be taxable to a U.S. Holder as ordinary interest income at the time such amounts are accrued or received, in accordance with the U.S. Holder's method of accounting for U.S. federal income tax purposes.

Taxable Notes purchased for an amount in excess of the principal amount payable at maturity (or, in some cases, at their earlier call date) will be treated as issued at a premium. A U.S. Holder of a Taxable Note issued at a premium may make an election, applicable to all debt securities purchased at a premium by such U.S. Holder, to amortize such premium, using a constant yield method over the term of such Taxable Note.

Sale or Other Taxable Disposition of the Taxable Notes. Unless a nonrecognition provision of the Code applies, the sale, exchange, redemption, retirement (including pursuant to an offer by the Board) or other disposition of a Taxable Note will be a taxable event for U.S. federal income tax purposes. In such event, in general, a U.S. Holder of a Taxable Note will recognize gain or loss equal to the difference between (i) the amount of cash plus the fair market value of property received (except to the extent attributable to accrued but unpaid interest on the Taxable Note, which will be taxed in the manner described above) and (ii) the U.S. Holder's adjusted U.S. federal income tax basis in the Taxable Note (generally, the purchase price paid by the U.S. Holder for the Taxable Note, decreased by any amortized premium). Any such gain or loss generally will be capital gain or loss. In the case of a non-corporate U.S. Holder of the Taxable Notes, the maximum marginal U.S. federal income tax rate applicable to any such gain will be lower than the maximum marginal U.S. federal income tax rate applicable to ordinary income if such U.S. Holder's holding period for the Taxable Notes exceeds one year. The deductibility of capital losses is subject to limitations.

Defeatance of the Taxable Notes. If the Board defeases any Taxable Note, the Taxable Note may be deemed to be retired and "reissued" for U.S. federal income tax purposes as a result of the defeasance. In that event, in general, a holder will recognize taxable gain or loss equal to the difference between (i) the amount realized from the deemed sale, exchange or retirement (less any accrued qualified stated interest which will be taxable as such) and (ii) the holder's adjusted U.S. federal income tax basis in the Taxable Note.

Information Reporting and Backup Withholding. Payments on the Taxable Notes generally will be subject to U.S. information reporting and possibly to "backup withholding." Under Section 3406 of the Code and applicable U.S. Treasury Regulations issued thereunder, a non-corporate U.S. Holder of the Taxable Notes may be subject to backup withholding at the current rate of 24% with respect to "reportable payments," which include interest paid on the Taxable Notes and the gross proceeds of a sale, exchange, redemption, retirement or other disposition of the Taxable Notes. The payor will be required to deduct and withhold the prescribed amounts if (i) the payee fails to furnish a U.S. taxpayer identification number ("TIN") to the payor in the manner required, (ii) the IRS notifies the payor that the TIN furnished by the payee is incorrect, (iii) there has been a "notified payee underreporting" described in Section 3406(c) of the Code or (iv) the payee fails to certify under penalty of perjury that the payee is not subject to withholding under Section 3406(a)(1)(C) of the Code. Amounts withheld under the backup withholding rules may be refunded or credited against the U.S. Holder's federal income tax liability, if any, provided that the required information is timely furnished to the IRS. Certain U.S. Holders (including among others, corporations and certain tax-exempt organizations) are not subject to backup withholding. A holder's failure to comply with the backup withholding rules may result in the imposition of penalties by the IRS.

[The remainder of this page is intentionally left blank.]

Non-U.S. Holders

Interest. Subject to the discussions below under the headings “Information Reporting and Backup Withholding” and “Foreign Account Tax Compliance Act (“FACTA”)—U.S. Holders and Non-U.S. Holders,” payments of principal of, and interest on, any Taxable Note to a Non-U.S. Holder, other than (1) a controlled foreign corporation described in Section 881(c)(3)(C) of the Code and (2) a bank which acquires such Taxable Note in consideration of an extension of credit made pursuant to a loan agreement entered into in the ordinary course of business, will not be subject to any U.S. federal withholding tax provided that the beneficial owner of the Taxable Note provides a certification completed in compliance with applicable statutory and regulatory requirements, which requirements are discussed below under the heading “Information Reporting and Backup Withholding,” or an exemption is otherwise established.

Disposition of the Taxable Notes. Subject to the discussions below under the headings “Information Reporting and Backup Withholding” and “Foreign Account Tax Compliance Act (“FATCA”)—U.S. Holders and Non-U.S. Holders,” any gain realized by a Non-U.S. Holder upon the sale, exchange, redemption, retirement (including pursuant to an offer by the Board or a deemed retirement due to defeasance of the Taxable Note) or other disposition of a Taxable Note generally will not be subject to U.S. federal income tax, unless (i) such gain is effectively connected with the conduct by such Non-U.S. Holder of a trade or business within the United States; or (ii) in the case of any gain realized by an individual Non-U.S. Holder, such holder is present in the United States for 183 days or more in the taxable year of such sale, exchange, redemption, retirement (including pursuant to an offer by the Board) or other disposition and certain other conditions are met.

Information Reporting and Backup Withholding. Subject to the discussion below under the heading “Foreign Account Tax Compliance Act (“FATCA”)—U.S. Holders and Non-U.S. Holders,” under current U.S. Treasury Regulations, payments of principal and interest on any Taxable Notes to a holder that is not a United States person will not be subject to any backup withholding tax requirements if the beneficial owner of the Taxable Note or a financial institution holding the Taxable Note on behalf of the beneficial owner in the ordinary course of its trade or business provides an appropriate certification to the payor and the payor does not have actual knowledge that the certification is false. If a beneficial owner provides the certification, the certification must give the name and address of such owner, state that such owner is not a United States person, or, in the case of an individual, that such owner is neither a citizen nor a resident of the United States, and the owner must sign the certificate under penalties of perjury. The current backup withholding tax rate is 24%.

Foreign Account Tax Compliance Act (“FATCA”)—U.S. Holders and Non-U.S. Holders

Sections 1471 through 1474 of the Code impose a 30% withholding tax on certain types of payments made to foreign financial institutions, unless the foreign financial institution enters into an agreement with the U.S. Treasury to, among other things, undertake to identify accounts held by certain U.S. persons or U.S.-owned entities, annually report certain information about such accounts, and withhold 30% on payments to account holders whose actions prevent it from complying with these and other reporting requirements, or unless the foreign financial institution is otherwise exempt from those requirements. In addition, FATCA imposes a 30% withholding tax on the same types of payments to a non-financial foreign entity unless the entity certifies that it does not have any substantial U.S. owners or the entity furnishes identifying information regarding each substantial U.S. owner. Under current guidance, failure to comply with the additional certification, information reporting and other specified requirements imposed under FATCA could result in the 30% withholding tax being imposed on payments of interest on the Taxable Notes. In general, withholding under FATCA currently applies to payments of U.S. source interest (including OID) and, under current guidance, will apply to certain “passthru” payments no earlier than the date that is two years after publication of final U.S. Treasury Regulations defining the term “foreign passthru payments.” Prospective investors should consult their own tax advisors regarding FATCA and its effect on them.

The foregoing summary is included herein for general information only and does not discuss all aspects of U.S. federal taxation that may be relevant to a particular holder of Taxable Notes in light of the holder’s particular circumstances and income tax situation. Prospective investors are urged to consult their own tax advisors as to any tax consequences to them from the purchase, ownership and disposition of Taxable Notes, including the application and effect of state, local, non-U.S., and other tax laws.

FINANCIAL ADVISOR

Hilltop Securities Inc. ("Hilltop Securities") is employed as Financial Advisor to the Board in connection with the issuance of the Notes. The Financial Advisor's fee for services rendered with respect to the sale of the Notes is contingent upon the issuance and delivery of the Notes. Hilltop Securities has agreed, in its Financial Advisory contract, not to bid for the Notes, either independently or as a member of a syndicate organized to submit a bid for the Notes. Hilltop Securities, in its capacity as Financial Advisor, has relied on the opinion of Bond Counsel and has not verified and does not assume any responsibility for the information, covenants and representations contained in any of the legal documents with respect to the federal income tax status of the Notes, or the possible impact of any present, pending or future actions taken by any legislative or judicial bodies.

The Financial Advisor to the Board has provided the following sentence for inclusion in this Commercial Paper Memorandum. The Financial Advisor has reviewed the information in this Commercial Paper Memorandum in accordance with, and as part of, its responsibilities to the Board and, as applicable, to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Financial Advisor does not guarantee the accuracy or completeness of such information.

INCORPORATION BY REFERENCE

The most recent unaudited Combined Financial Statements of The Texas A&M University System (with the relevant portion of the notes to the Combined Financial Statements) for the Fiscal Year ended August 31, 2022, and the Continuing Disclosure Annual Report for the Fiscal Year ended August 31, 2021, relating to the Board's bonds issued under the Revenue Financing System (the "2021 Continuing Disclosure Annual Report" filed February 21, 2022) have been filed with the MSRB. In addition, event notices relating to the Board's bonds issued under the Revenue Financing System have been filed with the MSRB from time to time. Such information is incorporated herein. Such documents speak only as of their date.

When reference is made in this Commercial Paper Memorandum to a document that is incorporated by reference, copies of such documents may be obtained free of charge (i) via the MSRB's Electronic Municipal Market Access system at www.emma.msrb.org, or (ii) from the A&M System at the location set forth below: Attention: Chief Investment Officer and Treasurer, Telephone: (979) 458-6330.

Additional financial information and operating data relating to the A&M System are available free of charge via the MSRB's Electronic Municipal Market Access system at www.emma.msrb.org.

Such information is also available from the Board and may be obtained, upon request, from Maria L. Robinson, Chief Investment Officer and Treasurer, Moore/Connally Building, 301 Tarrow, 5th Floor, College Station, TX 77840-7896, telephone: (979) 458-6330.

AVAILABLE INFORMATION

No attempt is made herein to summarize the Master Resolution or the Second Supplement. Those documents may be examined upon reasonable prior notice at the office of the Chief Investment Officer and Treasurer during regular business hours. Copies of the Master Resolution and the Second Supplement are on file with the Issuing and Paying Agent for the Notes. The Board will make available upon request copies of the Master Resolution and the Second Supplement and its most recent Annual Financial Statements.

CONTINUING DISCLOSURE EXEMPTION

The offering of the Notes is exempt from the provisions of Rule 15c2-12 of the Securities and Exchange Commission and, therefore, this Commercial Paper Memorandum has not been deemed final under the provisions of said Rule, and the Board has not entered into any agreement to provide for continuing disclosure of information in connection with the Notes.

[The remainder of this page is intentionally left blank.]

APPENDIX A

BOOK-ENTRY ONLY SYSTEM

This section describes how ownership of the Notes is to be transferred and how the principal of, premium, if any, and interest on the Notes are to be paid to and credited by the Depository Trust Company ("DTC"), New York, NY, while the Notes are registered in its nominee's name. The information in this section concerning DTC and the book-entry-only system has been provided by DTC for use in disclosure documents such as this Commercial Paper Memorandum. The Board believes the source of such information to be reliable, but takes no responsibility for the accuracy or completeness thereof.

The Board cannot and does not give any assurance that (1) DTC will distribute payments of debt service on the Notes or notices to DTC Participants, (2) DTC Participants or others will distribute debt service payments paid to DTC or its nominee (as the registered owner of the Notes) or notices to the Beneficial Owners, or that they will do so on a timely basis or (3) DTC will serve and act in the manner described in this Commercial Paper Memorandum. The current rules applicable to DTC are on file with the Securities and Exchange Commission, and the current procedures of DTC to be followed in dealing with DTC Participants are on file with DTC.

DTC will act initially as securities depository for the Notes. The Notes will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered master note will be issued for the Tax Exempt Notes and for the Taxable Notes and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of "AA+". The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Notes on DTC's records. The ownership interest of each actual purchaser of each Note ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase.

Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction.

Transfers of ownership interests in the Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Notes, except in the event that use of the book-entry system for the Notes is discontinued.

To facilitate subsequent transfers, all Notes deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Notes with DTC and their registration in the name of Cede & Co., or such other DTC nominee, do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Notes may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Notes, such as redemptions, tenders, defaults, and proposed amendments to the Note documents. For example, Beneficial Owners of Notes may wish to ascertain that the nominee holding the Notes for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Issuing and Paying Agent and request that copies of notices be provided directly to them.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Notes unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Board as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal, premium, if any, and interest payments on the Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Board or the Issuing and Paying Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor its nominee, the Issuing and Paying Agent, or the Board, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, premium, if any, and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Board or the Issuing and Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Notes at any time by giving reasonable notice to the Board. Under such circumstances, in the event that a successor securities depository is not obtained, certificates for the Notes are required to be printed and delivered.

The Board may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Note certificates will be printed and delivered.

In reading this Commercial Paper Memorandum it should be understood that while the Notes are in the Book-Entry-Only System, references in other sections of this Commercial Paper Memorandum to registered owners should be read to include the person for which the Participant acquires an interest in the Notes, but (i) all rights of ownership must be exercised through DTC and the Book-Entry-Only System, and (ii) except as described above, notices that are to be given to registered owners under the resolution will be given only to DTC.

The information in this section concerning DTC and DTC's book-entry-only system has been obtained from sources that the Board, its Financial Advisor and the Dealer believe to be reliable, but the Board, its Financial Advisor and the Dealer take no responsibility for the accuracy thereof.

College Station, Texas 77845

Dear Mr. Sharp,

We are submitting herewith the Annual Financial Report of The Texas A&M University System for the fiscal year ended August 31, 2022.

This report has been prepared in conformity with *Texas Government Code* §2101.011, and in accordance with the Annual Financial Reporting Requirements of the Texas Comptroller of Public Accounts.

The accompanying Annual Financial Report will be considered for audit by the State Auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

Respectfully submitted,

Teresa Edwards, CPA
Controller

Joseph Duron, CPA
Chief Administrative Officer

The Texas A&M University System

The Texas A&M University System Management's Discussion and Analysis For the Year Ended August 31, 2022

Introduction

The Texas Legislature created The Texas A&M University System (A&M System) in 1948 to manage the evolution of a statewide educational, research and service system. Its roots lie in the founding of what are now Texas A&M University and Prairie View A&M University as land-grant colleges in 1876. The A&M System provides oversight and leadership for eleven universities, eight state agencies, a comprehensive health science center, a service unit for shared services and the System administrative offices. The A&M System includes the Texas A&M Research Foundation as a blended component unit.

The agencies of the A&M System include both engineering and agricultural research and extension agencies plus the Texas Division of Emergency Management. The agencies provide research, public service, and instruction to benefit the state.

The A&M System educates over 152,000 students and reaches another 24 million additional educational contacts through service and outreach programs each year. With more than 26,000 faculty and staff, the A&M System has a physical presence in 250 of the state's 254 counties and a programmatic presence in every county in Texas. The A&M System has real property holdings totaling more than 63,000 surface acres and 64,000 mineral acres.

A nine-member Board of Regents governs the A&M System with a total operating budget of \$9.6 billion. There is also a non-voting student member. The regents appoint the chancellor, who is the chief executive officer, who oversees the direction and operation of the system.

The A&M institutions of higher education offer a broad range of undergraduate and graduate degrees. The A&M System has many locations across Texas including Amarillo, Bryan, Canyon, College Station, Commerce, Corpus Christi, Corsicana, Dallas, Fort Worth, Frisco, Galveston, Killeen, Kingsville, Laredo, McAllen, McKinney, Mesquite, Prairie View, Round Rock, San Antonio, Stephenville, Temple, Texarkana and Waco. In addition, A&M institutions have several international locations including Costa Rica, Mexico and Qatar.

Coronavirus Disease (COVID) Response

The Coronavirus disease pandemic has subsided across the U.S. and Texas; however, the public health emergency declaration has been extended through January 2023. Per a CBS October, 2022 article, there are still 3,500 daily hospitalizations related to COVID and over 300 COVID deaths every day.

The hospitals and pharmacies requested the Health and Human Services Department keep the public health emergency in place until the U.S. has a sustained a period of low COVID transmission. There is concern as Americans move indoors for the winter months there will be a resurgence of the COVID virus.

UNAUDITED

The Texas A&M University System Management's Discussion and Analysis For the Year Ended August 31, 2022

The funds provided to A&M members by the U.S. Department of Education continued to provide stimulus funding under the Higher Education Emergency Relief Fund (HEERF) programs in 2022. These funds were used to support students and to help cover expenses related to operations. For 2022, A&M institutions received \$285 million from the HEERF programs.

Overview of the Financial Statements and Financial Analysis

The objective of the Management's Discussion and Analysis (MD&A) is to provide an overview of the A&M System's financial position and activities for fiscal year ended August 31, 2022, with comparative data to fiscal year 2021 and some data for fiscal year 2020. The emphasis of discussion will be on the current year. The MD&A should be read in conjunction with the accompanying financial statements and notes. The financial section of this report includes:

- MD&A (this section)
- Basic Proprietary Financial Statements
 - Statement of Net Position,
 - Statement of Revenues, Expenses and Changes in Net Position, and
 - Statement of Cash Flows
- Basic Fiduciary Financial Statements
 - Statement of Fiduciary Net Position, and
 - Statement of Changes in Fiduciary Net Position
- Note disclosures to the financial statements
- Required Supplementation Information

Texas A&M University System operational activity is included in the Texas Annual Comprehensive Financial Report (ACFR) in both the Proprietary or Business-Type Activity and the Fiduciary Activity financial statements. A&M System reports some fiduciary activity for several different types of custodial funds. These fiduciary activities are reported separately from other financial activities since the A&M System cannot access these assets to finance its operations.

The accompanying financial statements for the A&M System are prepared in accordance with generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB) pronouncements, the financial reporting requirements of the Texas Comptroller of Public Accounts, and the guidelines from the National Association of College and University Business Officers (NACUBO).

Financial Highlights for Proprietary Funds

Below are financial highlights for fiscal year 2022 for the proprietary funds.

- The implementation of GASB 87-Leases occurred in fiscal year 2022. This required significant analysis from each A&M member. Lease software was implemented to ensure the success of this implementation as each lease requires an amortization schedule. The types of leases included building space, land and equipment leases.

UNAUDITED

The Texas A&M University System Management's Discussion and Analysis For the Year Ended August 31, 2022

-
- For revenue leases, there are \$108 million recorded in Lease Receivables for current and noncurrent portions with an offsetting Deferred Inflows of Resources for \$106 million.
 - For expense leases, there are \$161 million recorded in Lease Payables for current and noncurrent portions with offsetting Right to Use capital assets.
 - Right to Use Assets is a new classification of intangible assets, which represent the use of these leased assets in operations, asset values totaling \$177 million with accumulated amortization of \$17 million. See *Note 1 & 2 and 8* for additional details.
 - Federal and State Operating and Non-Operating Revenue decreased by \$4.6 billion, as the COVID pandemic subsided. This funding was used to assist students, public safety, health care improvements, COVID testing, personal protective equipment and improving the circulation in buildings.
 - Operating expenses decreased over \$4.2 billion mostly attributable to the decrease in costs associated with COVID.
 - Operating federal pass-through expenses decreased by \$2.3 billion where the need for disaster funding was reduced for other state agencies.
 - Other Operating Expenses decreased by over \$1.2 billion mostly attributable to a reduction need for grants to students and a reduction in Texas Division of Emergency Management (TDEM) expenses to state agencies, cities, counties and other governmental entities.
 - Professional fees and services decreased by \$561 million, mostly related to TDEM's decrease in audit firm costs related to COVID disaster claims.
 - Noncurrent investments recorded on the Proprietary Statement of Net Position are reported at \$5.460 billion, which was a dramatic decrease of \$717 million from 2021's \$6.177 billion. Equity and fixed income markets declined over the past twelve months (see the *Economic Outlook section* for more details).
 - The Non-General Revenue funded *Pension* liability significantly decreased by \$367 million totaling \$345 million for 2022 compared to \$712 million Pension liability reported in 2021. This liability has been cut in half based upon the investment returns on the Teacher's Retirement System (TRS) actuary report. The total pension liability is funded at over 80%.
 - There was a \$53 million decrease to deferred outflows of resources-pensions related to the changes in pension assumptions, the difference between actual and expected experiences and current year TRS contributions.
 - There was also a \$271 million increase in deferred inflows of resources-pensions, which reflects the difference between projected and actual investment returns.

UNAUDITED

The Texas A&M University System Management's Discussion and Analysis For the Year Ended August 31, 2022

-
- Investment income contains several components. Overall, there was an \$831 million loss reported on the Proprietary funds for Investment Income, which was a \$1.8 billion decrease from 2021. The markets were recording significant increases at the end of 2021 and the markets are experiencing losses at the end of 2022. The \$831 million investment income components include the items below.
 - \$147 million in interest, dividend and royalty income
 - \$32 million in realized losses on investments and
 - \$946 million in unrealized losses on investments
 - Total bonds payable and notes payable decreased by \$46 million in 2022 totaling a little over \$5 billion. See Note 5 Long-term Liabilities for more information.
 - There was a \$285 million increase in commercial paper issued to fund eligible projects.
 - Bonds payable was reduced by over \$272 million.
 - Notes from direct borrowing related to loans were paid off in fiscal year 2022.
 - Tuition remained stable and reported an increase of 6.2% in net tuition and fees, which was a \$79 million increase. A&M institutions are continuing to see increases in attendance from the prior years.
 - Student scholarships and grants were \$453 million, which increased by \$42 million or by 10.3% from the prior year.
 - State appropriations including legislative revenue, capital appropriations and legislative transfers-in reported an increase of \$16 million increasing the total to over \$1.4 billion for 2022. These state appropriations are a vital part of the A&M System's funding for operations and defraying tuition costs for students.
 - The Non-General Revenue funded portion of the *Other Post-Employment Benefits* (OPEB) 2022 current and non-current liability balance is \$2.7 billion, which was an increase of \$310 million from the prior year. The increase is related to continued increases in health care costs, as well as a slight decrease in the investment discount rate from 2.20% to 2.14%.
 - OPEB expenses reported an increase of \$47.1 million. The 2022 OPEB expense was \$168.4 million compared to \$121.3 million in the prior year.

UNAUDITED

The Texas A&M University System Management's Discussion and Analysis For the Year Ended August 31, 2022

-
- The A&M System's net position totaled \$7.717 billion, which is a \$773 million decrease from 2021, which was \$8.489 billion, due to several factors.
 - A decrease in Cash and Cash Equivalents of \$113 million, plus a decrease in Noncurrent Investments of \$717 million with an offsetting increase for Deferred Outflows of \$114 million.
 - An increase in Liabilities and Deferred Inflows of \$412 million, OPEB increased by \$310 million.
 - An increase in Capital Assets, net, of \$209 million, \$100 million related to GASB 87-Lease implementation.
 - An increase in Interfund Receivables of \$68 million.

Statement of Net Position

The Statement of Net Position presents a snapshot of assets, deferred outflows of resources, liabilities, deferred inflows of resources and net position for the A&M System as of the end of the fiscal year. The Statement of Net Position assets and liabilities are presented in the current and non-current format.

Increases or decreases in net position are one indicator of the overall condition of the A&M System's financial health when considered with nonfinancial factors such as enrollment, research, public service, patient levels, and the condition of facilities. The statement provides a picture of net position and the availability of funds for use by the A&M System.

Net position reports three major categories.

The first category, Net Investment in Capital Assets, provides the equity in property, plant and equipment owned by the A&M System less the related debt.

The second category, Restricted, is divided into two categories, expendable and non-expendable. Expendable restricted resources are available for use by the A&M System, but must be spent for purposes as determined by donors and/or external entities that have placed time or purpose restrictions on the use of the assets. The corpus of the non-expendable restricted resources is available for investment purposes and the earnings are used to support the institutions or agencies.

The third category, Unrestricted, is available for any lawful purpose. Although Unrestricted Net Position is not subject to externally imposed stipulations, it has been internally designated for various academic and research programs and initiatives.

See the table on the following page for details.

**The Texas A&M University System
Management's Discussion and Analysis
For the Year Ended August 31, 2022**

Statement of Net Position			
(in millions)			
Assets and Deferred Outflows of Resources			
Current Assets	2022	2021	2020
	\$3,193	\$3,312	\$2,607
Capital Assets, Net	7,371	7,161	6,985
Other Assets	7,290	7,855	6,769
Deferred Outflows	1,106	992	936
Total Assets and Deferred Outflows of Resources	\$18,960	\$19,320	\$17,297
Liabilities and Deferred Inflows of Resources			
Current Liabilities	\$2,286	\$2,164	\$1,700
Non-Current Liabilities	7,988	8,108	7,528
Deferred Inflows	969	558	727
Total Liabilities and Deferred Inflows of Resources	\$11,243	\$10,830	\$9,955
Net Position			
Net Investment in Capital Assets	\$2,133	\$2,514	\$2,382
Restricted			
Expendable	1,517	1,152	1,089
NonExpendable	458	434	421
Unrestricted	3,609	4,390	3,450
Total Net Position	\$7,717	\$8,490	\$7,342

The Statement of Net Position indicates a decrease in total assets of 1.87%. This \$360 million decrease in assets is mostly attributable to \$717 million decrease in non-current investments; with an offsetting increase of \$209 million in net capital assets and an increase in Deferred Outflows of \$114 million and a \$37 million decrease in Legislative Appropriations.

Restricted and Unrestricted Investments recorded on the statement of net position were reported at \$5.460 billion, which was a decrease of \$717 million from 2021's \$6.177 billion. See *Note 3-Deposits, Investments and Repurchase Agreements* for more details.

Total liabilities and deferred inflows of resources increased by \$412 million from the previous year. There was a \$174 million increase in payables mostly due to the increase of \$105 million related to Texas wildfire responses by Texas A&M Forest Service for fiscal year 2022. The new GASB 87-lease liability is reported at \$161 million. Deferred Inflows of Resources for Pensions increased by \$272 million. In addition, \$121 million reduction in noncurrent liabilities. There was

UNAUDITED

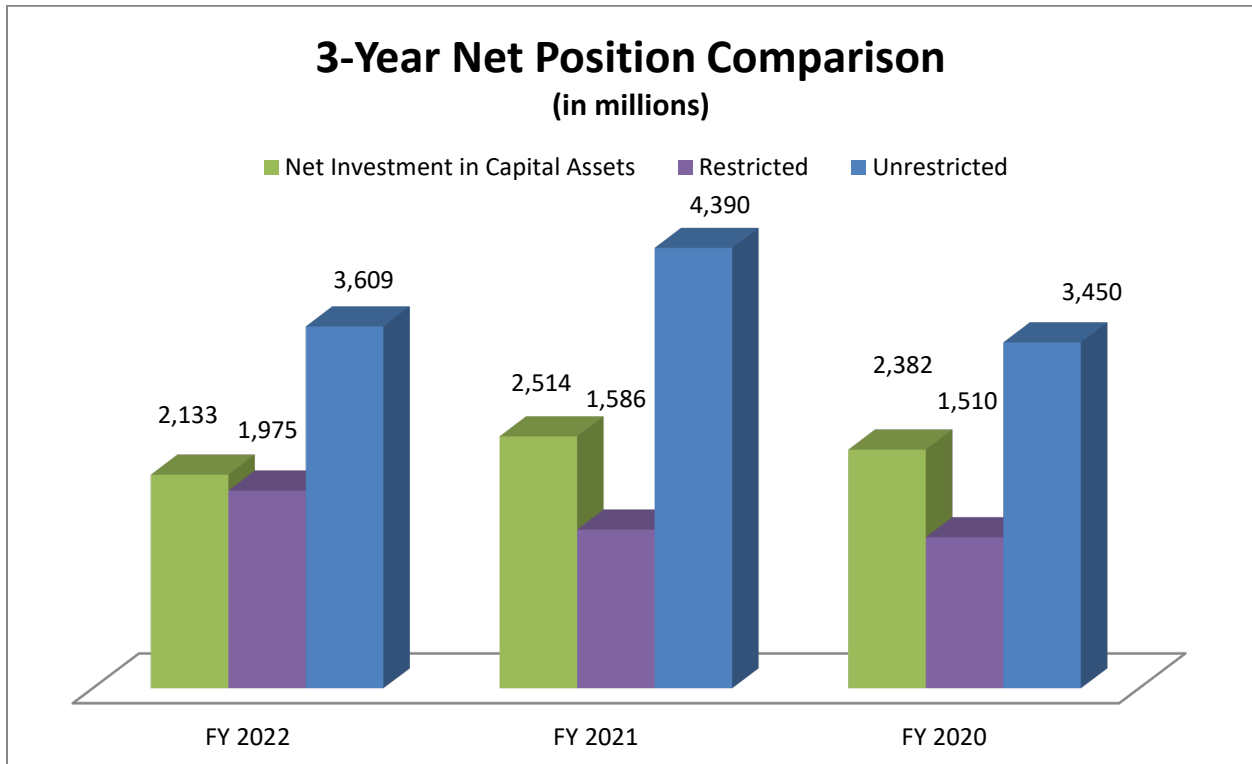

The Texas A&M University System
Management’s Discussion and Analysis
For the Year Ended August 31, 2022

an offsetting reduction in Due to Other Agencies of \$247 million related to less COVID funding needed by other state agencies.

Total bonds payable and notes payable decreased by \$46 million in 2022 totaling \$5 billion. There was a total of \$285 million in commercial paper issued to fund eligible projects. Notes from direct borrowing were paid off in fiscal year 2022. See *Note 5 Long-term Liabilities* for more information.

The final section of the statement reports the net position of the A&M System totaling \$7.717 billion. Total net position reported a decrease of \$773 million or 9% from the 2021 balance.

Below is a graph with a 3-year net position comparison, fiscal year 2022 is more in line with 2020 fiscal year balances.

UNAUDITED

The Texas A&M University System Management's Discussion and Analysis For the Year Ended August 31, 2022

The balances defined as unrestricted net position contain reserves and internal restrictions (allocations), as defined in the table below.

Unrestricted Net Position	
(in millions)	
Reserves and Allocations For	
Accounts Receivable	\$1,734
Encumbrances	353
Unrealized Gain on Investments	325
Annual Debt Service Payment	211
Inventories	28
Higher Education Fund	59
Self-Insured Plans	82
Prepaid Expenses and Other Reserves	141
Other State Funds	72
Other Allocations by Management	604
Total Unrestricted Reserves	\$3,609

The overall *unrestricted* net position was \$3.609 billion for fiscal year 2022 compared to \$4.390 billion in 2021.

Statement of Revenues, Expenses and Changes in Net Position

The Statement of Revenues, Expenses and Changes in Net Position presents the revenues earned and the expenses incurred during the year. Activities are reported as operating or non-operating. The Governmental Accounting Standards Board (GASB) requires state appropriations (Legislative Revenue), Federal Pell Grants and stimulus funding be reported as non-operating revenue. This will generally result in an operating deficit for most public institutions. The utilization of long-lived assets, referred to as Capital Assets, is reflected in the financial statements as depreciation or amortization, which amortizes the cost of an asset over its expected useful life.

The purpose of this statement is to present the revenues of the A&M System, and the expenses incurred by the A&M System, both operating and non-operating, and any other revenues, expenses, gains and losses received or spent. The change in total net position as presented on the Statement of Net Position is a result of these activities.

Generally, operating revenues are received for providing goods and services to the various customers and constituencies of the A&M System. Operating expenses are those expenses incurred to acquire goods and services provided in return for the operating revenues. Non-operating revenues are derived from sources not considered primary operations for an institution of higher education or state agency. State capital appropriations and capital grants and gifts are considered neither operating nor non-operating revenues and are reported after "Income (Loss) Before Other Revenues and Transfers".

Management's Discussion and Analysis
For the Year Ended August 31, 2022**

Statement of Revenues, Expenses and Changes in Net Position			
(in millions)			
	2022	2021	2020
Operating Revenues and Expenses			
Operating Revenues	\$3,394	\$3,215	\$3,315
Operating Expenses	(9,562)	(13,788)	(6,926)
Operating (Loss)	(6,168)	(10,573)	(3,611)
Non-Operating Revenues	4,780	11,156	3,585
Income (Loss) Before Other Revenues and Transfers	(1,388)	583	(26)
Other Revenues and Transfers	616	565	780
Change in Net Position	(772)	1,148	754
Net Position, Beginning of Year	\$8,490	\$7,342	\$6,588
Restatement	1	0	0
Net Position as Restated	8,489	7,342	6,588
Net Position, End of Year	\$7,717	\$8,490	\$7,342

The condensed Statement of Revenues, Expenses and Changes in Net Position reflect a \$772 million decrease in net position.

During the 2022 fiscal year, the explanations for the changes are listed below.

- Operating revenues increased by \$178.7 million due to a \$104 million increase in Auxiliary revenue for students attending more classes on campus plus \$79 million increase in Net Tuition and Fee revenue.
- Non-Operating revenues decreased by \$6.4 billion due to a reduction in stimulus funding of \$4.6 billion, and a decrease of investment income of \$1.8 billion.

UNAUDITED

The Texas A&M University System Management's Discussion and Analysis For the Year Ended August 31, 2022

During the 2022 fiscal year, operating expenses decreased by \$4.2 billion from \$13.8 billion to \$9.6 billion. The most significant changes are listed below.

- Operating federal pass-through expenses decreased by \$2.3 billion due to a reduction in COVID funding needs by other state agencies.
- Other Operating Expenses decreased by over \$1.2 billion mostly attributable to a reduction grants to students and a reduction in Texas Division of Emergency Management expenses to state agencies, cities, counties and other governmental entities.
- Professional fees and services decreased by \$561 million, mostly related to TDEM decrease in audit firm costs related to COVID claims.
- Salaries & Wages increased by 4.5% or \$93 million due to employees being hired to ensure institutions and agencies were able to assist the students on campus and assist the public.
- OPEB expenses reported an increase of \$47 million based upon the A&M System's actuary report.
- Non-General Revenue funded pension expense was reduced by \$82 million based upon the Teacher's Retirement System's actuary report.
- Depreciation and amortization expense was \$528 million, an increase of \$14 million, which is consistent with the prior year.

Other Revenues and Transfers increased by \$51 million from \$565 million to \$616 million in 2022. The main factor was the transfer from the University of Texas, which increased by \$55 million.

Certain internal activities embedded in the Statement of Revenues, Expenses and Changes in Net Position provide goods and services to internal customers and to other A&M System members. These activities include self-insured programs (health, dental, auto, etc.), repairs & maintenance, utilities, computer services, and other interdepartmental activities. The net operating revenues for these internal activities were eliminated to the extent of operating expenses.

The total eliminated was approximately \$850 million. The majority of this activity relates to the self-insured programs, which reported operating expenses of approximately \$460 million. Of the remaining \$390 million in operating expenses eliminated, \$178 million were professional fees & services; \$91 million included utilities, communications, and \$83 million in repairs and maintenance. When reviewing the expenses by natural classification approximately \$101 million represented salaries and wages and \$28 million represented other payroll related costs.

Management's Discussion and Analysis
For the Year Ended August 31, 2022**

To analyze the A&M System institutions and agencies, the graph below excludes Texas Division of Emergency Management (TDEM) who receives various funding to assist the public with disasters; therefore, TDEM experiences unpredictable fluctuations.

There was a revenue decrease of \$516 million totaling \$5.9 billion compared to \$6.5 billion in the prior year. The decreases are related to the reduction in stimulus funding for COVID as well as investment income reductions.

TDEM's total revenues were \$3.9 billion for 2022 compared to \$8.5 billion for 2021. As the state of Texas continues to recover from the COVID pandemic, there is a reduction in need for disaster funding.

Statement of Cash Flows

The final statement presented is the Statement of Cash Flows. This statement presents detailed information on the cash activity during the year. The first section presents operating cash flows and the net cash used by operating activities. The next section presents the results of non-capital financing activities. This section includes the cash flows from state appropriations and other non-operating activities. The capital and related financing activities section includes cash used for acquisition and construction of capital assets. The investing activities section reports purchases, proceeds, and earnings from investments. The final section is a reconciliation of net cash from operations to operating income.

Statement of Cash Flows

Capital Assets

The A&M System is committed to continuous improvements in the quality of its academic, research, and service programs through the development and renewal of its capital assets and infrastructure. The A&M System continues to implement its long-range plan to modernize existing teaching and research facilities along with plans for new construction.

Construction in progress for 2022 was a little over \$1 billion, which is a \$200 million increase from the prior year. Completed projects totaled \$198 million.

There are many construction projects in various stages of completion including major projects mostly managed by the System Offices and minor projects managed by the members.

For 2022, there were over \$1.67 billion in construction projects in various stages of completion.

Debt Administration

The A&M System understands its role of financial stewardship and works to manage its resources effectively, including the prudent use of debt to finance capital projects.

In fiscal year 2022, there was a total of \$285 million in commercial paper issued. Revenue Financing System Commercial Paper Notes in the amount of \$70 million, Revenue Financing System Taxable Commercial Paper Notes in the amount of \$40 million and Permanent University

UNAUDITED

The Texas A&M University System Management's Discussion and Analysis For the Year Ended August 31, 2022

Fund Taxable Commercial Paper Notes in the amount of \$175 million were issued to fund eligible projects.

The A&M System has sufficient debt capacity to finance planned facilities and other capital improvements. In addition, the State appropriated amounts are sufficient for the reimbursement of debt service on all outstanding and planned Tuition Revenue Bond debt for the 2022-2023 biennium. For additional information concerning Capital Assets and Debt Administrations, *see the Notes to the Financial Statements*.

Economic Outlook

Equity and fixed income markets declined over the past twelve months as investors grew concerned about the slowing global economy and higher inflation. The Federal Reserve shifted to a tightening stance and also significantly increased the federal funds rate during the period. In response, market interest rates have escalated and borrowing rates across the curve have increased sharply. Commodity prices have also risen, driven by continued supply issues as well as Russia's invasion of Ukraine. COVID-19 fears have diminished due to wide availability of vaccines and antiviral treatments.

The US consumer has benefited from strong wage gains and a low unemployment rate, but consumer confidence levels have declined due to concerns about inflation.

The A&M System has invested in a diversified portfolio that has the potential to grow over the long term. During shorter time-periods, the portfolios may be impacted by market conditions and negative changes in sentiment. The A&M System will continue to position the portfolios to take advantage of market volatility by acquiring assets at discounted valuations, which will help to enhance the long-term returns of the portfolios.

Fiduciary Funds

Statement of Net Fiduciary Net Position

The Statement of Fiduciary Net Position presents a snapshot of assets, liabilities and net fiduciary position for the A&M System as of the end of the fiscal year. The Statement of Fiduciary Net Position assets and liabilities are presented in the liquidity format.

Statement Changes in Fiduciary Net Position

The Statement of Changes in Fiduciary Net Position presents the additions and deductions incurred during the year. The utilization of long-lived assets, referred to as Capital Assets, is reflected in the financial statements as depreciation or amortization, which amortizes the cost of an asset over its expected useful life.

UNAUDITED

The Texas A&M University System Management's Discussion and Analysis For the Year Ended August 31, 2022

Financial Highlights for Fiduciary Funds

Below are financial highlights for fiduciary funds for fiscal year 2022. The A&M System Fiduciary statements include balances from several different types of entities including, Investments Held for Non-A&M Entities, Student Organizations, Foundation/Alumni Associations, Public Private Partnership entities and Other Entities.

- Investments recorded on the Fiduciary Statement of Net Position was \$417 million, which was a decrease of \$122 million from the prior year's total of \$539 million. The investment activity reported a \$75.7 million loss due to the unrealized decreases in fair value totaling \$84.2 million offset with \$5.3 million in interest earnings and \$3.2 million in realized gains.
- Fiduciary funds reported an ending *Restricted for Other Individuals, Organizations and Other Entities* net position of \$498 million which was a decrease of \$105 million from the prior year's net position of \$603 million.
- Contributions from various entities accounted for \$38 million.
- Other Additions totaled \$29.4 million, mostly from sales revenue from Public Private Partnerships and revenues from Student Organizations.
- Other Deductions included \$49 million refund to Investments Held for Non A&M Entities and the remaining \$45 million from various entities.

Significant Events

Several leadership changes occurred in the A&M System during fiscal year 2022; these changes are included below.

Fiscal Year 2022

- In September 2021, Dr. Mark Weichold joined The Texas A&M University System as associate vice chancellor for academic affairs.
- In December 2021, Dr. Mark Hussey, who was President at Texas A&M University-Kingsville, was named Acting Vice Chancellor and Dean of Agriculture and Life Sciences for the flagship campus.
- In January 2022, Dr. James Hallmark, Vice Chancellor for Academic Affairs, for the Texas A&M University System, named as acting President of Texas A&M-Kingsville until Dr. Hussey's replacement can be found.
- In January 2022, Dr. Cliff Lamb was approved interim Director and sole finalist for Director of Texas A&M AgriLife Research.
- In January 2022, Dr. Rick Avery was approved interim Director and sole finalist for Director of the Texas A&M AgriLife Extension Service.
- In April 2022, Kim McCuistion was named Associate Vice Chancellor and inaugural Director for the Texas A&M System Fort Worth.

UNAUDITED

The Texas A&M University System Management's Discussion and Analysis For the Year Ended August 31, 2022

-
- In May 2022, Dr. Robert H. Vela Jr. became 21st President of Texas A&M University-Kingsville.
 - In June 2022, Jeffrey W. Savell '75, was named Vice Chancellor and Dean of Agriculture and Life Sciences for Texas A&M.
 - In June 2022, Demetrius L. Harrell Jr., Marine veteran, was appointed as student regent for The Texas A&M University System.

Fiscal Year 2023

- In November 2022, Dr. Tomikia P. LeGrande was name the sole finalist to become the ninth President of Prairie View A&M University.

Fiscal Year 2022 Announcements

On September 8, 2021, thirteen distinguished faculty members from across Texas A&M University were honored as 2021 Chancellor's Enhancing Development and Generating Excellence in Scholarship (EDGES) Fellows. The fellowships, which came with more than \$7.7 million in funding, was the latest investment The Texas A&M University System had made to recruit and retain world-class faculty, said Chancellor John Sharp.

On October 6, 2021, the contract agreement between the Army and Texas A&M Engineering Experiment Station (TEES) authorized up to \$96.2 million in research expenses and allowed for research efforts that may also be of interest to other government agencies/organizations. The approach for research conducted by subject matter experts at George H.W. Bush Combat Development Complex (BCDC) supports multi-disciplinary engineering research, coupled with The Texas A&M University System's cutting-edge facilities at its RELLIS Campus, and demonstrates how TEES is proving itself as a committed partner in military modernization efforts.

On October 6, 2021, the TV show Around Texas with Chancellor John Sharp went statewide. The second season of the show that features the leader of The Texas A&M University System was broadcasted in the largest and smallest markets in Texas. The show aired on commercial stations in Houston, Dallas-Fort Worth, San Antonio, Austin and the Rio Grande Valley. It could be seen on PBS affiliates in the markets of Bryan-College Station, Waco, Corpus Christi and Amarillo.

On October 29, 2021, Texas A&M System receives \$727.4 million for capital projects. Some of these projects include a new arts and media building in Corpus Christi, an agriculture education complex in Commerce and a health sciences education facility in Stephenville, McAllen, Laredo and San Antonio. The bill funds \$3.35 billion in specific capital projects for Texas higher education institutions.

On November 10, 2021, Fort Worth government and business leaders and Texas A&M University System officials worked together on plans to build a new downtown research campus to spur innovation and business development. The shared vision is to create a hub for collaboration between key Fort Worth industries and top research, education and workforce training assets of the Texas A&M System. The shared goal is to increase business and job growth in one of the nation's fastest growing cities and throughout North Texas. The Texas A&M System Research

The Texas A&M University System Management's Discussion and Analysis For the Year Ended August 31, 2022

and Innovation Center would be constructed alongside a new Education Alliance Building, which hosts conferences and houses professional, technical and university courses offered by the Texas A&M School of Law, Tarleton State University, Texas A&M University, the Texas A&M Health Science Center and other alliance members.

On December 9, 2021, The Texas A&M University System Board of Regents designated 12 Texas A&M System faculty members and seven agency service, extension or research professionals as Regents Professors and Regents Fellows for 2020-2021.

This year's recipients of the Regents Professor Award are:

- Dr. James D. Batteas, Texas A&M University
- Dr. Rodney D. W. Bowersox, Texas A&M University
- Dr. James Burdine, Texas A&M Health Science Center
- Dr. Fidel Hernández, Texas A&M University-Kingsville
- Dr. Mansoor Khan, Texas A&M Health Science Center
- Dr. Daniel K. Marble, Tarleton State University
- Dr. Godpower O. Okereke, Texas A&M University-Texarkana
- Dr. Alfred L. Parks, Prairie View A&M University
- Dr. Frank Spaniol, Texas A&M University-Corpus Christi
- Dr. Jörg M. Steiner, Texas A&M University
- Dr. Gregory A. Sword, Texas A&M University
- Dr. Matthew A. Wood, Texas A&M University-Commerce

On December 21, 2021, Prairie View A&M University and Tarleton State University attained the prestigious R2 Carnegie Classification, recognizing both campuses for their high level of research activity. Prairie View A&M and Tarleton join Texas A&M University-Kingsville and Texas A&M University-Corpus Christi as Texas A&M System campuses that have achieved this hard-earned designation. Texas A&M University, the System flagship, is ranked as R1 for "very high research activity." The Carnegie Classification has been the leading framework for recognizing and describing institutional diversity in U.S. higher education for the past four and a half decades. The Carnegie Classification is derived from empirical data on colleges and universities. "This prestigious designation shows investing in faculty and facilities really pays off," said John Sharp, Chancellor of The Texas A&M System.

On January 26, 2022, The Texas A&M University System was awarded grants by the Higher Education Coordinating Board and plans on expanding education and retraining opportunities with the help of the grants. The competitive grants were from two programs financed by federal COVID stimulus. They were tailored by Governor Greg Abbott and the Texas Legislature to help Texans who need access to higher-paying jobs in a post-pandemic environment.

On January 31, 2022, The Texas A&M University System Chancellor John Sharp and Texas Emergency Management Chief Nim Kidd participated in a ribbon cutting to open TDEM's new Logistics and Distribution Warehouse in San Antonio. The warehouse is the first of eight planned facilities to open after the Texas Legislature appropriated funding to TDEM to build space to house

UNAUDITED

The Texas A&M University System Management's Discussion and Analysis For the Year Ended August 31, 2022

the Strategic Texas Stockpile, which includes personal protective equipment, testing materials and supplies necessary to continue to support the state's response to the pandemic and other disasters.

On February 17, 2022, The Texas A&M University System Board of Regents approved construction of a second education building on Tarleton State University's Fort Worth campus at a total cost of \$66 million. Board members authorized \$7.7 million in infrastructure improvements, water, power, fiber and sewer, for the growing RELLIS Campus in Bryan. The Board also approved construction of a \$32.5 million dorm for Texas A&M University-San Antonio.

On March 29, 2022, Texas A&M University School of Law ranks 46 nationally among law schools, according to U.S. News & World Report's 2023 edition of Best Graduate Schools. Two of the school's programs landed in the top 10 nationally, with Dispute Resolution at No. 4 (first in Texas) and Intellectual Property Law at No. 6 (tied for first in Texas).

On May 26, 2022, The Texas A&M University System opened one of the nation's largest 5G research testbeds on its RELLIS Campus. About 100 industry and government leaders were there to learn how 5G is poised to enhance daily life in countless ways. "And we are just getting started," said John Sharp, chancellor of The Texas A&M University System. "We've built RELLIS to tackle the world's toughest challenges. This giant 5G testbed extends the horizon for university researchers, government and industry."

On August 10, 2022, the members of the Board of Regents of The Texas A&M University System voted to expand a lease of 10,630 square feet to make more room for the System's growing footprint in Fort Worth. Several member institutions will move into the lease space. These include Texas A&M AgriLife, Texas Division of Emergency Management, Texas A&M Engineering, the Mays Business School, Tarleton State University, and others. These Texas A&M System members will be among the first entities to join the Texas A&M University School of Law as part of the expansion into Fort Worth. The member institutions' presence marks the realization of the vision to create an urban research campus in downtown Fort Worth, which has been dubbed "Aggieland North."

On August 10, 2022, the members of the Board of Regents of The Texas A&M University System voted to approve key items, including an expansion of the Mays School of Business at Texas A&M and the naming of an entrance into Texas A&M-RELLIS in the honor of the late astronaut Virgil "Gus" Grissom. "Business education and space exploration are two of the main areas that help define Texas A&M and the Texas A&M System," Chancellor John Sharp said. "The Business Education Complex Project and Gus Grissom Boulevard represent a couple of ways we at the Texas A&M System look forward while also reflecting on our past."

The A&M System continues to focus on its mission to serve the needs of the state of Texas. The continued enrollment growth, quality education, expansion of sponsored project activity, and the successful capital improvements are an integral part of the future of the A&M System.

Upcoming Accounting Pronouncements

GASB 94 Public-Private and Public-Public Partnerships and Availability Payment Arrangements is scheduled to be implemented in Fiscal Year 2023. This standard will require analysis of the current public, private partnership contracts and determine if the A&M members recognize a receivable equal to the operator's carrying value of the underlying asset as of the date of the transfer of ownership and whether to recognize a receivable for the present value of the installment payments. The accounting staff continues to analyze this standard and determine the next steps.

GASB 96 Subscription-Based Information Technology Arrangements is scheduled to be implemented in Fiscal Year 2023. This standard follows the methodology provided in *GASB 87 Leases* to convert software leases meeting the financing agreements requirements be reported as right to use assets and lease liabilities on the statement of net position. The accounting staff continues to analyze this standard and determine the next steps.

In addition to the above new standards, GASB is undertaking three inter-related statements to modify the financial reporting model, revenue and expense recognition and note disclosures; a preliminary issuance date for these statements is in 2025. GASB has informally termed these new standards as 'the big three'. The higher education model has been in existence since 1999 and GASB is analyzing these core standards to ensure the understandability and usefulness to the users of the financial statements. The accounting staff is staying involved with GASB and NACUBO to ensure we understand the new concepts and provide input to these oversight agencies as needed.

Contacting the Texas A&M University System Office of Budgets and Accounting Team

This annual financial report is designed to provide citizens, taxpayers, students, customers, investors and creditors with a general overview of the A&M System's finances and to demonstrate the A&M System's accountability for the funding it receives.

If you have questions about this report or need additional financial information, contact the Texas A&M University System Office, Budgets and Accounting Office, located at 301 Tarrow Street, College Station, Texas 77840-7896.

The Texas A&M University System Notes to the Combined Financial Statements For the Year Ended August 31, 2022

Note 1 - Summary of Significant Accounting Policies

The accompanying financial statements of the A&M System are prepared in accordance with generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB) pronouncements, the requirements of the Texas Comptroller of Public Accounts, and the guidelines from the National Association of College and University Business Officers.

Financial Reporting Structure, Basis of Accounting and Measurement Focus

Proprietary Funds

For financial reporting purposes, the A&M System is considered a special-purpose government engaged in business-type activities for the State of Texas Annual Comprehensive Financial Report (ACFR). Accordingly, the A&M System's proprietary financial statements are presented using the economic resources measurement focus and the full accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation is incurred. Operating items are distinguished from non-operating items. Operating revenues and expenses result from providing services or producing and delivering goods in connection with ongoing operations.

Fiduciary Funds

The A&M System is a fiduciary entity for several different types of custodial funds. These fiduciary activities are reported separately from other financial activities since the A&M System cannot access the assets to finance its operations. The A&M System's fiduciary responsibilities include ensuring assets reported in these funds are secure and outflows occur based upon the custodial entity's intended purposes. Fiduciary funds also use the economic resources measurement focus and the full accrual basis of accounting; additions are recognized in the reporting period they are earned and deductions are recognized in the reporting period they are incurred.

The A&M System reports on several types of fiduciary custodial funds: investments held for other non-A&M institutions, student organizations, foundation/alumni associations, public private partnerships and other.

Assets

Cash and Cash Equivalents

All highly liquid investments with a maturity of three months or less at the time of purchase are considered cash and cash equivalents. With the exception of residual cash which results from the management of investment portfolios, the A&M System maintains cash and cash equivalents for the purpose of meeting short-term disbursement requirements.

Investments

Current and non-current investments are reported at fair value. Fair value is defined as the price that would be received if an investment were sold in an orderly transaction between market participants at the measurement date. Measuring fair value requires gathering information, or inputs, about the asset or liability being measured. The fair value hierarchy categorizes the inputs used to measure fair value into three levels. Level 1 inputs are quoted prices in active markets for assets or liabilities identical to the ones being measured, Level 2 inputs are observable for similar assets or liabilities, and Level 3 inputs are unobservable inputs.

UNAUDITED

The Texas A&M University System Notes to the Combined Financial Statements For the Year Ended August 31, 2022

The notes to the financial statements disclose the input levels used to determine fair value, and also display the deposit and investment risks related to credit risk, concentration of credit risk, interest rate risk, and foreign currency risk.

Current Assets

On the proprietary Statement of Net Position, items classified as current are defined as resources expected to be realized or consumed within one year.

Receivables

Receivable balances are grouped into several receivable categories. Accounts receivable reflects amounts owed for goods and services provided. Self-insured health and dental represents August premiums for the A&M System's self-insured arrangement for group health and dental plan insurance coverage. The investment trades category reports pending security sales that have been traded and not settled as of the end of the reporting period. Other receivables include items such as travel advances, returned checks, and various items accrued.

Receivable balances are presented net of an allowance for uncollectible accounts. The allowance is based on management's judgment of potential uncollectible amounts, which includes such factors as historical experience and type of receivable. Refer to Note 24 - Disaggregation of Receivable and Payable Balances, for additional details.

Lease Receivables

Lease receivables are recorded by the A&M System as the present value of lease payments expected to be received under leases meeting the \$100,000 threshold per contract excluding short term. Lease receivables are subsequently reduced over the life of the lease as cash is received in the applicable reporting period. Short term leases, those with a maximum period of 12 months, are recognized as collected. Additional details are provided in Note 8 – Leases.

Other Assets

Balances reported as Other Assets consist mostly of prepaid expenses along with other miscellaneous deposit balances. The Other Assets reported in the Non-Current section include the A&M System's share of a split interest agreement and land held as part of a life estate.

Capital Assets

Capital assets are recorded at cost at the date of acquisition or fair value at the date of donation in the case of gifts. Livestock held for educational purposes is recorded at estimated fair value. The capitalization threshold for personal property is \$5,000. The capitalization threshold is \$100,000 for buildings and building improvements, facilities and other improvements, purchased software, land use rights with terms, and leasehold improvements. Infrastructure has a capitalization threshold of \$500,000. Internally developed software has a capitalization threshold of \$1,000,000. All land, land improvements, permanent land use rights, library books/materials, museums/collections, and works of art/historical treasures are capitalized.

Depreciation and amortization is computed using the straight-line method over the estimated useful lives of the assets; generally, 10 to 30 years for buildings and building improvements, 10 to 45 years for infrastructure, 4 to 15 years for equipment, and 15 years for library books.

UNAUDITED

The Texas A&M University System Notes to the Combined Financial Statements For the Year Ended August 31, 2022

Right-to-Use-Assets

Right-to-Use (RTU) assets represent the right to use another entity's nonfinancial asset (building, land, equipment, etc.) for a specified period of time as defined in the lease contract. RTU assets and the related lease liability are recognized at the lease commencement date and measured based on the present value of future lease payments. Additional details are provided in Note 8 - Leases.

Liabilities

Payables

Payable balances are grouped into various payable categories on the Statement of Net Position. Accounts payable represents the liability for the value of assets or services received, as of the date of the financial statements, for which payment is pending. Payroll payable includes accrued salary, wages, and benefits. The investment trades category reports pending security purchases traded and not settled as of the end of the reporting period. Self-insured health and dental payable represents a liability for self-insured group health and dental insurance plan coverage. Other payables include a variety of items, including payables for investment manager fees, sales taxes, and student liabilities.

Lease Liabilities

Lease liabilities represent the A&M System's obligation to make lease payments arising from leases meeting the \$100,000 threshold per RTU asset, excluding short term leases. Lease liabilities are recognized at the lease commencement date based on the present value of future lease payments over the remaining lease term. Present value of lease payments is discounted based on a borrowing rate determined by the A&M System. Short term leases, those with a maximum period of 12 months, are expensed as incurred. Additional details are provided in Note 8- Leases.

Asset Retirement Obligations (AROs)

An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. AROs result from the normal operations of tangible capital assets and include legally enforceable liabilities associated with the asset's retirement, disposal, and any associated environmental remediation. The A&M System is reporting ARO's related to radioactive material licenses and nuclear research facilities, as detailed in Note 5 - Long-Term Liabilities.

Notes from Direct Borrowings

Notes from Direct Borrowings are reported in the liabilities section of the proprietary Statement of Net Position and represent debt from contractual obligations to make one or more payments over time to settle an amount that is fixed at the date the contractual obligation. For the A&M System, this is for financed purchases of capital assets. See Note 5 Long-Term Liabilities for additional details.

Pension Liability, and related Deferred Outflows and Deferred Inflows of Resources

The pension values provided by the Texas Comptroller's Office define the Texas A&M System's proportional share of the Teacher Retirement System of Texas (TRS) unfunded pension liability. TRS is a public employee retirement system (PERS) that is a multiple-employer, cost sharing, defined benefit pension plan. The plan is administered through a trust. For more information, see Note 9 - Pension Plans and Optional Retirement Program.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of TRS

UNAUDITED

The Texas A&M University System Notes to the Combined Financial Statements For the Year Ended August 31, 2022

plan and additions to/deductions from TRS' fiduciary net position have been determined on the full accrual basis. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

Other Post-Employment Benefits (OPEB), and related Deferred Outflows and Deferred Inflows of Resources

In addition to providing pension benefits, the State provides certain health care and life insurance benefits for retired employees in accordance with State statutes. These benefits are provided to the A&M System's retirees under the A&M System group insurance program, which is a single-employer defined benefit Other Post-Employment (OPEB) plan. The State contributes to the cost of each participant's insurance coverage.

The total current and non-current OPEB liability, deferred outflows of resources and deferred inflows of resources is measured based on a calculation prepared by the A&M System's actuary. For more information, see Note 11 – Post-Employment Health Care and Life Insurance Benefits.

Unearned Revenue

The A&M System members record receivables when revenue is earned but not collected. Unearned revenue is recognized when cash is received prior to revenue recognition, and is considered a liability.

Deferred Outflows of Resources and Deferred Inflows of Resources

The proprietary Statement of Net Position includes separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources are defined as the consumption of net assets applicable to a future reporting period, and have a positive effect on net position, similar to assets. Deferred inflows of resources are defined as the acquisition of net assets applicable to a future reporting period, and have a negative effect on net position, similar to liabilities. Additional details are provided in Note 28 - Deferred Outflows of Resources and Deferred Inflows of Resources.

Revenues and Expenses

Operating revenues include activities such as student tuition and fees, net sales and services of auxiliary enterprises, and most federal, state and local grants and contracts. Operating expenses include salaries and wages, payroll related costs, professional fees and services, materials and supplies, and scholarships.

Nonoperating revenues include activities such as State appropriations, gifts and contributions, investment income and other revenue sources that are defined as nonoperating revenues by the GASB (Governmental Accounting Standards Board). Nonoperating expenses include activities such as interest expense on capital asset financings, and other expenses.

Net Position

Net Position is the difference between assets plus deferred outflows of resources, less liabilities plus deferred inflows of resources.

UNAUDITED

The Texas A&M University System Notes to the Combined Financial Statements For the Year Ended August 31, 2022

Net Investment in Capital Assets

Net investment in capital assets, consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances for bond, notes and other debt that are attributed to the acquisition, construction or improvement of those assets.

Restricted Net Position

Restricted net position results when constraints placed on net resources are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation. When both restricted and unrestricted assets are available for use, restricted resources are used first, then unrestricted resources are used as needed.

Unrestricted Net Position

Unrestricted net position consists of net resources that do not meet the definition of the two preceding categories. Unrestricted net position often has constraints on resources that are imposed by management but can be removed or modified.

Other Significant Accounting Policies

The combined financial statements for the A&M System include the proprietary and fiduciary financial statements of each member of the A&M System, including the A&M System Offices, as well as the Texas A&M Research Foundation (Research Foundation). Due to/from, transfers, federal and state pass throughs between A&M System members have been eliminated.

Certain operations provide goods and services to internal customers. These operations include activities such as self- insured programs, repairs & maintenance, utilities, computer services, and other services with interdepartmental activities. The revenues were eliminated to the extent of expenses for these internal transactions in the proprietary Statement of Revenues, Expenses, and Changes in Net Position to avoid inflating revenues and expenses. Receivables and payables between A&M System members were eliminated except those arising from service department operations and auxiliary enterprises, which are considered to be exchange in nature.

An endowment appreciation reserve was created in fiscal year 1997 for the purpose of providing a consistent and predictable income stream for the System Endowment Fund. The appreciation reserve is administered by the A&M System Offices. All realized gains and losses are deposited to or funded from the appreciation reserve, and distributions from the reserve are used to supplement current income when the income received is insufficient to meet the required distribution in accordance with the System Endowment Fund spending policy.

Reporting Considerations for COVID Response

During fiscal year 2022, the Federal Government continued to provide stimulus funding under the Higher Education Emergency Relief Fund (HEERF) programs to support students and to help cover expenses related to operations. For 2022, A&M member institutions received \$295 million from the HEERF programs.

UNAUDITED

**The Texas A&M University System
Notes to the Combined Financial Statements
For the Year Ended August 31, 2022**

GASB Statement Implemented in Fiscal Year 2022

GASB Statement No. 87, Leases, effective 2022, establishes a single model for lease accounting based on the principal leases are financings of the right to use an underlying asset. Under this statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. Limited exceptions to the single approach guidance are provided for short-term leases, defined as lasting a maximum of twelve months at inception, including any options to extend, financed purchase, leases for assets that are investments and certain regulated lease. Leases should be recognized and measured using the facts and circumstances that exist at the beginning of the earliest period presented.

The State of Texas Comptroller's Office has established a materiality threshold for leases of \$100,000 per asset to be applied to the present value of the right-to-use (RTU) assets and/or lease receivable. The A&M System has adopted this materiality threshold for all GASB 87 leases. Changes adopted to conform to the provisions of this statement were applied by recording a restatement applicable to the beginning of the fiscal period 2022 (September 1, 2021). The restatement was related to the removal of the capital leases. The cumulative effect of implementation is outlined below:

	Beginning Fiscal Year 2022	GASB 87 Restatement	Restated Beginning Fiscal Year 2022
Total Net Position	\$ 8,489,622,645.56	\$ (467,923.18)	\$ 8,489,154,722.38

The Texas A&M University System Notes to the Combined Financial Statements For the Year Ended August 31, 2022

Note 3 - Deposits, Investments and Repurchase Agreements

The *Texas Education Code*, Title III, Chapter 51.0031 grants authority for a governing board to invest funds under prudent person standards “if a governing board has under its control at least \$25 million in book value of endowment funds.”

The A&M System’s investment policy authorizes the following types of investments: U.S. Government obligations, U.S. Government Agency obligations, other government obligations, corporate obligations, equity, international obligations, international equity, certificates of deposit, banker’s acceptances, negotiable certificates of deposit, money market mutual funds, mutual funds, repurchase agreements, venture capital, private equity, hedge funds, Real Estate Investment Trusts (REITs), securities lending, derivatives, timber, bank loans, energy and real estate.

Deposits of Cash in Bank

Cash in bank consists of all cash in local and foreign banks. These amounts are reported on the Proprietary and Fiduciary Combined Statements of Net Position as part of the “Cash and Cash Equivalents” line items. The table below summarizes cash balances as of August 31, 2022.

Cash in Bank		
Balance	Proprietary Funds	Fiduciary Funds
Bank Balance	\$29,326,904.15	\$413,509.94
Carrying Amount	\$31,405,356.55	\$413,509.94

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the agency will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The A&M System’s policy requires collateral of 102% pledged against all deposits and limits the amounts of funds which may be deposited with any bank to the lesser of \$100,000,000 or 10% of total deposits. The A&M System regulation applicable to working fund bank accounts requires the Chancellor, or designee, to approve a working fund in any bank with which the A&M System does not have a depository agreement. As permitted by the Texas Education Code, Title III, Chapter 51.003, the A&M System maintained foreign bank accounts to accommodate operational needs for educational programs in Qatar. During fiscal year 2022, the A&M System held bank accounts in Doha, Qatar for the operation of Texas A&M University at Qatar and Texas A&M Engineering Experiment Station research centers that have extensions in Qatar. The daily average exposure during fiscal year 2022 was \$1,090,308.37. No appropriated or tuition funds other than those collected from students enrolled in the affected programs are deposited with the foreign bank. The funds held in Qatar were not insured or collateralized. As of August 31, 2022 the balance was \$294,323.00, all of which is proprietary and included in the Bank Balances Exposed to Custodial Credit Risk table on the following page.

Incidental amounts of various foreign currencies are temporarily held through Bank of New York Mellon (BNY Mellon), its foreign branches, and/or foreign sub-custodian banks. These amounts represent funds related to trade settlement, interest, and/or dividend payments received in foreign currencies that are not yet converted to U.S. dollars. Such deposits of foreign currency are not insured or collateralized and are subject to custodial risk and the risk of fluctuations in exchange rates. As of August 31, 2022,

UNAUDITED

**The Texas A&M University System
Notes to the Combined Financial Statements
For the Year Ended August 31, 2022**

uncollateralized foreign currency held by or through BNY Mellon included proprietary funds of \$1,472,493.75 and fiduciary funds of \$109,491.15. These amounts are included in the Bank Balances Exposed to Custodial Credit Risk table below.

Funds received by the A&M System's investment custodian after the cut-off time for investment in the money market fund (due to late wire deposits and/or failed transactions) remain as cash and are not invested until the following business day. For each occurrence during fiscal year 2022, the first \$250,000.00 of uninvested cash was insured by the FDIC. All balances in excess of the FDIC coverage, were fully collateralized by pledged securities held in a separate pool by the pledging financial institution, Bank of New York Mellon. As of August 31, 2022, the uninvested cash balance included \$204,765.57 of proprietary funds and \$25,398.47 of fiduciary funds, which were covered by FDIC insurance.

The bank balances (including foreign currency balances), exposed to custodial credit risk as of August 31, 2022 are presented in the table below.

Bank Balances Exposed to Custodial Credit Risk	
	Uninsured and Uncollateralized
Proprietary Funds	\$1,766,816.75
Fiduciary Funds	\$109,491.15

Foreign currency risk for deposits is the risk that changes in exchange rates will adversely affect the deposits. The A&M System does not have a deposit policy for foreign currency risk. The exposure to foreign currency risk for deposits as of August 31, 2022 is presented in the following table.

Bank Balances Exposed to Foreign Currency Risk		
Currency	Proprietary Funds	Fiduciary Funds
British Pound	\$ 54,513.02	\$ 3,490.10
Canadian Dollar	69,082.55	4,775.73

UNAUDITED

The Texas A&M University System Notes to the Combined Financial Statements For the Year Ended August 31, 2022

Investments

Investments are presented according to the hierarchy of inputs used to measure fair value.

- Level 1 has been assigned to investments for which quoted prices (unadjusted) are available for identical assets in active markets on the measurement date. These assets include equities (common stock, listed ADRs and listed preferred stock), exchange-traded mutual funds, exchange-traded options, money market funds and U.S. Treasury securities.
- Level 2 has been assigned to investments for which there are inputs, other than quoted prices, that are observable for an asset or liability, either directly or indirectly. These assets include cash equivalents, collateralized mortgage obligations, corporate bonds, mortgage-backed securities, municipal bonds, non-exchange traded options, short-term obligations, U.S. agency securities.
- Level 3 has been assigned to assets to which there are unobservable inputs. Examples of these assets are certain commingled funds and private equity technology partnerships (discussed below).

The net asset value per share (NAV), or its equivalent, may be used for an investment that does not have a readily determined fair value, provided the NAV is calculated consistent with the Financial Accounting Standards Board's (FASB) measurement principles for investment companies. The NAV is commonly used for certain alternative investments (such as private equity funds, hedge funds and certain commingled funds). The A&M System invests in private investments and limited partnerships including hedge funds, private equity, commingled funds, venture capital, natural resources, energy, and real estate. The fair value of these investments is based on the investment manager determined NAV as allowed by the standard. The valuations at the date provided by the investment managers have been adjusted by rolling forward to August 31, 2022 to include the following events: capital contributions or distributions since the most recent investment manager valuation date reported to the A&M System, changes in the composition of assets or liabilities reported by the investment manager since the valuation date of the NAV, and fair value changes of assets or liabilities reported since the investment manager valuation date. In the case of certain hedge funds, the A&M System has adjusted the reported July 31, 2022 NAV by the estimated performance as of August 31, 2022 as reported by the investment manager and by any cash inflows and outflows since the investment manager valuation date.

The repurchase agreements held by Texas Treasury Safekeeping Trust Company (TTSTC) are reported at amortized cost.

Mineral rights held for the purpose of generating income are reported at fair value based on three times the previous twelve months of income. The fair value reported as of August 31, 2022 is \$124,653,652.26 (\$124,610,419.20 Proprietary and \$43,233.06 Fiduciary).

The A&M System invests in private equity technology partnerships through A&M System Technology Commercialization. The fair value of these investments is estimated based on the cost (pro-rata share of contributed capital based on percentage ownership in the company) or 3rd party pricing of stock (based on fund raising). Adjustments are made for impairments, such as the termination of a license agreement or inactivity of the company. The fair value reported as of August 31, 2022 is \$5,797,392.33, all of which is proprietary.

Stephen F. Austin University (SFA) and Texas Woman's University (TWU) invest in the A&M System investment pools as authorized by Section 51.0031 of the Education Code. As of August 31, 2022, the

UNAUDITED

The Texas A&M University System Notes to the Combined Financial Statements For the Year Ended August 31, 2022

A&M System Cash Concentration Pool and System Endowment Funds included investments valued at \$79,495,017.52 for SFA, and \$195,909,236.71 for TWU. These amounts are categorized as fiduciary funds.

The following tables display the fair value of investments as of August 31, 2022 as reported in the financial statements and detailed by investment type. The investment type table includes categories to show the level of inputs used in determining the fair value of investments.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty, the agency will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The A&M System's investment policy requires that direct repurchase agreements and security lending transactions be fully collateralized by obligations authorized under the A&M System investment policy and such collateral be held by a third party. There was no custodial credit risk related to securities lending or repurchase agreements as of August 31, 2022. The A&M System did not participate in a securities lending program during fiscal year 2022 and the only direct repurchase agreement investments were held through Texas Treasury Safekeeping Trust Company.

Foreign investments are administered in book entry form by the A&M System's custodian, Bank of New York (BNY) Mellon Asset Servicing, through a network of international securities depositories and subcustodians. Non-U.S. securities held at international securities depositories are processed through those entities (Euroclear Bank and Clearstream). Securities held at local non-U.S. market depositories are processed through BNY Mellon's subcustodian network. Subcustodians settle transactions based on instructions from BNY Mellon Asset Servicing. BNY Mellon Asset Servicing settles transactions directly in the U.K., the U.S., Germany, France, the Netherlands, Ireland, Italy, Belgium, the Cayman Islands and the Channel Islands. Funds are received upon the delivery of securities in connection with sale transactions and funds are paid in connection with purchase transactions upon receipt of securities, unless contrary to market practice or client instruction. In the event that funds are not received or delivered on the settlement

UNAUDITED

**The Texas A&M University System
Notes to the Combined Financial Statements
For the Year Ended August 31, 2022**

date, the settlement “fails”. Failed trades are monitored daily, weekly, or monthly (as appropriate) via the applicable custody system to help facilitate resolution in a timely manner. On a daily basis, the subcustodians send confirmations of settlement to the custodian which are reconciled to the custody system. Subcustodians are evaluated by the custodian prior to selection and reviewed throughout the year to ensure overall service performance is maintained and verify compliance with various regulatory requirements. Subcustodians must meet high standards and have stringent controls. BNY Mellon identifies subcustodians who are leaders in the securities processing industry in their respective countries. Subcustodians are initially selected and annually monitored on operational risk, financial risk, legal/regulatory risk and reputational risk. A full credit review is performed prior to selection and annually thereafter.

Foreign currency risk for investments is the risk that changes in exchange rates will adversely affect the investments. The A&M System’s policy authorizes the utilization of derivatives for the purpose of hedging currency risk, but does not otherwise address foreign currency risk. The exposure to foreign currency risk as of August 31, 2022 is presented in the following tables.

Proprietary Funds - Investments Exposed to Foreign Currency Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The A&M System's investment policy requires that traditional fixed income securities have a long-term rating of B or better at the time of purchase and traditional fixed income portfolios maintain an overall credit rating of A or better. Securities using short-term credit ratings must be rated at least A-2, P-2, F-2 or equivalent. As of August 31, 2022, the A&M System's credit quality distribution for securities with credit risk exposure is presented in the table on the following pages.

Concentration of credit risk is the risk of loss attributable to the magnitude of investment in a single issuer. As of August 31, 2022, no single issuer represented more than 4.9% of the A&M System’s total investments.

The A&M System’s investment policy states that no more than 4.9% of the voting stock of any one corporation be owned by the A&M System at any given time. The A&M System maintained compliance with this policy throughout fiscal year 2022.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Through its investment policy, the A&M System manages its exposure to fair value losses arising from changing interest rates by requiring traditional fixed income managers to maintain duration of +/- 30% of the effective duration of the appropriate index. In addition, the A&M System’s policy limits the duration of its short-term investment portfolio to a maximum of one year. The A&M System’s exposure to interest rate risk is presented on the following page using the effective duration method.

Securities Lending

The A&M System did not participate in any securities lending programs during fiscal year 2022.

Derivative Investing

The A&M System Investment Policy allows investment in certain derivative securities to modify risk/return characteristics or to cost-effectively implement a change in asset allocation. A derivative security is a financial instrument which derives its value from another security, currency, commodity or index.

The A&M System entered into forward currency contracts for the purpose of hedging international currency risk on certain non-U.S. dollar denominated investment securities. When entering into a forward currency contract, the A&M System agrees to receive or deliver a fixed quantity of foreign currency for an agreed-upon price on a certain future date. These contracts are valued daily and the A&M System's net equity in the contracts, representing unrealized gain or loss on the contracts, as measured by the differences between the forward foreign exchange rates at the dates of entry into the contracts and the forward rates at the reporting date is recognized on the Statement of Revenues, Expenses, and Changes in Net Position as investment income or loss. The unrealized gain on open foreign currency exchange contracts is reported as an investment derivative and the unrealized loss is included with trade payables. The foreign currency forwards are traded over-the-counter and categorized as Level 2 of the fair value hierarchy.

These investments involve market and/or credit risk in excess of the amount recognized in the consolidated Statement of Net Position. Risks arise from the possibility that counterparties will be unable to meet the terms of their contracts and from movement in currency, securities values and interest rates. The following tables below summarize the pending foreign exchange contracts as of August 31, 2022.

**The Texas A&M University System
Notes to the Combined Financial Statements
For the Year Ended August 31, 2022**

The gross counterparty exposure for the A&M System, as of August 31, 2022, is presented in the table below. The A&M System's policy does not address master netting arrangements and the A&M System is not party to any such arrangements. The A&M System policy does not address collateral or other security for currency forward contracts.

Proprietary Funds - Foreign Exchange Contract Exposure to Counterparty Risk				
<u>Notional Amount</u>		<u>Fair Value</u>		S&P Counterparty Rating
<u>Assets</u>	<u>Liabilities</u>	<u>Assets</u>	<u>Liabilities</u>

Fiduciary Funds - Foreign Exchange Contract Exposure to Counterparty Risk				
<u>Notional Amount</u>		<u>Fair Value</u>		S&P Counterparty Rating
<u>Assets</u>	<u>Liabilities</u>	<u>Assets</u>	<u>Liabilities</u>	
\$ 570,271.04	\$ 572,531.57	\$ 11,645.42	\$ 13,905.95	A+

Several investment strategies in which the A&M System invests may employ the use of forward currency exchange contracts as a hedge in connection with portfolio purchases and sales of securities denominated in foreign currencies. Risks are consistent with those described in the above paragraph regarding direct currency hedging. The contracts are valued at the prevailing forward exchange rate of the underlying currencies and the unrealized gain (loss) is recorded daily. Unrealized gains and losses that represent the difference between the value of the forward contract to buy and the forward contract to sell are included in the net unrealized gain (loss) from the forward contracts.

The A&M System has also invested in Treasury futures. The instruments are used only for the purpose of managing interest rate risk in the fixed income portfolios. As of August 31, 2022, the weighted average effective duration for short futures contracts was 6.30 and for long futures contracts was 4.15. Futures contracts expose the A&M System to minimal counterparty risk since they are exchange traded and the exchange's clearinghouse, as counterparty to all exchange traded futures, guarantees the futures against default, therefore, they are not presented in the tables above. Futures contracts are marked to market daily; meaning they are valued at the close of business each day and a gain or loss is recorded between the value of the contracts that day and on the previous day. The daily gain or loss difference is referred to as the daily variation margin, which is settled in cash with the broker each morning for the amount of the previous day's mark to market. The amount that is settled in cash with the broker each morning is the fair value of the futures contracts. The gains are reported as trade receivables and the losses are reported as trade payables in the Statement of Net Position. Exchange-traded futures contracts are categorized as Level 1 on the fair value hierarchy. The tables below disclose the type, notional value and fair values of the futures contracts as of August 31, 2022.

The A&M System has invested in hedge funds with external managers who invest in equity and fixed income securities of both domestic and international entities. These investment managers may invest in both long and short term securities and may utilize leverage in their portfolios. They may also utilize credit default swaps and total return swaps as part of their investment strategies. The investments may be subject to a lock-up restriction of one or more years before the investment may be withdrawn from the manager without penalty, which in some cases may be significant. There are certain risks associated with these private funds, some of which include investment manager risk, market risk and liquidity risk, as well as the risk of utilizing leverage in the portfolios. When credit default swaps or total return swaps are used, there is additional risk of counterparty non-performance and unanticipated movements in the fair value of the underlying securities.

The A&M System's investment in hedge funds as of August 31, 2022 is presented in the table below:

Hedge Fund Investments		
Net Asset Value	Proprietary Funds	Fiduciary Funds
Hedge Funds	\$ 1,164,231,262.54	\$ 86,837,014.58

Private Investments

Private investments in limited partnerships are managed by external investment managers or general partners who invest primarily in private companies. These investments, both domestic and international, are illiquid and may not be realized for a period of several years after the investments are made. There are certain risks associated with these investments, some of which are liquidity risk, market risk, event risk and investment manager risk. As of August 31, 2022, the A&M System has committed to various private

UNAUDITED

The Texas A&M University System Notes to the Combined Financial Statements For the Year Ended August 31, 2022

investments as shown in the table below. The valuations for the limited partnerships are based on the most recent investment manager determined Net Asset Value (NAV) rolled forward to August 31, 2022 to include the following events: capital contributions or distributions, changes in the composition of assets or liabilities, and fair value changes reported since the last valuation date of the NAV.

The A&M System has also invested directly in companies and partnerships to promote research commercialization. The fair value of the investments in research commercialization is estimated based on the cost (pro-rata share of contributed capital based on percentage ownership in the company) or third-party pricing of stock (based on fund raising). Adjustments are made for impairments, such as the termination of a license agreement or inactivity of the company. Associated risks include those applicable to other private investments as well as the risk of enterprise failure.

Private Investments		
Description	Proprietary Funds	Fiduciary Funds
Commitments to Limited Partnerships	\$ 698,965,863.52	\$ 86,619,709.48
Funded Amount to Limited Partnerships	563,133,260.72	69,786,583.28
Net Asset Value (NAV) of Limited Partnerships	394,426,901.79	48,879,559.68
Research Technology Investments	5,797,392.33	

Hedge funds, private investment and public market funds including investments in private placement vehicles, are subject to risks, which could include the loss of invested capital. The risks include the following:

- Non-regulation risk – The A&M System’s general partners and investment managers are registered as required with the Securities and Exchange Commission (SEC). Three investment managers are exempt reporting advisers. One investment manager, not registered with the SEC, is a United Kingdom LLP and registered with the Financial Conduct Authority of the United Kingdom.
- Key personnel risk – The success of certain funds is substantially dependent upon key investment professionals and the loss of those individuals may adversely impact the fund’s performance.
- Liquidity risk – Many of the A&M System’s investment funds may impose lock-up periods, which may cause the A&M System to incur penalties to redeem its investment prior to a certain period of time elapsing.
- Limited transparency – As private investment vehicles, these funds may not fully disclose the holdings of their portfolios.
- Investment strategy risk – These funds often employ sophisticated investment strategies and the use of leverage, which could result in the loss of invested capital.

Permanent University Fund

The Permanent University Fund (PUF) is administered by the University of Texas System and is not reflected in the financial statements of the A&M System. Prior to changes in the arbitrage laws, bond proceeds were appropriated only after the bonds had been sold and cash was on hand. Currently, receipt of cash may or may not precede appropriations of bond or note proceeds.

The total carrying value of the PUF assets at August 31, 2022, was \$27,255,875,130.56 excluding PUF land grants. By acts of the Legislature and provisions of the State Constitution, the net income of the PUF is

Notes and Loans Payable

The proprietary funds' notes payable consists of amounts used to make permanent improvements at various institutions in the A&M System, to refund and retire the Board's Permanent University Fund Commercial Paper Notes, to provide interim financing for capital improvements and acquisition of equipment and land, to pay interest on the notes, to refund outstanding notes as they mature and to pay the costs of issuing the notes. In the event of default or failure to make required note payments, the A&M System will be required to perform any conditions or obligations described in the note agreement. The A&M System is responsible for all reasonable expenses related to the enforcement.

* For this schedule, assumption is that Permanent University Fund Taxable Commercial Paper Notes, Revenue Financing System Commercial Paper Notes, and Revenue Financing System Commercial Paper Taxable Notes in the amount of \$253.994 million will be refunded into long term bonds. For estimated debt service on this exhibit, the rate of 4.29% corresponds to the actual rate on Revenue Financing System Bonds, Series 2022 priced on September 27, 2022. Revenue Financing System Commercial Paper Notes in the amount of \$167.784 million will be refunded by the Revenue Financing System Bonds, Series 2022 in October 2022. Notes are remarketed in commercial paper mode at current market rates with maturities between 1 and 270 days.

Direct Borrowings – Loans

The Revenue Financing System Note (2007 TIPS Project) was issued on July 12, 2007 to fund \$4 million of costs for the Texas Institute for Preclinical Studies (TIPS) within Texas A&M University. The note is structured as a loan with the Office of the Governor, Economic Development and Tourism Division through the Texas Economic Development Bank; all authorized debt has been issued. During FY2022, the loan was repaid in full.

UNAUDITED

The Texas A&M University System Notes to the Combined Financial Statements For the Year Ended August 31, 2022

The outstanding notes from direct borrowings for equipment and software contain provisions where, in the event of default, all remaining payments may be declared immediately due or the lessor may repossess the assets or, in the case of software, render the asset unusable, or the lessor may proceed with court action to enforce performance.

The financing arrangements for capital improvements contain provisions that, in the event of default, the lessor has the right to take one or any combination of several options. These options include demand immediate payment for all remaining payments, retake possession of the leased asset, or require the A&M System to return the leased asset at the A&M System's expense. The A&M System has no unused lines of credit.

Compensated Absences

Full-time State employees earn eight to twenty-one hours per month annual leave depending on years of State employment. Under the State's policy, an employee with 35 or more years of State service may carry up to 532 hours accrued leave forward from one fiscal year to another.

Employees with at least six months of State service who terminate employment are entitled to payment for all accumulated annual leave up to the maximum allowed. The A&M System accrues the dollar value of annual leave benefits which are payable upon retirement, termination, or death of its employees. The amounts of these liabilities and their related benefits are reported in the statement of net position. The estimated liability, \$119,433,710.52 as of August 31, 2022, is based on calculations from the A&M System centralized leave tracking system and employer estimates. The A&M System made lump sum payments of \$17,865,452.95 for accrued vacation to employees who separated from State service during the fiscal year ended August 31, 2022.

Sick leave accumulation is not limited. Sick leave is earned at the rate of eight hours per month and is paid only when an employee is absent due to illness or to the estate of an employee in the event of his/her death. The maximum sick leave payment to an employee's estate is the lesser of one-half of the employee's accumulated entitlement or 336 hours. The A&M System policy is to recognize the cost of sick leave when paid. The liability is not shown in the financial statements since historical use of sick leave has been minimal.

Claims and Judgments

Claims and judgments related to the A&M System self-insured worker's compensation plan include a current portion of \$1,744,002.00 and a non-current portion of \$13,106,748.00 for a total worker's compensation liability of \$14,850,750.00. This liability represents the current and non-current portion of the incurred but not reported (IBNR) liability based on actuarial analysis of the plan. The IBNR represents claims that will be paid out over future fiscal years. This current portion was estimated based on actual claims paid out over the last five fiscal years.

UNAUDITED

The Texas A&M University System Notes to the Combined Financial Statements For the Year Ended August 31, 2022

Asset Retirement Obligations

An Asset Retirement Obligation (ARO) is a legally enforceable liability associated with the retirement of a tangible capital asset. The A&M System's non-current liabilities include ARO's related to radioactive material licenses and nuclear research facilities.

The A&M System has two nuclear reactors which were placed in service in 1957 and 1965, respectively. The U.S. Nuclear Regulatory Commission (NRC) requires a decommissioning plan for the retirement of these assets. The estimated liability for the decommissioning plan is \$9,724,884.50. The estimate was calculated using NRC publications NUREG/CR-1756 and NUREG-1307 Rev. 15, adjusted using the consumer price index inflation calculator. A 25% contingency is also included in the estimate.

The A&M System has four radioactive material licenses authorizing the possession and use of radioactive materials. The A&M System is financially accountable for any decommissioning or decontamination costs as required by the Texas Department of State Health Services (Texas Administrative Code, Title 25, Part 1, Chapter 289, Subchapter F, Rule 289.252), and the U.S. Nuclear Regulatory Commission (10 CFR 30.35). The estimated liability related to these licenses is \$2,701,750.77.

Pollution Remediation Obligations (Other Liabilities)

The A&M System has been named as a potentially responsible party (PRP) party for two hazardous waste sites. It is unknown at this time if there will be any future costs associated with the A&M System's status as a PRP.

Liabilities Payable from Restricted Assets

Liabilities payable from restricted assets reported on the proprietary Statement of Net Position represent payables at year-end from assets with external restrictions. The balance reported represents payables from bond proceeds.

Pledged Future Revenues

Sources of proprietary fund pledged revenues include tuition and fees, auxiliary enterprises, sales of goods and services, and other non-operating activities. The table below provides the pledged future revenue information for the Texas A&M University System Permanent University Fund and Revenue Financing System bonds.

Pledged Future Revenue Information	
Pledged revenue required for future principal and interest on existing revenue bonds	\$6,301,940,161.23
Term of commitment year ending 8/31	2057
Percentage of revenue pledged	100%
Current year pledged revenue	\$3,355,720,880.36
Current year principal and interest paid	\$419,063,508.72

The Texas A&M University System Notes to the Combined Financial Statements For the Year Ended August 31, 2022

Note 6 - Bonded Indebtedness

A. Financial Reporting

The A&M System has established a financing program known as the Revenue Financing System. Members of the A&M System may use the Revenue Financing System as a long-term debt program to finance capital assets or as a short-term debt program to finance equipment or to interim finance construction projects. Members' financing requests are evaluated for adequate revenue streams and bonding capacity.

Assets created as a result of the expenses of Permanent University Fund and Revenue Financing System Bonds and Notes (see Note 5) proceeds, which are subsequently capitalized, are reported on the applicable members' Statement of Net Position in the Capital Assets category. The associated bond liability is reported in total by the A&M System Offices.

As of August 31, 2022, \$196,841,374.63 of Revenue Financing System debt proceeds had been appropriated prior to the receipt of the proceeds. As of August 31, 2022, \$240,585,598.27 of Permanent University Fund debt proceeds had been appropriated prior to the receipt of the proceeds.

B. General Information

At August 31, 2022, the A&M System had outstanding bonds payable of \$4,529,980,000.00 as detailed below, which does not include unamortized premium of \$111,902,286.21.

Bonds payable are due in annual installments varying from \$55,000.00 to \$55,740,000.00 with interest rates ranging from 0.26% to 5.75%, with the final installment due in 2057. The debt service requirements table summarizes the principal and interest expense for the next five years and beyond for bonds issued and outstanding.

Revenue for debt service on the Permanent University Fund Bonds and Notes is derived from liens on and pledges of payout distributions from the Permanent University Fund allocable to the A&M System.

Sources of revenue for debt service on the Revenue Financing System Bonds and Notes are pledged revenues from any and all of the revenues, funds, and balances now or hereafter lawfully available to the Board and derived from or attributable to any participant of the Revenue Financing System which are lawfully available to the Board for the payment of Parity Obligations, including unrestricted funds and reserve balances.

All bonds are for the benefit of business-type activities. General information related to bonds payable is summarized in the following tables.

Bonds Payable	Interest Rates	Maturity Dates	Outstanding Principal
Permanent University Fund Bonds	1.79-5.75%	2023-2049	\$ 1,337,180,000.00
Revenue Financing System Bonds	0.26-5.00%	2023-2057	3,192,800,000.00

C. Advance Refunding Bonds

The A&M System has defeased certain revenue bond issues by placing the proceeds of new bond issues in irrevocable trusts to provide for all future debt service payments on the issues. Accordingly, the liability for the bonds is not included in the financial statements. At August 31, 2022, the principal balance outstanding for the defeased bonds is \$470,685,000.00.

Note 7 - Derivatives

The A&M System Investment Policy allows investment in certain derivative securities. A derivative security is a financial instrument which derives its value from another security, currency, commodity or index. Investment derivatives are used to manage transaction, interest rate, or currency exchange risk in purchasing, selling or holding investments.

The following disclosures summarize the A&M System's investment derivative activity as reported in the financial statements. The foreign currency forwards are traded over-the-counter and categorized as Level 2 of the fair value hierarchy. Exchange traded futures contracts are categorized as Level 1 of the fair value hierarchy.

Proprietary Funds - Investment Derivative Activity					
Description	Changes in Fair Value		Fair Value as of August 31, 2022		Notional Amount
	Classification	Amount	Classification	Amount

The Texas A&M University System Notes to the Combined Financial Statements For the Year Ended August 31, 2022

Note 8 - Leases

GASB Statement No. 87, *Leases*, effective 2022, establishes a single model for lease accounting based on the principal that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. Limited exceptions to the single approach guidance are provided for short-term leases, defined as lasting a maximum of twelve months at inception, including any options to extend, financed purchases, leases of assets that are investments and certain regulated leases. Leases should be recognized and measured using the facts and circumstances that exist at the beginning of the earliest period presented.

The State of Texas Comptroller's Office has established a materiality threshold for leases of \$100,000 per asset to be applied to the present value of the right-to-use (RTU) assets and/or lease receivable. The A&M System has adopted this materiality threshold for all GASB 87 leases.

The A&M System signed lease contracts for land, building, space, equipment, vehicle, and others. These leasing arrangements have been examined according to the GASB 87 standard, implementation guidelines, and the State Comptroller Office's requirements, the details for the identified leases are discussed below.

Lessee Leases

The A&M System has entered into various leases for land, building, equipment, and others. At August 31, 2022, the net right-to-use (RTU) assets and corresponding lease liabilities associated with future lease payments reported on the statement of net position totaled \$159 million and \$161 million, respectively.

A summary of changes for these RTU assets as displayed by the nature of underlying assets is presented in the table in Note 2 - Capital Assets.

For fiscal year 2022, the total cash payments for RTU assets was \$14,937,239.75. The principal and interest expense payments for the next 5 years and beyond are projected on the following page for lease liabilities.

UNAUDITED

**The Texas A&M University System
Notes to the Combined Financial Statements
For the Year Ended August 31, 2022**

Future Minimum Lease Payment			
Fiscal Year	Principal	Interest	Total
2023	\$ 17,339,697.84	\$ 1,696,022.03	\$ 19,035,719.87
2024	16,183,405.48	1,477,152.76	17,660,558.24
2025	13,960,426.04	1,333,633.69	15,294,059.73
2026	12,563,148.54	1,209,942.92	13,773,091.46
2027	11,596,318.20	1,092,566.40	12,688,884.60
2028-2032	48,658,676.59	3,828,479.64	52,487,156.23
2033-2037	16,310,734.94	2,102,582.66	18,413,317.60
2038-2042	13,423,116.83	1,172,539.64	14,595,656.47
2043-2047	10,914,940.75	343,059.23	11,257,999.98
Total	\$ 160,950,465.21	\$ 14,255,978.97	\$ 175,206,444.18

Of these leases, two agreements call for payments that are partially variable and therefore were not included in lease assets or lease liabilities. These variable payments are the result of the underlying lease measured at a variable rate due to the underlying payments derived based upon changes in CPI (Consumer Price Index) rates. A total of \$10,169 was expensed related to these variable payments for the year ended August 31, 2022.

Subleases

The A&M System subleases certain portions of RTU buildings to third parties. The net value of the subleased RTU buildings, \$7,876,446.57, is included in the RTU asset total as of August 31, 2022. These sublease agreements result in lease receivables of \$2,401,056.76 and deferred inflows of resources of \$2,373,081.37, as of August 31, 2022, which are included in the future minimum lease income table on the following page.

Residual Value Guarantees, Termination Penalties, Sales-Leaseback and Lease-Leaseback

For the year ended August 31, 2022, the A&M System has no reportable activities for residual value guarantees, termination penalties, sale-lease back, or lease-leaseback related to GASB 87 leases where the A&M System is the lessee.

Future Leases

The A&M System has entered into five additional building leases which have not yet commenced as of August 31, 2022. For these future leases, the value of the right-to-use assets is \$716,964.38.

UNAUDITED

**The Texas A&M University System
Notes to the Combined Financial Statements
For the Year Ended August 31, 2022**

Lessor Leases

The A&M System has entered into various leases for land and buildings where the A&M System is the lessor. As of August 31, 2022, the lease receivables and the corresponding deferred inflow of resources included on the statement of net position were \$108 million and \$106 million, respectively.

For the year ended August 31, 2022, the A&M System received cash payments of \$5,394,189.21 related to lessor leases. The total expected payments for the next five years and beyond are presented below.

Future Minimum Lease Income			
Fiscal Year	Principal	Interest	Total
2023	\$ 3,847,986.45	\$ 1,606,677.14	\$ 5,454,663.59
2024	3,955,118.66	1,587,757.03	5,542,875.69
2025	3,517,454.65	1,559,914.43	5,077,369.08
2026	2,416,284.09	1,535,706.52	3,951,990.61
2027	2,307,797.66	1,512,447.55	3,820,245.21
2028-2032	9,685,802.51	7,203,358.65	16,889,161.16
2033-2037	7,582,731.99	6,614,133.18	14,196,865.17
2038-2042	8,493,202.85	5,989,885.77	14,483,088.62
2043-2047	10,713,185.00	5,184,622.57	15,897,807.57
2048-2052	12,992,321.02	4,190,789.66	17,183,110.68
2053-2057	16,348,458.89	2,941,395.87	19,289,854.76
2058-2062	19,934,246.99	1,396,914.49	21,331,161.48
2063-2067	5,916,718.68	70,623.12	5,987,341.80
Total	<u>\$ 107,711,309.44</u>	<u>\$ 41,394,225.98</u>	<u>\$ 149,105,535.42</u>

The A&M System had a total of 4 leases which call for payments that are completely variable and were not included in lease receivables or deferred inflows of resources. These variable payments were derived from a percentage of sales, facility or classroom usage, or the amount of net cash flow. Total revenue recognized as a result of these variable payments was \$1,566,164.17 for the year ended August 31, 2022.

Residual Value Guarantees, Termination Penalties, Sales-Leaseback and Lease-Leaseback

For the year ended August 31, 2022, the A&M System has no reportable activities for residual value guarantees, termination penalties, sale-lease back, or lease-leaseback related to leases where the A&M System is the lessor.

UNAUDITED

The Texas A&M University System Notes to the Combined Financial Statements For the Year Ended August 31, 2022

Regulated Leases

For certain lease agreements related to airport gates and aprons, specific terms are regulated by the Federal Aviation Administration (FAA). The A&M System entered into various lease agreements to grant the right to use these airport gates and aprons to third parties in accordance with the provisions set by the FAA.

Specified regulated terms include limits on lease rates, consistency of lease rates for all lessees, and leasing opportunities made available to any potential lessees if the facilities are vacant. The lease revenue related to these regulated agreements amounted to \$353,405.95 for the year ended August 31, 2022, this amount includes exclusive and joint use of terminal building space.

Currently there is a holdover provision in place that allows tenancy to continue month-to-month until a new contract is established or the tenant may terminate with 30 days written notice.

Note 9 - Pension Plans and Optional Retirement Program

Teacher Retirement System (TRS)

Teacher Retirement System is the administrator of the TRS plan, a cost-sharing, multiple-employer defined benefit pension plan with a special funding situation. All employees of the A&M System who are employed for one-half or more of the standard workload and not exempted from membership under the Texas Government Code, Title 8, Section 822.002 are covered by the plan.

The TRS plan provides retirement, disability annuities and death and survivor benefits. The benefit and contribution provisions of the TRS Plan are authorized by state law and may be amended by the Legislature. The pension benefit formulas are based on members' average annual compensation and years of service credit. The standard annuity is 2.3% of the average of the five highest annual salaries multiplied by years of service credit. For grandfathered employees who were hired on or before August 31, 2005 and meet certain criteria, the standard annuity is based on the average of the three highest annual salaries. The plan does not provide an automatic cost of living adjustments (COLAs).

Audited Annual Comprehensive Financial Report (ACFR) for Teacher Retirement System may be obtained from their website at www.trs.state.tx.us and searching for financial reports.

During the 2021 measurement period for the fiscal year 2022 reporting, the amount of the A&M System contributions recognized by the plan was \$ 62,135,589. The contribution rates are based on a percentage of the monthly gross compensation for each member. The contribution requirements for the state and the A&M System in the measurement period are presented in the table below.

Contribution Rates for	TRS Plan
Employer	7.5%
Employees	7.7%

The total pension liability is determined by the annual actuarial valuation. The table on the following page presents the actuarial methods and assumptions used to measure the total pension liability as of the August 31, 2021 measurement date for the fiscal year 2022.

UNAUDITED

**The Texas A&M University System
Notes to the Combined Financial Statements
For the Year Ended August 31, 2022**

Summary of Actuarial Methods and Assumptions*-TRS Plan	
Actuarial Valuation Date	August 31, 2020 rolled forward to August 31, 2021
Actuarial Cost Method	Individual Entry Age Normal
Amortization Method	Level Percentage of Payroll, Floating
Asset Valuation Method	Fair Value
Actuarial Assumptions:	
Discount Rate	7.25%
Investment Rate of Return	7.25%
Long-term Expected Rate of Return	7.25%
Municipal Bond Rate as of August, 2020	1.95%*
Inflation	2.30%
Salary Increase	3.05% to 9.05% including inflation
Mortality	
Active	90% of the RP 2014 Employees Mortality Tables for males and females with full generational mortality
Post-Retirement	2018 TRS Healthy Pensioner Mortality Tables with full generation projection using Scale U-MP
Ad Hoc Post-Employment Benefit Changes	None

* Source for the rate is the Fixed Income Market Data/Yield Curve/Data Municipal Bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index"

The actuarial assumptions used in the valuation were primarily based on the result of an actuarial experience study for the three-year period ending August 31, 2017 and adopted in July, 2018. The mortality rates were based on 90% of the RP 2014 employee Mortality Tables for males and females. The Post-retirement mortality rates were based on 2018 TRS Healthy Pensioner Mortality Tables with full generation projection using Scale U-MP.

The actuarial assumptions used in the determination of the total pension liability are the same assumptions used in the actuarial valuation as of August 31, 2020 with no changes since the prior measure date.

There have been with no changes to the benefit provisions of the plan since the prior measurement date.

The discount rate of 7.25% was applied to measure the total pension liability. The discount rate was based on the expected rate of return on pension plan investments of 7.25%. The projected cash flows into and out of the pension plan assumed that active members, employers, and non-employer contributing entity make their contributions at the statutorily required rates. It is assumed that future employer and state contributions will be 8.50% of payroll in fiscal year 2020 gradually increase to 9.55% over the next several years. This includes a factor for all employer and state contributions for active and rehired retirees. Based on these assumptions, the pension plan's fiduciary net position and future contributions were sufficient to finance

UNAUDITED

**The Texas A&M University System
Notes to the Combined Financial Statements
For the Year Ended August 31, 2022**

the benefit payments of current plan members. As a result, the long-term expected rate of return on pension plan investments was applied to all projected benefit payments to determine the total pension liability.

The long-term expected rate of return on plan investments was developed using a building-block method in which best estimate ranges of expected future real rates of return (net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of geometric real rates of return for each major asset class for the plan's investment portfolio are presented below.

TRS Asset Class*	TRS Target Allocation**	TRS Long-term Expected Geometric Real Rate of Return***

Commodities		1.7%
Risk Parity		
Risk Parity	8%	2.8%
Asset Allocation Leverage		
Cash	2%	(0.7)%
Asset Allocation Leverage	(6)%	(0.5)%
Total	100%	
Notes:		
* Absolute Return includes Credit Sensitive Investments.		
** Target allocations are based on fiscal year 2021 policy model.		
*** Capital Market assumptions come from Aon Hewitt (as of 08/31/2021).		

Sensitivity analysis was performed on the impact of changes in the discount rate on the proportionate share of the A&M System's net pension liability. The result of the analysis is presented in the table below.

UNAUDITED

**The Texas A&M University System
Notes to the Combined Financial Statements
For the Year Ended August 31, 2022**

Sensitivity of A&M System's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate		
1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
\$754,710,399	\$345,380,129	\$ 13,289,032

The pension plan's fiduciary net position is determined using economic resources measurement focus and the accrual basis of accounting, which is the same basis used by TRS. Benefits and refunds of contributions are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value. Fair value is a market-based measurement, not an entity-specific measurement. TRS utilizes one or more of the following valuation techniques in order to measure fair value: the market approach, the cost approach, and the income approach. More detailed information on the plan's investment policy, assets, and fiduciary net position, may be obtained from TRS' fiscal 2021 ACFR.

At August 31, 2022, the A&M System reported a liability of \$345,380,129 for its proportionate share of the collective net pension liability in the proprietary fund statements. The collective net pension liability was measured as of August 31, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The A&M System's proportion on August 31, 2022 was 1.3562156390% which was an increase from the 1.3292220283% measured at the prior measurement date. The A&M System's proportion of the collective net pension liability was based on its contributions to the pension plan relative to the contributions of all the employers and non-employer contributing entities to the plan for the period September 1, 2020 through August 31, 2021.

For the year ending August 31, 2022, the A&M System recognized pension expense of \$18,511,709 in the proprietary fund statements. On August 31, 2022, the A&M System reported on the proprietary fund statement deferred outflows of resources and deferred inflows of resources related to pensions from the sources listed on the table.

Elements of Deferred Outflows and Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 577,983	\$ 24,315,032
Changes of assumptions	122,085,131	53,218,646
Net difference between projected and actual investment return	-	289,596,755
Change in proportion and contribution difference	70,026,648	38,764,712
Contributions Subsequent to the measurement date	62,135,589	-
Total	\$ 254,825,351	\$ 405,895,145

UNAUDITED

**The Texas A&M University System
Notes to the Combined Financial Statements
For the Year Ended August 31, 2022**

The \$62,135,589 reported as deferred outflows of resources resulting from contributions subsequent to the measurement date will be recognized as a reduction in the net pension liability for the year ending August 31, 2023.

Amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense in the following years.

Deferred Outflows and Inflows Recognized in Pension Expense	
Future Years	Amounts
2023	\$ 30,255,058
2024	(35,721,875)
2025	(61,699,851)
2026	(83,740,158)
2027	(115,536)
Thereafter	(47,432)

Optional Retirement Program (ORP)

The State has also established an Optional Retirement Program (ORP) for institutions of higher education. Participation in the Optional Retirement Program is in lieu of participation in the Teacher Retirement System. The Optional Retirement Program provides for the purchase of annuity contracts and mutual funds. The contributory percentages of participant salaries during the fiscal year provided by the State and by each participant who was enrolled in the plan on or before August 31, 1995 were 8.5% and 6.65%, respectively. The 8.5% is composed of 6.6% contributed by the State and an additional 1.90% contributed by the A&M System. For participants who enrolled on or after September 1, 1995, the State and participant contributions were 6.6% and 6.65%, respectively.

The contributions for the A&M System ORP retirement program are presented below.

ORP Contributions for the Plan Year Ended August 31, 2022	
Employer	\$ 45,939,949.03
Employee	\$ 43,641,410.02
Total	\$ 89,581,359.05

Since contributions are invested in individual annuity contracts, neither the State nor the System have any additional or unfunded liability for this program.

UNAUDITED

Note 10 - Deferred Compensation

State employees may elect to defer a portion of their earnings for income tax and investment purposes pursuant to authority granted in *Texas Government Code*, Section 609.001. All payroll deductions have been invested in approved plans during the fiscal year. Two deferred compensation plans are available for A&M System employees.

The State's 457 Plan complies with *Internal Revenue Code* Section 457. This plan is referred to as the Texas Saver Deferred Compensation Plan (DCP) and is available to all employees. The DCP is an employer-sponsored plan administered by the Employees Retirement System of Texas (ERS). A&M System employees are permitted to participate in the plan as an agency of the State. The deductions, purchased investments and earnings attributed to the 457 Plan are held in trust and belong to the participants. The State has no liability under the 457 Plan beyond the administrative requirements outlined in the corresponding provisions of the IRC.

The A&M System also administers a Tax-Deferred Account (TDA) Program, created in accordance with IRC Section 403(b). All employees are eligible to participate. The TDA is an employer-sponsored plan. The deductions, purchased investments, and earnings attributed to each employee's 403(b) plan are held by vendors chosen by the employee from an approved vendor list provided by the A&M System. The funds held in the accounts belong to the individual participants. The vendors can include insurance companies, banks, or approved non-bank trustees such as mutual fund companies. The assets of this plan do not belong to the A&M System or the State and thus do not have a liability related to this plan beyond the administrative requirements outlined in the corresponding provisions of the IRC.

The 457(f) Deferred Compensation Plan allows the A&M System to defer income for eligible participants without regard to the amount deferred or an adverse impact on other retirement plans in which the participant is enrolled. The plan is structured under Section 457(f) of the *Internal Revenue Code* of 1986, as amended. It is authorized for use by Texas institutions of higher education in Title 109, Article 6228a-5, Section 3 of Vernon's Texas Civil Statutes. All employees of the A&M System are eligible to participate in this plan subject to the approval of the Board of Regents, the Chancellor, or any Chancellor-designated A&M System member Chief Executive Officer.

UNAUDITED

The Texas A&M University System Notes to the Combined Financial Statements For the Year Ended August 31, 2022

Note 11 - Postemployment Health Care and Life Insurance Benefits

Plan Description and Funding Policy

In addition to providing pension benefits, state employees have certain health care and life insurance benefits for retired employees in accordance with State statutes. These benefits are provided by the A&M System and reported in the proprietary fund statements. The A&M System is a single-employer with a defined benefit Other Post Employment (OPEB) plan.

OPEB is provided to the A&M System's retirees under the A&M System group insurance program. The authority under which the obligations of the plan members and the A&M System are established, and may be amended, is Chapter 1601, *Texas Insurance Code*. Retiree eligibility for insurance continuation is determined by the Legislature and is subject to change. The plan does not provide automatic cost of living adjustments (COLAs).

Substantially all of the employees may become eligible for those benefits if they reach normal retirement age while working for the State. Those and similar benefits for active employees are provided through the group insurance program, and premiums are based on benefits and administrative costs expected to be incurred. The rates are determined annually by the System in consultation with actuary.

Proportionate Share

The A&M System and the State of Texas calculate a proportional share of all elements of the OPEB liability and record their proportional share. Per Chapter 1551 of the *Texas Insurance Code*, Sections 310 and 311, it requires the State to contribute to the cost of each participant's insurance coverage. The funds are appropriated under the General Appropriations Act under the Higher Education Employees Group Insurance (HEGI) Contributions.

The A&M System's proportional share as of August 31, 2022 was 55.83 percent and it was 53.86 percent in fiscal year 2021. The State of Texas' proportional share was 44.17 percent for fiscal year 2022 and 46.14 for fiscal year 2021. Below is a table with the total current and noncurrent OPEB liability. This percentage was applied to all elements of OPEB accounting event including the OPEB liability, deferred outflows and inflows and OPEB expense.

	A&M System Proportional Share	State of Texas Proportional Share*	Total OPEB Liability*
Current OPEB Liability	\$ 53,889,498	\$ 42,633,699	\$ 96,523,197
NonCurrent OPEB Liability	2,646,334,439	2,093,599,539	4,739,933,978
Total per the AFR	\$ 2,700,223,937	\$ 2,136,233,238	\$ 4,836,457,175

*Total column matches the current actuary report. Adjustments will be needed for the State of Texas Proportional Share to adjust for the funding percentage which is adjusted annually, based upon the prior year funding.

Employees Covered by Benefit Terms

At the measurement dates below, the following employees were covered by the benefit terms.

Employee Type	Valuation Date
	09/01/2021
a. Inactive employees or beneficiaries currently receiving benefit payments	11,156
b. Inactive employees entitled to but not yet receiving benefit payments	3,389
c. Active employees	24,029
Total	38,574

The employer and retiree contribution rates are presented below. The rates increased from the prior fiscal year for employer but remained the same for retiree

Required Contribution Rates Retiree Health and Basic Life Premium		
Level of Coverage	Employer	Retiree (Health Premium only)
Retiree Only	\$676.82	\$0.00
Retiree/Spouse	\$1,238.90	\$281.04
Retiree/Children	\$1,067.34	\$195.26
Retiree/Family	\$1,467.82	\$395.50

The A&M System and member contribution rates are determined annually by the A&M System based on the recommendations of the A&M System Office of Risk Management and Benefits Administration staff and consulting actuary. The contribution rates are determined based on the benefit and administrative costs expected to be incurred, the funds appropriated for the plans, and the funding policy established by the Texas Legislature in connection with benefits provided through the plan. The A&M System revises benefits when necessary to match expected benefit and administrative costs with available revenue.

Actuarial Assumptions and Other Inputs

The collective OPEB liability for Fiscal Year 2022 was determined by an actuarial valuation as of September 1, 2021 using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified.

Summary of Actuarial Assumptions and Other Inputs	
Actuarial Valuation Date (Biennial Valuation)	September 1, 2021
Inflation	2.30%
Salary Increases	3.05% to 9.05% (includes inflation)
Discount Rate	2.14%
Healthcare Cost Trend Rates	
Medical	6.00% for FY23, 5.50% for FY24, 5.25% for FY25, 5.00% for FY26, 4.75% for FY27, 4.60% for FY28, 4.50% for FY29, 4.40% for FY30 and 4.30% for FY31 and later years
Pharmacy	10.50% for FY23, 10.00% for FY24, 9.50% for FY25, 9.00% for FY26, 8.00% for FY27, 7.00% for FY28, 6.00% for FY29, 5.00% for FY30 and 4.30% for FY31 and later years
Mortality	<ul style="list-style-type: none"> a. <u>Service Retirees, Survivors and other Inactive Members:</u> Tables based on TRS experience with Ultimate MP Projection Scale from the year 2018. b. <u>Disability Retirees:</u> Tables based on TRS experience with Ultimate MP Projection Scale from the year 2018 using a 3-year set forward and minimum mortality rates of four per 100 male members and two per 100 female members. c. <u>Active Members:</u> Sex Distinct RP-2014 Employee Mortality multiplied by 90% with Ultimate MP Projection Scale from the year 2014.

*** Discount Rate**

- a. The discount rate used to measure the OPEB liability as of September 1, 2021 was 2.14%
- b. Municipal Bond Rate: 2.14% as of September 1, 2021; the source of the municipal bond rate is the Bond Buyer Index of general obligation bonds with 20 years to maturity and mixed credit quality. In describing their index, the Bond Buyer notes the bonds' average credit quality is roughly equivalent to Moody's Investors Service's Aa2 rating and Standard & Poor's Corp.'s AA.

Other Information

As of the measurement date of September 1, 2021, no changes in benefit terms have occurred. Accordingly, the benefit terms used in this valuation have not been changed since the prior valuation.

Medicare Part D

In fiscal year 2022 the plan received payments from the federal government pursuant to the retiree drug subsidy provisions of Medicare Part D. These on-behalf payments were recorded as revenues and expenses of each plan.

In fiscal year 2022 the A&M System received \$ 18,025,335.58 of Medicare Part D payments from the federal government.

Sensitivity of the A&M System's Proportionate Share of the OPEB Liability to Changes in the Discount Rate

The following presents the A&M System's proportionate share of the OPEB liability reported as of August 31, 2022 and measured as of September 1, 2021, as well as what the A&M System's proportionate share of the OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.14%) or 1-percentage point higher (3.14%) than the fiscal year 2022 discount rate.

	1% Decrease (1.14%)	FY2022 Discount Rate (2.14%)	1% Increase (3.14%)
A&M System's Proportionate Share of OPEB Liability	\$ 3,264,270,438	\$ 2,700,223,937	\$ 2,262,982,738

Sensitivity of the A&M System's Proportionate Share of the OPEB Liability to Changes in the Healthcare Cost Trend Rate

The following presents the A&M System's proportionate share of the OPEB liability reported as of August 31, 2022 and measured as of September 1, 2021, as well as what the A&M System's proportionate share of the OPEB liability would be if it were calculated using a healthcare cost trend rates that are 1-percentage-point lower or 1-percentagepoint higher than the fiscal year 2022 healthcare cost trend rate.

	1% Decrease	FY2022 Healthcare Cost Trend Rates*	1% Increase
A&M System's Proportionate Share of OPEB Liability	\$ 2,221,770,933	\$ 2,700,223,937	\$ 3,341,294,870

For the Year Ended August 31, 2022**

Note 15 - Commitments and Contingencies

At August 31, 2022, various lawsuits and claims involving the A&M System and its members had arisen in the course of conducting A&M System business. While the ultimate liability with respect to litigation and other claims cannot be reasonably estimated at this time, management is of the opinion that the liability not provided for by insurance or otherwise, if any, for these legal actions will not have a material adverse effect on the A&M System's financial position.

Private investments in limited partnerships are managed by external investment managers or general partners who invest primarily in private companies. These investments, both domestic and international, are illiquid and may not be realized for a period of several years after the investments are made. There are certain risks associated with these investments, some of which are liquidity risk, market risk, event risk and investment manager risk. The commitments to various private investments are summarized in the table below:

Unfunded Commitments as of August 31, 2022		
	Proprietary	Fiduciary
Committed Amount	\$698,965,863.52	\$86,619,709.48
Unfunded Amount	\$176,223,050.48	\$21,838,533.52

The COVID pandemic and related actions taken by federal and state governments in response may materially impact A&M System's financial position and its results of operations, including those related to instruction, research, public service, student aid and other auxiliary activities. Substantial amounts are received and expended by A&M System under federal and state programs and are subject to audit by cognizant government agencies. The management believes that any liabilities arising from such audits will not have a material effect on its financial position. While A&M System continues to design and execute plans to mitigate these risks, the extent of the impact will depend on future developments beyond its control, including the overall duration and spread of the outbreak, and cannot be fully determined at this time.

UNAUDITED

**The Texas A&M University System
Notes to the Combined Financial Statements

Note 16 - Subsequent Events

The A&M System is authorized to issue up to \$840 million of Revenue Financing System Bonds during fiscal year 2023 to provide funding for project costs, refund previously issued bonds, refund commercial paper and pay the costs of issuing the bonds. Following the issuance of the Revenue Financing System Bonds, Series 2022, approximately \$631 million of this authorization remains.

The A&M System is authorized to issue up to \$540 million of Permanent University Fund Bonds during fiscal year 2023 to provide funding for eligible projects, refund previously issued bonds, refund commercial paper and pay the costs of issuing the bonds.

The table below lists debt issued after the balance sheet date, August 31, 2022.

Debt Issuance	Amount	Date of Issuance	Purpose
Revenue Financing System Bonds, Series 2022	\$208,520,000	10/18/22	Provide construction funds for eligible projects, refund \$167,784,000 of outstanding Tax-Exempt Commercial Paper Notes, and pay the cost of issuing the bonds.

UNAUDITED

The Texas A&M University System Notes to the Combined Financial Statements For the Year Ended August 31, 2022

Note 17 - Risk Management

The A&M System is exposed to various risks of loss related to property – fire, windstorm or other loss of capital assets; general and employer liability – resulting from alleged wrongdoings by employees and others; net income – due to fraud, theft, administrative errors or omissions, and business interruptions; and personnel – unexpected expense associated with employee health, termination or death. As an agency of the State of Texas, the A&M System and its employees are covered by various immunities and defenses which limit some of these risks of loss, particularly in liability actions brought against the A&M System or its employees. Remaining exposures are managed by self-insurance arrangements, contractual risk transfers, the purchase of commercial insurance, or a combination of these risk financing techniques.

All commercial insurance policies include retention amounts (deductibles) for which the A&M System is responsible and for which A&M System members maintain funding reserve pools. On-going analysis of the risks facing the A&M System results in the continual evaluation of insurance policies purchased.

The A&M System has self-insured arrangements for coverage in the areas of workers compensation, group health and dental and certain areas of medical malpractice. Liabilities for claims have been reported where information prior to issuance of the financial statements indicated that it was probable that a liability had been incurred and the amount of the loss could be reasonably estimated.

Worker's Compensation Insurance

The worker's compensation insurance (WCI) plan is considered a funded employer liability pool. The workers' compensation incurred but not reported (IBNR) liability is based on actuarial analysis of all historical claims data. The plan provides claims servicing and claims payments by charging an assessment to each A&M System member based on a percentage of payroll.

Group Health and Dental Insurance

The A&M System's self-insured health and dental plan is also considered a funded employer liability pool. The IBNR liability is based on actuarial analysis of all historical claims data. Premiums are determined through an actuarial pricing process that takes place each spring. Dental benefits under the plan are limited to \$1,500 per individual per year.

Automobile Plan

The A&M System's automobile plan provides payment for third party property damage and bodily injury proximately caused by the negligence of an employee acting within the course and scope of his/her employment. The property damage and/or bodily injury must occur from the operation or use of a covered vehicle and when the protected party would be personally liable to the third party according to Texas law. It provides payments up to the statutory limits of \$250,000 per person/\$500,000 per accident/\$100,000 property liability damage as outlined in the Texas Civil Practice and Remedies Code; Title 5 Governmental Liability; Chapter 101 Tort Claims.

UNAUDITED

The Texas A&M University System Notes to the Combined Financial Statements For the Year Ended August 31, 2022

Property Shared Retention Plan

For property covered by the A&M System's property insurance program, retention payments apply to all losses under this policy and are assessed to any claim submitted by a Participant in the event of building and/or contents damage caused by a covered peril as defined by the commercial insurance policy. In the event of a multiple Participant claim for a single occurrence, the shared retention payments will be shared equally among the total number of Participants sustaining a compensable loss.

Other Self-Insured Plans

The Texas A&M University Health Science Center College of Medicine established and maintains a medical student liability self-insurance plan (the Plan) to provide eligible medical students of the Texas A&M Health Science Center College of Medicine with medical malpractice liability indemnity from and against medical malpractice claims. Coverage limits are \$25,000 per claim, \$75,000 aggregate per student, and \$100,000 annual aggregate. The Plan originated in 1977, and until April 2018, was funded by an annual medical student participation fee. Effective April 2018, annual student participation fees will no longer be credited to the existing fund balance, and instead, will be assigned to a commercial claims-made medical malpractice policy with coverage limits of \$1 million per claim and \$3 million per policy period with a \$25,000 deductible. The Plan will be maintained without additional medical student participation funding and will serve as the deductible for the commercial policy. As of August 31, 2022, the Plan had a balance of \$741,436.11 with no accrued liabilities.

The Texas A&M Forest Service has established a self-insured liability plan for prescribed burn liability as required by Natural Resources Code § 153.082 and 4 TAC 227.1. This plan provides loss payment on behalf of Texas A&M Forest Service and its employees for a claim resulting from the professional activities of a Texas A&M Forest Service prescribed burn manager employee in the course and scope of employment. The plan will provide \$1 million of liability coverage for each single occurrence of bodily injury to or destruction of property, and a policy period minimum aggregate limit of at least \$2 million. Funding for the plan is provided by the creation and maintenance of a reserve fund by Texas A&M Forest Service. As of August 31, 2022, the plan had no accrued liabilities.

The Texas A&M Forest Service provides low-cost vehicle liability insurance at a greatly reduced cost to qualified volunteer fire departments through the Volunteer Fire Department Motor Vehicle Self Insurance Program, as described in Texas Insurance Code, Chapter 2154. The vehicle insurance coverage is offered at coverage levels of \$100,000 per person for bodily injury (with a maximum of \$300,000 per occurrence), and \$100,000 for property damage (with a maximum of \$100,000 per occurrence). As of August 31, 2022, the plan had no accrued liabilities.

Changes in the A&M System's claims liabilities for the last two years are presented in the following tables.

Note 19 - The Financial Reporting Entity

The A&M System is composed of a series of distinct members, each of which was created to render a specific service for the State within the limits of the A&M System's objectives, and all of which are under the control and direction of the Board of Regents of the A&M System. The combined financial statements include the Texas A&M University System Office and all members of the A&M System.

Blended Component Unit

The Texas A&M Research Foundation (Research Foundation) is included as a blended component unit in the combined financial statements of the A&M System. This determination is based on the close relationship and joint agreements in effect between the Research Foundation and the A&M System in regard to research grant/contract administration. The Research Foundation has a fiscal year end of August 31st and is include in the proprietary financial statements. Complete financial statements of the Research Foundation may be obtained from their administrative offices at 400 Harvey Mitchell Parkway South, Suite 100, College Station, Texas, 77845.

Joint Venture

Triad National Security, LLC (Triad LLC) is a limited liability company which was formed on the effective date of October 4, 2017, and meets the GASB definition of a joint venture. Triad LLC's Operating Agreement names Battelle Memorial Institute, an Ohio 501(c)(3) nonprofit corporation; The Regents of the University of California, a California public corporation; and The Texas A&M University System (the A&M System), an agency of the State of Texas as the members of Triad LLC. Triad LLC has been awarded the management and operation contract (M&O contract) with the National Nuclear Security Administration (NNSA), a semi-autonomous agency within the U.S. Department of Energy (DOE) to manage and operate the Los Alamos National Laboratory (LANL). Triad LLC's current earnings or losses are dependent on the reimbursement of allowable costs and on the percentage of base and incentive fees earned under the terms of the M&O Contract, offset by any unallowable or disallowed costs. For fiscal year 2022, A&M System recognized contract revenue in the amount of \$721,000.00.

While the A&M System has a 33.33 percent membership (equity) interest in Triad LLC, the A&M System's income from this activity is determined by the current earnings or losses of Triad LLC which are subject to certain limitations and special allocations of both the fees and costs. As a result, the A&M System's distributable interest in the current earnings or losses of Triad LLC may range from 5.43 to 15.43 percent of fees earned by Triad LLC. Separate financial statements for Triad LLC may be obtained from the Triad LLC principal corporate office, Triad National Security, LLC, 505 King Avenue, Columbus, Ohio 43201.

Note 22 - Donor Restricted Endowments

The purpose of The Texas A&M University System Endowment Fund (the Fund) is to provide for the collective investment of all endowment and trust funds held by the A&M System or by the Board of Regents of the A&M System in a fiduciary capacity. The Fund is used to provide funding for scholarships, fellowships, professorships, academic chairs and other uses as specified by donors.

Distribution is made quarterly after the last calendar day of November, February, May, and August of each fiscal year to the endowment and trust funds participating in the Fund during the respective quarter. Income consists of interest earnings, dividends and realized capital gains. The income distribution per unit for each fiscal year will be to distribute, excluding fees, 5% of the 20-quarter average market value per unit as of the end of the previous February.

The amount of net appreciation for donor restricted true endowments presented in the table below is available for authorization and expense by the A&M System.

Net Appreciation - Donor-Restricted Endowments		
Donor-Restricted Endowments	Amount of Net Appreciation¹	Reported in Net Position
True Endowments	\$133,670,072.15	Restricted for Expendable
Term Endowments	31,001.57	Restricted for Expendable
Total	\$133,701,073.72	

¹The total fiscal year 2022 fair value adjustment to the Fund was \$ (120,136,740.82).

Note 25 - Termination Benefits

Health Care Related Termination Benefits

Healthcare continuation under the Consolidated Omnibus Budget Reconciliation Act (COBRA) is provided for both voluntary and involuntary terminations. COBRA participants are eligible to continue group coverage for 18 to 36 months, depending on the circumstances leading to the loss of coverage.

For the fully-insured dental plan and vision plan, the carrier and/or third party vendor is responsible for the billing and collection from all COBRA participants. The carrier retains all premiums and is liable for all claims and expenses. For the fiscal year ended August 31, 2022, the fully-insured plan had 9 enrolled participants for the dental plan, and 82 participants for the vision plan.

For the self-insured health and dental plans offered by the A&M System, the carrier and/or third party vendor performs the billing and collections process for COBRA participants. The premiums are then forwarded to the A&M System, net of the 2% administrative fee. Since the plan is self-insured, the A&M System is responsible for any claims or administrative costs associated with COBRA participants. The table below summarizes the self-insured plan COBRA benefits for the fiscal year ended August 31, 2022

Self-Insured Health and Dental Plan - COBRA	
Number of Participants	259
Claims Paid	\$ 3,408,092.65
Administrative Expenses	191,801.34
Total COBRA Expenses	<u>3,599,893.99</u>
Premium Revenue	1,132,480.03
2% Administrative Fee Revenue	23,111.84
Total COBRA Premium	<u>1,155,591.87</u>
Net Cost to State	<u>\$ 2,444,302.12</u>

Non-Health Care Related Termination Benefits

No reportable activity on non-health care related termination benefits for the fiscal year ended August 31, 2022.

Note 28 - Deferred Outflows of Resources and Deferred Inflows of Resources

In fiscal year 2022, the A&M System reported Deferred Inflows of Resources and Deferred Outflows of Resources on the proprietary fund statement of net position in connection with a loss on refunding debt, a government acquisition, changes related to the pension and OPEB liabilities, and split interest agreements. The amounts are summarized in the table below.

Deferred Outflows of Resources and Deferred Inflows of Resources		
Activity	Deferred Outflows of Resources	Deferred Inflows of Resources
Unamortized Loss on Refunding Debt	\$ 60,391,789.07	\$ -
Government Acquisition	3,759,455.27	-
Pensions (Note 9)	254,825,351.00	405,895,145.00
Other Post-Employment Benefits (Note 11)	787,173,958.00	455,883,030.00
Split Interest Agreements	-	889,705.95
Leases	-	106,233,999.07
Total	\$ 1,106,150,553.34	\$ 968,901,880.02

Unamortized Loss on Refunding Debt

Deferred Outflows of Resources of \$60.4 million represents unamortized losses on refunding bonds.

For debt refundings, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and reported as deferred outflows of resources. The loss is amortized, using the straight line method, over the remaining life of the old debt or the life of the new debt, whichever is shorter, and reported in the Statement of Revenues, Expenses and Changes in Net Position as a component of Interest Expense. Unamortized losses on refunding debt are reported as Deferred Outflows of Resources. The unamortized amounts are detailed in the table below.

Unamortized Loss on Refunding Debt			
Fiscal Year Refunded	Bonds Refunded	Amortization Period (FY)	Amount Remaining to be Amortized
2015	Permanent University Fund Bonds, Series 2006	2015-2036	\$ 5,113,050.89
2016	Revenue Financing System Bonds, Series 2009A and Series 2009B	2016-2039	9,220,933.01
2016	Revenue Financing System Bonds, Series 2009C and Series 2009D	2016-2040	14,168,579.38
2018	Revenue Financing System Bonds, Series 2011B	2018-2041	4,764,822.23
2018	Revenue Financing System Bonds, Series 2013D	2018-2028	1,939,912.61
2019	Revenue Financing System Bonds, Taxable Series 2013C	2019-2043	25,184,490.95
Total			\$ 60,391,789.07

UNAUDITED

The Texas A&M University System Notes to the Combined Financial Statements For the Year Ended August 31, 2022

Government Acquisition

Texas A&M University finalized the acquisition of all operational aspects of the Texas Wesleyan University School of Law on August 13, 2013. Classes for the Texas A&M University School of Law officially began on August 19, 2013. The Deferred Outflows of Resources-Government Acquisition represents the net remaining compensation in excess of tangible asset value received to be amortized in future periods.

Deferred Inflows and Deferred Outflows Related to Pensions

The pension values provided by the Texas Comptroller's Office define the Texas A&M System's proportional share of the Teacher Retirement System of Texas (TRS) unfunded pension liability. The related deferred inflows and deferred outflows include changes in assumptions, contributions subsequent to the measurement date, and differences between projected and actual investment return. The A&M System has reported its proportional share of these deferred inflows and deferred outflows. Additional details are provided in Note 9, Pension Plans and Optional Retirement Program.

Deferred Inflows and Deferred Outflows Related to OPEB

The State provides certain health care and life insurance benefits for retired employees in accordance with State statutes. These benefits are provided to the A&M System's retirees under the A&M System group insurance program, which is a single-employer defined benefit Other Post-Employment (OPEB) plan.

The A&M System has reported its proportional share of the OPEB liability and related deferred inflows and outflows, as determined by an actuarial valuation of the plan. The deferred inflows and deferred outflows include changes in assumptions, contributions subsequent to the measurement date, and differences between projected and actual investment return. Additional details are included in Note 11, Post-Employment Health Care and Life Insurance Benefits.

Deferred Inflows for Split-Interest Agreements

Deferred inflows of resources related to irrevocable split-interest agreements represent the estimated value of future distributions from split-interest agreements where the A&M System is named as a beneficiary.

Deferred Inflows for Leases

Deferred inflows of resources for leases represents the net present value of future lease payments for contracts where the A&M System is the lessor. The lease receivable and the related deferred inflow are recognized as of the lease commencement date. The deferred inflow is recognized evenly over the lease term.

3	Total OPEB Liability as a Percentage of Covered Employee Payroll	278.17%	242.08%	212.85%	208.53%	281.33%

Notes to the Schedule

¹ This schedule is presented using the optional format of combining the required schedules in Paragraph Nos. 170.a. and 170.b. of GASB No. 75. Until a full 10-year trend is compiled, governments should present information for those years for which information is available.

² Information is presented using measurement date which precedes the fiscal year end by twelve months.

³ No assets are accumulated in a trust that meets the criteria in Paragraph No. 4 of GASB No. 75 to pay related benefits.

⁴ Changes in benefit terms: Adopted in January 2018 and effective January 1, 2019, prescription drug coverage for all Medicare-primary participants is provided through a self-funded Employer Group Waiver Plan with Commercial Wrap (EGWP plus Wrap).

⁵ Changes in assumptions or other inputs: Changes of assumptions and other inputs reflect the changes in the discount rate each period. The discount rate for 2022 is 2.20%.

APPENDIX C-1

FORM OF TAX EXEMPT NOTE OPINION

December 1, 2022

**BOARD OF REGENTS OF THE TEXAS A&M UNIVERSITY SYSTEM
REVENUE FINANCING SYSTEM
TAX EXEMPT COMMERCIAL PAPER NOTES, SERIES B**

WE HAVE ACTED AS BOND COUNSEL for the Board of Regents of The Texas A&M University System (the "Board") in connection with the issuance from time to time of up to an aggregate principal amount at any one time outstanding of not to exceed \$300 million of its obligations evidenced by the notes (the "Tax Exempt Notes") described above and designated as tax-exempt notes pursuant to the Resolution (as hereinafter defined). The proceeds of the Tax Exempt Notes are to be used, pursuant to the terms and provisions of a Master Resolution Establishing The Texas A&M University System Revenue Financing System adopted by the Board on November 19, 1990, and amended on September 17, 1993, and July 25, 1997 (the "Master Resolution"); an Amended and Restated Second Supplemental Resolution adopted on March 27, 2008 (the "Second Supplement" and, together with the Master Resolution, the "Resolution"), to provide interim financing to pay the costs and expenses incurred in relation to certain eligible projects at or for certain member institutions of The Texas A&M University System that are Participants of the Texas A&M University System's Revenue Financing System and to refinance, renew, or refund Notes issued under the Resolution, Prior Encumbered Obligations and Parity Obligations, all in accordance with the provisions of Chapter 1371, Texas Government Code, as amended, and Chapter 55, Texas Education Code, as amended. Terms used herein and not otherwise defined in this opinion shall have the meanings assigned to them in the Resolution.

IN OUR CAPACITY AS BOND COUNSEL, we have examined the applicable and pertinent provisions of the Constitution and laws of the State of Texas, a transcript of certified proceedings of the Board related to the Tax Exempt Notes, customary certificates of officers and representatives of the Board, and other pertinent instruments relating to the authorization of the Tax Exempt Notes and the security for the payment thereof. In such examination, we have assumed the authenticity of all documents submitted to us as originals, the conformity to original copies of all documents submitted to us as certified copies, and the truth and accuracy of the statements and findings contained in such certificates and reports. We have also examined the opinion of the Attorney General of the State of Texas approving the Resolution.

BASED ON SAID EXAMINATION, IT IS OUR OPINION that, under the Constitution and laws of the State of Texas as they exist on the date of this opinion, such transcript of proceedings evidences lawful authority for the issuance, reissuance, and sale of the Tax Exempt Notes from time to time by the Board pursuant and subject to the provisions, terms, and conditions of the Resolution. We are also of the opinion that the Resolution has been duly and lawfully adopted by the Board and that, except as the enforceability thereof may be limited by laws applicable to the Board relating to bankruptcy, reorganization and other similar matters affecting creditors' rights, or by general principles of equity which permit the exercise of judicial discretion, the covenants and provisions in the Resolution constitute valid and binding obligations of the Board.

WE ARE FURTHER OF THE OPINION THAT, under the Constitution and laws of the State of Texas as they exist on the date of this opinion, upon due execution, authentication, and payment and upon compliance by the Board with the conditions and covenants of the Resolution, and except as the enforceability thereof may be limited by laws applicable to the Board relating to bankruptcy, reorganization and other similar matters affecting creditors' rights, or by general principles of equity which permit the exercise of judicial discretion, the Tax Exempt Notes will constitute valid and binding special obligations of the Board, secured by and payable from the Pledged Revenues on a parity with the other outstanding Parity Obligations; such lien on and pledge of the Pledged Revenues, however, is junior and subordinate to the lien and pledge securing the payment of Prior Encumbered Obligations. The Board reserves the right in the Resolution, to issue additional obligations payable from the same sources securing the Prior Encumbered Obligations, prior in right and claim to the pledge of the Pledged Revenues securing the Tax Exempt Notes, or to issue Parity Obligations that are equally and ratably secured by a pledge of the Pledged Revenues, without

any limitation as to principal amount but subject to any terms, conditions, and limitations as may be applicable thereto. The Board has reserved the right, subject to the restrictions stated in the Resolution, to amend the Resolution.

THE OWNERS OF THE NOTES shall never have the right to demand payment of the principal thereof or interest thereon out of any funds raised or to be raised by taxation, or from any source whatsoever other than specified in the Resolution .

ALSO BASED ON OUR EXAMINATION AS DESCRIBED ABOVE, interest on the Tax- Exempt Notes is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986. Interest on the Tax Exempt Notes is not a specific preference item for purposes of the federal alternative minimum taxes. The opinion set forth in the first sentence of this paragraph is subject to the condition that the Board comply with all requirements of the Internal Revenue Code of 1986, as amended (the "Code"), that must be satisfied subsequent to the issuance of Tax Exempt Notes in order that interest thereon be, or continue to be, excluded from gross income for federal income tax purposes. The Board has covenanted in the Resolution to comply with each such requirement. Failure to comply with certain of such requirements may cause the inclusion of interest on the Tax Exempt Notes in gross income for federal income tax purposes to be retroactive to the date of issuance of the Tax Exempt Notes. The Code and the existing regulations, rulings and court decisions thereunder, upon which the foregoing opinions of Bond Counsel are based, are subject to change, which could prospectively or retroactively result in the inclusion of the interest on the Tax Exempt Notes in gross income of the owners thereof for federal income tax purposes.

OUR OPINIONS ARE BASED ON EXISTING LAW, which is subject to change. Such opinions are further based on our knowledge of facts as of the date hereof. We assume no duty to update or supplement our opinions to reflect any facts or circumstances that may thereafter come to our attention or to reflect any changes in any law that may thereafter occur or become effective. Moreover, our opinions are not a guarantee of result and are not binding on the Internal Revenue Service; rather, such opinions represent our legal judgment based upon our review of existing law that we deem relevant to such opinions and in reliance upon the representations and covenants referenced above.

OUR SOLE ENGAGEMENT in connection with the issuance of the Tax Exempt Notes is as Bond Counsel for the Board, and, in that capacity, we have been engaged by the Board for the sole purpose of rendering an opinion with respect to the legality and validity of the Tax Exempt Notes under the Constitution and laws of the State of Texas, and with respect to the exclusion from gross income of the interest on the Tax Exempt Notes for federal income tax purposes, and for no other reason or purpose. We have not been requested to investigate or verify, and have not independently investigated or verified any records, data, or other material relating to the financial condition or capabilities of the Board or the disclosure thereof in connection with the sale of the Tax Exempt Notes, and have not assumed any responsibility with respect thereto. We express no opinion and make no comment with respect to the marketability of the Tax Exempt Notes and have relied solely on certificates executed by officials of the Board as to the current outstanding indebtedness of the Board and the sufficiency of the Pledged Revenues.

THE FOREGOING OPINIONS represent our legal judgment based upon a review of existing legal authorities that we deem relevant to render such opinions and are not a guarantee of a result.

YOU MAY CONTINUE TO RELY on this opinion to the extent that (i) there is no change in existing law subsequent to the date of this opinion and (ii) the representations, warranties and covenants contained in the Resolution and certain certificates of authorized officials of the Board remain true and accurate.

Respectfully,

WINSTEAD PC

APPENDIX C-2

FORM OF TAXABLE NOTE OPINION

December 1, 2022

BOARD OF REGENTS OF THE TEXAS A&M UNIVERSITY SYSTEM REVENUE FINANCING SYSTEM TAXABLE COMMERCIAL PAPER NOTES, SERIES B

WE HAVE ACTED AS BOND COUNSEL for the Board of Regents of The Texas A&M University System (the "Board") in connection with the issuance from time to time of up to an aggregate principal amount at any one time outstanding of not to exceed \$300 million of its obligations evidenced by the notes (the "Taxable Notes") described above and designated as taxable notes pursuant to the Resolution (as hereinafter defined). The proceeds of the Taxable Notes are to be used, pursuant to the terms and provisions of a Master Resolution Establishing The Texas A&M University System Revenue Financing System adopted by the Board on November 19, 1990, and amended on September 17, 1993, and July 25, 1997 (the "Master Resolution"); an Amended and Restated Second Supplemental Resolution adopted on March 27, 2008 (the "Second Supplement" and, together with the Master Resolution, the "Resolution"), to provide interim financing to pay the costs and expenses incurred in relation to certain eligible projects at or for certain member institutions of The Texas A&M University System that are Participants of the Texas A&M University System's Revenue Financing System and to refinance, renew, or refund Notes issued under the Resolution, Prior Encumbered Obligations and Parity Obligations, all in accordance with the provisions of Chapter 1371, Texas Government Code, as amended, and Chapter 55, Texas Education Code, as amended. Terms used herein and not otherwise defined in this opinion shall have the meanings assigned to them in the Resolution.

IN OUR CAPACITY AS BOND COUNSEL, we have examined the applicable and pertinent provisions of the Constitution and laws of the State of Texas, a transcript of certified proceedings of the Board related to the Taxable Notes, customary certificates of officers and representatives of the Board, and other pertinent instruments relating to the authorization of the Taxable Notes and the security for the payment thereof. In such examination, we have assumed the authenticity of all documents submitted to us as originals, the conformity to original copies of all documents submitted to us as certified copies, and the truth and accuracy of the statements and findings contained in such certificates and reports. We have also examined the opinion of the Attorney General of the State of Texas approving the Resolution.

BASED ON SAID EXAMINATION, IT IS OUR OPINION that, under the Constitution and laws of the State of Texas as they exist on the date of this opinion, such transcript of proceedings evidences lawful authority for the issuance, reissuance, and sale of the Taxable Notes from time to time by the Board pursuant and subject to the provisions, terms, and conditions of the Resolution. We are also of the opinion that the Resolution has been duly and lawfully adopted by the Board and that, except as the enforceability thereof may be limited by laws applicable to the Board relating to bankruptcy, reorganization and other similar matters affecting creditors' rights, or by general principles of equity which permit the exercise of judicial discretion, the covenants and provisions in the Resolution constitute valid and binding obligations of the Board.

WE ARE FURTHER OF THE OPINION THAT, under the Constitution and laws of the State of Texas as they exist on the date of this opinion, upon due execution, authentication, and payment and upon compliance by the Board with the conditions and covenants of the Resolution, and except as the enforceability thereof may be limited by laws applicable to the Board relating to bankruptcy, reorganization and other similar matters affecting creditors' rights, or by general principles of equity which permit the exercise of judicial discretion, the Taxable Notes will constitute valid and binding special obligations of the Board, secured by and payable from the Pledged Revenues on a parity with the other outstanding Parity Obligations; such lien on and pledge of the Pledged Revenues, however, is junior and subordinate to the lien and pledge securing the payment of Prior Encumbered Obligations. The Board

reserves the right in the Resolution, to issue additional obligations payable from the same sources securing the Prior Encumbered Obligations, prior in right and claim to the pledge of the Pledged Revenues securing the Taxable Notes, or to issue Parity Obligations that are equally and ratably secured by a pledge of the Pledged Revenues, without any limitation as to principal amount but subject to any terms, conditions, and limitations as may be applicable thereto. The Board has reserved the right, subject to the restrictions stated in the Resolution, to amend the Resolution.

THE OWNERS OF THE NOTES shall never have the right to demand payment of the principal thereof or interest thereon out of any funds raised or to be raised by taxation, or from any source whatsoever other than specified in the Resolution.

OUR OPINIONS ARE BASED ON EXISTING LAW, which is subject to change. Such opinions are further based on our knowledge of facts as of the date hereof. We assume no duty to update or supplement our opinions to reflect any facts or circumstances that may thereafter come to our attention or to reflect any changes in any law that may thereafter occur or become effective. Moreover, our opinions are not a guarantee of result and are not binding on the Internal Revenue Service; rather, such opinions represent our legal judgment based upon our review of existing law that we deem relevant to such opinions and in reliance upon the representations and covenants referenced above.

OUR SOLE ENGAGEMENT in connection with the issuance of the Taxable Notes is as Bond Counsel for the Board, and, in that capacity, we have been engaged by the Board for the sole purpose of rendering an opinion with respect to the legality and validity of the Taxable Notes under the Constitution and laws of the State of Texas, and for no other reason or purpose. We have not been requested to investigate or verify, and have not independently investigated or verified any records, data, or other material relating to the financial condition or capabilities of the Board or the disclosure thereof in connection with the sale of the Taxable Notes, and have not assumed any responsibility with respect thereto. We express no opinion and make no comment with respect to the marketability of the Taxable Notes and have relied solely on certificates executed by officials of the Board as to the current outstanding indebtedness of the Board and the sufficiency of the Pledged Revenues.

THE FOREGOING OPINIONS represent our legal judgment based upon a review of existing legal authorities that we deem relevant to render such opinions and are not a guarantee of a result.

YOU MAY CONTINUE TO RELY on this opinion to the extent that (i) there is no change in existing law subsequent to the date of this opinion and (ii) the representations, warranties and covenants contained in the Resolution and certain certificates of authorized officials of the Board remain true and accurate.

Respectfully,
